Chapter 2501: Reappearance

Seven days seems to be a blink of an eye, and it seems to be a million years!

But finally, the Dragon God will come out.

"father!"

Tianhu strode past and looked at the Tianlong **** at the moment, full of surprises in his eyes.

After all, before taking Wandan, Tianlong God will even have difficulty walking, but at this moment, anyone can see that the poison has been solved.

The elders of the drunken shrimps of the Tianlong, etc., are also surrounded by Tianlong God, who are worried about the body of the dragon.

But Ye Xuan walked a few steps.

"Well, now Tianlong God has already solved most of the toxins in the body, but after all, the remaining poisons are not completely cleaned up. Therefore, it needs to be consolidated. There are several medicinal herbs here, and you take them, then take a rest, I believe, no After a few days, although you can't restore your peak, at least the toxins in the body can be sorted out."

Tianlong God will not hesitate to take the medicinal herbs directly from Ye Xuan. Then, with a smile on his face, he said to Tianhu: "The tiger, the things in the family, you have to discuss with Ye Xuanzi and the elders. Never mind that no matter what happens, you must be able to bear it. Since I have already detoxified, then I am a drunken shrimp, and I am bound to be able to rise again. For the father, I will go to retreat and detoxify, and I will restore it to the family. I will give it to you. It is."

"Okay, father, I understand!"

Tianlong God is going to solve the poison, which is naturally a good thing, so no one is blocking it.

However, everyone has underestimated the means of the scales. In fact, the scales have always wanted to see how Tianlong God will be tortured by venom and how tragic, so when he left, he used a secret method to make a strength. Weak elders control.

Just as the Dragon God will appear soon, the scales will also get news.

For the Tianlong drunk shrimp family, it is a good thing that Tianlong God will restore strength, but for the scales, it will not be a good thing.

Although the gods of the demon gods have given up the gods of the gods, and even let other ethnic groups suppress the drunken shrimps, if they know that the gods will restore their strength, it is hard to say.

Must not let him safely detox!

With a decision in the scales, I immediately issued several orders!

.....

"Report, young patriarch, Nanshui Tianyou elders return, Nanshui God night family yesterday, the army, openly occupying the 12 towns of Nanshui, at this moment, the celestial elders are leading the people to scuttle the Nanshui Palace, and the celestial elders must be dispatched immediately. Help each other!"

Ye Xuan and Tian Hu were originally happy to detoxify because of the Dragon God, but they are happy to drink, but who knows, a message will destroy their good mood.

"What! God's night family is so courageous! What do they want to do, openly attacking the soldiers, is it because they want to fight with my drunken shrimps?"

The night-night family is also a big force in Nanshui. It can be said that it is with the Tianlong drunk shrimps. In the past, this Nanshui family is also noisy, but it is not so strong that it is only a point. Small and cheap, but today, openly armed, this meaning can be different!

"Report, young patriarch, Dongqiu Jiuzhao, Dongqiu twelve dragons are gathering troops, spearhead pointing to my Dongqiu camp!"

"Report, the young patriarch, the Northern Wilderness Report, the Northern Desert City has been broken by the sand worms, and the Northern Wild Elders are leading the tribes back."

.....

A sudden burst of news broke out, and each one was a big event. Every message represented a mutiny!

It can be said that this time, a few ethnic groups bordering the Tianlong drunk shrimp family turned out to be directly invading.

The territory of the drunken shrimps of the Tianlong was personally sealed by the Lord. When the Tianlong God did not have any accidents, some of these races were still attached to the Tianlong drunk shrimps, but they never thought of today. He has started his troops.

"Damn! It's **** damn, are they not agreeing well, even at the same time!"

Tianhu is annoyed.

But Ye Xuan spoke at this time: "Tianhu, don't worry, I am afraid that this time the various ethnic groups are starting to fight, it is a good agreement!"

"Boss, what do you mean by this, they are different regions, and the strength, even if they are together with the rebellion, it is impossible to be the opponent of my drunken shrimp family? What do they want to do?"

"They can't do it, but some people do, they don't want to, and some people force them to be willing."

Ye Xuan said faintly.

Because Ye Xuan has already thought of a possibility, perhaps, all the soldiers who betrayed, some people secretly instructed!

Ye Xuan never underestimates any opponent, and the scales will always want to let the dragons die!

Yesterday, Tianlong God's news of successful detoxification came out. Today, I received news of the influx of soldiers from various ethnic groups. If there is no connection between them, Ye Xuan will not believe it.

I am afraid that all these things are for one thing, that is, the gods will appear.

Ye Xuan's detoxification Dan, then the detoxification of Tianlong God is naturally the clearest. Although Tianlong God has detoxified this moment, it is not completely detoxified at all, and this detoxification is the most crucial moment.

The sacred gods will choose the toxins that are not simple toxins. Even if there is only one thing that is not clear, it will definitely have a great impact on the Dragon God. Perhaps it will not be the life of the Dragon God, but it will definitely make the Dragon God The repairs will be damaged, and even the future growth space will be affected.

Therefore, the Dragon God will never be disturbed at this critical moment.

"Tianhu, the notice goes on, give up all the territories, everyone, all return."

Ye Xuan's words, Tianhu does not understand: "Boss, give up all the territories? This is equivalent to let me drunk the shrimps self-destruction foundation, do so, I am afraid it is not right!"

"Do you really have the roots of the drunken shrimps in those territories? In the eyes of the gods of the demon gods, I fear that only your father, the **** of heaven, will be the biggest foundation. As long as your father is still there, the strength is still there, then, even if it is the territory occupied by those people at the moment, and it will be spit out sooner or later. Now, you can only let people withdraw, do not lose strength, and fully consolidate the defense of the base camp."

"As long as the base camp of your drunken shrimp family does not matter, then no matter what people are targeting you and no matter what means he has, there is no way to display it!"

Tianhu heard the words of Ye Xuan, but his heart was clear.

However, Ye Xuan said that it is right, Tianlong drunk shrimp family, can have everything now, the most important reason is because Tianlong God will!

Because Tianlong God will be one of the eight great gods, its own strength, coupled with the strength of the seated war, is enough to make the demon gods pay attention to.

And if it is now rushing to fight, let's not say whether it can be beaten, the calculation is to win, and if those wars are lost, it is equal to the total strength loss of Tianlong God.

Chapter 2502: Tianlong was shackled

In this way, it will only make the demon **** god gods even more despise the drunken shrimp family.

Calling everyone back, then you can make the base camp unbreakable, on the one hand, you can safely let Tianlong God detoxify, on the other hand, avoid unnecessary losses.

At this moment, the most needed thing for the drunken shrimp family is time. Even if all the interests of the periphery are lost, as long as they can get the time to restore the gods, they will not be able to recover those interests.

Once this is done, it is not the drunken shrimp family that is in a hurry.

It is the person who is not in the wrong place.

Sure enough, I heard that the drunken shrimps of Tianlong did not resist, and all of them withdrew. All the strong and the troops returned to the base camp, and the scales and gods would be angry.

The fundamental reason why Sage God will arrange this action is to reduce the generals of Tianlong God.

You must know that Tianlong God, in the eyes of God, is not a person, but a force.

The **** of the dragon and the **** of the scales are only the middle gods, but among the other gods, there is a super existence of the gods.

The reason why they can become gods, their strength is part, and the other part is because they have many powerful people as their men.

Take Tianlong God to say that under his seat, there are nearly one hundred gods who respect God.

Most of these divine respects are inferior to the gods, but even if they are just a goddess, God is a god, and there is no need to discount!

The scales of the gods will move this series, and what they are doing is to pull out the group and then break up.

As long as this goal can be achieved, even if the demon **** god **** knows it, fear that it will only close one eye, because the demon **** god god, there is no need, for a waste person, to offend a worthy **** .

The purpose of the scales is very simple. He is going to step on the flat dragon, so that he will never turn over!

It is a pity that he thought that the plan of satisfaction was directly seen by Ye Xuan.

One does not keep, let the scales and gods turn all the follow-up arrangements into nothing.

"Damn, damn! You all **** it! The turtle is shrinking, but what God is going to do is not even the courage to fight! Dragon, you are a coward!"

The scales of the gods will be violently thundering, constantly cursing, but unfortunately, let him curse, but there is no effect.

How to arrange, Tianlong drunk shrimps still continue to arrange.

The scales of the gods will be very clear, once the Tianlong drunk shrimps give up the peripheral interests, all trapped in the base camp, then, he has no chance.

After all, if at this moment he continues to work on the drunken shrimp family, then waiting for him will be the wrath of the Lord.

Moreover, the Lord God will not allow him to do anything at all.

At this moment, the person who is really anxious is not Ye Xuan, nor is it any one of the drunken shrimps of the Tianlong, but the scales of the gods, but unfortunately, even if it is in a hurry, there is no use.

Under the command of Tianhu, Tianlong drunk shrimps are all assembled in their own base camp, letting the rest of the ethnic groups scream, as long as they do not attack, they ignore it.

And if it is to launch an attack, relying on the solidity of the base camp, it is by no means the ability of these small families.

It's been a stalemate for more than a month, and the Dragon God will be out!

This time, the Dragon God will not only clear the toxins in the body, but also rely on the medicinal herbs given by Ye Xuan.

Tianlong said that God will come out, and the whole Tianlong drunk shrimps up and down, it is like eating a reassurance, no longer have to worry about anything.

And Tianhu, it is finally a sigh of relief.

But whether it is Ye Xuan or Tianlong God, it is clear that the matter is not over.

It can even be said that it has just begun.

The goddess of the gods will be hated by the gods, and he will never let the dragons who are hard to be suppressed re-emerge.

Therefore, Ye Xuan and Tian Long God will be very clear in their hearts. Next, the big movements of the scales will begin.

.....

Ye Xuan did not know what the scales and gods would do, but only a few days later, the messenger of the Lord God came to the drunken shrimp family.

"Dragon drunk shrimp, Tianlong, Tianhu is the purpose!"

The comer is a strong man who has a medium-spirited retreat. Before that, the **** of the gods will have seen this person before, and it is the dear leader of the demon **** god.

When he heard the head of the guard, Tianlong God suddenly stunned his heart, because the title of the guard head to Tianlong seemed to be a problem.

It can be said that before he had never called his name, he directly called the Tianlong god, and today, suddenly changed his name, the meaning is obviously not ordinary.

"Dragon is the purpose!"

"Tianhu is the purpose!"

"God's lord, Tianlongsheng's illness is not enough to be competent for God's duties. Therefore, it is sealed as the Dragon King, stationed in the Ministry, and the seated gods are strong, and all of them are transferred to the scales and gods. At the same time, the Tianhu is the Tianlong Wangshizi. Instead of his father in charge of the Tianlongwang realm!"

what!

Tianlong God will suddenly look up, he knows that this command is the **** of the scales will be let the Lord God, but with the magical power of the Lord, how can not see the Dragon God will have restored strength!

In name, the title of Tianlong, Tianlongwang, seems to be promoted to the official position, but the strong under the seat is all transferred away, then the result can be imagined, it is simply the right to the sky dragon god!

Once the Dragon God will be transferred to the next strong, then I am afraid that it will not take long, and the scales will be able to start with Tianlong.

At that time, it is not just a dragon god, but the whole Tianlong drunk shrimp family will not be guaranteed.

After all, the scales of God will not mind the removal of the roots!

And this makes the Dragon God will have to pick up, because it is against the will of God, fearing that it will die even worse!

Ye Xuan looked at it all silently. This result is not a good thing for the Tianlong drunk shrimp family, but for Ye Xuan, it is an opportunity.

Of course, Ye Xuan will not come up now.

Instead, when everyone disperses, Ye Xuan will find Tianlong, Tianhu and his son.

These two gods are in the hands of Ye Xuan, so Ye Xuan will not worry that they will do things that are not good for themselves.

"Boss, what are you doing when you come to us?"

Tianhu first asked.

For Tianhu, Ye Xuan always has a way to solve any difficulties, as if there is nothing at all that can be difficult to fall.

So at this time, when the tiger heard Ye Xuan looking for them, the first reaction was that perhaps Ye Xuan thought of any way to solve their current predicament.

Sure enough, when the two came over, Ye Xuan said in his first sentence: "Now your situation is not optimistic, but I have a way to get rid of you, and even, you may be able to board the Lord!"

Chapter 2503: Ye Xuan

Ye Xuan looked at the dragon, said faintly, but the meaning of his words made Tianlong and Tianhu could not help but shake the body.

"Boss, what do you do?"

Tianhu almost could not wait to ask.

After all, during this time, Tianhu has always been in control of the overall situation. For the dilemma of the Tianlong drunk shrimp family, it can be said that the Tianhu is more clear!

Ye Xuan nodded and continued: "Before telling my thoughts, I have to ask you first, what do you think of the Kunlun domain?"

"Kunlun Godland?"

Tianlong and Tianhu looked at each other, but Tianlong said: "The Kunlun gods and my demon gods are almost the same, but the dominant races are different. I have to ask what I think, but I actually have no view. What is the view."

"After all, although I am a god, but I have never been to the Kunlun domain, the system is only in the battlefield of the Lord God, and has handed over several powerful people in the Kunlun domain."

Ye Xuan nodded, and Tian Long's answer was very pertinent. After all, Tian Long said that he was the truth. He had never been to the Kunlun domain, so how could he know so many things.

Therefore, Ye Xuan directly said the idea: "Now you have seen it, the demon **** god **** God has given up on you, you can say, if you do not want to protect yourself, then not only you, afraid that the whole Tianlong drunk shrimps are Only the end of the genocide, even if it is not destroyed, with the attitude of the scales of the gods, at least you will be a slave to the drunken shrimps!"

Tianlong frowned, and Ye Xuan said, he did not understand, even his heart became clearer, fearing that now, the scales and gods will have begun to arrange.

Perhaps it will take a few years, in this demon **** domain, there will be no more drunk shrimps!

It is a very normal thing to destroy the clan in the demon **** domain. According to the records of the classics, there were originally 100,000 races in the ancient times of the demon gods. However, today it is not enough!

It is conceivable that this is a normal thing in the demon gods.

A race wants to keep, then first he must have a strong enough strongman, and then, he must not have a powerful enemy.

The Tianlong drunk shrimps have strong ones, but these strong ones are about to be transferred away, and the scales and gods will be powerful, not just one dragon can block.

Therefore, the genocide is not something imaginary, but something that has already been placed in front of the dragon.

"I naturally know this, but I don't know, what is the approach Ye Brother said?"

Tianlong did not refute, but wanted to see the answer given by Ye Xuan.

"In this case, I will also make it clear that I am not the person of the demon **** domain, but the human race of the Kunlun domain! Because of the coincidence, I came here, some time ago, the demon gods who pursued the treasures, It is also me, but it is not my treasure, but someone who wants to take my treasure!"

"I didn't intend to ask you anything. I just wanted to borrow your transfer to the battlefield of the Lord God, and then I will return to the Kunlun domain, but at this moment, both of you will give me the fragments of God. So, you can't leave your things."

"This time, I intend to unite the Kunlun domain, directly killing the gods of the demon gods and the gods, and then letting you manage the demon gods!"

Ye Xuan said his own thoughts. Of course, Ye Xuan's words are not all. In fact, Ye Xuan has always wanted to subvert the gods of the demon gods, because only this way, Ye Xuan has the opportunity to continue to investigate the whereabouts of the fall!

What Ye Xuan said can be said to make these two people shocked. In their hearts, Ye Xuan's words are undoubtedly for them to betray the demon gods.

Such things can be said that they are not willing to do it, but now they have no choice at all.

Ye Xuan said that it is already their last choice.

Either destroy the family, or cooperate with the Kunlun domain!

Because it is not ordinary people who are eyeing them, but the gods of the scales, so they are afraid that they will not even have the chance to escape!

Of course, perhaps Tianlong can bring Tianhu, and then regardless of the rest of the tribe's life and death, find a place where people are sparsely populated, but the result of that will inevitably make the entire Tianlong drunken shrimp sin for them to bear the anger of the scales.

For a time, Tianlong and Tianhu were in silence.

They all care about gains and losses in their hearts.

In fact, Ye Xuan can directly order them. After all, Ye Xuan's order they can't violate.

However, Ye Xuan can't do this, because Ye Xuan is very clear in his heart. He may be obedient if he does this, but he will not do his best!

The importance of falling is irreplaceable in Ye Xuan's heart. Therefore, Ye Xuan hopes that Tianlong can really do this thing, not because of Ye Xuan's order.

.....

After about half an hour, Tianlong seemed to have made up his mind and said directly to Ye Xuan: "Well, I promise you, but I hope that after the event, I can do this demon **** domain by my genius. the Lord!"

Ye Xuan smiled slightly.

Let Tianhu be the **** of the demon gods, I am afraid that Ye Xuan is more willing.

As for strength?

Once it is done, behind the Tianhu, standing is the entire Kunlun domain, so who would dare to oppose it?

"Well, I promise you."

"Well, since things have been settled, let me take your transfer team now. I need to go back to the Kunlun domain and then talk to the gods about this. Before I come back, you should handle it well. Internal things, even strong ones, even geniuses, if they can't obey our plans, then they will be removed."

Ye Xuan told the Tianlong, and Tianlong immediately nodded: "I understand what to do!"

This matter, after all, involves betraying the entire demon **** domain. Once the news leaks, fear that it is not necessary to do the scales, the demon **** god god, will also personally extinction the Tianlong drunk shrimp family.

Therefore, Tianlong will never have the slightest soft hand, and anyone who does not cooperate will be killed.

However, Tianlong also believes that everyone is not a fool. It is natural to see what kind of situation this Tianlong drunk shrimp family is facing. I believe that no one wants to die, and no one wants to be a slave to others. Therefore, this matter It is not too tricky to deal with.

Ye Xuan was brought into the forbidden area of the Tianlong drunk shrimp family by Tianhu.

Here is the core of the Tianlong drunk shrimp family. Here, there is an ancient transmission array. The place that leads to it is the battlefield of the Lord God!

Ye Xuanbing did not hesitate to go straight into the transmission array. For a moment, he came to the battlefield of the Lord God.

This time, Ye Xuan did not stop at the battle of the Lord God, but rushed to the demon **** domain.

Chapter 2504: Emotional god

A flash of light flashed through the shadows of the main battlefield of the Lord's Palace, and a figure emerged.

"Stand up, who are you!"

In an instant, hundreds of guards directly surrounded the figure. After all, the guards will naturally pay attention to those who are transmitted from the battlefield of the Lord God!

"I am the law of the gods, the nine parties and six thousand circumstances, Ye Xuan! Where is this place?"

"Ye Xuan showed his identity token. Immediately, the guards bowed respectfully in front of Ye Xuan.

"Going back to the law makes adults, this place is the main palace of God!"

Unexpectedly, it was sent directly to the main palace of God, which saved a lot of time for Ye Xuan.

"Well, take me to see God, I am in a hurry!"

"This, the law makes the adults, the Lord God is retreating, afraid that they will not see you."

Retreat?

I am not retreating, I am not retreating at night, but I am going to retreat at such an important moment?

Ye Xuan Cai did not care so much, directly let those guards take themselves, and quickly rushed to the place where the retreat.

"The law of the gods makes the nine-party 60,000-degree environment make Ye Xuan, there is an urgent matter to see God's Lord!"

Ye Xuan stood outside the palace where the retreat was closed, shouting loudly.

Ye Xuan's voice is so great that the surrounding Jingu Guards are all frowning. Their task is to guard the Lord and not let anyone disturb the Lord.

However, Yu Yexuan is, after all, the law of the gods. At the same time, it is the festival of the six parties. It is also the top of the Kunlun domain. At this moment, Ye Xuan said that there are things to be reported, but they are also worried that they will miss things.

You must know that Ye Xuan is back from the battlefield of the Lord God, so no one can guarantee that there is a change in the battlefield of the Lord God.

You have to know that the last World War I war has not ended for many years!

Ye Xuan waited silently, waiting for the response from Xiao Ming. For a moment, finally a voice sounded: "Come in."

It is the voice of

Ye Xuan walked in quickly, and then did not have a half-lost confrontation with the meditation: "God Lord, the demon **** domain has changed, I have contacted a **** god group of the demon gods, I hope that the Lord God immediately sent the strong to go, This time, we must directly perform the decapitation action and win the demon **** domain."

"The time you disappeared, has been in the demon **** domain?"

I didn't want to, but I was asked about Ye Xuan first.

"Yes, I have been in the demon **** domain."

Ye Xuan replied affirmatively.

He nodded his head. "Okay, but it is a big deal at this time. I don't want to send troops immediately. I will seal you as an angel in the domain of God. This thing will be handed over to you. You are ready, then you can act."

Ye Xuan gave a slight glimpse. He did not think that such an important thing, he did not even have the responsibility to hand him over.

However, since it is handed over to him, Ye Xuan will not postpone it. After all, he is responsible for it, and he is better able to cooperate with the strong dragons of the Tianlong drunk shrimp family and the Kunlun **** domain.

"Okay, I have received this task, but God Lord, this time, I hope to be able to make a quick decision, because the drunken shrimps at that time have the risk of being cared for at any time. Although I keep them steady, I can't hold it for too long. time."

"Well, you are looking at the arrangement. The **** of the demon **** domain is the six-character emperor. The secluded moon, Baifeng, and Shengyue are all medium-sized gods. I think it is enough to deal with this matter. You will Bring them three people,"

Ye Xuan's heart is puzzled, and the reaction of Min Ming is somewhat abnormal. It is reasonable to say that such an important thing should not be easily handed over to Ye Xuan, then what happened to her?

"God Lord, are you uncomfortable?"

Ye Xuan directly asked, although this possibility is not big, but in addition to this reason, Ye Xuan could not think of other reasons.

"At this time, it has nothing to do with you. You still have to arrange to conquer the demon gods."

wrong!

The reaction of meditation is absolutely wrong.

"System, detect the situation of sorrow!"

Even if I know it clearly, I want to detect it, and it will be greatly consumed, but Ye Xuan still has to do this.

"Hey, the system prompts, the host should note that the target is too powerful. If it is detected, it will require a lot of resources."

"Detection!"

Consumption of resources, whether it is belief value or ancient resources, Ye Xuan can accept.

"Hey, the system prompts, the target is specified, and it is eroded by the illusion of God. At this moment, most of the power is used to suppress the Zerg, and the strength is seriously damaged."

The illusion of God? What is this?

Ye Xuan doubts, this name, Ye Xuan is the first time I heard.

"System, what is this ecstasy?"

"Hey, the system prompts, the illusion of the gods, is a special alien worm that existed in the ancient times! In the ancient times, there was a super strong, the name of the illusion of the gods, the most good is the love illusion, and this person The ecstasy of the genius is extremely powerful. It can be said that once it is implanted by this worm, there will be no way to solve it."

The special effect of the illusion of the genius, the person who is invaded by the worm, will fall in love with the singer, and will not regret it forever!

There is such a strange insect!

Ye Xuan finally understands why the martial arts will retreat, and why he can go to work for the upcoming battle with the Kunlun gods.

It's not that you don't want to control it, but that he is powerless now.

"Who is the ecstasy that gives you the ecstasy?"

Ye Xuan walked quickly to the side of Qi Ming and asked, can be said to have been very good, at this moment,

"You, know this Zerg."

I saw that Ye Xuan actually said what happened to him, and immediately asked doubts.

"You suppress it with divine power, I will find a way."

Ye Xuanbing did not answer, but asked directly to the system: "System, can you solve this illusion?"

"Hey, the system prompts, there are two solutions. First, kill the people who use this technique, but they can't be used by the people in the middle. Second, refining the empathy, changing the objects that the people like. , the subject may decide the target."

Ye Xuan was shocked, it seems that only the second choice!

Since it is able to start with a slap in the face, then the strength is at least a level of harmony, and Ye Xuan has no ability to kill him.

Therefore, refining the empathy is the only choice for Ye Xuan.

Although Ye Xuan does not know who is showing this zerg to the sorrow, but from the reaction of it can be seen that is not willing.

In this case, what is Ye Xuan waiting for!

I saw that Ye Xuan directly sacrificed an alchemy furnace, and even in the palace of the meditation, began to refine.

Although he did not know what Ye Xuan wanted to refine, but he knew clearly, Ye Xuan wanted to help himself, so he did not stop it.

Chapter 2505: The secret of meditation

failure!

Fail again!

Still failing!

Although Ye Xuan has systematic help, this empathic Shen Dan is also a special medicinal medicine of the ancient times. In addition to other restrictions, Ye Xuan can only refine himself.

Ye Xuan has no idea how many times he has failed, and countless precious resources are wasted.

And Ming Ming clearly saw all of this, but at the moment, there is no way to do other things, so I just watched Ye Xuan's movement silently.

The failures of time and time did not let Ye Xuan give up. As long as Ye Xuan had resources, then Ye Xuan would not give up refining.

.....

Finally, Ye Xuan succeeded!

The empathic Shen Dan, which exudes a strange fragrance, was finally successfully refined by Ye Xuan.

Ye Xuan did not delay for a while, and directly took the medicinal herbs to the front of the meditation.

"God Lord, this Dan is called Empathy, which can dissolve the Zerg in your body."

"This is the empathy, I did not expect that you will refine this medicinal drug."

He took it by hand, but he swallowed it without hesitation.

"Wait, the Lord God, this remedy has a sequela..."

"You don't have to say it, I know."

He said faintly, but after closing, he closed his eyes.

Seeing that Qi Ming has closed his eyes and meditating, Ye Xuan is not bothering, walking directly to the outside.

However, when Ye Xuan went out, he opened his eyes.

Looking out the door, Xiao Ming said softly: "I certainly know the role of this empathy, I don't need to say, I know..."

"Master, why are you doing this to me? I don't know why you want to get Ye Xuan's deity fragments. However, I am your disciple. Even if I refuse to take Ye Xuan's deity fragments for you, you can punish me, but Why are you doing this to me?"

"The illusion of God, the fear of being in this godland, has long been lost, and there are several that can be handed down? You have used such treasures to deal with your disciples. What am I doing wrong?"

"Master, you pursue strength, pursue to become a strong, this is not wrong, you conspiring to calculate, planning countless conspiracy, this has nothing to do with me, but we disciples, who you really will be your disciple, We are not your tools..."

.....

He is talking to himself and talking about certain things. Obviously, this matter has something to do with his master.

And his master is the one who brought Ye Xuan to this Kunlun domain.

So, what happened to you?

However, these are not possible with Ye Xuan.

At this time, Ye Xuan knew that it would take some time to solve the Zerg, so there was no delay, but to quickly start mobilizing power.

This time, it is the last blow to the demon **** domain. Once the **** god of the demon **** domain is killed and several gods are destroyed, then other forces of the demon **** domain can no longer fight the Kunlun domain.

In this way, the Terran of the demon gods will naturally be saved.

Moreover, Ye Xuan believes that the character of the singer is not the one who oppresses the demon gods. It can be said that such a result is the best.

Ye Xuan knows clearly that every time he waits for a day, then the drunken shrimp family will be more dangerous, so Ye Xuan has almost no delay, constantly dispatching troops.

With the identity of the gods in the domain of God, Ye Xuan's order is not opposed.

After all, this **** of the gods is the most noble person in addition to the Kunming gods. In addition to the sorrows of the Kunlun domain, even if it is a Guard of God, it must also listen to the mobilization of the angels!

This **** of the gods can be said to be rarely set, although it is only a temporary position, but the rights represented are too great!

Moreover, once the gods of the gods appear, it also represents a major event.

Countless strong people began to gather, Ye Xuan does not need too many people this time, all of them are masters!

It can be said that this time, Ye Xuan is the best choice for the middle of the gods!

In addition to the three medium-level gods, the strongest inferior gods, Ye Xuan also took a hundred people!

This powerful force is directly assembled in the main house of God. When everyone is assembled, Ye Xuan will tell this time their mission.

"This time, we are going to kill the gods of the demon gods and their strong people. It can be said that this battle will be dangerous, but once this action is successful, then we will be the Kunlun domain and the demon **** domain. There will be no more fighting, how are you, do you have confidence?"

Ye Xuan asked the crowd.

Many people have doubts in their minds when they hear the goal of this action.

"It's not a trivial matter to slay the angels of the gods and kill the gods of the demon gods. At this time, how much do you have to grasp?"

"Yeah, respect the angels, I am not afraid of death, but I have been fighting for thousands of years with the Kunlun gods and the demon gods. Although they have won each other, but the actions of killing the gods can be said to make Never mentioned it."

"You don't know that angels like us, once they enter the other gods, they will be immediately noticed. When the battle breaks out, we have no way to hide the whereabouts. Once exposed, then waiting for us will make How can the revenge of the entire demon **** domain kill the other god?"

"Yes, that is, respecting the angels, are you a little too whimsical, killing the other gods, and losing what you think, we are afraid that we will not be able to get to the other side of the main palace, we will be killed, **** each other God Lord?"

After Ye Xuan's words were finished, many people jumped out to oppose it.

Although Ye Xuan's identity is noble, but the strength is only to make the next level of God respect, in these people, simply can not be ranked, it is no wonder that these people dare to question Ye Xuan.

Ye Xuan certainly understands this, but it makes it difficult for these people to make a noise. This is to say: "But your fears are not unreasonable. Once you enter the demon **** domain, I will definitely be exposed, but if I tell you In the demon **** domain, is there a God who will cooperate with our actions? In this way, do you still think there is no chance?"

"God will? God of the demon gods? This, this is impossible, the demon gods are only a total of eight gods, each one has great rights, how can they betray? Angels, you are reliable? Isn't this a trap set by the enemy?"

"The news is naturally reliable. What I can tell you is that the gods' fragments of God are already in my hands. So, do you still have doubts?"

The demon gods who are in control of the gods will be!

When I heard this, everyone was confronted and controlled by the godhead. It was the same as putting the life into the other's hands. It can be said that if this is the case, then there must be no betrayal.

Chapter 2506: Ready to act

After all, if the master dies, then the person who is stripped of the fragments of the gods will die, and the master's idea can directly kill the person who has been stripped of the godhead.

This is the strongest means that there is no chance of any resistance.

If Ye Xuan really masters a godhead's godhead, then this action, fear of having a great success rate.

"In addition, I can tell you that the **** will not be seen in the demon **** domain, and even may be killed by their gods at any time, so he will lead the whole family to betray. At the cost, all we need to do is to take him. Supporting the position of the Lord of God, then, the two gods can be classified as unified, how about, so you still have doubts?"

There is still such an inside story. If this is the case, I am afraid that this matter is worth believing.

Besides, since Ye Xuan can become an honorable angel, it proves that this matter is a matter approved by God and cannot be faked.

"Well, I will listen to the arrangement of the angels, how to do it, and let the angels command it, let these hundreds of thousands of years of war end in my hands!"

Finally, someone shouted loudly.

Then, immediately, someone responded with a loud voice and agreed to the action.

Ye Xuan smiled and looked at this scene, and then began to arrange.

Two days later, a mighty army entered the battlefield of the Lord God from the Kunlun domain, and then was transferred to the site of the Tianlong drunk shrimp family.

This time, Ye Xuan only brought 20,000 people in the past, but these two thousand people are the strongest force in the Kunlun domain. It can be said that Ye Xuan has taken a full-scale one-third of the Kunlun Gods!

It is enough to use this power to kill the gods of the demon gods!

At this time, among the demon gods, the Tianlong drunk shrimp family has already prepared for it. In order to cover the arrival of Ye Xuan and others, Tianlong directly ordered the numerous bases and bans in the base camp of the Tianlong drunk shrimp family. Among them, This transmission array is most closely arranged.

The location of the transmission array is located in the main hall of the Tianlong drunk shrimp family. It is also the place where Tianlong usually lives. Therefore, the arrangement of Tianlong, even if it is seen by the people who have the heart, will feel that Tianlong is just timid and afraid of the scales. The revenge will be gone.

As for the matter of drawing the strong, Tianlong is looking for various excuses to delay.

Even in order to delay the time, Tianlong also held a big wedding for Tianhu.

Tianhu is also the son of Tianlong God. It is a suitable excuse for the Tianhu to hold a big marriage and then take the opportunity to let the strong under the original seat of Tianlong.

But the outside world does not know, these strong people under the Dragon, have already experienced a big clean!

Not to mention the people who oppose the action of Tianlong, even if they are hesitant, the killing of the killing, the detention of the detention.

Tianlong drunk shrimp family, already a piece of iron barrels, calculate those who are still transmitting news, in fact, have already been detected, the news they sent is basically the news that Tianlong wants to let outside know.

The demon **** god god, and the scales of the gods will receive rewards every day.

I think that I know everything about Tianlong drunk shrimps. In the information given to them, Tianlong is worried about the revenge of the scales, so in the entire territory, a large number of arrays and prohibitions are made, and they are reluctant to surrender their own hands. The strong, but also worried about the revenge of the scales of God.

Even, it is also pointed out that there are people who are not going to release people.

The news is very detailed and very reasonable, so there is no doubt at all.

The gods of the demon gods do not care what Tianlong wants to do, and they don't care if the gods will not kill the drunken shrimps.

In the eyes of the demon **** god god, since the **** of heaven will have lost its use value, then naturally it is impossible to control his life and death, the scales of the gods will kill the dragons, but also kill the dragons and drunk shrimps, he does not Will ask.

But he did not know that he was cold-blooded and ruthless. At the same time, he also represented others who would treat him with cold eyes.

At this moment, among the drunken shrimps, it seems that everything is normal outside, but in fact, a strong person is rapidly pouring into the Tianlong drunk shrimp family. After these people came here, they did not get the rest time. Instead, they immediately began to change the costumes of the drunken shrimps of Tianlong. At the same time, they also pretended to be their own breath. They would go out as the drunken shrimps of Tianlong.

Because the Tianhu is a big marriage, this time, the Tianlong drunk shrimps are constantly coming in and out of the base camp. This is already a strange thing.

However, no one knows, including Tianlong and Tianhu, as well as all the strong ones of the Tianlong drunk shrimp family, all the strong people of Kunlun Divine are being replaced.

When you go out, you are a strong person. When you come back, you are just an ordinary enemy. A plot is proceeding in an orderly manner.

Once you go out and leave the surveillance area, these people will immediately dress up and go straight to the main palace of the demon gods!

This kind of action lasted for ten days!

It can be said that any one of these ten days has gone wrong, so it will inevitably lead to a total.

However, the enlightenment of the enemy and the precise planning of Ye Xuan and others have passed through these ten days safely.

After half a month, Ye Xuan has come to the main palace of the demon gods!

It is different from the main palace of the Kunlun gods.

The demon **** god gods built a huge city around their own main palace. The city is inhabited by millions of people. Among these millions, even if there are suddenly less than 30,000 people, they can't see anything. .

Besides, here is the main palace of God, and who is making trouble?

The demon gods have been calm for too long. All along, only they invaded the Kunlun domain, but they never had the precedent of Kunlun gods invading them. Therefore, they are too slack!

.....

"The angels, the deity, after careful observation of these days, found that the defense of the demon gods in the main palace is not strict, and the guards in the main palace of God are less than 100,000, of which the strong is only a thousand people. "

"The angels, the deities, are constantly observing in the city. There are only three places that require me to pay attention. There is no threat in the rest."

"An honorable angel, the end will have brought people to set up a ban around the city. Once the war is over, the end will be sure to be within three hours, not letting any news here pass."

"Boss, I took the tribes to buy a few cabinets closer to the main palace of God, and according to your instructions, successfully bought several escorts, got accurate information, the demon **** gods, this time has been in the hall In, did not leave."

.....

The return of the road is gathered here at Ye Xuan, so that Ye Xuan can constantly improve his plan. In front of Ye Xuan, a virtual shadow emerges, officially the layout of the main palace of the gods, and even where there are guards are marked with a clear two. Chu.

The meaning of the enemy is also the opportunity of Ye Xuan and others.

"Well, since everything is ready, then, tomorrow afternoon action, remember, the ministries must go all out to complete their tasks, all of us have no retreat. If the action fails, no one among us can Fortunately, understand?"

"Do not worry, I will understand!"

At the same time, everyone answered, and the plan to subvert the demon gods and gods will be officially opened.

Chapter 2507: misfortune

The Kunlun gods, only the gods who are such a superior gods, can compete with the demon gods, and rely on them, it is the combination of the moon, the white phoenix and the holy hill.

However, this also shows that, together with the meditation, they can compete with the shackles.

Letting these three people come alone is a good chance.

When the news of the demon gods and gods was banqueting, Ye Xuan had to stop the action, and there was more such a change in the wild, so the stormy things would become tricky.

It's hard to see it, it's all the way to the present, and it's giving up the attack?

This is of course impossible. Things have already reached this stage. All the arrangements have been fully configured. Moreover, the most important thing is that it is not easy to sneak up so many people. If it is sent back, it is almost impossible. Do it.

For a time, Ye Xuan fell into meditation in the tea house that temporarily served as the headquarters.

Playing, or not playing?

Playing, then at the same time dealing with the two superior gods, the supreme power, the odds are undoubtedly greatly reduced, and it is very likely that the final result is failure!

Even if you barely win, the sacrifices you will have will be extremely high.

Do not hit? I am afraid that people here will not be able to retreat from the whole body, and every time they are delayed, they may be found to be a big one!

How to do?

This choice is not good.

After all, if you decide to rush, you are undoubtedly responsible for these people.

"Extreme angels, order it, how can a super strong person in the upper class of the gods, even if they fight for their lives, they must kill the gods of the demon gods to solve these hundreds of thousands of years. war!"

"Yeah, it is worthwhile to respect the angels and sacrifices today. After all, the demon gods will not be removed in a day. My Kunlun gods will not be peaceful in one day. The next time the battle of the main gods breaks out, it will be the fall of hundreds of millions of people."

When the two strong men saw Ye Xuan hesitating, they immediately stood up and said.

"I understand what you mean, but this time, we only win, not defeat, if it fails, even if it is forcibly killed the **** of the demon **** domain, but as long as the wild is still alive, it will be able to send news. Immediately spread out, not only can we all fall here, but it will inevitably lead to a new round of battle of the Lord God!"

Ye Xuan said his doubts.

He is not afraid of sacrifice. The strongmen who came here this time have already realized from the time of departure. This time, many people may not be able to go back.

However, if you can't kill all the enemies here at the same time, then once the news spreads, it will have a great impact on the subsequent actions. Once the action fails, there will be more sacrifices. The new round of the opening of the main **** battlefield.

Wu Wu actually banqueted at this time, this is an unexpected change, no one has ever thought of this.

As the second strongest of the demon gods, the natural world is also planned before.

Originally, Ye Xuan prepared to annihilate the Eight Great Gods at the fastest speed after using the smashing of Wuwu. He used the transmission of the Eight Great Gods to quickly transfer the soldiers of the Kunlun Divine to the demon gods, thus fully controlling the demon gods.

However, the banquet of the banquet is a waste of time, but it breaks everything in an instant.

The plan is well-conceived, and I am afraid of encountering variables. At this moment, Ye Xuan has encountered such a variable, and it is a fatal variable.

.....

Everyone heard Ye Xuan's doubts and fell into thinking. Ye Xuan's worries are not unreasonable. At the same time, they are the least likely to see them.

.....

"It is better for me to sing the angels, and then you will kill the wilderness, and kill the scorpion, how?"

Suddenly, Tianlong God will stand up and say to Ye Xuan and the powerful.

"You go?"

Ye Xuan looked up and looked at the sky, but in her heart, she did not understand what Tianlong wanted to do. "

Tianlong's eyes are full of decisive looks, and Tianlong hates him. He is very selfish, ruthless, and hate the scales to kill!

At the same time, Tian Long also understands that he has such a great possibility that he will never come back.

However, Tianlong was willing and silently glanced at the Tianhu, and Tianlong God once again firmly pointed to Ye Xuan.

"Respecting an angel, I can threaten not to hand over the military power, and then let Wu and me go to find the scales, and let him let the scales guarantee first. After I hand over the military power, I will protect the safety of my family."

"Wuwu's fancy, it is the strong under my seat, I must have promised him, and with the ability of Wuwu, take me to the scales, and then come back, but it is only a few hours, so Naturally, it is impossible to follow the past. In these few hours, you must be able to kill thousands of wasteland and be calm."

"As long as you can let Wuwu come back without doubt, then the next action will not allow him. If you come back, you will not be able to escape."

Tianlong said his own thoughts and had to say that he was the only feasible way to do this.

Ye Xuan looked at Tianlong, but did not know what to say. After all, although the method of Tianlong is feasible, it is no doubt that this time Tianlong is afraid that it is difficult to escape.

Once Wu Wu came back and saw that the situation was not right, then Tianlong would definitely be killed by Wuwu.

"Master Angel, let me go, whether it is for my children, or for my people, I can't do this thing."

Chapter 2508: Kill innocent!

Tianlong got up and kissed Ye Xuan for the first time, but he asked Ye Xuan to let him go to death.

Ye Xuan's brow is slightly wrinkled. Although he does not want to do this, he knows that this is the only way: "Well, let's go."

Finally, Ye Xuan issued an order.

"There are separate preparations. Once the dragons leave with the scorpion, then they will immediately enter the main palace of God, remembering all the enemies they see, one will not stay!"

"Follow!"

In an instant, everyone is acting, who should go where, who should be responsible for everything, from the very beginning, there are careful plans.

People are waiting silently, waiting for the news from Tianlong.

After Tianlong entered, it was only a moment, and he saw two flashes of light flashing.

Ye Xuan knew that Tianlong had succeeded, and he succeeded in taking away Wu.

"kill!"

Ye Xuan waved his hand and also heralded the official start of this action!

"Starting the ban and the formation!"

Immediately, someone was rumored out. In the meantime, the entire God's main palace was surrounded, and the ban and the law were raised. Outside the city, there were several bans rising, and hundreds of strong people continued to swim, the entire main palace. From the moment, the city where you are located, only allowed to enter, not allowed to go out.

"boom!"

Suddenly, the gate of the main palace of the demon gods was directly attacked by powerful forces. A strong man rushed toward the main palace of God from all directions.

"Stand up, who are you waiting for, dare to swear at the main palace of God, find death!"

When the gate was broken, dozens of shrine guards rushed over. These people did not realize what happened, and even thought it was just a small matter.

"Kill them, rush in, one does not stay!"

However, waiting for them, it is Ye Xuan's lore!

This action is related to the final destiny of the two divine domains. It also relates to Ye Xuan, the life and death of these tens of thousands of strong people, and can not tolerate a little bit of mistakes. Therefore, within the main palace of God, it is destined to flow into the river!

"kill!"

Everyone burst into a roar and immediately rushed toward the main palace of God.

In the main palace of the demon gods, there is also a strong banned array.

Moreover, there are also a variety of powerful guardian arrays.

However, if you want to close the banned squad and open the Guardian Array, you all need to be authorized. At this moment, although the main palace of God is attacked, but the lord of the lord is not there, the Guards of the Guards are not willing to open it privately. Array method.

This is an unexpected joy.

Under the guards of several strong men, Ye Xuan went straight to the front, and these tens of thousands of strong people, once in the main palace of God, can be said to be wolves into the Yangzi, where there will be so many, all who see Live the living beast, all killed, without leaving any room.

At this moment, drinking alcohol alone, and waiting for the return of the Wuwu, but I heard the movement here, but he did not know what happened.

Therefore, there is no first time reinforcement.

You Yue, Bai Feng, Sanqiu three people, have not shot, but silently followed Ye Xuan, they are the killer to deal with thousands of wilderness and even Wu!

You have won a special magical power called the soul sharing!

This supernatural power can connect the minds of the specified targets in a short time to achieve the special effect of thinking synchronization.

This supernatural power may not add any attack power, but it is better to use it as a helper.

Bai Feng cultivates the law of life, and also has a special magical power called life sharing.

This supernatural power can link the life of his designated target. As long as it is not able to kill people in this life link at the same time, even if there is no dead body, it can be resurrected immediately through this special magical power.

Plus Bai Fengben is the main rule of life, so the vitality is extremely large. Once the three of them launch a joint attack, they are not easily able to kill.

As for the holy hill, the special magical power he cultivated is called the blood and blood. This magical power is also useless at first. It is useless. However, when you can find the person who is sensitive to the blood of the holy hill, you can integrate the blood power. together.

And the moon, Bai Feng, is such a person, the blood of the three people, can achieve a perfect fusion.

The Kunlun gods are tens of billions of creatures, but they have only trained so many people who are good at joint attacks!

In fact, these three people are not cultivated by the gods, but by the gods of the previous generation of Kunlun gods.

In order to find such three people, it is already very difficult, and it takes a lot of money to cultivate.

However, once cultivated, the effect is enormous.

It is only because the three tribes are only the middle-aged emperor, but they can join forces against a super-powerful person in the upper class, and they can see the power of the combination of these three special supernatural powers.

Of course, this is also because the results of the three decades have been magic and hundreds of thousands of years, and even three of them have been practicing the fusion skills of these three magical powers since childhood.

Throughout the main palace of the gods, they are full of shouting and killing. The guards of the sacred palaces are fighting blood and trying to resist the strong people of Kunlun.

Unfortunately, they can't do it at all. Although they are guarded by the shrine, even many of them are selected from the Son. However, what Ye Xuan brought this time is the elite power of the entire Kunlun domain. It is the whole The strongest of the Kunlun gods.

The imperial guards are so sharp and impossible to resist.

.....

"Who are you waiting for? Actually good at the main palace of God, I really don't know how to live and die."

Finally arrived at the main hall of the main palace of God, however, the thousands of wild but the hand of the wine glass, did not put Ye Xuan and others in the eyes.

"Yes, yes, three medium-sized gods, it seems that you are not the people of my demon domain, but you think that you can get me with three of you?"

The wilderness is very confident. Of course, he also has confident capital.

He is the strongest of the three superiors in the gods, and in the three months of the glory, Baifeng, and Shengqiu, only one person in the holy hill is the Jiujiu Jingdi, and the other two are the eight gods. The emperor.

With such a high realm gap, it is naturally full of self-confidence.

In his eyes, the guy who is in the middle of the nine gods, even if he comes to hundreds of people, he is not afraid.

What's more, three people in the district?

Bai Feng looked at the wilderness, and he said the same tone: "Yes? It seems that you are quite confident."

As I said, the three men have already shown their magic weapon at the same time.

"Haha, ignorant generation, die!"

Suddenly, the wilderness directly launched the attack, and the violent force swept the entire palace in an instant. The main hall of the main palace of God was destroyed in an instant!

Moreover, because of the powerful power of the wilderness, it is actually the direct ban of the ban!

The power of the wilderness is too strong, so powerful that it is forbidden to ban, and it cannot stop him from vacating!

Chapter 2509: Special supernatural power

Of course, if the stagnation breaks through the ban, others will naturally be able to vacate.

At the moment, Ye Xuan's side, the title of the book, and other powerful gods at the same time shot, will Ye Xuan guarding it.

According to the truth, Ye Xuan, such a subordinate of the gods, should not appear on the battlefield at this level.

However, Ye Xuan can't help. First of all, he is the chief commander of this action, and it is the only medium for communication between the Tianlong drunk shrimp family and the Kunlun gods human race strong!

The Kunlun gods and the demon gods have been fighting for hundreds of thousands of years, and resentment is not resolved in one day or two.

Only Ye Xuan can live with both sides.

Ye Xuan is the honorary angel of the Kunlun domain, the right in his hands, except for the sorrow, anyone has to obey!

Ye Xuan is the savior of the sky of the patriarch of the Tianlong drunk shrimp family. At the same time, it can be said that it is the benefactor of the whole Tianlong drunk shrimp family. The strong and powerful people of the Tianlong drunk shrimp family naturally serve him.

Therefore, it is inevitable that Ye Xuan will appear here. If he does not come, it will never be easy to act.

Just a blow!

It's just a slap in the face, and the soldiers didn't target Ye Xuan, but the aftermath of a blow swept to Ye Xuan.

However, among the five strong men who served as the guardian of Ye Xuan, three of them were vomited by the blood of this aftermath.

The power of terror, the strength of strength, this is a thousand years!

This is the thousand gods that can be seated with the demon **** gods!

"Guard the Angels!"

Seeing that the three people around Ye Xuan were hit hard, immediately there were several strong people who rushed over and once again strengthened the defense around Ye Xuan.

No one has asked Ye Xuan to leave, even if it is clear that Ye Xuan left here, it is the best choice, but everyone knows how much Ye Xuan stayed here.

Fortunately, fortunately, the thousands of wilderness did not see the speciality of Ye Xuan. Otherwise, I was afraid that Ye Xuan had not come and led the people to perform the decapitation, but they were first beheaded!

At this moment, Yuyue, Baifeng, and Sanqiu looked at each other and did not hesitate to directly launch three special magical powers at the same time!

This trio is very tacit, even if it is just a look, it can let others understand their intentions!

The light shines, the light is so bright, there is even a feeling that people can't look straight, and at the same time, huge changes are happening.

Among the light, Ye Xuan is faintly able to see the power of countless laws flowing, knowing that the three-person fit is equal to the power of the three-person rule!

This kind of fusion is an inexplicable fusion, because such a fusion is only one case in the mainland of the gods!

The whole world of the gods may be able to do the same thing, and there are many people who can cooperate with each other, but the only ones that can achieve perfect integration are only the three people of Youyue Baifeng and Shengqiu!

In order to nurture these three people, the previous generation of God, spending countless resources, took countless hours to do it.

This is a special case that is difficult to copy!

The power of the law is only guarded by the three people, and at the moment, they are invincible!

Because, when they merge, they will be guarded by the power of their own laws, and they are surrounded by three people, and they have a small guardian field!

The weird changes have caused many people to stop the movements in their hands, especially the wilderness. At this moment, they have not understood what happened.

At the beginning of the integration, Qianshuang tried to launch an attack, but his attack did not have a half-effect, and was directly bounced off by the strange field power.

At the time of the integration of the three, there is still no power at all to interrupt them!

.....

The passage of time, around the main hall of the main palace of the gods, killing constantly, and the hall, but strange and quiet, thousands of wild frowning look at the changes in the front, the three middle-aged emperors of the district, he could not be cracked.

Suddenly, the look of the past is changed: "You are the people of the Kunlun domain!"

No one cares about the wilderness. In fact, it's only now that they have reacted to Ye Xuan. They are the people of Kunlun's domain. How arrogant this is!

"Damn, it turned out to be the Trinity of the Kunlun Divine! Damn!"

There has been some confusion between the wildest look, and I want to retire.

But going now, it is already late.

When the gods thought about it, they immediately wanted to launch and send away. However, at this moment, he found that he was locked by a strange force, and the transmission could not be opened!

Thousands of wilderness have a transfer of jade, which is the treasure that he used to use the ancient materials, and then build it himself. This jade is directly connected to the Qianshen Mansion. As long as the thousands of wasteland start Yupei, then it can be transmitted back in the blink of an eye.

It can be said that he has never failed to transmit before, this time, the first transmission failed.

Qianqian touched the jade, but Yupei did not have any abnormalities. It also proved that Yupei had no problem. The key to the problem lies in the strange power.

Thousands of wilderness immediately locked their eyes on the three of them in the moon, and now there will be such a situation, it can only be explained that they are strangers!

At this time, Ye Xuan also clearly saw this scene, and was asking the system: "System, three of them, what is the strange combination of surgery?"

"Hey, the system prompts that the three people are launching the self-contained magical power, the Trinity! Because the three senses are synchronized, life sharing, blood fusion, and therefore, can produce a special resonance."

"Hey, the system prompts, the host please note that the power of this three-person law has been synchronized, it is recommended that the host learn from experience, which is conducive to the power of the host fusion law."

gain experience?

Ye Xuan has a slight glimpse of the power of the law.

It seems that Ye Xuan heard something unusual from the system, but at this moment, Ye Xuan did not have the heart to pay attention to it, because in front of him, the war finally began!

The secluded moon, the white phoenix, the sanctuary, the so-called trinity fusion, is a very special kind of fusion. The so-called three, refers to the idea, life and blood, when these three forces are completely synchronized, they will Cause a series of changes.

Now, through the battle with the thousand wilderness, it can be well reflected. At this moment, under the guards of the people, Ye Xuan seriously looks at the changes in the battlefield, because according to the system's prompts, even this time is only watching the battle. But for Ye Xuan, it also has great benefits!

"You, really, you, the Trinity, the good Trinity, I have heard that three people in the Kunlun domain have the trinity of their own magical powers. It is extremely powerful. Today, the deity wants to see, what are the specialties of the three of you? At!"

Thousands of wilderness look at the three people in the moon, faintly said, although the trinity of the prestige, but the past is heard, but it does not mean that the wilderness will be afraid of the moon!

Chapter 2510: First-time fusion law

After all, a thousand ridiculous is a three-class god! And the three people in the moon are just the middle gods!

"Eat a sword!"

Suddenly, thousands of wilderness shot directly, and between him, suddenly gathered a huge sword, this sword is actually a combination of several laws, and has become the essence!

This is the power of the Emperor, even if it is just an idea, it can immediately call the power of the law.

As soon as the Excalibur appeared, it immediately rushed toward the Three Moons.

At this moment, the three people in the secluded moon are standing together in a triangle shape. Ye Xuan can clearly see that the position of contact between the three bodies has been completely integrated. Since it is a so-called blood fusion, presumably, their body In the middle, the blood has been connected to each other!

And the actions of the three people still reached a very horrible tacit understanding!

The most important thing is that on the heads of the three of them, a strange ball is condensing.

This ball does not have any light, just like a group of water, but this ball is built by the power of the law. Moreover, the ball has a thin line connecting the heads of the three people respectively. It is the pearl of the three people's minds. It can be said that the ideas of the three people have all been transferred here.

If the image is a bit more, the three people have now become a person, a person different from any one of the three, who has all the power and means of the three, and can also control the three Everything power!

However, this idea is not real, but the three people use special magical powers to create after the communion. Therefore, this imaginary idea has extremely horrible wisdom. After all, he is the idea of three people. Comprehensive!

Moreover, this idea is also taken care of by the power of the law. He can appear because of the law itself, so he can even say that he can fully integrate into the law.

Symbiotic law!

At this moment, the thoughts of the three people are almost half-law power.

How strange and horrible is this?

If you don't see it with your own eyes, I'm afraid that even if Ye Xuan rushes to hear it, I won't believe it, but I still have such a supernatural power!

The idea of three people controls the body of the three people to fight, but it is like a person who controls his body.

After all, he is a fusion of three ideas, then he naturally has control of the three bodies.

At this moment, when the magical sword of the wilderness was attacked, the three men had movements at the same time, and the attack and defense against the system, as well as the magical powers, appeared at the same time.

This is the horror of the Trinity, because it is three people in itself, so he can perform three operations at the same time!

Even Ye Xuan, who owns the system, is only a person and a hand, so when attacking and defending, it is impossible to achieve such synchronization. Even if it is an instant magical power, Ye Xuan needs it when he uses it. A little buffer time.

Even if the buffer time is small, it is impossible to check, but it is there!

But the Trinity does not need any buffer time directly, but at the same time it can display three kinds of combat means!

"System, now they are the moon, what is the strength?"

Ye Xuan once again asked the system. After all, after the Trinity was displayed, how much their strength was raised in the quiet month, or was quite concerned by Ye Xuan, even if the trinity is so special, if the strength is not enough, then It's a no-brainer, because it's impossible to be an opponent in the wild.

Strength, not through any weird means, can be made up, especially when it is a positive battle.

"Hey, the system prompts, the target is specified, which is equivalent to the five gods and gods!"

what!

Is it actually the five gods and other gods?

Ye Xuan did not imagine the strength of the three after the Trinity.

However, in Ye Xuan's heart, I feel that the three of them are at best only a glimpse of the gods.

Ye Xuan will think so, not for no reason, because the nine products of the Emperor, and a product between the gods, but a realm of separation!

We must know that as the strength improves, the repressive power between the realm and the realm becomes stronger and stronger.

After having the power of the law, let alone the realm between the realm and the realm, even if it is the repair of each product, there is a huge gap.

Perhaps, the Eight-Evened Emperor wants to defeat the nine-decision-class gods, chances are coincident, and there are special exercises that can be done, but the nine-decision-class gods want to defeat the gods, and then at least It also needs a big chance to do it.

As for the eight-element gods to try to defeat the gods, there is no special magic weapon, no special magical powers, and even the defense can not break the other side!

Even the other body's body shield can not destroy, and what to beat?

Therefore, in Ye Xuan's heart, I thought that even if the three people used the integration of the Trinity, they could not be promoted to the first emperor, and then combined with some special means, they had the ability to kill the wild.

But who knows, is it the repair of the five gods and other gods?

Is this the power of the law's prompting law fusion?

The power of the law fusion has turned out to have such a great effect, such a magical effect!

Let the two eight-element gods, as well as a nine-element superior emperor, have the same strength as the five gods!

If these three guys can be the strongest with the title of the former title...

So, are they not the best gods who can defeat the peak of Jiu Pin?

Who can still be their opponent in this godland?

Perhaps, only the mysterious land can deal with such a guy!

Of course, Ye Xuan just wants to think about it. After all, these three people are also good people, not to mention, the mainland of the gods, but only their three special cases, and the previous generation of Kunlun gods, spending hundreds of thousands Trained in the year.

I want to have a second case, I am afraid it is very difficult to do it.

The power of law fusion!

Ye Xuan silently remembered this method, because Ye Xuan knew that once he had the power of law integration, his strength would undoubtedly increase greatly.

It is a pity that the means of law integration is not something that Ye Xuan can master now. At present, Ye Xuan, at most, can understand the power of law. Even if Ye Xuan already has the cultivation of the second sacred god, it is fundamental. Touching the law does not fuse this level of things.

Being able to see the law of the fusion of the law in such a situation is considered to be his big chance!

Ye Xuan is thinking about the problem here. On the other side, the battle between the three people and the eternal battle has already become hot!

To be precise, it is directly into the white-hot stage from the beginning.

The three people in the moon are clear in their hearts. After they have killed this thousands of wilderness, they have to face another enemy that is even stronger than the thousands of wilderness.
