

## Super D. S 2511

Chapter 2511: Death of the wild

Therefore, they must make quick decisions, not only to save power, but also to prevent Yuwu from coming back in advance.

As for the thousands of wilderness, I have already heard of the prestige of the Trinity, so naturally I dare not let it go, so the battle was fierce from the beginning.

"Hey!"

Suddenly, the figure of the wilderness disappeared, and when it appeared again, it was already full of thousands.

Among the thousands of thousands of wilderness, there is only one body, but the rest of the thousands of wilderness, but also have the means of attack.

"Boom!"

Thousands of thousands of wilderness at the same time, all kinds of powerful and powerful attacks, instant attack like the three months.

Suddenly, the three faces of the secluded moon were smiling at the same time, and then three people and six hands condensed three black \*\*\*\* at the same time.

Devouring power!

Unexpectedly, these three people will actually devour the law!

In an instant, the sky attack was actually swallowed up by the black ball.

However, unlike Ye Xuan's anticipation, the black ball did not disappear, but it was directly connected in an instant. Then, countless attacks broke out at the same time. These attacks were all attacks that had just been released.

At this moment, all of them have been returned to the wild.

Not the power to devour the law!

Ye Xuan was shocked. This is the means after the fusion of certain laws. Because of the power of the engulfing law, Ye Xuan is clear, but only swallows up the attack. It is impossible to say that he can quickly turn the enemy's attack into his own. Attack means attack the enemy!

"Boom!"

In the sky, there were countless sounds of blasting sounds. Those attacks that were used to attack the three people in the sacred moon were attacked at a faster speed than when they came, and they attacked thousands of people like thousands of wilderness!

Ye Xuan's mouth is slightly pumped. This method is simply too much. As if it were cheating, the enemy's attack came and was absorbed, and then counterattacked the enemy.

The key point is that after counter-attacking, it is counter-attacking. Is this not cheating?

Thousands of thousands of tens of thousands of people, in an instant, have destroyed countless, even the body is also unable to control the retreat.

Thousands of wild faces are a little scared at this time.

If the enemy can rebound all of their attacks and bounce back, I am afraid that anyone will be shocked.

Once again, there is an idea of retreating, but it is impossible.

"field!"

Suddenly, the three people at the same time exerted their own field power, and a strange scene appeared. This time, the field power that appeared appeared to be an overlapping field!

In other words, the three different fields of the three people in the moon are actually perfectly integrated to form a new field!

A good trinity, this means, it is simply impossible to prevent, even can not imagine!

In a flash, the wilderness was directly dragged by the field forces.

The field of the three people in the secluded moon is obviously also selected.

One is mainly to limit the function, the field of silence, in the field of silence, the power of God disappears completely, and anyone who fights in it can only rely on its own strength.

The second is regeneration; the field! In the field of regeneration, not only can you win, but you can also quickly repair the damage you have suffered!

In this way, it means that in their field, the enemy is deprived of divine power, but he has victory!

The third area, the most bizarre, turned out to be the field of gravity!

The law of gravity, Ye Xuan is also used more.

It was the arrow of gravity law that relied on the sword-casting beast.

But now I can see the gravity field of the three people in the moon, Ye Xuan discovered that his use of the law of gravity is so simple.

In the gravity field of the three people in the moon, gravity can be manipulated at will!

Unlike Ye Xuan's gravity law attack method, Ye Xuan launched a gravity attack. The simplest description is the huge pressure from top to bottom!

However, the gravity field that erupted from the three people in the secluded moon is able to arbitrarily change or decrease the gravity of a certain area according to their own wishes.

For example, in the position where they stood in the moon, the gravity was reduced to a very low level, and even if they were blowing a breath, they could blow them far away!

The position of the eternal stagnation is 10,000 times gravity squeezing, and it is squeezed from all directions, as if there are six walls around the body, and it is constantly squeezing the wild!

Moreover, the power of these three law areas is perfectly integrated.

Ye Xuan's mouth was pumped again. For the fighting mode of the three people in the moon, Ye Xuan can only say that it is too bully.

It can be said that it is clear that the wilderness is an enemy, but Ye Xuan can't help but feel sad for the thousand years.

This thousand years of waste is also unlucky, actually they are met with the moon!

At this moment, Ye Xuan also imagined that if he was a thousand years old, what would happen to the three men in the battle.

But Ye Xuan was surprised to find that he seemed to have no way!

The three moons have the power of special fusion rules, so whether it is attack or defense, it is almost like cheating, it is simply impossible to resist!

In fact, at this point, the result is already very obvious. Once the wilderness falls into the field of the three people in the secluded moon, it is already a chance to lose any resistance!

Thousands of wilderness are still trying to struggle, but all his attacks have no effect. Even after the shot, he will only be used by the three men to kill him!

Want to break through the limitations of the field?

The strength was deprived, and there was a tens of thousands of times of gravity squeeze, so that he could not escape the restrictions in this field.

This is really a panic!

He is also a strong man in the world of the gods, and is the second supreme power of the demon \*\*\*\* domain!

But now, the three middle-aged emperors of the Kunlun domain are trapped, so they can't score. It can be said that this is a shame, but this shame, he can't erase it!

.....

"Sanctuary, hurry up to end the battle, we still need time to lay the traps, wait for the return of the Wuwu, hold the hope, you can do your best to save the dragon."

At this moment, Ye Xuan finally spoke and announced the fate of the thousand years.

At the same time, the two ethnic groups in the main hall also quickly supported the outing. They wanted to help the outsiders, quickly solve the divine guards, and then use their own people to play the Jingwei ban.

"An angel is an adult who finds a secret place. In the secret world, it is a Uighur, how to deal with it."

Suddenly, a strong man came to Ye Xuan's side and said to Ye Xuan.

Ye Xuangang was prepared to order the killing, but suddenly stopped: "Go, grab all the relatives of Wuwu, and then arrange the ban, perhaps useful at the time, as for others, all killed!"

Is Ye Xuan so cruel?

Perhaps cruel, but Wu Wu is the sixth emperor of the gods, if Ye Xuan does not use the means, there is no guarantee that he will be able to defeat him.

Whether it is cruel or cruel, Ye Xuan can only do this. In order to maintain the long-term peace of Kunlun and the demon gods, Ye Xuan has no choice!

Chapter 2512: Returning to Wu

Get Ye Xuan's order, the three people in the secluded moon no longer delay, directly use the powerful field power, the strongest attack on the thousands of wild!

100,000 times gravity!

This is a terrifying force. At this moment, the thousands of wilderness will have to face 100,000 times of gravity. In addition to 100,000 times of gravity, the three-person trinity of the moon will also completely remove the power. It can be said that Now even if it is a desperate rebellion, it has no power.

The thousands of wilderness are constantly struggling, and all kinds of horrible attacks are constantly erupting. It can be said that they are also met by the three people in the secluded moon. If they change someone else in front of the thousands of wilderness, they are afraid that they have already been killed!

Those crazy attacks are constantly absorbed directly by the three different ways of the moon, and then turned into a means of attack, rebounding to the thousands of wilderness, and the more the attack is so powerful, then the more damage he suffers!

After half an hour, the thousands of wilderness have been desperate, so the way of fighting, the thousand wilderness simply can not help, he is very clear, he will be defeated today.

However, Qian Tian does not want to die. As the second person of the demon \*\*\*\* domain, he has always had extremely powerful rights. He has an inexhaustible wealth. He is already a superior god, as long as he is giving him In the time of the year, it is possible to surpass the Emperor and reach a higher level. Therefore, the wilderness is really not to die!

"Stop, I admit defeat, I can't help but lose? I am around me, I will offer my devil fragments!"

Shouted loudly.

Unfortunately, he didn't want to think about it. Who would dare to take his godhead?

If you don't want to get his divine fragments, then you will need the three people to unravel the field suppression. So, you just need to be in a flash, you can escape!

I said that I really got the debris of the gods, isn't it that I am asking myself for trouble?

Thousands of wilderness is the second strongest in the demon \*\*\*\* domain. It has the cultivation of the three gods and the gods. No matter who gets it, he will be jealous of it!

Although the character of the 牟算 is gentle, but after all, it is the Lord of God, then the means are natural, so no one dares to ask for this shard of God!

Who dares to ask, who is looking for death!

At this moment, so many powerful people in the Kunlun domain are here, afraid that even Ye Xuan wants to go to the thousands of gods of the gods, it will be questioned!

"Do it, speed kills him!"

Ye Xuan is very clear about this, so he did not hesitate to order.

The common thinking of the three people in the secluded moon is extremely intelligent, and it is incomparable to the loyalty of the buddies. Naturally, they will not hesitate.

Maybe there are strong people who will be heart-wrenching, but unfortunately, they dare not take any action unless he does not want to live!

I am very sorry to regret it. I regret that I am going to come to this house of God today. The purpose of these people, how can he not know that the purpose of the Trinity of Kunlun Gods is not to kill the Wuwu?

Wu Wu left, leaving him as a scapegoat, and he was unwilling to be so mad.

Unfortunately, no matter how he thinks now, his fate has already been decided!

.....

Thousands of wilderness are dead, the demon \*\*\*\* domain generation is strong!

In addition to the Lord of God, the demon \*\*\*\* domain is the most powerful, and it is so killed!

When he died, he didn't even notice.

Ye Xuan waved his hand and directly took away the dead body.

It can be said that for Ye Xuan, this ridiculous body is his greatest gain. If he can get the body of Wuwu again, then Ye Xuan is really making a big profit this time!

However, the body of Yan Wu, Ye Xuan did not dare to be 100% guaranteed to obtain, after all, the body of Wu Wu, still need to take back like a sorrow.

For Ye Xuan to take away the body, there is no opinion on the strong people. There are countless treasures in the wild, but they are given to them. I am afraid that they are all dissatisfied. It is better to take them away directly by the angels. Although the strength is average, the identity is there.

At that time, it is natural to be rewarded with merits.

At this moment, killing thousands of wilderness, but everyone can not have the slightest rest time, but quickly arranged.

A strong man has taken the shot and restored the main palace of the \*\*\*\* as much as possible.

In addition, there are still some people who are dressed as guards of the Jingu Palace. They are arranged in the main palace of the demon gods!

Everything is ready. As for the tribes of the drunken shrimps and the wounded people, Ye Xuan deliberately arranged to become a broken battlefield.

After all, no matter how to cover up the atmosphere of the battle, the existence of the god-level level can be sensed, so at this moment, it is better to arrange a fake city to confuse the Wu.

What Ye Xuan needs is not really to make Wuwu really believe in his own arrangement, but just let Yuwu hesitate for a moment, then it is enough!

Once Wu Wu did not find the anomaly in the first time and then fled, then, waiting for Wu Wu, it would be like a destiny.

.....

"How, can you three people fit together again?"

Ye Xuan asked the three people in the secluded moon. It can be said that, next, they still can only rely on them.

"The angels are reassured, I don't have much loss, wait until the demon \*\*\*\* gods come over, I can still fight again, I am sure, I will take the demon \*\*\*\* gods!"

Ye Xuan nodded. He remembered that before the army opened, Qi Ming had once summoned the three men in the secluded moon, fearing that they would give them a card.

After all, if they are not given their cards, then they should not be so confident!

Waiting, though it is only a few hours of waiting, it makes everyone very nervous.

The next fight is just for one person!

However, that person is the \*\*\*\* of the demon \*\*\*\* domain, the strength is extremely powerful, the means are more numerous!

It can be said that the next battle may be more intense than the battle just now.

Ye Xuan also waited silently. He did not go to devour the riddled body, and he did not even look at what was in the wild.

Because now is not the right time.

However, the coming, will always come!

Suddenly, there were fluctuations in the air and two figures had appeared.

However, at the moment of appearance, one of the figures immediately shone with light, apparently being prepared.

Ye Xuan, without hesitation, rushed up: "Report, God Lord, Tianlong drunk shrimps have rebelled!"

At this moment, Ye Xuan is a small soldier, and only he is suitable, because in the guard of the Jingwu of the Wuwu, there can be no small soldiers who are respected by the gods, and even less able to have the soldiers of the gods. So, only Ye Xuan is going to act as a soldier for this letter!

Sure enough, Wu Wu did not have the slightest suspicion, but anger said: "What do you say about the sky drunk shrimp rebellion?"

"Yes, God Lord, a branch of the sky drunk shrimp family said their patriarchs were executed by the Lord God, so they rebelled!"

This reason is nothing but Ye Xuan's random thoughts. In fact, it is actually to prevent the Wusong people from hearing the sky drunken shrimp rebellion, and will kill the dragons!

Chapter 2513: Destroy your whole family

Sure enough, when I heard this, Wu Wu directly slammed the dragon to fly, and Tian Long was sent to the past to lead Wu, so naturally, the action was very clear.

At the moment, I also understand the intention of Ye Xuan.

Therefore, for this slap in the face of Wu, there is no half resistance, deliberately using this slap force to quickly go away in the distance!

Wu Wu would never have thought that his slap, but the image of the dragon is not lucky!

This slap can be said to save the dragon!

"boom!"

A loud noise, Tianlong was directly into a palace, and a moment of smoke was stirred up between them!

At the same time, Ye Xuan has shouted: "Do it!"

Wu Wu didn't even figure out what the situation was. After all, Ye Xuan's strength could be seen through him. The small soldier who was repaired as such could not be prepared for it. When he heard Ye Xuan shouting, Wu Wu did not react at all. .

But then, a field directly covered him.

It is the Trinity field of the three people!

In fact, the three people in the secluded moon have been hiding in the palace, and they are also dressed as small soldiers. However, because Yu Wu was attracted by Ye Xuan, he did not notice it.

At this moment, the three have completed the fit and launched an attack!

"Damn, you are a traitor!"

Wu Wu was furious and attacked Ye Xuan with a single blow.

"Respect the angels!"

"Old heart!"

"Hey, alert, alert, host has been fatally attacked!"

In an instant, Ye Xuan's ear sounded countless sounds.

Accompanied by the system's prompts, Ye Xuan, Shenmu Swordsman has appeared, directly rushing toward the Wuwu attack, there is no use, the powerful defense of the Shenmu sword, even failed to block the attack half!

At the moment, around Ye Xuan, the eternal realm has been opened by the system, and at the same time, there is a defensive law!

"boom!"

The earth is broken, and Ye Xuan is directly shot into the ground!

Fierce magma, spewing out in an instant!

Just when the attack arrived, the eternal field was instantly broken, and the Fa was immediately erased.

But fortunately, there are eternal fields, and the resistance of the law, at least, let Ye Xuan guarantee one!

"Master Angel!"

Seeing that Ye Xuan was photographed underground, there is a strong person who naturally rushes down!

Ye Xuan is an angel!

If Ye Xuan is down, I am afraid that even if they complete this task, they will be punished if they fail.

Fortunately, although Ye Xuan body blood, but it stumbled and climbed up!

"I'm fine, killing the gods of the real demon gods!"

Ye Xuan's mouth continued to have blood flowing out, but he did not care so much, and directly issued an order.

Numerous powerful people are discolored, even if it is the \*\*\*\* of the demon gods, this time is also a big eyes, a subordinate \*\*\*\* of honor, even able to take the next \*\*\*\* to fight and not die!

This is simply a fantasy, who can believe if you don't see it?

This is a violation of common sense!

It is most clear in my heart, that he is angry with a shot, how much strength is there, let alone a small inferior god, even if it is the top of the nine peaks, it is impossible to survive!

However, Ye Xuan is alive!

Even the physical injury is still recovering very quickly.

At this moment, although Wuwu was trapped in the field of the three people in the secluded moon, it did not seem too worried, because he had already seen that the three were only the middle gods.

At this time, Wu Wu, even though he was still busy, asked Ye Xuan: "Who, who is it?"

Ye Xuan suspended in the air, by his side, dozens of strong people each sacrificed a magic weapon, tightly guarded by his side!

"I am the Kunlun domain, the gods of the gods, the law of the gods, the nine-party six thousand circumstances, Ye Xuan!"

"A long name, hey, an inferior \*\*\*\* in the district, even dare to bring people to assassinate the Lord, are you impatient?"

Yan Wu looked at Ye Xuan, with disdain in his eyes and full of anger!

The people of Kunlun's domain have dared to invade his demon gods, and they lay ambushes directly in the main palace of God.

Suddenly, Wuwu thought of a thousand years ago: "The gods will be gone, why haven't you seen them?"

With a wave of hand, the powerful force erupted in the body of the black scorpion, it is actually to easily resist the million times gravity in the Trinity!

Moreover, I still have the mood to ask other things!

It's a god, this means is simply unimaginable!

The thousands of ridiculous cockroaches are also the three gods and the gods, compared to the scorpion, but the three products are low, it is under the 10,000 times gravity.

But Wu Wu can turn a blind eye, this is the gap!

.....

"Are you talking about him?"

Ye Xuan released the corpse of the wilderness and then quickly took it back.

When Wu Wu saw the body of a thousand wilderness, he was shocked. The wilderness was the demon \*\*\*\* domain. The strongest person except him, but now, has been killed. It seems that these people in front of him are not imagined. Then incompetent!

"Wu Wu, if you are now ready to smash, I can wait for your family, otherwise, your family will be buried for you."

Suddenly, a flash of light flashed, and a moment later, a group of people appeared directly.

About three or four thousand family members of Wuwu were directly arrested.

These are the close relatives of Wuwu, including more than 1,600 wives of Yiwu, and more than 1,900 children, and others are the brothers and sisters of Wuwu!

At this moment, all of them were brought over.

Looking at the other side, the anger in the eyes is even more intense.

"You dare!"

Wu Wu shouted loudly.

Ye Xuan waved his hand: "Let him see, we dare not!"

Get Ye Xuan's order, a strong person directly shot, at least hundreds of people killed in this attack, and even can be said to have no bones!

"How, now we dare?"

Ye Xuan asked faintly!

"Kids, let them go, I can kill you, otherwise, I will destroy your whole family!"

Ye Xuan looked at Wu, and said faintly: "Yes, but before that, presumably your whole family is gone, drop or die, choose yourself!"

"Damn, Terran kid, do you think that using them will make me unable to do anything, I am the demon \*\*\*\* god, as long as I am alive, how many wives, I can have!"

Wu Wu said loudly!

"In this case, it is useless to keep these people, kill them for me!"

In fact, Ye Xuan does not expect these people to really let the shackles come to the fore. Ye Xuan wants them, but it is to let these people stimulate the shackles and let him lose his senses in the battle!

Therefore, these people, in fact, at the beginning, Ye Xuan was not prepared to let go.

Even if it is the return of Wuzheng, Ye Xuan will kill them.

Scribbled to remove the roots!

If Ye Xuan has let go of any of them, fear that it will not take thousands of years, there will be a new rebellion!

In the capacity of these people, they can easily find support in the demon gods, thus launching a war against the Kunlun gods.

Chapter 2514: Support

Even as long as some of them are alive, even if they do nothing, they will have a demon to use them as an excuse to launch a rebellion.

Kunlun gods and demon gods, even if they want to merge, there will be a big blood wash!

It is bound to be, this time the demon \*\*\*\* domain, will flow into a river, this is something that no one can change, this is also a must.

The killing of today is to kill less in the future.

.....

"Do not!"

Wu Wu is not a cold-blooded person, even if he really said that as long as he or he wants to have many wives and children, but these people accompany him for hundreds of thousands of years, how can there be no feelings.

At this moment, all of them were killed by Ye Xuan in front of him, and Wu Wu was already crazy.

"I want you to die! I want to destroy you!"

"boom!"

Suddenly, Wu Wu turned into a body!

It is a black dragon, a black dragon with a different change. The body of this black scorpion, although it is a black dragon, has a pair of wings, and the dragon horn is not a pair, but six pairs!

On his body, black and black, reflecting the black scales of this light, showing his strong defense!

"kill him!"

Ye Xuan also issued an order.

The strength of Wuwu has already exceeded some expectations.

"Roar!"

Immediately after the transformation of Wu Wu as a body, a horrible roar was issued.

The roaring sound seems to have some kind of fascinating ability, and the power is so great that it will blow the people back and forth again and again.

It is like a catastrophe.

In the sky, a spiral of fissures continues to appear. On the ground, the entire palace of the Lord God is vanished in this shackle!

It can be said that if the ban is not arranged around, I am afraid that this city will be destroyed by a smash!

This is the power of God and the power of terror.

At this point, Ye Xuan couldn't help but worry, the three people in the secluded moon, can really win this slap?

The strength of Wuqiang's strength is horrifying.

Such a terrible strength, three people in the secluded moon, can you deal with it?

However, at this moment, everyone's hopes can only be pinned on the three men.

Don't say Ye Xuan, even those who are strong in the gods, can't help half a point at the moment!

After all, the power of this Wuwu is too strong.

"You, all have to die! I want your entire human race to be buried with my people!"

The sound of terror sounds.

After Wu Wu became the body, the voice appeared even bigger.

Suddenly, the three-person combination of the secluded moon shouted to the living Ye Xuan: "Respect the angels, please use your blood to build a transmission array and summon the Lord God to come."

Ye Xuan!

"My blood?"

Ye Xuan is not reluctant to let this blood, the so-called use of blood to build a transmission array, not to say that it is really necessary to use all blood to portray, but just need blood as an introduction!

However, what Ye Xuan knows is that it is necessary to build a transmission array with blood and let others transmit it. It requires special blood pulse induction or other special conditions.

Ye Xuan does not know when and when he has such a sensory ability!

When I heard Ye Xuan's question, the combination of the three people's thoughts in the moon was urging: "Don't hesitate to be an angel, don't hesitate, and the gods are too powerful, and there is a \*\*\*\* blessing that is unique to the gods. The grip is not an opponent at all, only please God's Lord is hands-on, and we can win."

Ye Xuan's heart is extremely doubtful, but since the combination of the three thoughts of the secluded moon has been said, there must be some truth in it. It's hard to be done. What kind of ban is set up on the body?

However, I did not have the slightest abnormality, and even the system did not notice it.

What is this going on?

Ye Xuan arranged the array method on one side, and he was puzzled.

At this moment, the Wuwu has launched an attack. It can be said that the powerful three-year-old combination of the moon and the moon is actually suppressed. If it is not the trinity that has many special magical powers, it is true that it is not given to three people. Special magic weapon, I am afraid that the three of them have been unable to hold on.

With doubts, Ye Xuan finally arranged the formation.

After the arrangement of the array was completed, but Ye Xuan did not need to start at all, it had already shined, and Ye Xuan knew that this was the situation that Qi Ming had already sensed here.

The light shines, but this is the expressiveness that spans two gods. I am afraid, and only the strong ones like this are so easy to do.

After a while, has appeared in the transmission array.

"See God Lord!"

Everyone squatted, and the calculations were those wounded, and the people who drunk the shrimps had already fallen.

Only Ye Xuan stood.

It was not Ye Xuan's rudeness, but he discovered that there was a mysterious force surrounding him, so that he could not keep going.

"You are hurt?"

Unexpectedly, the first sentence after the appearance of Qi Ming was not to ask about the battlefield situation, and even did not look at the battle on the other side of the battle, but instead asked about the injury of Ye Xuan.

"Thank God for the Lord's care, and the minister is not serious."

Ye Xuan replied that his answer can be said that there is no mistake, but his face is unpleasant: "In the future, you and I don't have to be so divided. You are waiting for me here. I first removed the dragon."  
""

Ye Xuan is still unable to understand at this moment, what is happening, how does it feel, is it like a person?

When I was in the shadows, I disappeared directly. When I appeared again, I came to Wuwu.

"It's you! God of the Kunlun gods, how dare you come to the demon gods, are you not afraid to punish?"

punishment? What punishment?

Ye Xuan was incomprehensible and suddenly remembered a fact, that is. No matter how fierce the war between the two gods is, the gods of the two gods will never step into the territory of the other party, at most, that is, meeting in the battlefield of the Lord God!

If it was before, this situation would not cause any doubts. However, when I heard the word of punishment that was said by Wu, it had to be reminiscent. What power is it that can punish God?

And just because the Lord has left his own domain and came to other gods, he will be punished!

This matter, in any case, is very strange.

.....

Looking at Wuwu, there is no sadness and no joy on his face, but he said: "You hurt him, I am coming, I will not be punished!"

"What! He is your partner? It's impossible, his strength is so low, how is it possible! And, come in person, it's impossible!"

Wu Wu suddenly glanced at Ye Xuan, but let Ye Xuan even more puzzled.

The two gods said things, what is the relationship with him, this is awkward, good end, what do you do yourself?

"Well, it is time to end. In the future, the demon \*\*\*\* domain will be under the rule of Kunlun."

Accompanied by this sentence, I saw only a glimpse of the hand, the and the three months of the secluded moon, even disappeared at the same time.

Chapter 2515: Dust settled

Ye Xuan understands that they are entering a different space, or a special secret to fight.

Because fighting here, the power of the two gods is so terrible that it will inevitably lead to life.

I am afraid that they will not leave, and the creatures in the gods of the demon gods will be destroyed in at least one thousand!

The aftermath of the battle between the two gods is not something that ordinary people can imagine!

"Master Angel, what should we do?"

Seeing that the 半 再次 once again left, the strong can only ask again to Ye Xuan, waiting for Ye Xuan's arrangement.

Ye Xuan thought about it, and then said: "Go, open the battlefield of the main \*\*\*\* in the main hall of the demon \*\*\*\* gods, according to the original plan, at the fastest speed, pay the intransigence of the entire demon \*\*\*\* domain!"

"Yes!"

The strongmen got orders, and they immediately came to the transfer array. When Ye Xuan came with these strong men, the Kunlun gods were preparing, and countless soldiers gathered, waiting for this moment.

Once they win the demon gods, then the strong, they will lead their respective soldiers to clean the entire demon \*\*\*\* domain.

According to Ye Xuan's instructions, they will rescue all the Terran gods, and at the same time, they will kill all resistance.

Without the command of the Lord God, the demon \*\*\*\* domain can be said to be only eaten by the Kunlun gods in a situation!

Ye Xuan himself, but under the guardianship of hundreds of strong people, stayed in the main palace of the gods, waiting for the return of the hustle and bustle, and at the same time, commanding the overall situation.

An elite soldier is constantly sent over, and once he comes over, he will be dispatched immediately.

This time, the Kunlun gods are dispatched, it is a full three hundred billion soldiers!

These three hundred billion soldiers are the power to pay the entire demon \*\*\*\* domain.

Of course, after the completion of the settlement, in addition to leaving 10 billion to stay, the rest will return to the Kunlun domain.

Without the command of Wu Wu, and because the Eight Great Gods will all be annihilated, it can be said that the demon \*\*\*\* domain does not even have a decent resistance.

Even during the entire war, the demon gods did not condense an army of more than one billion people.

The city walls were broken, and the secrets were destroyed and the stubborn groups were annihilated.

The war lasted for thirty years!

Thirty years later, the entire demon \*\*\*\* domain is considered to be basically calm.

Yan Ming has never returned, Ye Xuan, but he can only temporarily manage two divins. After all, he is now the two most valuable people in the domain.

Tianlong was lucky enough to live. In the past 30 years, he took his own people to fight around and cooperated with Ye Xuan's actions. Because Tianhu, it has been sealed by Ye Xuan as the new demon \*\*\*\* god.

This is a hundred years!

In fact, Ye Xuan is not willing to wait like this. For a hundred years, for Ye Xuan, it really took a long delay.

On this day, Ye Xuan was working on the main hall, but he heard a loud noise from outside.

Ye Xuan hurried out, but saw that the corpse of Wuwu actually fell outside the hall.

It turns out that Yu Ming and Wu Wu actually entered a special secret environment. They only fought for three days in the secret world, but the mainland of the gods has passed a hundred years.

Ye Xuan directly collected the body of Yan Wu, because he knew that since the corpse was thrown out by the corpse, it has already proved that the scorpion is not interested in the body of the scorpion.

After a hundred years of delay, Ye Xuan's realm did not even have any slight improvement. This scorpion body, Ye Xuan would not be polite.

Returning from the hustle and bustle, Ye Xuan naturally handed over the authority of the gods of the gods.

In the past 100 years, the most common thing that Ye Xuan did was to investigate the whereabouts of the fall.

It is also the nine sons of the demon \*\*\*\* domain.

However, there is only one result, that is, the fall is not in the demon \*\*\*\* domain.

There are three possible places.

The first one is the ancestor of the demon \*\*\*\* domain.

The second is a mystery called the Phantom Cave.

The third is the land of legend.

When he came back, Ye Xuan handed over his rights and left the main palace of the demon gods without hesitation.

In the past 100 years, Ye Xuan needs to be responsible for the two gods billions of souls, so did not go looking for the fall.

But now that the meditation has returned, then Ye Xuan will naturally do his own thing.

Yan Ming did not block Ye Xuan, not even asking.

However, Ye Xuan's honorary angel identity token has not been taken away.

Ye Xuan can't manage that much, anyway, he will come back, then he can leave. In fact, in the past 100 years, Ye Xuan wants to leave several times.

And now, finally is the opportunity.

Ye Xuan's first goal is the ancestor of the demon \*\*\*\* domain.

This ancestor's land is quite special. It is the holy land of the demon \*\*\*\* domain. Moreover, anyone who is a demon \*\*\*\* domain can enter at will. It is said that the strong people gather, but they simply ask the outside world.

At the beginning, Ye Xuan only sent the strong to close the ancestor's land, and did not rush to send troops.

After leaving the main palace of God, Ye Xuan no longer hesitated.

At first he was looked at by two gods, and there was no danger, so he did not devour the dead bodies.

But now, Ye Xuan will not wait any longer.

This is the body of two superior gods, and what kind of surprises can they bring to Ye Xuan with their Qianghuan?

Ye Xuan thought silently, at the same time, has begun to swallow!

Ye Xuan is swallowing up the corpse of thousands of wilderness at this moment. As for the Qiang Kun ring, it has not been swallowed up.

"Hey, the system prompts, the host breaks through, the current, the nine products and so on!"

Crazy upgrade, this upgrade speed is simply beyond Ye Xuan's imagination, but it is in the expectation of Ye Xuan. After all, he is engulfed by a superior god.

"Come back, this time, devour the body of the demon \*\*\*\* god!"

Ye Xuan followed a wave and directly swallowed the body of Wuwu.

And the system's tips, such as the appointment!

"Hey, the system prompts, the host breaks through, the current nine products are in the middle of God!"

Nine levels rise!

It is the body of the Lord, and this upgrade speed is terrible!

Moreover, Ye Xuan even thinks that there is a limit to the upgrade. Otherwise, it is said that the body of two superior gods might not be swallowed up. Ye Xuan may rush to the next imperial court!

However, it is possible to break through to the nine-detailed gods in a single breath, and Ye Xuan has already met!

After all, in his hands, there are two resources of the Qiankun Ring not swallowed up!

However, at this point, the system's prompts have already sounded.

"Hey, the system prompts the host to devour the corpse of the demon \*\*\*\* god domain, get special attributes, God domain blessing!"

The \*\*\*\* domain blessing, the special attribute unique to the gods, can bless the air traffic of the gods. If everyone in the domain of God believes in God, you can also open special beliefs!

Ye Xuan brows slightly wrinkled, the gods air transport blessing!

It is no wonder that the Wuwu actually has such powerful strength.

Chapter 2516: Ancestral ancestor

It is a pity that Ye Xuan is not so perfect because he has swallowed the sacred air transport blessing that he has acquired. It is impossible to say anything else. It is impossible to believe in the demon gods. This is impossible. The so-called belief cultivation, it is not with Ye Xuan.

In fact, in Ye Xuan's heart, I also believe that it is feared that this so-called \*\*\*\* domain gas transportation blessing is somewhat similar to Ye Xuan's own engulfing space.

However, it has expanded a lot.

It is a pity that no matter whether it is a thousand or a wild, it is not the killing of Ye Xuan. Otherwise, I am afraid that I can get countless rewards!

However, Ye Xuan is not so greedy, can upgrade so many levels, Ye Xuan has already met.

"System, classify the resources among the two geniuses, usefully selected, useless I devour."

Ye Xuan, is this the rhythm of continuing to enhance the realm?

He has promoted to the nine-detailed gods in one breath!

Such a horrible upgrade speed has already made countless people unimaginable. Is it true that Ye Xuan will continue to remind the realm of failure?

"Hey, the resources are classified successfully, congratulations to the host, and three treasures of resources."

Cherish resources, what is this?

It is not a simple thing to be able to motivate the system, but Ye Xuan is still very curious. What is it, can be prompted by the system alone, and still cherish resources.

Ye Xuan opened the ring and immediately checked it out.

No discovery, listed by the system alone, is a Dan, a gourd, a fan!

"System, detect these three things, hold them down and see, they are holy things."

Ye Xuan told the system that after a while, the system's prompts would ring.

"Hey, the system prompts, specifies the target, unknown dragon egg!"

Unknown dragon egg? In other words, the system can only detect that this egg is a dragon egg, but what is the dragon egg, but I don't know?

"Hey, the system suggests that the host can only hatch this dragon egg by faith value and instilling power or law power!"

what? Is it necessary to incubate with the values of faith, divine power, and law?

Is this dragon egg really amazing?

In addition, what kind of dragon is he?

Can't it be done, can it be that the sons of Wuwu are not made?

Ye Xuan gave birth to countless doubts, but he could not answer at all because no one could answer him.

Throwing this dragon egg aside, Ye Xuan now has no time to hatch.

Ye Xuan immediately took out another item, a gourd, at least, looks like a gourd.

"Hey, the system prompts, the specified target is a special identification item, and possessing this thing is the order!"

Order makes? What is this again?

Ye Xuan is extremely confused. Is this hoist only one use, which is used to prove identity?

"System, what is the use of this gourd?"

"Hey, the system prompts that this hoist is a communication hoist. Through this hoist, the host can communicate with other orders, or it can investigate some things."

What stuff, investigate things, contact other orders?

Ye Xuan casually played with this gourd, but did not know how to use it. It seems that this thing can only be thrown away like a dragon egg.

In the end, Ye Xuan finally picked up each of the fans, but in his heart, he thought that there were two weird things, and Ye Xuan could not use them.

He does not believe it, the last one, too.

"System, then this thing, what is the use?"

"Hey, the system prompts, specifies the target, and the Wukun Wuji fan. This fan contains an independent secret."

A fan, installed a secret!

Ye Xuan played back and played this Qiankun Wuji fan, but his heart was shocked and inexplicable.

In the secret world, Ye Xuan has been to countless, and has seen countless things, but don't say that I have seen it. I have never heard of it. A fan is a secret thing.

You must know that since it is called a mystery, the internal space is naturally very large, and it must be living with life.

However, there is a secret inside a fan. Anyway, Ye Xuan can't understand the mystery.

At any time, he waved his secrets. Ye Xuan even gave birth to a ridiculous idea. He waved his hand so much. Is it already in the midst of a mysterious turn?

Of course, Ye Xuan just thinks about it.

This Qiankun Wuji fan is quite interesting. Similarly, it is quite easy for Ye Xuan to understand.

At the same time, Ye Xuan also thought that what kind of strong person would be able to forge such a fan.

A fan, a secret!

Play with the world!

This feeling is to make Ye Xuan feel quite novel.

Three items are counted,

However, in Ye Xuan's heart, I always feel that something is wrong.

But he thought for a long time and didn't figure out what was wrong.

In desperation, Ye Xuan eventually went to the ancestral land.

If you don't understand, then don't want to wait for the moment, wait for the time to come, then all doubts will naturally come back!

Whether it is the unknown dragon egg, or the Yankun Wuji fan in the hands of Ye Xuan, or the order of the gourd.

One day, Ye Xuan can fully understand.

As for the moment, it is important to look for the fall.

Although the land of the ancestor was closed by Ye Xuan, Ye Xuan wanted to go in, naturally no one would block it.

So at this moment, Ye Xuan has entered the ancestral environment.

The land of the first ancestor, this is also a secret environment. Under normal circumstances, it is called the ancestral environment. However, this ancestral environment is not for anyone who wants to come.

Before the conquest of the demon gods in Kunlun, it was a gathering place for geniuses, and it was also a place where many powerful people came to seek opportunities.

After the Kunlun gods conquered the demon gods, in fact, this is also the case, and more brutal than before.

Because of its special existence, the ancestral environment has no rules at all, even if the genius of the now dominant genius enters it. If it is degraded, it is no stranger to others.

Moreover, there are many beasts of the ancestors in the ancestral environment, which can be said to be very dangerous.

At this moment, Ye Xuan is moving forward carefully, but when he entered the ancestral environment, he only had half of the time, and he met the first ancestral beast.

The ancestral environment is special and it is very easy to create this kind of ancestral beast.

Ye Xuan looked at the returning ancestors in front of him, but it was inexplicably shocked.

This is a tiger-like beast. If it is in the mainland of the gods, then he should be called the flying wing Thunder Tiger!

This kind of animal beast Ye Xuan has seen it, the strength is not to say for a while, but the volume is generally one person high.

However, in this ancestral environment, this flying wing Thunder Tiger has a height of five or six people!

It seems that all the beasts and all plants in this ancestral environment have been multiplied by countless times because of the power of returning to the ancestors!

Not only the flying wing Thunder Tiger, but even a small grass, it has become enormous!

Moreover, their aggressiveness is extremely strong, because these ancestral beasts have returned to their origins, and there is only cruel blood in the spirit!

So at this moment, the flying wing Thunder Tiger, actually saw Ye Xuan, and immediately attacked it!

Chapter 2517: Imperfect field

What is the returning to the beast?

The so-called returning to the ancestors is the case that certain sacred beasts are subject to reverse evolution by being affected by certain forces.

In addition to being able to cultivate, the beast of the beast is also a very necessary thing for its own evolution. For the beast and the beast, the magical power of the gods and the supernatural powers are the best skills they have.

However, the phenomenon of returning to the ancestors can be said to be very difficult to see in the mainland of the gods.

After all, in the realm of the gods, the return of the beast to the ancestors will generally be considered a genius!

Unfortunately, in the ancestral environment, it is the most normal thing.

However, the returning ancestors of the ancestral world are somewhat different from the returning ancestors of the mainland of the gods. Because of the returning ancestors in the ancestral world, the intelligence is also degraded.

The reincarnation of the genius of the gods and beasts in the mainland of the gods is only to enhance the strength and not degenerate the intelligence.

So maybe it's because of the special environment change here.

The flying wing Thunder Tiger, attacking Ye Xuan at the moment, between his actions, faintly with the sound of wind and thunder, the power of violent, broke out in an instant!

"boom!"

Ye Xuan certainly can't make this flying wing Thunder Tiger succeed, so when the Flying Wings Tigers are about to hit him, they have already escaped with infinite teleports.

However, Ye Xuan did not hide, but the position he was standing on, can be sad reminder!

A bang, mountains and rocks splashed, countless flowers and trees were instantly destroyed, and some of the weaker beasts that were closer together were killed by the aftermath of this attack!

Ye Xuan brows slightly wrinkled, this flying wing Thunder Tiger, great power!

"Megatron, out!"

Ye Xuan is not procrastinating, and Megatron has already been released between the waves. Megatron immediately turned into a magical sword, and at the same time, the sword was also flying together.

Two scorpion swords wrap around the flying thunder Tiger and keep flying!

"Hey!"

The flying wing Thunder Tiger screamed and even tried to stretch out the front paws to fly the scorpion sword.

What shocked Ye Xuan was that the front paw of the flying wing Thunder Tiger hit the sword, but did not suffer any harm!

You must know that the power of the sacred sword is not something that can be resisted by a flying wing of the tiger.

"System, to detect the strength of the flying wing Thunder Tiger, I would like to see, he can resist the sharpness of the sword!"

"Hey, the system prompts, specifies the target, the lower gods, the talents, the claws of the gods!"

The claws of the gods and thunders contain the powerful attack methods of the power of the gods and thunders. Any attack will trigger the attack of the gods.

Moreover, the claws of the gods and thunders contain extremely powerful laws of the laws of the thunder, and when they attack, they will force the power of the law!

"Hey, the system prompts, detects the flying wing Thunder Tiger, return to the ancestors special magic, Thunder Tiger, the host please pay attention."

Actually trigger the system's tips!

It is only a beast of the gods and gods in the area. You must know that Ye Xuan is a medium-sized god.

It's hard to be done. What special magical power can it threaten Ye Xuan?

Ye Xuan did not shoot again, because there was Megatron's shot in Ye Xuan's heart, which was enough to kill this flying wing Thunder Tiger!

However, the next battle was beyond the expectations of Ye Xuan, and Ye Xuan finally knew that the special magical power of this flying wing Thunder Tiger was special.

At this moment, I saw two sacred swords constantly launching attacks, and even more, it was launched with a 10,000 as an attack!

The sword of the sky, almost completely surrounded by the flying wing Thunder Tiger, logically speaking, the flying wing Thunder Tiger, this time afraid that it can not escape!

But let the leaves think about it, the flying wing Thunder Tiger actually burst out of a group of shining lightning rays, and then quickly walked to the side, the speed is no less than teleportation!

Moreover, the most important thing is that as he moves, there will be constant lightning strikes towards the unconscious!

This is the magical power, the thunder tiger!

A good Thunder Tiger, even so powerful!

Ye Xuan frowned and looked at it all. The Thunder Tigers, Ye Xuan had already seen it, and it turned out to be an imperfect area.

The imperfect field is not a semi-domain.

This imperfect field is actually an already mature field. However, unlike the ordinary field, this field of Thunder Tiger is missing a lot of things!

In the general field, even in the field of a single attribute, there are a small number of other rules to do with it, because only in this way will the field be more perfect.

Moreover, these forces do not need to be mastered at all, but are naturally formed when the field is applied.

However, there are only one kind of power in the imperfect field of the Flying Wings.

The power of the gods!

Those powerful Shenlei forces are directly surrounded by the flying wing Thunder Tiger, and they do not leave the flying wing Thunder Tiger half a meter away.

Looking back from the outside, I even think that this flying wing Thunder Tiger is wearing a Lei Guang armor.

Every time the flying thunder Tiger, no matter what the action, the thunder will accompany, or defense, or attack, this flying wing Thunder Tiger, there will be no hesitation at all.

This is the Thunder Tiger? An imperfect field power?

I have to admit that the pure power can burst out of powerful strength.

But Ye Xuan's heart is clear, and this situation cannot last for too long.

"Megatron, give me the attack!"

Ye Xuan still hasn't done it, but he has to look at it, this flying wing Thunder Tiger, can still play what tricks.

However, entering the ancestral environment, the first beast that met was an inferior god, which made Ye Xuan quite shocked.

Don't look at Ye Xuan when he attacked the gods of the demon gods, and mobilized tens of thousands of gods.

But that is the power of one third of the entire Kunlun domain!

In other words, how many gods and strong people can there be in the entire Kunlun domain?

I am afraid that it is only ten or twenty thousand!

The Kunlun domain, three million territory, is only a matter of God's respect, on average, even in the hundreds of thousands of circumstances will have a \*\*\*\* respect.

A territory, not to mention more, at least 10 million people should have it!

Then, this one \*\*\*\* deity, how many people will have a genius?

If it is not calculated, it will be fine. Under this calculation, we will know how difficult it is to cultivate into the Divine Territory.

However, now in front of Ye Xuan, in this ancestral environment, it is actually a random beast, and it has the cultivation of God's respect, how to make Ye Xuan not surprised?

Megatron and the Sword of the Sword are still continually launching attacks and powerful destructive power to destroy this area.

However, Ye Xuan did not do anything at all, but quietly observed that since there are a large number of returning ancestors in this ancestral environment, it is necessary for Ye Xuan to grasp the characteristics of these ancestors.

Only in this way, Ye Xuan can better complete his plan.

Finally, Ye Xuan got all the results he wanted, and with a wave of his hand, the sword was returned to Ye Xuan's hands, and Ye Xuan had to do it himself.

Chapter 2518: Legal sculpture

"Hey animals, die!"

Ye Xuan screamed.

The sacred sword suddenly broke out with a powerful offensive.

"Destroy the gods!"

"boom!"

It was like a catastrophe, and a ray of light flashed, and it hit the wing of Thunder Tiger in a flash.

"Booming..."

How can the winged Thunder Tiger and Thunder Tigers be powerful, and how can they be the opponent of Ye Xuan?

Ye Xuan, he is more than a big realm!

Therefore, when Ye Xuan wants to kill him, it is just a sword!

Above the earth, there is a canyon, the huge canyon, which is the trace of the flying wing when the tiger is hit by Ye Xuan.

A sword spike!

Even if this flying wing Thunder Tiger is a returning ancestor, has a special magical power?

How is there, in the face of absolute strength, he has no ability to resist.

Ye Xuan continues to move forward.

All the way up, I also encountered a lot of mysterious beasts. These beasts are all ancestral beasts. The intelligence is very worrying. Although the strength is higher than the outside world, it is useless without intelligence.

Of course, Ye Xuan knows clearly that what he has encountered now is only the most peripheral beast of this ancestral environment. The real powerful beast can never wander around.

Among the ancestral environments, there are ten caves and four caves.

The so-called ten virtual, somewhat similar to the family of the gods of the mainland, but not a group of people, but composed of multi-ethnic groups.

The four caves are somewhat similar to the school, the existence of the Zongmen.

If the sacred son of the outside world reaches a certain level, then he will have the opportunity to study at these four caves. In addition to the ten sacred caves, there are also some scattered tribes, but in the ancestral world, they are called, solution!

Of course, in the eyes of Ye Xuan, the so-called solution is the meaning of the village.

The ancestral environment, this is equivalent to a special existence attached to the demon \*\*\*\* domain, but because of its special nature, here, not only is the demon \*\*\*\* domain a \*\*\*\* of the gods in it.

Therefore, the ancestral environment is higher than the demon \*\*\*\* domain.

On the mainland of the gods, there are many deities like the demon gods, and the gods ruled by the beasts, Ye Xuan does not know, but Ye Xuan knows that among the ancestors, there are thousands of gods under the rule of the gods, the emperor Waiting to cultivate inside.

Of course, there are also a small number of Terrans in the ancestral environment. Although in the ancestral world, the Terran is also looked down upon, but it is not enslaved as it is outside!

It is a pity that most of the gods ruled by the beasts will oppress the human race. Therefore, the number of human races in the ancestral world is extremely small.

Ye Xuan marched for three days and saw the first solution!

There are not many people in this solution, and there are hundreds of people who plant their own gods and herbs, hunt for the beasts, find resources to cultivate, and they are also free.

In fact, almost every solution in the ancestral environment is like this. However, they still have to be attached to one of the ten caves. Otherwise, it will be difficult to survive.

Ye Xuan looked at the banner of the solution to the door, but there was some doubt, because the flag above turned out to be a giant pen.

Dapeng is not a powerful beast. Finally, the entire demon \*\*\*\* domain, there is no such a god-dignified strongman.

However, why is this solution based on Peng?

With doubts, Ye Xuan went straight into this solution.

No one blocked Ye Xuan, but many people still curious eyes when they saw Ye Xuan, a stranger.

"This passerby, where are you from, and where are you going?"

At this point, an old man came to Ye Xuan and asked Ye Xuan.

"I am from the demon \*\*\*\* domain, I have to go to the four caves to study."

In fact, Ye Xuan has no goals.

The news he got was only that the fall may be in the ancestral environment, but he did not say where he was in the ancestral land.

After all, this news is only speculation.

"Oh, it was originally from outside guests, come and come, today, it is just a gathering of our solution, you might as well stay, let's go tomorrow."

The old man is very enthusiastic, and Ye Xuan, but also needs to inquire some news, so there is no derogation.

Following the old man's move toward the big house in this solution, Ye Xuan found that most of the solutions were old people and children, but young people did not see it.

"Predecessors, I don't know why I didn't see young people?"

"Haha, today is the wilderness festival we have solved once in a hundred years. Young people go to the wild to find a secret place and enjoy it. Maybe this wilderness festival can bring some new life to us."

Ye Xuan looks strange, from this old man's words, Ye Xuan seems to hear that the custom of this solution, there is no marriage, but to the wilderness festival, they are looking for a happy person in the wilderness!

However, this is a custom of others, and Ye Xuan is not qualified to make irresponsible remarks.

The big house is built with some kind of soul-soul wood. Although it is called a big house, it is not too big. At this moment, there are several old people in the big house who are carving something.

After Ye Xuan arrived, he was attracted by the things they carved.

"Old man, what are you carving here?"

"Oh, you are saying these things, these are the laws, and we solve them by relying on these things to make a living."

Law!

Ye Xuan was shocked and picked up a sculpture from the side.

The sculpture is very weird. At least, Ye Xuan can't see what the sculpture looks like.

"Dare to ask, how should this be used?"

Ye Xuan asked strangely to the old man.

The old man did not conceal Ye Xuan anything. He looked up at the things in Ye Xuan's hands and replied: "You will know when you inject the power."

Ye Xuan nodded, and then did not hesitate to inject the power into it.

In an instant, the sculpture between them turned out to be a strange law, and Ye Xuan could clearly feel the powerful strength of the law.

This respect for the law is at least equivalent to the cultivation of the gods and gods under the three products.

Although it is necessary to continue to inject the power of Ye Xuan to maintain, but this is the law!

Moreover, it is still the kind of law that can be used indefinitely!

You must know that Ye Xuan also has many laws and regulations. His eternal blood can be integrated into the Fa.

However, in the form of sculpture, the production of the law, this still makes Ye Xuan somewhat unacceptable!

This is beyond the imagination of Ye Xuan. How can we have such a strange thing?

If this law flows to the mainland of the gods, then the fear that the battlefield of the gods will be changed.

After all, the power of this law is too strong and overbearing.

Injecting divine power, can you enable a phase attack?

Who has seen it?

The old man may have seen the shock of Ye Xuan. He smiled and said: "Young man, if you like it, I will give it to you. I can come to my Dapeng solution. It is also the fate of you and me, and I am a Dapeng solution. There is no other skill, and this sculpture can still be seen."

Chapter 2519: Protection fee

When I heard the old man, Ye Xuan's look was rather weird. What can be seen as a method of carving?

If any one of them goes outside, it is absolutely even that the Lord will give a three-point force.

Although Ye Xuan does not know how long it takes for these people to engrave a law, but it is possible to mass-produce the law, such a thing is enough to shock countless people.

At least, Ye Xuan has no idea what to say at the moment.

"The old man, what can you do with this method of carving? Why I have never seen it before."

.....

"Haha, if you have seen it, then it is strange. Did you see this big house? Only in this big house can you engrave the Fa, and there is no way to engrave anywhere else. Do you think this big house is just an ordinary house? I told You, this big house, but the treasure of my Dapeng solution is the one-of-a-kind magic weapon handed down from the ancestors of my Dapeng solution!"

Big house is a magic weapon?

Ye Xuan suddenly looked up and looked at the big house.

Just now, when Ye Xuan came over, I also observed this big house, but only found that the big house was only using special materials. However, at the moment, after hearing the words of these old people, Ye Xuan knew that the big house was not only used. The material is special, in fact its function is also extremely special. It is only in this big house that the law can be carved.

So, what is special about this big house?

"System, let me detect this big house, I want to know why this big house can be used for carving the law!"

Ye Xuan told the system.

Being able to engrave the law, this is simply too strong, if Ye Xuan masters this technique, how much strength can it improve?

"Hey, the system prompts, the host please note that the host is currently not strong enough to detect!"

Damn it!

Ye Xuan heart is annoyed!

Actually can't detect!

This feeling can be really a bit bad.

How big is this big house, it turns out that the system can't detect it!

However, since the system can't help, then Ye Xuan, maybe only ask.

"Predecessors, what is special about this big house, why is it possible to engrave the law in this big house?"

Ye Xuan is very sincere, and there is not much defense in solving a person. Perhaps they have lived this seclusion for too long and have forgotten to kill.

"Oh, young people, our big house is the magic weapon of the ancestors of the year. The power can be great. In those days, our \*\*\*\* ancestors were a great superpower in the ancient times, and he had an ancient array in his hands. Countless strong people!

Later, when the ancestors retired, they used the ancient array to build this big house. In the big house, because there are countless powerful people devoured by the ancestors, the ancestors did not really let these people die, but gave them An opportunity for eternal life.

As long as the ancient array is not destroyed, they will be able to obtain eternal life in the ancient array.

Of course, as a price, they naturally have to make some sacrifices.

It is their mission to refine these laws for us. In fact, every time we engrave, we have the guardians of the strong gods..."

"Oh, forget it, telling you this, you can hardly understand it. It's not that I am a solution to Dapeng. I don't understand the mystery."

.....

Not to mention, Ye Xuan really does not quite understand the law and the big house, let alone what is big.

But one thing, Ye Xuan knows, that is, the head of the Dapeng on the banner of this solution is not easy.

The strongest thing in Taikoo?

Ye Xuan shook his head helplessly. This time was too long, and there was very little news that Ye Xuan even heard.

According to legend, during the Taikoo period, the gods of the world were chaotic. They were the strongest of the Taikoo. They opened up the heavens and the earth and forged countless mysteries. At the same time, they used them to forge the materials of the secret domain and created a broader continent of the gods.

It is a pity that this is just a legend. The real situation is that only the strong people of the ancient times will know.

Ye Xuan shook his head helplessly. He now understands that this method of engraving is destined to have nothing to do with himself.

Even if Ye Xuan is so powerful, it is impossible to learn the technique of engraving this method, because even if he learns, once he leaves the house, he can no longer engrave.

Ye Xuan silently looked at the carvings of these old people. Although it was useless to learn, it did not mean that Ye Xuan was not interested.

However, just as Ye Xuan observed, he heard a huge sound.

"boom!"

It seems to be the sound of heavy objects.

However, when Ye Xuan was wondering, those who had solved the problem of Dapeng had a look of panic.

"It's them, how come they came!"

"Predecessors, who are you talking about? Society, are they coming?"

Ye Xuan asked doubtfully, of course, Ye Xuan did not forget to use the mind to look outside.

At this moment, I saw that in addition to the Dapeng solution, there were more than a dozen people who had come down from a huge infinite beast.

The beast is extremely huge, just standing there, but as if it were a foot, it will be able to dismantle the entire Dapeng.

Each of these faces has a very disdainful look on each face, as if the Dapeng solution could not enter their eyes.

"Da Peng's solution, can't you die?"

Suddenly, a huge sound sounded, and I saw a big man carrying a giant hammer in his hand, screaming loudly and slamming the ground.

"boom!"

"boom!"

"boom!"

The whole ground was shaking, and the strange thing was that the ground was not damaged.

"The people of Dapeng's solution are all out of Laozi!"

Still the big man, yelling and saying.

Ye Xuan was preparing to get up, but an old man of the sword immediately stopped him.

"Young people, don't move, stay in the big house, my big house is not easy for them to come in. No matter what happens, don't come out."

When Ye Xuan saw the truth of the old man, he nodded and agreed.

"Hurry up, hurry up, do what you grind!"

Dahan constantly urged, and the old and old children of Da Pengjie all went to understand.

"I don't know why adults come here, why?"

The old man who first took Ye Xuan into the Dapeng solution stood in front of the crowd and asked the people.

"What, haha, what do you say? Old man, is it time to pay the protection fee?"

Protection fees?

Hearing this statement, Ye Xuan's brow slightly wrinkled, but still did not attack, but waited quietly.

"Adult, isn't the protection fee for my Dapeng solution already sent? Why do I have to collect it?"

"Haha, the rules have changed. After that, I will pay it every 50 years! The young people who have solved the problem of Dapeng will not die, and they will quickly roll out."

"Adults, today is the wilderness festival of my Dapeng. The young people have not returned yet, but why do adults suddenly change the rules of protection fees? This is the rule that has been used for a long time. How can we say that it will be changed? change?"

The old man seems to be very afraid of these people, and they are all cautious when they speak.

Chapter 2520: Two slaps

"Oh, today is the wilderness festival, you are an old man, why don't you say it earlier, haha! Brothers, go, go find those little ladies who are good at Dapeng, so happy, I didn't expect our luck to be good, met. The wilderness festival of Dapeng!"

"Haha, that is, this wilderness festival is not what it is, so no matter what we do, it is not a violation of the rules, can not say, in the future, this Da Peng solution, can still leave our bones!"

The look of those people's faces was smug, and while they were talking, they read and searched, but they did not forget their mission.

"The old man, hurry to prepare, still paying enough protection fees according to the old rules, then everything is fine, otherwise, you should know the consequences."

The old man heard the words of these people at the moment, and did not understand what they wanted to do. The wilderness festival was the most important festival for the graduating of the blood, and how could it be allowed to destroy these people. Therefore, the old man immediately stopped in front of these people. He said loudly: "The adults are not allowed to make it, but this is the wilderness festival of my Dapeng. You can't destroy it."

.....

Seeing the old man blocking, the big man was quite angry and pushed out.

"Get out of the way, what Lao Tzu wants to do, and you can manage it. A big Dapeng solution in the district can be favored by the Laozis. It is an honor for your little lady!"

"boom!"

The old man was immediately pushed out by the big man.

Seeing that the old man is about to crash into a house, but another personal shadow appears in an instant, directly catching the old man.

Just now, Ye Xuan has already seen it. These people, except for the leader of the big man, have the cultivation of three middle-class gods, and others are just inferior to God.

Of course, even this is already an extremely terrifying force.

However, Ye Xuan can easily deal with it, so Ye Xuan will appear.

Ye Xuan caught the old man and was naturally seen by those people.

At this moment, the big man looked at Ye Xuan with a puzzled look, but suddenly asked: "Damn, who are you, actually appear here, you are not the person of this big Peng Jie, said, who are you?"

Ye Xuan did not know how they judged that they were not the people of Dapeng. However, since Ye Xuan came out, he had to give these people some lessons so that they should not be bullying the people of Dapeng.

.....

"The old man, you should rest first, and the things here, give it to me."

Starting from Ye Xuan to pick himself up, the old man knows that Ye Xuan's strength is not simple, but at the moment he does not know what to say, so he can only nod.

Ye Xuan walked toward those people step by step, but in his mouth, he asked: "Who are you, receive protection fees? What are you, bandits? Robbers?"

"Haha, I want to do more business? Just look at your kid's ability, listen to it, Laozi are the most skeptical people, and they will admit their mistakes. I am in a good mood today, I am too lazy to care about you."!

Quebec?

Isn't it also common with Dapeng? The system is nothing but a village in Ye Xuan's eyes. However, why did this squadron go to Dapeng to collect the protection fee?

Of course, these doubts, Ye Xuan will not ask now, but continue to walk toward the big man.

Step by step, Ye Xuan's footsteps are not fast, but as they get closer to those people, those people are clearly feeling the pressure.

momentum!

It is the fact that Ye Xuan is actually, it is the momentum that suppresses these people and makes them feel uncomfortable.

Suddenly, Ye Xuan's figure suddenly moved, and it turned out to be a teleport to the big man.

The big man was suddenly shocked, but he was subconsciously scared and stepped back.

However, Ye Xuan is like a ghost, no matter where the big man retreats, he is still standing in his step!

Dahan's shock from the beginning slowed down and immediately annoyed.

"Kid, I see you are looking for death!"

As he said, Dahan had already held his fist and tried to call Ye Xuan.

However, Ye Xuan's action is faster than him!

"Snapped!"

Loud slap in the face, at the same time, the entire man has been shot by Ye Xuan, and directly on the ground to pull out a 100-meter deep pit!

Dahan jumped out of the big pit and looked at Ye Xuan, with three points of horror and three points of anger.

"You dare to beat me, damn, boy, you are dead, you dare to hit me, today, I must use your blood to clean my soul hammer!"

Dahan shouted loudly, and at the same time, he had already attacked Ye Xuan with a giant hammer.

"Snapped!"

A crisp, loud sound.

Let everyone not think that the big man has just lifted the giant hammer, and it was actually flying out by Ye Xuan!

Another big hole appeared!

However, everyone looked silly.

Those who have a big solution, in their eyes, this big man is already a powerful existence. The entire Dapeng solution, no one can be his opponent at all, but this is such a super strong, even in front of Ye Xuan, there is no even a handful of hands-on force!

Defeating the enemy may be simple, but if you want to fly the enemy like a slap in the palm of your hand, then you have already explained that Ye Xuan's strength is higher than that of the big man.

And those who follow Dahan are also stupid.

They are the most skeptical people!

Quebec is around here, it is a hegemon, only they are bullying people, when is it their turn to be beaten?

Moreover, being beaten is still in the middle of the game, is also considered a master of the big man?

So, they are jealous!

The big man was stunned by Ye Xuan's second slap in the face. If he said that the slap in the ground was that he was not prepared, he was attacked by Ye Xuan. Then, this second slap, there is no explanation. .

The second slap is directly at the same time as the Dahan attack, Ye Xuan shot!

Post-production, but also so clean and neat!

Even if the big man is stupid, he understands that the person in front of him is not something he can deal with.

Dahan jumped out of the pit, but did not dare to attack Ye Xuan. Instead, he looked at Ye Xuan with amazement and asked loudly: "Who are you?"

Dahan has been in this area for hundreds of thousands of years, but he has never seen Ye Xuan. Then, he can only say that Ye Xuan is from other places.

However, they are not ordinary areas here, but special areas that have been blocked. The surrounding beasts are rampant. It can be said that the strong ones are too lazy to come over, and the average person can't get in.

So, at the moment I saw Ye Xuan, the big man was very confused. Where did Ye Xuan come from?

Ye Xuan, what is the identity!

Ye Xuan looked at the big man, his eyes filled with disdain. He thought that this big man was saying, it should be a bit bloody, he was beaten by himself, at least he had to fight back, but he didn't want to, it turned out to be a bully!
