

Super D. S 2521

Chapter 2521: Go to Kuijie

"Where am I from, you are not qualified to ask."

Ye Xuan said plainly, it can be said that Ye Xuan is not planning to pay attention to Dahan.

In Ye Xuan's heart, this big man is simply a person who is not worthy of attention.

If this big man is interested, now he will leave, and Ye Xuan may not pursue it at all. He will only let him go.

However, this sweat has to provoke Ye Xuan.

"Good boy, you are very powerful, you wait for me, you have the guts, just give me here, I will not let you and the people of this Dapeng pay the price, I will..."

"Hey!"

The Dahan dialect has not finished yet, but he found that Ye Xuan has already appeared in front of him.

"How about you?"

At the moment, between the eyes of Ye Xuan, there has been anger.

It can be said that this big Han should not be a thousand, should not, should not use the people of Dapeng to threaten Ye Xuan.

In fact, there are not too many friendships between Ye Xuan and Dapeng.

It can be said that if Ye Xuan left here, then I am afraid that it is impossible to come back. Ye Xuan's temper can not be tied to other people.

If this big man wants to find out the people of Dapeng after Ye Xuan left, he will vent.

Then Ye Xuan's approach is very simple.

I will erase this big man first!

The face of Dahan changed, and he knew that he had lost his words. At this moment, he quickly closed his lips and did not dare to have half a word.

It is a pity that I am not talking now, but it is already late.

"Forget it, in order to avoid trouble, I will kill you first!"

Ye Xuan said faintly.

Obviously it is to make people's lives, but it is so simple!

Just because these people are damned!

However, Ye Xuan's words made the big man, along with those around him, all change.

"you dare!"

The big man suddenly retreated, and a light has already appeared around the body, and the power of the field is ready to be displayed.

However, his field will never be displayed.

Because of a ray of light, he directly shattered his godhead.

It is a sword!

At the same time as Ye Xuan spoke, in fact, the Shenjian sword has already been prepared, and the moment when the great man is about to release the field, the sword will suddenly be dispatched, and his sword will be crushed directly by his sword!

Here is close to Dapeng Jie, Ye Xuan does not want to destroy the calm Dapeng because of his own battle, so Ye Xuan chose a quick fix!

"Hey!"

A few consecutive rays flashed, and those who followed the big man had already fled, but Ye Xuan did not pursue it.

Because, to have the solution to this problem, Ye Xuan needs to go to the first time!

Therefore, these people fleeing, in fact, have no effect on Ye Xuan.

At this moment, the old people of Da Peng's solution immediately came to Ye Xuan's side.

"Young man, let's get out of here, our Dapeng solution will have value for the Kuijie. They will not find us trouble, but if you stay here, you will not be able to keep your life. Those who solve the problem, there are many masters in the squad, and you are not provoked!"

Although the words are a bit ugly, Ye Xuan knows that this old man is actually kind!

Ye Xuanbing did not return to the old man's words, but turned his attention to the behemoths who stayed here.

This behemoth is extremely large in size and looks like a fierce one. However, it can be seen from the previous battle that this behemoth is very gentle.

Because Ye Xuan once flew out the big Han fan, it happened to be not far from the behemoth. This behemoth was scared to retreat toward the back.

"Old man, what kind of beast is this?"

Ye Xuan asked the old man.

The old man looked at Ye Xuan and looked at the behemoth. He sighed with helplessness. He had already heard from the Chinese language of Ye Xuan that Ye Xuan would not listen to his advice.

Therefore, he is not prepared to continue to advise what, after all, Ye Xuan's strength, he also can not understand, perhaps, Ye Xuan is really not afraid of the people who are ridiculous.

"What are you talking about here? He is the most common mount in our country. Don't look at him big, but very gentle."

Ye Xuan nodded and went directly to where the dragon was.

This place dragon saw Ye Xuan coming over, not afraid, just staring at his eyes like the size of the house, looking at Ye Xuan.

Ye Xuan understands that he is afraid of being a dragon in this place, and also a kind of returning to the ancestors.

So it will evolve so much, but when he loses his intelligence, he retains the meek quality, and there is no cruelty like other ancestors.

"You can know the location of the old man?"

Ye Xuan is not prepared to stay in this Dapeng solution, because some things are still handled in a timely manner, and Ye Xuan is not willing to delay the time here.

When I heard Ye Xuan's question, the old man hesitated, and finally pointed out the direction for Ye Xuan.

"Well, old man, I will not participate in your wilderness festival. I still have things, I will not bother you."

Ye Xuan said, one by one, he jumped to the body of this dragon.

After all, such a huge mount, Ye Xuan is really quite interested.

On the back of the cellar dragon, there is a palace that is not too big.

However, the things in the palace are quite complete.

Ye Xuan sits firmly on the back of the dragon on the ground, and the beast is moving forward fast.

The direction of ten million is the answer!

Through the way the dragons marched forward, Ye Xuan finally knew the origin of his name. This guy is simply crossing all the way. His talent is supernatural. It seems to be able to sense those open spaces.

Moreover, you can also use the ability of the ground infinitely.

The ability to squat, not to be a supernatural power, is only the most low-level way forward.

However, the infinite squatting, coupled with the special ability to sense the surrounding environment, made this scorpion dragon a qualified mount.

Moreover, the speed of this dragon is very fast, it can be said that it is comparable to the speed of teleportation.

It didn't take too long, Ye Xuan had already been brought to the unconventional site by the scorpion dragon.

When Ye Xuan saw the situation, he finally knew why he could be king.

This singularity is like a small city, fearing that the population is not less than 100,000!

A hundred thousand number of big solutions, to oppress a small solution of a few hundred people, Ye Xuan is only a moment, then thought of the reason.

They are fancy, afraid that it is only the French sculpture in the Dapeng solution!

Law sculpture, Ye Xuan has enough reason to believe that even in this ancestral environment, it is definitely a rare good thing.

Then, the Kuaijie people will naturally oppress the Dapeng solution, and even directly monopolize all the legal sculptures produced by Dapeng!

Only in this way can they seek greater benefits.

It is no wonder that when Ye Xuan left, the old man would say that the Kuaijie would not take them.

However, the real value of Dapeng's solution is the sculpture of the Fa, but the person who knows the Fa sculpture, and only the people of Dapeng, so they are naturally safe!

Chapter 2522: Ancestral fruit

At this time, the big leader is very angry!

Dapeng Solutions has always been the main source of income for the Kuipang.

After all, the sculpture of the Fa is very good, and the price of the sale is quite high.

Although this method of sculpture can only be used in the ancestral environment.

The chief clerk was not a good-tempered person. At this moment, he heard the rewards of his men. The small leader he sent out was killed by an outsider, and the sculpture of the Fa was not received. This made him not angry.

You must know that this time I asked him to be a sculpture of the Fa, but from the emptiness!

This is the super power that he can't afford to break up.

Don't look at the Kuijie to hide in the jungle surrounded by the beast, but if you are looking for the trouble of his quest, it is simply very easy.

In fact, for the Dapeng solution, the chief leader of the Kuijie has never dared to oppress too much. After all, the Dapeng solution is his money tree, and without the legal sculpture of the Dapeng solution, he has not even managed to raise so many people.

This time, if it is not a sinister person, then he will not let people charge a protection fee in advance.

"You said that the young man will defeat all of you and be strong?"

"Yes, the big leader, the strength of the outsider is extremely strong, and I have no one to resist his blow."

"Can you know where he came from?"

The big leader frowned slightly, angry and angry, but the big leader was not blind, dare to help Dapeng solve his head, and also has extremely strong strength, then, where is this guy from?

"Back to the big leader, the small can't see it, but according to small speculation, the guy may be someone from outside."

From the outside?

The big prince once again wondered if anyone from outside should go directly to the four caves, why would they come here?

Crossing the forest outside the Kuijie is not so simple, so you can't allow the big boss not to think carefully.

However, when the big boss thought about it, he didn't know that Ye Xuan had already reached the point.

At the moment, Ye Xuan is wandering around.

It is strange to say that these people are capable of building palaces, pavilions and the like. However, they only use some huts, grass houses and animal skin tents as their houses.

The dragon dragon that Ye Xuan got is the best proof. The back of this dragon has a small palace. Although it is not luxurious, it is not bad.

But the Dapeng solution just now, but now the quasi-solution, but it must be so shabby.

Of course, perhaps for them, there are special reasons for this, but Ye Xuan does not understand.

At the moment, Ye Xuan walked on a street.

On both sides of the street, some people are selling something weird.

With the knowledge of Dapeng's solution, Ye Xuan will not ignore these strange items, and who can guarantee that it will be something special magic weapon.

"This guest officer, I am going to solve the new water-shoes, you have to come up with a pair?"

Water grass shoes?

Ye Xuan frowned slightly, but if it was from the name, she really wanted Ye Xuan to dislike it.

However, when Ye Xuan took the water grass shoes and observed it, he had a new understanding.

It turned out that although the name of this water-shoes was a bit soiled, the function was not bad.

Moreover, the appearance is not the imaginary sandals.

Although this kind of water-shoes has some sort of **** grass weaving, but it has a unique shape, the most important thing is his function. When wearing water-shoes, the speed of recovery can be doubled.

Moreover, there are certain blessings for the water system.

It can be said that if the water shoes are placed outside the ancestral home, it is a good thing.

However, in this ancestral context, it seems that it is only a very ordinary item.

Ye Xuan put down the water shoes and walked to the side.

Here is a fruit stand, but the fruit sold is not any fruit that Ye Xuan has seen before.

Ye Xuan picked up a fruit and found that there was a mysterious power swimming on the fruit.

This is not divine power, it is not a rule power. This is a force that Ye Xuan has never touched before. Even Ye Xuan simply cannot detect what his usefulness is.

At the moment, the shopkeeper selling the fruit smiled and looked at Ye Xuan and asked: "The guest officer, is it necessary to come to a few souls of the ancestors? The passengers are picking them casually. These are the souls of the soon-to-be-picking, you are This one is the ancestral soul of three thousand years, and the ancestral power contained in it is quite a lot."

Three thousand years? Zu Li?

What is this power?

Seeing the look of Ye Xuan's doubts, the man seemed to react and asked directly to Ye Xuan: "Is the guest official outside?"

Ye Xuan nodded and did not hide anything. He said directly: "Yes, I just came in from outside!"

"Oh, it turns out that this is no wonder. The guest officer is going to the four caves. Then the guest officer can buy more of this ancestral soul. Come, the guest can taste it. This is a five hundred years. Zu Ligu, after the patrons have eaten, I know why I said this."

The man said as he handed a fruit to Ye Xuan.

With doubts, Ye Xuan directly ate this fruit.

However, between the moments of eating, Ye Xuan finally knows what the use of this ancestral soul is.

It turned out that this fruit can actually add divine power!

No, not only can it supplement the physiology, but it can also supplement the power of the law!

There are such magical fruits, you know, Ye Xuan has never encountered before.

The medicinal herbs that can supplement the power of the law are even rare, let alone the fruit of the power of the law.

If you use the fruit in combination with other resources, the effect of refining the remedy can be imagined!

"Since the guest officer came in from the outside, then I don't know that this ancestral soul is normal. The ancestral soul is the unique fruit of our ancestral environment. Moreover, the ten sacs and caves have long been stipulated, and no ancestral soul can be passed on. Go outside. Besides, even if you take it out, the fruit loses its effect and can only be used in the ancestral environment!"

"Guest, I will tell you this, this fruit is the most commonly used fruit in our ancestors. It can be said that everyone will prepare some. Once the battle or assessment is encountered, the effect of this fruit can be imagined. ""

The man still continues to sell his fruit, but in fact he does not need to continue to sell, Ye Xuan also decided to buy, and, is a large number of purchases.

Because just now, when Ye Xuan was eating fruit, he also asked the system one thing!

That is, can this fruit Ye Xuan bring out the ancestral environment!

The system's answer is no, but it can be planted in the devour space!

This magical fruit, Ye Xuan naturally will not let go.

"I ask you, is this ancestor fruit, is there only one?"

Ye Xuan asked the man.

Chapter 2523: Little leader

The little smile, but it is back to the road: "Of course not, how many types of ancestral fruit are, I am afraid that no one can be clear, but in general, the most advanced is Long Zuguo, Fengzuguo, etc. However, we can not grow such a quality of the soul of the grass, we generally produce the most common monkey fruit!"

Ye Xuan is no matter what the ancestors, in Ye Xuan's heart, as long as it can provide him with the power of God and the power of law, then, is a good fruit!

"Well, I bought it, let's talk, how to sell it."

"Oh, this guest officer is refreshing, then I will not hang you anything, the fruit of three thousand years, one 10,000 stone, one thousand years of fruit, one hundred thousand stone, one thousand years of fruit, one One million spirit stones, how?"

Ye Xuan slightly stayed, this price...

It's not expensive, it's cheap, it's too cheap. If you put it down, you can instantly restore the fruit of the power of God and the power of the law or the medicine. Take the fruit of the three thousand years, there is not a million Lingshi, it is simply Do not think.

After all, if one of these medicinal drugs is in the hands of the same strength, then the chances of winning will increase a lot.

"Well, count how many fruits you have here, I sold them all!"

Ye Xuan waved his hand and said directly.

"Guest, you mean you are all?"

The man looked at Ye Xuan with some incredulity. After all, although the soul of the ancestors was good, it had a negative effect. That is, in a short time, the second one could not be taken.

Of course, it is not that you can't eat, but the more you eat, the less effective it is.

Besides, this fruit is used for emergency use, and it is enough to bring a few pieces on the body.

But Ye Xuan fell, and he had to buy all the fruit in his hand.

You know, he brought more than a hundred pieces this time.

However, since Ye Xuan has said this, this person will naturally not ask more questions. Is there a business that he still can't do?

"Well, guest officer, I will liquidate for you... a total of 107 fruits, total value, 1110 million Lingshi, you will receive ten million Lingshi, how do you see it."

Ye Xuan did not answer at all, but directly handed out a Qiankun ring.

The man who read it, naturally can see, there is a million spirits inside!

Ye Xuan took over the pass-through ring that the man handed over, but asked: "Can this ancestral fruit be planted?"

"Guest officials want to plant this ancestor fruit? It is not impossible, but the growth of the ancestral fruit is very slow, a ancestral fruit tree, it takes about 70,000 years, it will be the first result. Of course, if The guest officer is interested, so the fruit of the ancestral fruit of more than 5,000 years can be directly used as a seed."

It takes 70,000 years to grow up?

Ye Xuan has a slight glimpse, it seems that this ancestral soul is not so well grown.

However, Ye Xuan has room to swallow, then, it does not have to worry too much about time.

Ye Xuan nodded and then walked toward the front. At the same time, some of the ancestors selected by him had been transplanted into the devour space.

The value of this heavy fruit is very high, and the effect is also good. Therefore, Ye Xuan does not think that it is inappropriate to spend ten million Lingshi to buy these fruits.

But Ye Xuan did not know that he had bought this fruit, but he was seen.

The solution is just like the Dapeng solution. It is just an ordinary small solution. It only has a few ancestral soul trees, but it is often subject to unconventional exploitation.

The chief leader of the Kuojie is a famous evil. It can be said that these small solutions are not bullied by him.

But the identity of the few princes is there. He is not only the only son of the great leader, but also the great leader of the future, so everyone is just afraid of him and dare not speak.

Today, he was walking on the street at random, but he happened to see the scene of Ye Xuan buying the fruit.

At this point, the younger leader's mouth was slightly tilted, but he said to the entourage around him: "I'm not surprised, we've come to a wealthy son, go, let's go."

Can have a shot to buy all the ancestors of the soul, in this squad, only he can do it, so he is naturally curious about Ye Xuan.

It is not that people here are very poor.

In fact, even the person who traded with Ye Xuan has the strength of a medium god.

However, because of the ridiculous exploitation, it will make the people here so poor.

Of course, it is not that they are weak, but rather relative, they have no strength to confront.

The ancestral environment is different from the outside, outside, a divine environment, can become a god.

But it is still in the middle of renting, but there is a person who has surpassed God's master, and there is more than one.

The younger ones tie their own followers, following Ye Xuan's skills.

There is no hidden hide.

So how can Ye Xuan not notice?

So at this moment, Ye Xuan stopped directly, turned his head and looked at the few leaders, faintly asked.

"Why are you following me?"

"Haha, this young leader needs to follow you? Don't you know, this whole story is mine, it's a joke, how can the leader of this lesson want to go on his own site, then how can he go, how, you don't willing?"

Because Ye Xuan can take out so many Lingshi in one breath, and what Ye Xuan's dress up is not the dress here, so the few leaders are still interesting, and did not directly touch Ye Xuan.

So at this moment, I am still watching Ye Xuan.

"Hey, boy, where are you from? I haven't seen you before!"

The few heads of the collar were scornful and did not put Ye Xuan in their eyes.

"Where do I need to tell you?"

Ye Xuan replied gently, not to put these few leaders in the eye.

"Bold, how can we talk to our few leaders?"

Who knows, Ye Xuan's words are finished, and the few leaders around him are called Mashan.

Ye Xuan looked up and glanced at the young leader, and asked casually: "Do you raise a dog?"

The few princes were slightly stunned, and the one who spoke, the look was changed.

Suddenly, the few leaders laughed: "Interesting, it is really interesting to talk to you."

Hearing the laughter of the young leader, the man said that his heart was very angry but he did not dare to attack.

"Yes, it's my dog, how are you, do you have a dog that is obedient?" As he said, the young leader actually took the head of the entourage.

Ye Xuan once again glanced at the few princes, but he was not talking, but walked toward the front.

Seeing that Ye Xuan did not take care of himself, the few princes were obviously angry, but they did not have an attack. Instead, they walked in front of Ye Xuan in two steps, blocking the road of Ye Xuan.

"I said your kid, what are you doing so urgently? Is there anything that is not going to happen? It is better to talk to the young leader!"

Chapter 2524: Kill you

Ye Xuan's eyes are full of drama, this guy is a small leader, and he has already let Ye Xuan know his identity, so at this moment, he has made a heart.

"You want to ask me what I am going to do?"

"Yes, this little leader is asking what you are going to do."

The young leader answered affirmatively.

And Ye Xuan's mouth is a strange smile.

Then said.

"I am going to kill, why, you want to go with me?"

When I heard that Ye Xuan said that he was going to kill, the leader was a glimpse, and he immediately said.

"Haha, such a very interesting thing, of course, the young leader will go, go, lead the way!"

Ye Xuan did not explain, just walked straight ahead.

The few lords actually came over and asked: "Talk about it, who are you going to kill? Tell the young leader, maybe the young leader knows."

Ye Xuan's heart replied: Of course you know, because you are going to kill, it's the great leader of the Kuijie, your father!

But of course, Ye Xuan does not directly say this, because Ye Xuan is still waiting to see the place, the expression of this guy.

"Look at me to kill, just follow, and do so much."

"Well, I don't ask, haha, today is really interesting. The young leader is going to have a look. Who are you going to kill!"

Ye Xuan was in front, and the few first-handed ties followed, and several people moved forward quickly.

However, after a certain distance, the few leaders are somewhat confused.

Because he found that Ye Xuan's direction is exactly the direction of his family.

Of course, he didn't think much about it now, thinking that Ye Xuan was just by the way, even thinking about whether Ye Xuan was going to kill which branch leader or something.

Time went by, and soon, Ye Xuan had already arrived at the leader's house.

In the eyes of the few leaders who were puzzled, I saw Ye Xuan kicking the door of the big house directly!

At the beginning, a few guards at the door, seeing that their own few leaders followed this person, naturally will not stop, but seeing Ye Xuan actually kicked the door, but it was a big change, immediately watching the look at Ye Xuan .

But after all, their few princes are still here, so these guards still have no seizures.

"What are you doing, why are you kicking my door?"

The few leaders walked quickly to Ye Xuan and questioned Ye Xuan.

Ye Xuan smiled and asked: "Is this your home?"

"This is not my home, is it still your family?"

"Oh, yes, the person I killed is here, would you like to see me?"

Ye Xuan continued to ask.

The little leader's brow was slightly wrinkled, but he replied: "Well, I'm going to have a look today, who are you going to kill at my house!"

At this moment, the Kuijie big leader has already sensed what happened at the gate, so he walked out quickly.

It was when I saw my son standing outside the gate with a young man, but the door of their house was already broken.

"What have you done, noisy, how to destroy the door?"

At this moment, the big boss still does not know, Ye Xuan is the person who wants to come to his life, so he actually asked the same as Ye Xuan and the young leader.

The few princes still did not speak, but they heard Ye Xuan said: "The people I killed came, and on this road, it was thanks to you leading the way."

When I heard Ye Xuan's words, the few princes did not respond, but they heard the big lord yelling: "You want to kill me? Just by you? And you, what is going on?"

The latter sentence naturally asks the little leader. However, at this moment, the few leaders still have not figured out the situation. They don't know how to return.

"Don't ask him, your son said that he wants to see me killing, so I followed me. OK, I don't have time to waste with you here, let him die!"

Ye Xuan has just let the system check that this person has been repaired, but it is the second-class gods and gods. It can be said that Ye Xuan is still sure to kill, so he did not put this person in his eyes.

Ye Xuan said, while he had released the sword, but he turned his head and said to the young leader: "You don't want to see me killing, then now, I am optimistic!"

The young leader is dumbfounded, but he said that he wants to see Ye Xuan killing, but he does not want to see Ye Xuan kill his father.

If you know that Ye Xuan is coming to find a confidant father, the young leader will say that he will not follow the shackles.

Now it's good, I'm afraid no matter how he explains it, his father won't listen to his explanation.

At this moment, Ye Xuan has already started to work with the leader of the Kuijie.

I saw that Ye Xuan suddenly slammed a sword and slammed the power of the powerful, and in a flash he would shake this big house!

It is incredible that the sword of Ye Xuan did not destroy the big house!

With the knowledge of Dapeng's solution, Ye Xuan also understands it. I am afraid that this big house is like a big house of Dapeng. It is made of special materials.

So at this moment, the movements in Ye Xuan's hands are slightly.

The key point is that he just attacked the leader of the squad, but this attack was actually attracted to the past by the big house. This situation is something that Ye Xuan had not encountered before.

At this moment, the chief of the Kuijie leader was angry: "How dare you really do it with me, very good, today, I will let you know that I am amazing! Kid, die!"

Suddenly, the leader of the Kuijie burst into a punch!

But that big house, it turned out to be a huge incomparable light!

"boom!"

The powerful force broke out, and Ye Xuan lit up a shield of divine power, but only in an instant, he was attacked. Then Ye Xuan blocked the sword in front of himself, and the powerful force directly hit the sword.

"boom!"

Ye Xuan was directly shot and flew out.

Then he saw an incredible scene.

That big house, even in a rapid change, did not take too long, it was turned into a strange weapon.

The big house turned out to be a weapon?

Ye Xuan is very shocking.

In this ancestral context, there are countless unknowns, and there are countless incredible things.

Before Ye Xuan observed the big house, how to look at it, how did he not notice that he was a weapon, how to see, how do you think that he is just a house made of special materials.

At this moment, I realized that the big house is the weapon of the big leader!

Why do people in this ancestral world use weapons as their houses?

"Hey!"

After the movement of the chief leader, he has already come to Ye Xuan's side. His whole body exudes a strong wave of volatility, but in addition to the power of the law, there is also a unique ancestral force in the ancestral environment!

"Give me to die!"

The big house weapon in the hands of the Kuijie once again radiated a strong ray of light, and instantly turned into a skylight curtain, directly pressing Ye Xuan.

Ye Xuan knows that if this light curtain surrounds himself, it is absolutely uncomfortable.

"Infinite teleport!"

Ye Xuan immediately tried to dodge, but the light curtain seemed to have his own consciousness, and he was always behind Ye Xuan. No matter where Ye Xuan fled, he followed closely.

Chapter 2525: Big house magic

"Damn, you can't hide!"

Ye Xuan thought in his heart, in desperation, he could only attack the light curtain.

"Absolute zero!"

Ye Xuan tried to freeze the light curtain.

However, the absolute zero power does not freeze all the light curtains. Even if some of the light curtains are really frozen by Ye Xuan, more light curtains are still surrounded by Ye Xuan.

However, in the blink of an eye, Ye Xuan has been surrounded, and then the light curtain immediately made a piece, and then like a ball generally squeezed toward Ye Xuan.

"Eternal field!"

Ye Xuan was helpless and could only use the eternal realm. A vast force emerged from Ye Xuan's body, and the violent force directly resisted the light curtain.

But it's just that.

The power of Ye Xuan's eternal field is constantly dying with that light curtain, but no one can help.

At this moment, Kuijie's great leader came to Ye Xuan's side with great pride.

"Kid, how, my absolute predicament is not very strong!"

The leader of the Kuijie is very proud.

His absolute predicament is a kind of trappedness that comes out of the big house. It can be said that as long as the absolute predicament is launched, the leader will never miss.

It used to be, it is still!

Although Ye Xuan is still not being killed, he is only trapped in absolute dilemma, but he believes that as time goes by, Ye Xuan will only die one night.

Ye Xuan naturally heard the words of this big squad leader. Although Ye Xuan is admiring the attack of the big squad leader, this strange attack method is the power that Ye Xuan has not seen before.

This is absolutely the dilemma, not the power of the field, or even the power of the law and divine power.

It is a new force that Ye Xuan has never seen before.

Combines the power of law, the power of God, and the mysterious attack constructed by the ancestors!

Zu Li!

Even now, Ye Xuan has not yet figured out what this Zu Li is and what characteristics he has.

However, even so, it is not that I can really help you.

In fact, although Ye Xuan was trapped in the absolute predicament, but in fact, no one can help.

Because the power of the eternal realm is not able to control like the absolute dilemma, the power of the eternal realm is only the center of Ant Ye Xuan, constructing an environment belonging to Ye Xuan's power.

Therefore, the eternal realm is still.

At this moment, Ye Xuan's eternal field is surrounded by the power of absolute prohibition, but it has not suffered much.

At the edge of the field, two forces are continually burning.

Moreover, it is clear that the forces of the eternal realm prevail.

It seems that the eternal realm is fighting against the position, and the dilemma is attack.

The power of dilemma constantly tries to squeeze the power of the eternal field, constantly squeezing toward Ye Xuan.

But every time you move forward, you will inevitably consume a lot of energy.

The smug look on the face of the big squad leader is getting less and less. After a while, it is a dignity.

The change of the power of the dilemma, of course, the big leader can be clearly sensed.

With this dilemma, he can say that he has dominated this film for tens of thousands of years.

However, today the Lord has met the opponent.

The power of his dilemma has been consumed quickly!

The power of this dilemma is the special refining of the chief of the Kuijie, in order to be able to squeeze the encircled enemy slowly until death.

Every enemy that was trapped by him before would use various means to try to support the attack of the power of distress, but no one has ever succeeded.

After all, the power of this dilemma of the big leader is aimed at the power of various fields.

But today, Ye Xuan has done it!

Moreover, you can do better!

The power of the eternal realm continues to burn.

At this moment, Ye Xuan has already turned into a powerful light group, just like a sun.

The whole story was illuminated by him.

Silent, the power of the two forces, there is no sound at all, and some, only the light shines.

That is the result of the collision of two forces.

"Give me a drive!"

Suddenly, Ye Xuan's powerful force suddenly broke out. The eternal field, as Ye Xuan's biggest card, was easily restrained as soon as it was, so it was not qualified to become Ye Xuan's card.

In an instant, Ye Xuan's eternal field suddenly surged, and the power of the dilemma was directly broken and turned into nothing.

"No, impossible! How can my power of dilemma be broken!"

The squad leader of the Kuojie was full of shock, and his biggest killer was actually attacked by Ye Xuan, which made him unacceptable. You know, in order to refine this Zuli big house, it took 30,000 years for the Kuojie big leader to find the material!

Then, it took another 30,000 years to refine!

A full 60,000 years!

It took him 60,000 years to refine such a big house weapon.

However, he spent 60,000 years of hard work, but was easily removed by Ye Xuan.

"No, no, I don't believe it, give me death, I must kill you!"

The chief of the Kuaijie leader changed his face at this moment. After all, his 60,000 years of hard work was destroyed. He is naturally unacceptable.

I saw that he once again threw out the big house weapon and tried to launch a new round of attacks.

However, at the level of their fighting, there will be countless changes in any hesitant time, not to mention that he has been delayed for so long.

So at this moment, Ye Xuan's attack has come one step ahead.

"With one thousand!"

Ye Xuan waved with his hand, and the sword was immediately turned into a million-dollar sword, and he attacked the past with the leader of the front.

Perhaps this sword light is not enough to kill the big leader. However, this sword light is only the beginning of the attack. At this moment, along with Jianguang, it is a new attack that directly erupts!

Ye Xuan's shot this time, not having half a hand to stay, it will not be what to try, one shot, it is full force!

"Megatron, kill me!"

"Shenmu sword waiter, flower **** sword waiter, give me out!"

"Never night field!"

"Absolute zero!"

"French blessing!"

.....

The powerful attack broke out between the moments. If you want to test the falsehood of the great leader, then the contact between the eternal field and the power of the dilemma is already a temptation, so at this moment, Ye Xuan no longer needs any temptation. Ye Xuan wants to attack! Attack all the way!

The law of the gods bow was held in the hands of Ye Xuan, a strong law of the gods and arrows did not stop at a moment, directly attacked the leader of the Kuijie.

"Boom! Boom! Boom!"

This time, the continuous attack, completely surrounded by the big leader, Ye Xuan's thoughts have locked him, so that he is impossible to have the opportunity to escape.

At this moment, Ye Xuan's sudden attack made the Kuojie big leader somewhat unprepared, but at the same time, perhaps for him, he did not underestimate the enemy. After all, he used his strongest card at the beginning.

Chapter 2526: Less virtual

However, Ye Xuan's means are too many to make this big leader even a reaction.

The smoke is pervasive.

In the sky, it has been completely covered by the battle of two people.

The whole squadron looked up at the sky.

As for the squad leader, at this moment, it is completely stupid.

This powerful guy turned out to be suppressing his father!

This is something that is hard to imagine with the leader of the Kuaijie.

In the mind of the chief leader of the Kuaijie, his father, the most powerful person, cannot be defeated by anyone.

But today, this age is afraid of a guy who is smaller than himself, and actually suppressed his father.

Moreover, as time goes by, I am afraid that my father will still be in danger.

"No, the elders, what the elders are still doing, get out of the way, kill the guy!"

The leader of the Kuaijie screamed, but no one cares about him. Instead, a follower around him said to him: "The few princes, the big squad used the big house attack, which is a symbol of the leader's battle, we can't intervene. ""

"This is what **** rules, who set the rules, why can't you attack, don't you see, my father is being attacked by that **** guy?"

"The young leader, set this rule, is the big leader, the big leader once said that anyone who has that strength can challenge him. Who can win the big house in his hand is the new leader! "

The follower said.

Of course, the reason why these people do not do it is not because of this point, but more, what the great leader once did, so that he has completely lost the hearts of the people.

The big boss once oppressed too many people, too many solutions, it can be said that there is no solution around the Kuijie that has not been bullied by him.

Once upon a time, this was not the case. Many years ago, the Kuijie solution was the biggest solution in this area. However, because of the special environment here, the Kuijie solution is only the ally of the solution.

The people together resisted the attack of the beast and the common development. At that time, there was no battle, no war.

However, since this big leader took office, it has been a constant battle.

Although it seems that the Kuijie seems to have conquered this film, but whether it is a singular person or someone else, the heart is very clear, not that they can not beat this big leader, because there are too many ancestors around. If they are internal friction, the result is only one, that is, they are attacked by the returning ancestors.

Therefore, it is not so much that the great leader conquered the solutions, but rather that it is for the common survival, and the solution is actively returned.

Take Ye Xuan's knowledge.

When Ye Xuan was in the Dapeng solution, although he did not see any strong, the power of the French sculpture was never simple.

And since the big house of Dapeng's solution can be used to make the sculpture of the Fa, then he himself will have more use than the big house!

Every big house in the solution has its own special function!

Then there is the Kuojie people who sell the ancestral soul to Ye Xuan, but it is a strong person with a medium **** respect!

It can be said that each solution has its own strong, and even some of them are more powerful than the one.

It's not that they really can't beat the Kuijie, because they don't want to fight at all!

No one has jumped out to resist the Kuijie before, but it is stable.

But now, some people stand up, so those who have small solutions, I am afraid that they will not be safe.

In fact, those elders look very much and understand that if they do it now, I am afraid that the strong ones will join the battle immediately.

This is not the result they want. Similarly, they dare not do it.

Of course, the more reason is that they simply don't want to do this.

This great leader can say that it is simply unpopular.

On the surface, it looks like a unified solution, but the real interests are all obtained by the big leader.

Moreover, this big leader continues to betray their interests here.

Here, this is a place surrounded by the returning ancestors, who could have lived in a paradise. It is this great leader who constantly contacts the outside forces and tries to go out.

For example, is it that the sinister person is not attracted by this big leader...

All kinds of reasons can be said that it is the great leader who has made everything in his own hands, and even his elders are not willing to help him.

Even if no one can say it, everyone has a common concept, that is, this big leader is dead!

Once upon a time, the big leader was selected, and the most talented genius in the family was rotated every thousand years.

But now the big leader, but has always occupied the position of the big leader, and even designated his son as the next leader.

.....

Everything is all about this big leader!

At this moment, the battle is close to the tail beast, and the big leader has gradually failed to resist the attack of Ye Xuan.

Under Ye Xuan's constant attack, the great leader can already say that he has no power to fight back.

It was a while, and with the scream of Ye Xuan, the powerful force instantly broke out from Ye Xuan.

"boom!"

This time, the Kuijie big leader was directly shot down by Ye Xuan!

The people around him, but did not look at him, and directly escaped.

Ye Xuan landing, faintly looking at the big leader, must be prepared to kill.

I saw a strong person suddenly appeared.

"Hey, the system prompts, specifies the target, and the six products are in the heavens!"

The superior god!

Ye Xuan's heart was slightly shocked. It can be said that if this person shot Ye Xuan, Ye Xuan would never have the power to fight back.

Ye Xuan looked at the man and was alert.

But the man said to Ye Xuan: "You, young people, you have defeated the big leader, can you spare him a life?"

"See the sinister lord!"

As soon as this person appeared, all the people around him fell to the ground.

Ye Xuan still did not answer, but he heard that the defending lord continued to say: "Young people, I know you, after you entered the ancestral land, you entered us here, and then met the unconventional person in the Dapeng solution to oppress the Dapeng solution. So, do you want to solve the problem for Dapeng? But now, your purpose has been reached. Although the chief of the squad has done a lot of wrong things, he is a tribe of my family. Can you give the old man a face, Rao? His life?"

Ye Xuan was shocked. This person, who is who, why he did everything, he actually knows.

However, it can be seen that this super-powerful person does not have any hostility towards Ye Xuan. Otherwise, how can he talk to Ye Xuan in a negotiating tone, fearing that he will directly suppress it.

"Well, I can spare him, but he can't be the leader of this squad, and the squad must compensate the people of Dapeng."

Ye Xuanyuan said with a piece of gold.

"Well, the old man can promise you, their family, and then they will never be the leader of the squad, and, not just the squad, all the solutions will be compensated. How do you see this?"

The sinister lord said again.

Chapter 2527: set off

Ye Xuan nodded. If so arranged, then Ye Xuan naturally has nothing to say: "Okay, I promise."

Ye Xuan promised to come down, and it was not until this time that people knew that the boy who had a big fight with the big leader in front of him was actually trying to give Dapeng a gas!

Many people looked at Ye Xuan, but they all showed a smile.

"Young people, I think you are quite good, and it seems that you like it too. It is better to do this. How about doing what we are doing here?"

"Less? What does this mean?"

Ye Xuan asked with some doubts.

The name of Shaoxu, Ye Xuan has not heard of it.

The old man smiled a little and said faintly: "Less deficiency can be bad. Oh, the main responsibility of Shaoxu is to adjust the various struggles. That is to say, if there are contradictions, you will get a face-to-face treatment. This is not a struggle. I am not pleased with the work, but, as compensation, if you do a little deficiency, I can give you a big house, how? Oh, yes, I forgot to tell you, I have done too little before, but I haven't been back for tens of thousands of years. In fact, you can be a sham and then go out to play, no one will take care of you..."

Ye Xuan instinctively aware that this so-called imaginary deficiency seems to be a conspiracy, but Ye Xuan still wants to understand that there is something that is worthy of being remembered by a superior god, and the temptation of this big house. After all, it is very big.

Ye Xuan hesitated for a moment. Since he said that he would not be bound by any deficiency, it would be no harm to do this.

"Well, I promise you."

"Haha, the young people are happy, so in the future, I will hand it over to you, and the old man, I can finally enjoy my old age."

The old man waved a hand, and a piece of Qiang Kun fell into the hands of Ye Xuan, but the figure has disappeared.

"See Shaoxu adults!"

In the blink of an eye, around Ye Xuan, including the Kuijie big leader, everyone actually went to the foot of Ye Xuan.

And Ye Xuan still doesn't understand what it is.

"This, what is going on?"

Ye Xuan was incomprehensible, but one person said to Ye Xuan: "If you have been recognized by the defensive adults, then in the future, it will be our lack of emptiness, haha. From then on, we are in a state of emptiness. Finally, it's a real name!"

"Wait a minute, can you explain to me, what is going on here?"

Ye Xuan was extremely confused and asked the man!

"There are some people who don't know about it. We are in a remote location because we are geographically remote and have little contact with the outside world. Therefore, our emptiness can be said to be a vain independence. People in the ancestral world know the ten caves, but they don't know. In addition to the ten virtual, there is still a real thing!

It is only the rules of our emptiness that are different from other imaginary. Our emptiness is the emptiness of a tribal chief system, not the illusion of a family system."

"Yeah, it's not the illusion of our emptiness, but the illusion of emptiness. However, it has always supervised our emptiness. It is precisely because of this that we are often I believe that it is part of the deficiencies, but now, with the recognition of the defensive adults, the illusory adults, the future is our virtual reality!"

The illusion is that these people call the lord, and it can be said that it is equivalent to the Lord of the outside world.

Of course, there are not so many people in control, such as this emptiness, all of them add up, but only a hundred thousand.

In fact, many people still know about the illusion. After all, everything that is circulated in the realm is very precious.

But to enter the mirror, it is not that simple.

The beast zone is a natural barrier. Many people have tried to open a road to mirror, but no one has succeeded at all.

Of course, some people have thought of setting up a transmission array.

In the realm of emptiness, there is a mysterious force. Anyone who sets up the transmission array here will be ruined!

Over time, this emptiness has been forgotten.

However, the territory of the virtual territory is within the scope of the deficiencies. Therefore, the shoudang adults often help the situation. Of course, they only occasionally help, and they cannot stay here for a long time.

Perhaps it is precisely because of this, therefore, the Kuijie big leader's actions, he will not be too much to ask, in the mind of the defending adults, fear is also hope, the Kuijie big leader can really unify the whole situation Let's do this virtual reality.

Ye Xuan's appearance was an accident. Ye Xuan mistakenly hit the wrong situation and entered the realm of emptiness. Because Ye Xuan is not a virtual person, the strength is not too strong. Therefore, the defensive will be Ye Xuanding. It will be unanimously recognized by everyone for the lack of emptiness.

After all, the virtuality of the mirror is actually without any rights.

However, with less imaginary, it means that the emptiness can become a vain alone.

Therefore, Ye Xuan becomes less imaginary and will naturally be unanimously supported.

There may be some opposition, such as the big leader.

The big boss was defeated by Ye Xuan. Besides, Ye Xuan was personally appointed by Shou, so he could not do anything if he refused to accept it.

After half a day, Ye Xuan got to understand the situation.

It turned out that he was used.

It has become a signboard for people outside this emptiness, but there is no real power!

However, Ye Xuan did not care about this.

After all, even if he really became the real illusion of the tens of thousands of people, I am afraid that Ye Xuan would not care.

More than a hundred thousand people, Ye Xuan is an angel in the Kunlun Market, in charge of two gods, billion trillion creatures.

More than a hundred thousand in the district, how can Ye Xuan see it.

Sure enough, the next arrangement of each solution, almost no one will discuss with Ye Xuan, but after having a decision, will tell Ye Xuan.

After staying in the emptiness for half a month, Ye Xuan is finally ready to set off again.

In the past two months, in fact, Ye Xuan is waiting for the new leader to be selected.

The leader of the new team, originally a branch leader among the Kwai sisters, but it is good for being kind.

On this day, Ye Xuan finally made a late move like everyone.

No one blocked Ye Xuan. After all, they are less imaginary, more often, only when he is a signboard hanging there.

However, Ye Xuan has to go, these people still have to express it, in what to say, Ye Xuan is also a virtual deficiency. If Ye Xuan is being bullied outside, isn't that a lost face?

Therefore, when Ye Xuan left, these people were hard-pressed to Ye Xuan two maids, two guards.

According to them, Ye Xuan is their illusory, and naturally it is necessary to be protected.

But Ye Xuan is very clear, what exactly do they think.

Ye Xuan did not refuse, because he was too lazy to refuse.

These four people, find a reason later, send them back, and why bother to tangled now.

Soon, the five people will start again.

Chapter 2528: Falling news

As for the guilty person, Ye Xuan never saw him at all.

After the dismissal of the chief leader of the Kuijie, all the agreements with the sinfulness were naturally invalidated. Therefore, those who are guilty can only go back.

Some people lead the way, but it is convenient. Although the people who are imaginary are independent, they are not like the paradise, but they do not say that they really have no contact with the outside world.

In fact, Ye Xuan's four followers are disciples of the four caves.

It is not so much to guard Ye Xuan, it is better to say that it is to go out.

But the four people are very respectful of Ye Xuan. The thoughts of the elders, young people naturally do not know, they only know that Ye Xuan is a virtual deficiency, then they will naturally respect.

“How long will it take to get to the cave?”

Ye Xuan asked one person around him. This person is called Ling Zhan, but he is a warrior.

The pursuit of warfare is a powerful force, and it can be regarded as the most frequent person who goes out.

"Returning to the virtual person, according to our current speed, it is estimated that it will take three days."

Ye Xuan nodded. At this moment, he still rode the dragon.

It is strange to say that in the realm of the situation, there is no way to arrange the array, so there is no formation.

However, on the outside, even if the transmission array can be arranged, the transmission array is rarely encountered.

According to the explanation here, the transmission matrix will make people dependent. Therefore, except for some necessary places, there will be little transmission matrix in the whole ancestral environment, but people need to hurry on their own!

To say this is the case, it can be beneficial to cultivation.

I can't help but cultivate Ye Xuan, but Ye Xuan knows that it is a waste of time to hurry!

Moreover, Ye Xuan also found a problem, that is, except that the houses in the ancestral home are thatched houses and animal skin tents, in fact, other places in the ancestral land are not like this.

This road has come, Ye Xuan has also encountered towns, and there is not much difference with the outside world.

It can be seen that it is not the ancestral environment, but the ambiguity is somewhat special.

The three-day time was not long, so soon, Ye Xuan arrived at Mo Cave.

Ye Xuan's purpose is to find the whereabouts of the fall, plus the countless strong among the ancestors, more powerful than the outside.

Therefore, it can also be said that with Ye Xuan's current strength, he is still not qualified to run rampant in the ancestral environment. He can only investigate.

This time, Ye Xuan is going to enter this motive, as a student, to explore whether the fall is in this ancestral environment.

"Well, less imaginary adults, no caves, the subordinates must report, and you will be enrolled by Yu Yu, can you?"

"Well, it's okay, go."

The four people who followed Ye Xuan, except for the rain, everyone else had their own study outside.

Along the way, the other two have also left. At this moment, there is only Yu Yu and Ling Yu in the side of Ye Xuan.

After the battle, Ye Xuan and Yu Yu together, walking toward the front, this Mo Cave registration does not have any requirements, as long as you want, you can go at any time, of course, no qualifications and wealth, is simply unable to enter of.

Moreover, Mo Mao is not strict with the management of disciples. If you are practicing or not practicing, you will be your own. According to Mo Mao, the strength is your own. If you don't practice, one day is in the hands of the enemy or the beast. It's no wonder. people!

At this moment, Ye Xuan and Yu Yu have already arrived at the Mo Cave Registration Office. It can be said that the registration method of Mo Cave is simply making Ye Xuan feel incredible.

Paying 100,000 Lingshi, and then paying 10,000 Lingshi every year for a simple qualification test, even if it is finished!

Then, I lost you an identity token. From then on, you are a disciple of Mo Cave.

As for what to cultivate, there is no one to control you. In the caves, there are many strong people who offer various courses of teaching. If you want to go, you can always.

Ye Xuan was helpless and looked at the token in his hand.

In Ye Xuan's heart, such a way of collecting people is really rare.

However, this is also convenient for Ye Xuan.

"Your rain, you also have to go to the Mo Cave yourself, you don't have to accompany me."

Ye Xuan said to Yu Yu, because he was going to look for the whereabouts of the fall.

Ye Xuan actually has no good way, so he is going to ask directly.

Falling into the implementation of Jiuweitian tired fox, so Ye Xuan is ready to ask other students directly, do you know.

"This brother, may you ask, do you know that there are no students who are tired of foxes in the cave?"

Ye Xuan stopped one person and asked directly.

Among the Mo Caves, there is a **** ban, and it can be said that God's thoughts are inseparable from the three steps around you!

So direct inquiry, became the only choice for Ye Xuan.

"Nine-tailed days are tired of foxes? I haven't heard of them, but the foxes are quite a lot. You can go to the Huangting Hall to see where there are more foxes."

"Okay, thank you, brother."

Jiuweitian is tired of foxes, and it is also a fox group. Is it possible that the fall is with those foxes?

Ye Xuan did not hesitate and walked directly to the Huang Ting Hall.

When I arrived at the Huangting Hall, it was as the person said, but there are many foxes here.

So, Ye Xuan began to ask directly, knowing that he only asked the first person, it attracted hostility. "

"Excuse me, do you know that Jiuweitian is tired of foxes?"

Ye Xuan stopped one person and asked directly.

But who knows, the man actually gave a magic weapon in an instant, and then looked at Ye Xuan and asked: "Who are you, why are you looking for a nine-day-old fox?"

he knows!

He will definitely know!

In the heart of Ye Xuan's heart, watching the posture of this person's alert, he can see that he knows that Jiuweitian is tired of fox!

"Please don't misunderstand, I am his friend, I have been looking for him for a long time."

Ye Xuan was a little excited, and did not even confirm whether it was falling.

"Friends, hey, great courage! Come on, someone will play the idea of His Royal Highness!"

The man suddenly screamed. In an instant, dozens of Fox people rushed out, and all of them actually sacrificed their magic weapons, and they seemed to be ready at any time.

"I advise you to leave soon. Here, it is not the place where you should come from a Terran. Hey, there will be a Terran friend under the Highness? Are you a fool?"

Your Highness?

Ye Xuan was very excited at the moment, and Jiuweitian was tired of blood. Besides, there is no special chance for the Fallen Gods. Ye Xuan does not know at all, so at this moment, these people stopped Ye Xuan, but Ye Xuan was not angry. .

In Ye Xuan's heart, these people are treated as fallen guards.

"Haha, so to speak, he is really here, fast, take me to see him and tell him that his master, Ye Xuan came to him!"

"Bold!"

In the blink of an eye, all the foxes have changed their face, because Ye Xuan said that he is the master of their sire.

"Don't dare to be so arrogant, come, take him and give it to His Royal Highness!"

It is not worth mentioning that these people are directly involved.

Chapter 2529: Storm state

Ye Xuan is happy at this time, and there will be some people who care about it, so the shots are not used hard, but they are free to repel these people.

After all, the strength of these Fox people is actually not strong. If Ye Xuan is willing, he can even destroy all of them.

However, if it is really a fallen guard, then Ye Xuan naturally cannot hurt them.

"Block him, stop him!"

Those who were defeated were not afraid, but they were still rushing in the late stage of the Pu, and more foxes joined the battle.

At this moment, Ye Xuan is surrounded by the Fox people, and there are constantly foxes who are rushing to death.

However, Ye Xuan only let Megatron control the sacred sword guards at his side, even if sometimes forced to shoot, just to repel the enemy.

Advancing and moving forward, Ye Xuan is very excited.

Nine-tailed days of tired foxes, there are really nine-day days of foxes, in the heart of Ye Xuan, only the fall of the implementation of Jiuweitian fox.

After smashing a hall and defeating a famous Fox, Ye Xuan constantly searched for it, and his mouth shouted loudly: "Let's fall, where are you, I am coming!"

"Boom", another hall was broken, but here, it was guarded by hundreds of Fox people. These foxes are not afraid of death, even if they are facing the sword of the sword, they will never retreat. Half step.

Ye Xuan understands that he is afraid that this hall is the place he is looking for.

"Give me away!"

Ye Xuan was anxious in his heart, but he didn't want to hurt his hand, so at this moment, there was already some anger.

"Bold, who is here."

Suddenly, a strong man flew out of the hall, and the strength of the man was afraid of having the strength of the nine peaks.

At this moment, he rushed out and looked at Ye Xuan without any intention of hurting people, but he wanted to break into it, so he did not start with Ye Xuan, but asked Ye Xuan: "Who are you, why are you?" Palace."

"Fast, let me fall and see me, I finally found him!"

Ye Xuan is very excited and has been in the world of gods for many years.

From the world, to the Kunlun domain, the demon **** domain!

Ye Xuan came all the way, but never gave up looking for the fall.

The strong brow wrinkled, but said: "There are no people you are looking for, you are going to retire."

"Impossible! Nine-tailed days are tired of the blood of the fox, is it not only that there are people who can't!"

Ye Xuan shouted loudly.

The strong man looked at Ye Xuan, his brows were wrinkled, but his heart was puzzled. When he saw Ye Xuan's movements, he could know that Ye Xuan was really excited and did not hurt anyone. He also explained that he No hostility.

At this moment, the true feelings between Ye Xuan's look are true. Is it true that my Highness's friends are not.

The fox strongman frowned slightly. After thinking for a moment, he said to Ye Xuan: "Let's do it, I will inform you, if you are willing to see you, how are you going in?"

"Good! I am Ye Xuan, telling the fall, Ye Xuan took her home!"

Ye Xuan replied affirmatively, because Ye Xuan believed that he could not see him.

The strong man turned and walked straight toward the main hall.

After a while, the strong man has come out, but he said to Ye Xuan: "This son, my house, let me answer you, he does not know Ye Xuan, so please ask the son to go back."

Don't know yourself?

Ye Xuan is slightly stunned. How can he not know himself when he falls? This is impossible. Can it be said that the implementation of the special magical powers used by people has changed the memory?

With the idea of Ye Xuan, naturally, Ye Xuan was angry.

Moreover, this anger is furious!

In Ye Xuan's heart, no one will be allowed to hurt.

It can be said that looking for the fall, and even become the obsession of Ye Xuan entering the realm of the gods.

In the past few years, Ye Xuan has been searching for it. It can be said that he has never given up any clues.

However, now that it is in the hall, someone tells Ye Xuan that he does not know himself!

This makes Ye Xuan accept it.

Therefore, Ye Xuan is angry, or that Ye Xuan is crazy!

"Hey, the host is not stable, please host calm!"

"Hey, the host's mood is out of control, and the forced calm fails!"

"Hey, the host goes into a runaway state and the host goes into a runaway state!"

An angry, it is a runaway, because Ye Xuan is facing the fall!

"boom!"

For a moment, with Ye Xuan as the center, the power of madness sprang up!

Powerful and invincible forces erupted in an instant.

At the moment, Ye Xuan is no longer the original Ye Xuan. According to the system, Ye Xuan has already gone, but in other words, Ye Xuan has already gone into flames!

Because of the fall, because of obsession, Ye Xuan has stepped into the magic!

"Hey, hey!"

Around Ye Xuan, the Fox people who had been unable to bear the damage before, at this moment, there were hundreds of people directly exploding and dying!

The earth collapses and the sky tears!

Numerous laws and powers are wrapped around this area, and the cracks in the space immediately appear, and they do not disappear at all, but continue to expand.

The entire Mo Cave has become a perfect place.

At this moment, whether it is a strong or a good disciple, even if it is all discolored!

The law of the sky is not so good!

Some of these laws are summoned by Ye Xuan, and some of them are already integrated, but more, but they have never appeared!

"what did you say!"

The four words are just four words, but apart from the position where Ye Xuan is standing now, the rest of the Mo Caves are turned into powder!

Everything is classified as nothingness!

"Hey, alarms, alarms, the host enters an extreme runaway state, and the system is forced to repair!"

"Hey, alarms, alarms, to protect the safety of the host, unlimited energy!"

What is the concept of unlimited energy supply in the system?

At this moment, a strong man in the inferior gods sensed the situation here and immediately rushed over.

"Kid, you want to ruin the Mo Cave, and immediately let me stop!"

The strong man said loudly to Ye Xuan.

However, suddenly, Ye Xuan looked at him!

"dead!"

"boom!"

Explosion and death!

That is the super strong person of the gods, but only Ye Xuan has a look, but in a word, it is directly exploding!

The horrible atmosphere spread throughout the cave.

And the person who was the one who spoke for Ye Xuan had already been scared to the ground!

At this moment, Ye Xuan is in a state of unlimited energy supply to the system.

It can be said that it is invincible, and it is absolutely invincible, and no force can stop it.

In the sky, a void crack appeared, and the corner of the palace was sucked away in an instant.

However, Ye Xuan saw this scene, but he even reached out and took the Void Crack directly, crushing it!

The numerous bans, arrays, and other forces placed in the Mo Caves all collapsed, in the face of Ye Xuan, unable to resist.

Chapter 2530: Falling encounter

"Hey, alarms, alarms, the system is about to eternal collapse, the host life is about to end, and the final crash countdown..."

"thirty!"

"Twenty-nine!"

.....

The system eternal collapse, the end of the host life.

Is this all really going to end like this!

However, at this time, in the palace, a figure came out.

It really fell, but it was the fall of the pear flower with rain.

.....

boom!

The world is still far away, even those who have already died are all resurrected!

The madness in Ye Xuan's eyes disappeared.

"Hey, the host is recovering, the ability is stopped, the system stops crashing..."

"Hey, the system is seriously underpowered, and the host energy is forcibly extracted..."

"Hey, extracting the host energy will end the life of the host, cancel the extraction, and extract all the resources from the host..."

‘叮, ability is stable, crisis is lifted...’

The system's prompt, Ye Xuan has not heard, because at this moment Ye Xuan's eyes, only falling.

"Let's fall, it's really you, why don't you want to see me."

Ye Xuan walked toward the front. However, at this moment, there are still people who dare to stop him. Even the strongest of the gods, he was shocked by the footsteps of Ye Xuan.

Just a scene that just disappeared, they all saw it with their own eyes!

And when the anger of the person in front of him subsided, all destruction was restored, and they also saw it with their own eyes.

No one dares to be disrespectful to Ye Xuan, because in their hearts, the most want to know is, who is Ye Xuan?

.....

"Master, you shouldn't come to me, find me, it will only bring you endless disasters, the owner will run away, they have found you."

"Who? Who are they?"

After Ye Xuan heard the words of the fall, he finally realized why he did not want to see himself. It turned out that a mysterious force had already been monitored and settled.

"boom!"

In the sky, suddenly a huge ray of light fell, accompanied by the radiance of the landing, is a team of powerful superpowers to even the nine peaks and other peaks of the emperor to tremble!

Not a person, a team of 100 people, and like a team of soldiers neatly arranged!

Ye Xuan picked up and fell, but could not help but say, directly start the transmission.

How powerful are these people? If they have the ability, then come to the mysterious land that the gods must enter to find themselves and fall.

Ye Xuan disappeared, with the fall, disappeared into the invisible.

And the strong team, dare to come at this moment.

But it took a step slower. The most important thing is that they can't even lock Ye Xuan and the location of the fall.

This is a situation they have never encountered before.

Suddenly, these people turned into radiance and disappeared. As they appeared, they disappeared mysteriously.

At this moment, Ye Xuan has come and fell to the place of trial.

It's mysterious here, you know, you want to start the trial, then you need the minimum of the gods.

Even if Ye Xuan doesn't know exactly where it is, one thing is certain, that is, it is impossible to control the strength of the fall.

Until the time is safe, Ye Xuan is able to talk well with the fall.

The two leaned together and told each other about their experiences.

Ye Xuan's experience is ups and downs, and he is fascinated.

But the experience of falling is very simple and very unacceptable.

It turned out that after falling into the realm of the gods, it was immediately stared by a mysterious force.

Because of the fall of the nine-tailed days, they have great use for them.

Even when it is now, I don't know what it is.

The fall is arranged by those people, and they are constantly practicing. Moreover, even the magical powers of cultivation are also regulated. The talents are superb. It can be said that the strength has improved rapidly. Now, it is already, and the medium to high gods are repaired!

The supreme god, that is beyond the existence of the gods!

That is to say, that is beyond the existence of the gods at the level of the gods.

The continually being arranged to cultivate and provide unlimited resources for cultivation, but with the rapid advancement of this force, it is the freedom to lose everything.

Even his identity is also arranged.

At the beginning, the land was a small demon family. After he cultivated to a certain realm, the family was directly destroyed, and then the land was sent to the demon **** domain to become a saint.

With the improvement of his strength, he has become more and more in the demon **** domain. When he arrives in the gods, he is taken away again. Similarly, the people who have served him are not killed!

For the third time, it became the princess of a certain godland, and it was also the future god, but even this identity was not too much.

When the nine dynasty peaks and gods were repaired, those people came and took away, and at the same time, the royal family of the gods was extinct.

For the fourth time, it became the only underdog of the defeated fox family. This fox family is only a few hundred thousand people, and it is their prince and their king.

At the same time, the fall was also arranged to the Mo Cave.

That is, Ye Xuan saw his place.

It can be said that the departure of this time is outside the arrangements of those people.

Falling and falling may not be willing to meet with Ye Xuan. In fact, when Ye Xuan was brought to the palace by those foxes, he knew it.

Unfortunately, he didn't dare, because those people are too strong, so powerful that they can't imagine it.

Fall knows that once he and Ye Xuan recognize each other, the final result is that Ye Xuan will be killed by those people.

Those who claim to be orderers claim to be guarding the existence of all orders in the realm of God!

At the same time, the fall also told Ye Xuan that in fact, the gods, the system is only these orderers, the place to train new people.

Of course, in addition to the order, there are all powerful forces such as the Alliance, the Destroyer, and the Guardian.

In the eyes of these forces, the mainland of the gods is a place for cultivating new people. They will only choose some qualified people from there to join them.

And they themselves are living in the secret of independence.

These secrets are that the gods can never be found, and they have places that cannot be known.

Even falling, it is because they are brought with them, they will know some news.

However, Ye Xuan has some feelings, because in fact, Ye Xuan has actually encountered many similar situations.

It can be said that such a secret, Ye Xuan has been to some before, but there is no such strong strength.

At this moment, Ye Xuan also suspects that this place of trial, fear is a territory of a certain power.

The only good news is that this is not the place where the order is.

After all, if it is the site of the orderer, Ye Xuan and the fall are afraid that they have already been taken away.
