Chapter 253: transaction

Yu Jin turned his head and looked at it. He fell on Ye Xuan's body and thought about it. He had a feeling of deja vu for Ye Xuan, but there was no related memory in his mind.

But this can't blame him. After all, now Ye Xuan has not only grown a lot taller than two years ago, but his face has matured a lot. Even if he doesn't have a good capacity, the mask stands here, and Yu Jin estimates. Can't recognize it.

After all, Ye Xuan, two years ago, was just a small person, an ant-like figure, and a young man in the present godland. He is a cockroach ant. How can Yu Jin remember?

"This young man is what I brought to Feiyan. How can I say that I am arrogant? Lu Lu, do you make a mistake?" Yu Jin asked.

"This....."

Lu Changchang turned his head and looked at Yang Yifan. Only then did he say that Ye Xuan was good at Tian Yuanzong.

Yang Yifan hurriedly held a fist and said: "Yu elder, I am sorry, I made a mistake. I saw him in the courtyard of Feiyan Shimei. I thought it was a thief. I want to..."

But before he finished, he was directly interrupted by Yu Jin: "Enough, you all quit."

For Yang Yifan, Yu Jin is also very familiar with the former. His former father is the elder of Tian Yuanzong, and he is doing what he wants in the sect. It is a soft and hard food. Moreover, Zhao Feiyan also had an attempt.

"Yes." Yang Yifan nodded respectfully and hurried back.

Elder Lu, who had no face on his face, left in a hurry.

The group of disciples surrounded by them also spread out one by one, and others brought the door.

At this time, only the leaves of Ye Xuan were left in the yard.

"Little brother, I have already heard Feiyan said, the old man has thanked him here." Yu Jin is holding a fist in Ye Xuan.

"Haha, the predecessors have won the prize." Ye Xuan smiled, because it was with a tolerance, mask, so the smile is a bit stiff.

Yu Jin nodded with satisfaction, and he had the strength and etiquette of Ye Xuan, which was his first choice.

"I just heard Feiyan said, the little brother wants to borrow a Tianlei eagle, is it?" Yu Jin asked again.

"Yes, the younger generation wants to borrow the Tianlei Eagle to return to Zhongzhou." Ye Xuan nodded.

"My Tianyuan sect is rare, and the number is less than one tenth of the Lingxiao government. If you want to borrow it, it is not no.

Yes, just ask the family of the little brother..." Yu Jin said.

Ye Xuan paused, this Nima pit is awkward. He is a Zhongzhou person. He is a disciple of Lingxiaofu. He has never been to Zhongzhou once. How can he know what family is in Zhongzhou?

Therefore, he can only smile: "The family of the younger generation is small, not worth mentioning."

Although he said so, Yu Jin also knows the name of Ye Xuan, Zhao Pan, that is Zhao.

However, Zhongzhou does not seem to have any major influence on Zhao, so Yu Jin did not ask much.

"Well, you saved Feiyan, I should still pay this personal feeling. However, the old man still wants to ask more, the little brother is only practicing in the family, did not join other sects?" Yu Jin asked.

"No, I have no door." Ye Xuan shook his head, but he suddenly remembered that he had said to Zhao Feiyan that he was a disciple of Lingxiao.

Sure enough, when this statement came out, Zhao Feiyan's face was changed, but she stood behind Yu Jin, and Yu Jin did not find it.

"In this case, then you can deliberately join me Tianyuanzong? With your qualifications, my Tianyuanzong will certainly train you into a strong landlord." Yu Jin opened the door and asked.

He looked at Ye Xuan very young, at most twenty-five years old, this qualification is also ok.

"This one....."

Ye Xuan paused. He is now called Ye Xuan, but he is called Zhao Pan. He can join Ling Xiaofu and change his status to another identity.

However, this is really too much.

Therefore, he still shook his head: "Thank you for the kindness of the predecessors, the younger generation is free to use, do not like to join the martial art. However, there is a single transaction in the younger generation, I wonder if the seniors can be interested?"

In fact, he came to Tianyuanzong, the purpose is not so simple.

"Transaction? Let's listen?" Yu Jin is obviously interested. He feels that Ye Xuan is not an ordinary person.

"In this way, there are a hundred pieces of earthenware here, and there is a kind of medicinal medicine that can make the true Xuanjing peak directly condense out Danyuan, but there are only one hundred. I don't know if the predecessors have the ability to eat it?" Ye Xuan smiled.

This is the purpose of his entry into Tianyuan.

These things are the materials that he got in the Huoyang Dong House. They can probably refine a hundred pieces of ground. If they are directly swallowed, though

Also very gracious, but definitely much less than the finished product.

"What, a hundred ground devices?"

Yu Jin was directly shocked, and Zhao Feiyan also said to him that he took a medicinal herb of Ye Xuan and directly condensed Dan Yuan.

Not everyone can condense Dan Yuan before the age of twenty-five. With this remedy, Tian Yuanzong can at least have a hundred gods, as long as those disciples with poor qualifications take it before the meridian is shaped. .

"Little brother, are you sure you are not kidding?" Yu Jin had some doubts.

Ye Xuan smiled and waved his hand. Two large boxes appeared, and the box was quietly lying. It was exactly one hundred earthworms.

"It doesn't matter, the kid is born in a refining family. This time I came to Tianyuanzong. In fact, I came to get through the business road. I don't know if your party has any interest. If you can, there will be more land parcels and six yuan Dan. To." Ye Xuan Hu said.

Yu Jin swallowed swallowing water. In the future, there are more?

This is not a general thing, even if there is not much in Tianyuanzong, if you want, you have to go to Zhongzhou to buy it. However, Zhongzhou is a mixed bag of fish. There are many forces stronger than Tian Yuanzong. Tian Yuanzong bought one or two at a time, and he risked offending other forces.

He did not expect that Ye Xuan actually invested in a refining family, and sincerely came to Tianyuanzong to make a deal, which is a good thing.

"Little brother, this place and six yuan Dan, what price?" Yu Jin tried to ask, a hundred pieces of land, this is not a small number.

"A piece of earthenware 300,000 crystals, a six-yuan Dan 20,000 yuan in the spar, in the future, there will be a Chinese product and a better medicinal medicine, how does Yu Chang feel?" Picked an eyebrow.

Chinese product!

Hearing this name, Yu Jin's dawn flashed, and the whole Tian Yuanzong, also a Chinese product.

"At this time, the relationship is very important. I have to report to the lord..." Yu Jin did not dare to make a decision privately. However, 300,000 pieces of land, this is considered cheap, they bought in Central China, the price is almost 400,000.

"Yes, but I don't trust other people very much. If you want to trade, let the elders be the representatives. Don't come to the Danish strong, otherwise the boy will turn around and leave. In addition, you can elder." Buy some ground tools first, which is more convincing."

Ye Xuan said with a smile.
