

Super D. S 2541

Chapter 2541: Missing

That huge piece of the source of the gods, presumably in any place, is absolutely treasure.

Therefore, regardless of the Shenlong family, the thousand families, or the city owner who came out later, fear that they are all directed at the source of the gods.

Ye Xuan thought of this in mind, then naturally want to understand how to answer.

"Predecessors, the boy suspected, perhaps because of the stone I destroyed."

"Stone? What do you mean, specifically?"

Sure enough, when I heard Ye Xuan speak, the city owner immediately came to the spirit.

Ye Xuan nodded, revealing a trace of fear, and then said.

"Predecessors reminded me in the cave, let me speed away, I thought at the time, there are so many native beasts here, hunting a few heads is not too late, nor will they return empty-handed."

"But who knows that when I hunted a native beast, I was discovered by other native beasts, and then there were more than a dozen native beasts attacking me at the same time. My strength predecessors also knew that it was impossible to deal with so much. The original beast, so can only flee in desperation."

"Then I broke into another strange place. There was an altar there, but there was a stone on the altar and there were many native beasts around."

"These original beasts did not care so much, they attacked me directly. My strength could not resist. In desperation, I lost my sword. I wanted to kill a dead animal." Who knows, but he is seen by him and then crushed the stone."

"At the time, I didn't have time to look at it, because when I broke the stone, these native beasts were in a daze, and then I took the opportunity to escape..."

Ye Xuan described in detail, even the appearance of the altar, where the original beast stood, and Ye Xuan described it very clearly.

Of course, only one point is wrong. That is, the source of Shenjing is not crushed by Ye Xuan, but is swallowed up by Ye Xuan.

"This is impossible, how can that thing be easily broken?"

When I heard Ye Xuan's words, the city owner was obviously a little excited, and, like Ye Xuan's thoughts, the city owner was still rushing to the stupid god.

Otherwise, he will not say such a thing.

Ye Xuan did not speak, but thought of a move, Megatron and the 弑Shenjian quickly rushed toward his position.

Streamer flashed, Ye Xuan directly received Megatron.

The lord's gaze kept staring at the sacred sword in Ye Xuan's hand, and then asked, "Are you using this sword to crush the stone?"

Ye Xuan nodded and said: "Yes, the predecessors used it. After all, I was surrounded by all the beasts at the time. I thought that I was about to fall, and I lost my life by breaking the stone."

When I heard Ye Xuan's words, the city owner fell into silence.

After a while, I said, "Well, since that thing is gone, forget it, and if it is gone, don't let the Shenlong and Qianjia have any thoughts."

"Right, the little guy since you and I are so good, it is better, I will give you a house in the city, then you will live in the city, and you are much better than you are outside, OK, you will find the city tomorrow. I."

After that, the city owner has disappeared.

However, Ye Xuan is not happy, because Ye Xuan understands very well that what the city owner said to give himself a house is simply a lie. His real purpose is to control Ye Xuan!

In the city, I allocated a house for Ye Xuan. Perhaps in the eyes of other people, it is really a good thing for a big sword. However, it is definitely not a good thing for Ye Xuan.

Because, this guy, is simply aware of what.

At this moment, the distant city owner is also being asked by his men: "The master of the city, do not know which kid, what is special, can the city master give him a house in the city?"

"You said that kid? I sensed a strong sense of the law from his body, and only one of them entered the interior of the September hole, and that thing is not so easy to break."

"The adult means that the kid may have hidden treasures? Big courage, adults, it is better to give the kid to his subordinates. His subordinates must guarantee that all the news will be explored for adults in the shortest time. !"

"No, although this kid is low-minded, I have seen the air from his body. I am afraid that we will directly attack him and be countered. Moreover, it may not be successful. Let's take it slowly. The cultivation of the gods in his district, I want to see him, how can I pull out the palm of my hand!"

The city owner is very confident.

Of course, from his appeal, I can understand that this guy, but it is against Ye Xuan, and did not have any good intentions!

And everything, even because of the original source of the gods that Ye Xuan swallowed.

Ye Xuan simply did not dare to violate the meaning of the city owner, but at the moment, Ye Xuan did not leave at all.

The more I arrived, the more Ye Xuan had to prepare in advance.

You must know that the order of the city owner, Ye Xuan is not qualified to resist at all, the strength gap is too big, Ye Xuan may not have to come and resist will not put out.

Once it is in the city, then within a short period of time, Ye Xuan's every move will be monitored.

What Ye Xuan can do now is to collect as much resources as possible, as well as the bodies of the original beast and the source beast.

As for why?

In fact, it is very simple. Only by collecting enough corpses, Ye Xuan can quickly improve the realm, and once the realm is quickly improved, then in the heart of the city, he can get a genius evaluation.

Any force will cultivate genius, and Ye Xuan believes that the same is true of this source.

Once the city owner recognized the strength, then Ye Xuan was able to restore freedom.

Without the strength, Ye Xuan can only rely on his own brain to find a solution.

Fortunately, at this moment, the Shenlong and Qianjia have already rushed out of the dark beasts in the July Cave, and the source beasts are in a group. Ye Xuan also has enough opportunities.

So many dark origin beasts, even if the city owner has ordered, let people retreat, but there are still many people left, the purpose of their stay is naturally to hunt the original beast.

Although they once hunted the original beast, then the nucleus will naturally be taken away, but the remaining corpse body is also extremely useful for Ye Xuan.

After all, Ye Xuan can also enhance the realm by swallowing the bodies of these native beasts and source beasts.

The arrival of Ye Xuan did not attract anyone's attention. When he just rushed out and left, it was only in the blink of an eye. Except for the city owner, I was afraid that few people recognized Ye Xuan.

At this moment, Ye Xuan will only be regarded as a guy who wants to ride the original beast and then pick up some cheap guys.

Chapter 2542: Go to the city

Such a guy is now everywhere, there is not much more than a few leaves, Shao Ye Xuan a lot, can be said to be directly negligible.

Ye Xuan constantly walks around, and once he encounters the body, he will immediately take it away. Of course, he will not swallow it immediately, but will save it.

As for the body of the Terran, Ye Xuan has not let go, the Qiang Kun ring, the magic weapon or something, all taken away.

Anyway, these people are already dead, it is better to contribute to Ye Xuan.

All the way forward, at the beginning, Ye Xuan fell smoothly, but in the end, he was still stared.

"stop!"

A voice rang at Ye Xuan's side, and two figures had already come out.

God's emperor, and, are only inferior to the gods.

These two guys are undoubtedly still leaking. After all, with their strength, it is impossible to participate in the war.

At this moment, it is also seen that Ye Xuan's strength is low, and this is the beginning of his mind.

"Kid, leave your ring, then you can roll!"

The robbery hit Ye Xuan's head?

These two guys are really not afraid of death!

It is a pity that Ye Xuan can't use the system at this time, and it can still be done against the gods and emperors, but at the same time, Ye Xuan can't do anything about the two gods.

However, I can't beat it, but escape! Ye Xuan can definitely do it.

I saw Ye Xuan squinting at the two people, and the infinite teleport immediately started, and when I saw it, it disappeared completely.

The two men looked at each other with a silly look. They finally encountered a guy who was lower than them, but did not expect that they would escape from their eyes and they did not understand what happened.

This is how they can accept it!

You know, when they learned that there are a lot of native beasts here, they immediately rushed over, but who knows that the original beast has not yet encountered it, but they have encountered a robbery, not only taking their shackles, but also taking them away. Even leaving, they married a poor ghost!

This is good, the two of them went to rob others, but they were also despised!

The two looked at each other and saw the bitterness in the other's eyes. However, it was impossible to let them give up.

Most of their families are in the middle of the ring, and they are taken away. If they don't grab something back, how can they practice in the future?

"Damn, this kid is running very fast, chasing, must catch up with the kid!"

The two figures moved and went straight to Ye Xuan.

Ye Xuan simply ignored them. He only collected his own body. When he encountered a battle, he would immediately avoid it.

When encountering many people, Ye Xuan will also leave to escape. Anyway, Ye Xuan is careful, except for the leaks, there will be no other extraordinary things.

At this moment, Ye Xuan took away the body of a dark beast, but heard the sound behind him.

"Stand up, kid, where do you want to escape, leave your ring, otherwise, don't blame me for being polite."

Ye Xuan turned and looked at the two, but he shook his head helplessly, and the infinite teleport started again, and the figure disappeared again.

"How, how could this be, he ran away!"

The two faces were quite innocent. They abandoned the strength of the boss to find Ye Xuan's position, and then chased it, but actually took a face, Ye Xuan ran again!

This makes them feel embarrassed. On this road, the trepidation they experienced, who can understand?

Who can understand the sorrow of their way!

Not just to rob a person, why, this guy is also good to talk to himself!

"Can we still chase after?"

"Catch, why don't you chase, except for the guy, the strength of other people is higher than ours, don't look for him, who to look for! Besides, this guy is so fast, obviously there must be something heavy, and there must be Harvested, otherwise, with his cultivation, how dare to stay here, continue to chase!"

After that, the two men have already started quickly and chased in the direction of Ye Xuan's departure.

Throughout the day, Ye Xuan is constantly collecting the bodies of these native beasts and source beasts. Of course, he also misses the magic weapon and the Qiang Kun ring of some war dead.

It can be counted as a reward, but as time goes by, Ye Xuan has to stop such a leak.

First of all, because a large number of devours have been killed, the battle is not as intense as before, so many strong people began to look around.

At the same time, there are more and more people who come here to leak.

Then Ye Xuan's chances of meeting other people are much bigger.

Because of the relationship between Ye Xuan's strength, many people want to rob Ye Xuan.

Relying on infinite teleportation, Ye Xuan has repeatedly turned a blind eye, but Ye Xuan knows that in this way, there will be a miss in the morning and evening.

Besides, today Ye Xuan must enter the city to meet the city owner.

Ye Xuan Ming knows that the city owner gave his house a good heart. However, Ye Xuan had to do this because once Ye Xuan did not follow the instructions of the city owner, he was afraid that the city owner would immediately suspect Ye Xuan and send it out. Strong, forcibly arrested Ye Xuan.

And if Ye Xuan cooperates, it will be safe for at least a short time.

When Ye Xuan was in motion, he quickly left, and when it appeared again, it was already in the city.

It is not difficult to find a city owner. It can even be said that you don't need Ye Xuan to look for it. Naturally someone will look for him.

Therefore, Ye Xuan is not in a hurry. At this moment, Ye Xuan walks freely on the street. Ye Xuan is not in a hurry because he has already felt that he has been monitored.

In other words, in fact, now, Ye Xuan's every move is in the control of the city owner.

A street and a street are constantly moving forward. Ye Xuan seems to be looking for it, but in fact, Ye Xuan is only familiar with the urban environment. After all, he may live here for some time to come.

Perhaps the city owner is somewhat impatient, or perhaps, it is simply that the person who is monitoring is not willing to follow, in short, a figure has appeared in front of Ye Xuan.

"The son is looking for the owner of the city?"

The man was unambiguous and asked directly to Ye Xuan.

Ye Xuan said directly: "Yes, I am looking for the city owner."

Everyone knows what is going on, and why is it necessary to entangle something.

"Please ask the son here."

That person may ask that sentence, but it is just asking at random. His task may be just to bring Ye Xuan to the past.

Ye Xuan walked toward the front, and soon, Ye Xuan had already arrived at a very large mansion.

This is the capital of the city, and at the same time, the core of the entire first floor.

"In the son of the son, please, the owner of the city has already waited for the son."

Ye Xuan nodded and naturally walked in.

However, this time, Ye Xuan did not see the city owner, but only a butler hosted Ye Xuan. After a short chat, the man had already walked with Ye Xuan in front.

Chapter 2543: Enhanced recovery

Soon, I came to a house.

"Ye Xuan Gongzi, this is a strong home, but the strong has already reached the second floor, so the house has been empty, the city owner ordered, so that you live here, the son can still be satisfied?"

satisfaction!

How dissatisfied, Ye Xuan smiled and nodded.

He now has a choice of room, don't say to Ye Xuan, such a good house, even if you just throw a broken courtyard to Ye Xuan, Ye Xuan has no choice.

"Since the son is satisfied, there are more than 300 servants in the house. The city owner means to leave all of them to the son of the son."

Serving yourself? It's better to say that you can see yourself!

Of course, Ye Xuan does not say it, but smiles and says: "Okay, since it is the beauty of the city owner, I am disrespectful. If the housekeeper sees the city owner, please thank Ye Xuan for the beauty of the city owner."

"Well, let's say that if there is no other thing for the son, then I will leave first."

"Well, then thank you for your stewardship."

Ye Xuan sent the housekeeper and then walked to his house.

With a wave of it, on the house, there has been the word Yefu!

A group of guards, the prostitute quickly came out and respectfully pointed to Ye Xuan.

Ye Xuan does not know how many people inside the city are the eyeliners of the city. Therefore, it is naturally impossible for Ye Xuan to neglect these people: "Get up, what should I do in the future."

Everyone nodded and smiled. After all, most of the people here are just servants of this house, so they can meet a kind owner, and their hearts are naturally very happy.

Whether it is the mainland of the gods or the secrets of the original source, there are many such servants. The strength of these people is not to be said for a while, but once they recognize the Lord, they will not betray their lives. They are different from slaves. They belong to An exclusive servant of a certain residence.

Their loyalty is the owner of the house, and the director of the house is changing, and the objects of their loyalty will be changed.

Generally speaking, every master will bring a group of his own servants, but for these original servants, there will be no difference at all, because the slaves are even more central than the people they brought.

It is like a slave who wants to sacrifice his own fragments of God.

The slaves will also be affected by the contract.

However, the slave is bound by the house, not a certain person!

This kind of contract is even more horrible than the contract of the slave. This kind of contract can't be canceled at all. However, although there is no way to cancel it, these people are very free.

Even if a slave is bought by his own efforts, it is very common to become a master.

Moreover, there are often repatriation of the slaves, without any influence.

The contract of the slaves is to let these people guard the house, so as long as the house is still there, no matter what they do, they will not be punished!

Ye Xuan silently answered his room, but he began to practice directly.

After staying at this house, the second step is to let the city owner see his talent and recognize that he is a genius!

Therefore, it is still inevitable to improve the repair quickly. Similarly, Ye Xuan cannot make the city owner see his speciality. Therefore, the necessary retreat is also necessary. Even if it is just pretending to be a model.

In fact, Ye Xuan is simply chatting through the secrets of secrets.

Ye Xuan did not bring the fall together. After all, if it falls, it will affect Ye Xuan's plan.

One day, two days, three days!

In the past three days, Ye Xuan never came out, and like Ye Xuan's conjecture, it turned out that someone had passed the news of Ye Xuan's retreat to the city owner.

"The master of the city, this is the case. In three days, the kid never walked out of the house halfway, but has been retreating. Although he has a ban, I have already made arrangements in advance, so he is inside. Every move, I can't escape my monitoring."

"Oh, he is just practicing, is there any other abnormality?"

The city owner is a little surprised. The reason why he monitors Ye Xuan is that he wants to know from Ye Xuan that the origin of the source is Shenjing. According to the idea of this city owner, if Ye Xuan really got the source of Shenjing, then I must have improved my cultivation through the source of Shenjing.

But now it seems that it is not the case at all!

"What is the result of his cultivation?"

The words of the city owner, this is just a random question, but who knows, the person in charge of the notification, but immediately looked at the action, and then surprised to say: "Return to the city master, this person, is the most powerful person I have ever seen! "

"what!"

The city owner turned and looked at the old man behind him. If Ye Xuan is here, I am afraid that it can be seen at a glance, this old man is the big housekeeper of Yefu!

The big housekeeper has always been the owner of the city, and the repair is also about to break through to the high gods.

For so many years, the big housekeeper can be said to be the host of the city, and there has never been a bit of a mistake. It is the most trusted person of the city.

So when you hear the words of the big housekeeper, the city owner will be so excited.

"You just said that the person is the person you have seen the most qualified. What is the solution?"

"Going back to the city, the adult is not an arbitrary statement. In the past few days, according to the instructions of the master of the city, he has been monitoring this person, and his every move can be said to have not escaped the monitoring. "

"Only three days, the subordinates can clearly feel the cohesiveness of his breath. If the subordinate estimate is good, then within half a month, he will certainly be able to break through, and if he continues this crazy practice, within a year , you can rise two levels!"

"Do you break through twice in a year?"

The eyes of the city owner are full of shocks. The old butler's eyes are first-class. The genius was discovered by the old butler and successfully climbed to the second floor. After the second layer, the person naturally did not. Forget the virtues of the city, so that this city owner has also obtained great benefits.

The reason why the city owner is still on the first floor, but not on the second floor, is actually a reason. However, since his strength has been reached, then naturally he can go up at any time.

Therefore, nature can also get some benefits from the second layer.

Breaking through twice a year, in Ye Xuan's view, perhaps it is a normal thing, even relatively slow, Ye Xuan sometimes may be in the blink of an eye, you can break through several times.

However, in the eyes of God and others, it is definitely a super genius.

"What the big housekeeper said is true? Is this son really so talented?"

"The city owner should be assured that there is no mistake."

"Okay, if that's the case, then I will wait, I have to see if he can break through twice a year!"

.....

Ye Xuan did not know this conversation, but Ye Xuan retired this time, but it was really more than a year.

This is not Ye Xuan's will, but because of the system.

At the time of the return of the big housekeeper and the city owner, the sound of the system also rang at the same time.

"Hey, the system prompts, the host should pay attention to the location of the host, and it is conducive to system recovery. In order to speed up the recovery time of the system, the system automatically starts the enhanced recovery."

"Hey, the system prompts, the host should note that during the intensive recovery period, the host can only practice here. If the host leaves, the enhanced recovery will be cancelled!"

"Hey, the system prompts, the system absorbs the power of the source Shenjing, the recovery rate is greatly improved, the host please note that if the host maintains intensive recovery, the system will resume basic functions after one year and three months!"

One year and three months?

Just one year and three months, you can let the system restore the basic functions, what to say, Ye Xuan also waited!

Yes, this time, Ye Xuan directly agreed with the system requirements, and decided that in the next year and three months, never leave this half step!

Chapter 2544: Ye Xuan exits

The city owner is waiting, waiting for Ye Xuan's cultivation.

Because as long as Ye Xuan can complete two breakthroughs in a year, then it is absolutely a peerless genius, worthy of his training, and even before, no matter what happened, the city owner can always be unscrupulous.

Of course, if the result is not the case, then the city owner will directly work on Ye Xuan, or, if it is confirmed that the source of Shenjing is on Ye Xuan's body, Ye Xuan will die.

The Shenlong family and the Qian family have been planning for so long, isn't it the source of the darkness of the beast?

It seems that it is only three hundred years of fighting, but before these three hundred years, who can guarantee that they have not done anything?

Similarly, although I don't know when the city owner paid attention to this September hole, no doubt he waited for a long time.

However, whether it is any of their three forces, but for some reason, did not enter the September hole, directly robbed.

It turned out that it was because of the altar!

On the surface, the altar is only to promote the dark source beast to the dark beast, but this is not the case.

That huge incomparable source of Shenjing is also a treasure for the dark beasts. Therefore, when the altar is raised, the dark source of Shenjing will appear.

I just didn't expect that they had planned for so long, but they were cheaper by Ye Xuan.

Even, no evidence can be found. After all, the source of Shenjing has been swallowed up by Ye Xuan, so how can they find the slightest clue.

One year and three months, but it is a blink of an eye.

In the realm of the gods, it takes thousands of years to calculate the time. In this year and three months, it really can only be counted as a moment.

In the year and three months of this year, Ye Xuan did not move, as if he had already sat down.

But in this period of time, the monitoring of Ye Xuan is also without any slack. It can be said that every month, the city owner will get a detailed report on Ye Xuan.

Of course, these fifteen reports are almost exactly the same.

As time went by, the city owner's defense for Ye Xuan has gradually become a favorite, although there are still some doubts about Ye Xuan, but at least, there is no such vigilance.

"The master of the city, that kid, broke through!"

"What, he really did it! Break through twice a year!"

"Yes, the lord of the city, just now, the kid is all around the powerful real yuan. At the same time, it is also surrounded by the law. He is sure that he is really breaking through!"

In the city's main government, the big housekeeper who was in charge of monitoring Ye Xuan came to the city owner and reported.

The city owner heard the news, obviously it was quite a surprise.

You must know that although Ye Xuan is a superior god, but after all, it is extremely rare to be able to break through twice a year!

However, if he let him know, Ye Xuan borrowed the source of Shenjing to absorb the remaining energy, and in one fell swoop, he broke through to the top of the nine-character peak, then how should he think?

At this moment, Ye Xuan has also opened his eyes, his eyes, revealing a smile, and the heart, is asking the system.

"System, have you recovered?"

"Hey, the system prompts that the system borrows host energy and has successfully activated the initial function, but it takes five hundred years to fully recover."

"Well, the basic function is activated! So, is it possible for me to use the eternal field and the eternal field?"

"Hey, the system prompts, the host please note that the system is currently seriously deficient in energy, so the eternal field can only be opened once, the phase function is activated, and the system store exchange is temporarily suspended. As compensation, the host can get more chances of the lottery, but Because of the lack of energy in the system, the lottery will be born randomly, not necessarily every time will get a good reward."

"It doesn't matter, as long as it is activated, can the detection capabilities be used?"

Ye Xuan is very happy, even if the system store is temporarily unavailable, Ye Xuan does not feel much loss. After all, Ye Xuan has rarely used the system store.

"Hey, the system prompts, the detection ability is activated, however, because the system is not enough energy, so before the system is fully restored, the system detection will be the original ten times consumption. At the same time, the host should pay attention to the upgrade of the sword, the bloodline upgrade, With advanced capabilities, the system is temporarily unavailable."

"Hey, the system prompts that if the host wants the system to recover quickly, it is recommended that the host provide a large number of sources."

A lot of original source crystal?

Ye Xuan slightly stunned, this source of Shenjing is not what you can get, the last time that a huge source of Shenjing, purely a coincidence, if you want to get a piece, do not know when to wait It is.

As for the original Shenjing that the original beast kills, it is a little small, afraid that it is not enough for Ye Xuan to swallow himself, let alone provide it to the system.

However, the system is the most important source of power for Ye Xuan. Perhaps, Ye Xuan can only allocate his energy to a part of the system.

Sacrifice your own upgrade speed, in exchange for system recovery?

Or, to take the initiative to kill all kinds of strong, to get more of the source of Shen Jing, and then let yourself keep a fast upgrade, you can also have energy to the system!

Two choices, in addition, Ye Xuan has no choice!

Of course, as long as the system has been initially activated, then Ye Xuan has not had too many concerns.

Ye Xuan got up and was preparing to go out to find the land. However, the big butler first found Ye Xuan.

"Congratulations to the master, the master, this is the post that the city owner gave you."

Post?

Ye Xuan doubted that the post was taken, but he was puzzled and asked: "What is the city owner looking for me?"

"Back to the master, another month, it is the day of the beast, the old slave guess, perhaps the city owner intends to invite the host to participate."

Beast?

It should be hunting the beast, but why should we choose the time?

Of course, even if Ye Xuan is hesitant, he is not good at saying anything. In fact, Ye Xuan has already seen the identity of this big butler.

After all, during this time, the big housekeeper's concern for himself seems to have gone too far.

But Ye Xuan naturally can't break it, but directly replied: "Okay, I know, you should go back first, I will go out and go to the city government."

"Yes, master."

The old butler retired, but Ye Xuan was not prepared to look for the fall. Anyway, during this time, it can be said that every day, chatting with the falling voice, Ye Xuan's situation is very clear.

Falling is the soft underbelly of Ye Xuan, and now the city owner has not found the fall, then the natural Ye Xuan will not actively expose.

When Ye Xuan came to the street, he heard many people talking about it.

And the last thing they mentioned was the beast.

Chapter 2545: Hunting beast

"I heard that the city owner actually opened the beast in advance, and I don't know why?"

"I think perhaps the source beast there has reached the standard of hunting. After all, there is no precedent before."

"Yeah, but this time, I am afraid that many people will not come back."

"Hey, who said it is not, but this beast is voluntary. If you want to go, don't want to go or not. After all, the danger of beasts is there, but the benefits are also known to everyone! Are you ready to participate?"

"Of course, in normal terms, this beast will be opened once in a thousand years. This time it will be opened in advance. Who knows when the next time is, and I heard that this time, the fifth zone is opened, relative It is much safer."

.....

Fifth District?

Ye Xuan listened, the more doubts in my heart, listening to the meaning of these people, this beast, there seems to be any rules.

Ye Xuan did not speak, and continued to listen to the conversation between the two.

"Yeah, I also heard that this time, the fifth area of the beast is opened, the fifth source of the original beast is relatively less cruel, and, after entering, we can hunt the original beast in the outer circle, as long as it does not enter the inner circle, then, is relatively safe."

"The first layer, we have a total of five beasts, and the original beasts in the first three districts are simply powerful. Even the opening time is not the responsibility of the city owner, but only waiting for the initiative to open. Once inside, there is no such thing as inner and outer circles, because the original beast there is extremely brutal! The fourth and fifth districts are controllable, and the fourth district is also dangerous five..."

The two did not notice that someone was eavesdropping on their conversation. Of course, what they discussed was just a very ordinary thing. On the street, people were discussing beasts everywhere, so they naturally did not have defenses.

However, it is a great help to Ye Xuan. After all, Ye Xuan does not know what this beast is.

At this moment, Ye Xuan has generally understood what is going on in the so-called beast.

It turns out that among the mysterious secrets, the most mysterious, and also the most desirable, is the place where the original beasts gather in the edge of the void.

What is the original beast? That is the beast that has the power of the source and was born by the source of power.

So how can strength be weak?

It can be said that all the original beasts that Ye Xuan saw before, whether it is the dark origin beast born from the altar or the original beast that was promoted by the source beast, can only be regarded as a semi-native beast.

They will also condense the source of the gods, the surface does not seem to be different, but the strength is very different.

The original beasts in the void, even if most of them are also promoted by the source beasts, can also be part of the birth of the law of origin, the strength is tyrannical, it can be said that if this source secret has a special guardian, fear that once those origins When the beast comes directly, people have no ability to resist.

The beast is to hunt the original beast, but unfortunately, the person who is not strong enough to go to die.

Even if it is strong, it is dangerous to go.

After seeing what is a beast, Ye Xuan is not hesitant to choose. He has to go and must go.

Even in Ye Xuan's mind, this is a huge good thing for him.

Ye Xuan is now in the air, how to get more of the source of Shen Jing, but do not want to, come to such a beast.

Reasonably and legally obtained the source of Shenjing, how can Ye Xuan not go.

Of course, Ye Xuan has experienced countless times of treasure hunting. Naturally, I also know that this beast tour is not only to guard against the original beast. Similarly, it is necessary to guard against its own companions. However, now Ye Xuan is lacking the source of Shen Jing. If there is any one that doesn't have long eyes, and wants to be at the time of hunting the beast, Ye Xuan will really thank him!

After knowing what happened to the beast, Ye Xuan went to the city government without hesitation.

At this time, the city government, has long been a master, these people, no doubt, are waiting for the city owner to order.

Even Ye Xuan also saw the Shenlong and the thousand people!

After all, this beast is the biggest thing on the first floor, so no one, any water conservancy, will ignore his existence.

There is no one, or give up the beast tour.

"Hello, please show your invitation!"

The guard of a city government was in front of Ye Xuan and said to Ye Xuan.

Ye Xuan handed his post to the person.

The guard looked carefully and said to Ye Xuan: "The position of the grown-up is in the seven districts and seventy-nine, please come with me."

No. 69 on the third floor?

Ye Xuan gave a slight glimpse, but did not understand why there are arrangements for even sitting.

But after Ye Xuan entered, I finally understood.

It turns out that this beast is a major event in the entire first district, so there are so many people coming over.

Moreover, although the beast can be attended by everyone, however, the person who received the post from the city owner can enter in ten days in advance!

In ten days, I can already do a lot of things. What's more, every time a beast is opened, there will be only one month. Those who have received the post will definitely have a whole month to go to the beast, but not The person who posted the post has only 20 days.

The gap of ten days, fearing that it is the source of hunting, the gap will be very large.

Another point is also very important, that is, people who enter in advance can undoubtedly make more arrangements. Then, once the conflict breaks out, there will be more protection.

Generally speaking, the last five days of hunting beasts are not hunting animals, but killing each other.

The beast is a place to go to the empty space outside the country. Then, naturally there is no rule constraint. Therefore, killing people and winning the treasure is very normal.

The city owner has sent out a thousand posts, and this thousand people are the ones who can get priority access.

Ye Xuan sat there boring, listening to those strong people talking nonsense on it.

Ye Xuan's location is very remote, and I don't know if the city owner deliberately did it, or because Ye Xuan's strength is not enough.

However, it is precisely because of the remote location, so let Ye Xuan not be disturbed, this is a good thing for Ye Xuan.

Seeing that many people in the room are familiar with each other except Ye Xuan, which is cold and clear, most of them have their own small team.

.....

"Well, this time the beast is the same as the rules of the beasts of the past. Everyone who enters you, regardless of the harvest, will have to pay ten pieces of the gods, no matter how much you harvest in it, the city government Only ten will be charged."

"In addition, all the strongmen above the supreme gods, enter from Tianmen, the emperor's realm is repaired, enter from the gate, as for the repair of the gods, and enter from the side door."

Chapter 2546: Surprise attack

The cumbersome ceremony finally came to an end. The city owner did not summon Ye Xuan, so Ye Xuan also went back on his own.

A month later, Ye Xuan finally waited for the beginning of the beast. Today, it was their thousand people who entered first. In the envious eyes of others, everyone came to the portal.

However, this day, Ye Xuan has become the focus, because the entire side door, only Ye Xuan one person!

In other words, only one of Ye Xuan is a **** of honor!

The rest of the people are at least the cultivation of the inferior gods.

Perhaps among the people who came in later, there will be people who respect God, but undoubtedly, among the first people who entered, only Ye Xuan is below the emperor.

Looking at the strange eyes of those around, Ye Xuan was too lazy to pay attention. Since he was alone, he was too lazy to wait. Ye Xuan had already stepped into the portal when others were still waiting in line. .

However, it is a slight blur of feelings, and Ye Xuan has already come to a special space.

Here, there are no mountains, no water, no flowers and trees, no stars in the sky, and a little star in the sky, but at the foot, it is also a little starlight. At this moment, what Ye Xuan is stepping on is actually a mirror-like thing.

Moreover, this thing is covered with quaint patterns, and there is a mysterious power flowing all the time.

wrong!

Ye Xuan was shocked because he found that it was not a so-called natural formation, but a place created by hand.

Because here, like an altar, and it is a huge boundless altar!

However, Ye Xuan Ming Ming listened to those who talked about this beast is hunting in the cracks in the void at the edge of the first layer, then why, now, is it actually appearing on such an altar?

Ye Xuan was puzzled, but he could not explain at all.

Because here, only Ye Xuan is one.

However, since you can't know the explanation, then Ye Xuan will find the answer by himself.

Ye Xuan casually found a direction, and then walked toward the front, and walked almost two hours, Ye Xuan finally came to the edge of the altar, but it was to let Ye Xuan have a feeling of crying and laughing.

Because the place he had just suspected of being an altar was actually a transmission platform.

This source of secrets has a lot of things, but what is the meaning of a transmission platform that is so big?

Isn't this a waste of Ye Xuan's two hours?

At the moment, what appears in front of Ye Xuan is a broken continent. That feeling is like a complete mystery. It is crushed by some mysterious force and then turned into a piece of land. Ye Xuan's The position of the platform is very high, so Ye Xuan can clearly see that at his feet, a group of source beasts and native beasts are leisurely hanging out.

There are many kinds of native beasts here, and the size of the beasts is also different. Ye Xuan's mind is outside, and even sees a primitive animal that is as big as a million mountains.

The size is huge, and I am afraid that even if I spit it out, it can be turned into a lake.

Ye Xuan firmly remembered the position and said something, and he would not go to that position.

That huge source of the beast, Ye Xuan is afraid that there is no way to do it at all.

Ye Xuan jumped from the huge platform after a lifetime jump.

However, in the midair, Ye Xuan suddenly stopped falling, and the sword was already flying.

There is an attack!

"boom!"

In the sky, there was a circle of quirky energy patterns. Then, from the energy pattern, a native beast was directly drilled out, and when the original beast appeared, it attacked Ye Xuan.

Losing Ye Xuan has precautions in advance, otherwise, I am afraid that it will be affected.

I saw that the source of the beast suddenly spit out a huge concern, and as soon as this light column appeared, it immediately divided into tens of thousands of roads, and came to Ye Xuan.

"Damn, this source beast is really not so good!"

Ye Xuan's figure flashed in a row, constantly retreating toward the back, and at the same time, the sacred sword also broke out with a glory.

There is no pause in the destruction of the gods, and it is launched directly!

"boom!"

The sword light of the sacred sword smashes the light beams of the original beast, but the energy is not consumed.

The rest of the light is still attacking Ye Xuan.

At this time, Ye Xuan had no time to react, so it was surrounded by the light column.

I saw those light beams woven into a cage around Ye Xuan.

Ye Xuan was just emerging, but before he could kill the original beast, he was first trapped by this original beast.

At this moment, the light column cage trapped Ye Xuan in his death, and the original beast came to Ye Xuan.

"Human, why are you here?"

The source of the animal mouth spit and asked Ye Xuan.

This headed beast has a monkey-like head, but the body is like a giant wolf, but there are two wings on the back, but the tail is a separate snake!

Of course, Ye Xuan will not be confused by his appearance.

After all, Ye Xuan is very clear that the form of the original beast can be changed according to his own wishes, and there is no fixed form.

As long as the original beast is willing, even if it is still the same as Ye Xuan, it is not impossible.

Of course, their appearance can be changed, and the overall size will not change.

Ye Xuan looked at the source beast, but he would not answer at all. He came here to hunt for the original beast, not to be friends with the original beast.

"Wan Jian is one! Give me a kill!"

Suddenly, Ye Xuan said that he started to do it, and the sacred sword suddenly burst into a glare. In an instant, the sacred sword rushed out directly from the gap of the cage and directly attacked the source beast.

How can the original beast think that Ye Xuan will do it with such a hand, so there is no precaution at all. At this moment, Ye Xuan suddenly attacked, and the original beast was too late to respond.

"Boom! Boom! Boom!"

The continuous roaring sound, this time, it is the attack of the source beast, Wandao Jianguang, no one lost, all hit the source beast!

However, Ye Xuan did not look at the source of the beast, but directly held the sword, and cut it toward the light cage.

At this moment, the source beast was attacked, and it was too late to pay attention to this cage. If Ye Xuan did not take this opportunity to leave, then what time to wait!

"Destroy the gods!"

A violent attack slashed toward the ray cage, and the cage was broken and suddenly disappeared.

At the same time, Ye Xuan has launched an infinite teleport, rushing toward the source of the beast.

"Give me to die!"

Ye Xuan used his full strength to suddenly throw out the sacred sword. Through the power of Ye Xuan, Megatron directly controlled the sacred sword and turned it into a streamer, and went to the source of the beast.

Chapter 2547: Taikoo bone

At the same time, the law of the **** bow has also appeared in the hands of Ye Xuan, apart from anything else, Ye Xuan even pulled the law of the **** bow.

This series of attacks, but blinking, and this time, Ye Xuan on a rule of the **** arrow, bound is a drop of purple blood!

These purple blood were collected when Ye Xuan was in the mainland of the gods.

However, since it has been obtained, it has never been of any use. Perhaps Ye Xuan has not found a way to use this blood, or perhaps it is simply useless.

But there is a little Ye Xuan who knows, that is, once this blood is detonated, it is extremely powerful!

"boom!"

In the sky, a ripple appears, which is the ultimate explosion of purple blood combined with the power of the various rules of the gods.

The waves were so powerful that it was in an instant. Then empty the clouds in the sky.

However, the next scene, let Ye Xuan have to be vigilant, because even if faced, this powerful attack, the source of the beast, did not die!

At this moment, the original beast is only a small size, and it is obviously weak, but the fact is still alive.

A strong and tenacious vitality is worthy of being the unique source of the original secret.

Ye Xuan thought of it, but for a moment it was a movement in the heart.

An attack can't take your name, then Ye Xuan will launch twice!

"Give me to die!"

Another drop of purple blood was shot by Ye Xuan. Anyway, since Ye Xuan has not found any use, it is better to kill the original beast, so as to obtain the source of Shenjing, so that you can enhance your realm!

"boom!"

It was another violent explosion.

This time, the original beast seems to have seen the strongness of Ye Xuan, and he did not hesitate to go away in the distance.

He is going to escape!

Ye Xuan did not think that this source of the beast actually said that he escaped and fled, there is no scruples at all.

However, it is too late to get away now.

I saw it in front of the original beast, and there was such a strange pattern. Ye Xuan knew that this was a special transmission method of the original beast. After all, Ye Xuan saw this source beast from the pattern. Drilled out.

However, how Ye Xuan might let him escape, so at the same time as the pattern appeared, Ye Xuan's attack was also launched.

And with Ye Xuan to launch an attack, there is also the sacred sword controlled by Megatron.

At this moment, the sacred sword also launched the sword again, and smashed the past to the source.

Boom!

That source of the beast, how could it still have the ability to counter the attack of Ye Xuan, the only source of the sad reminder of the beast, only appeared, it was the result of Ye Xuan.

Ye Xuan does not need to collect the original source of the original beast like other people. Moreover, Ye Xuan does not need to store energy at all, so at this moment, Ye Xuan has swallowed the body of the source beast.

"Hey, the system prompts, the host kills the beast!"

"Hey, the system prompts that although the host is not the first time to kill the original beast, but because of the system maintenance, so did not release the first kill reward, now, the system reissue the first kill reward, this award is doubled reward! "

"Hey, the system prompts, the system is not enough energy, so this reward, all redemption becomes a random draw!"

"Hey, congratulations to the host, get a thousand random draws!"

Ye Xuan is here!

A thousand random draws!

What concept is this?

In the past, Ye Xuan can be very happy even if he can get a few lucky draws, but this time, the system directly rewards Ye Xuan for a thousand random draws!

Isn't this the rhythm of a big development?

However, when Ye Xuan was excited, it was ringing again. It seems that he did not need to be so excited, because the system has already suggested that the random lottery is now not so high, and may even get garbage. .

Looking around, there is no danger, Ye Xuan is ready to try the current draw.

"Come on, the system, first come a hundred random draws, try your luck!"

A hundred random draws to try your luck.

If I changed it before, Ye Xuan could throw out a hundred draws like this, fearing that she could wake up dreaming.

Of course, Ye Xuan at the moment is also very excited.

Although the quality of the current lottery has dropped, it is so good, the number is so much!

With Ye Xuan's order, the system's prompts followed.

"Hey, the system prompts, the host uses a random lottery, get a hundred-year-old ginseng, a pack of figs, a long iron sword..."

The constant system prompts rang, but Ye Xuan was stunned.

Is the quality of this random lottery falling too much?

A pair of rotten shoes?

Broken one?

This is when the system is broken?

One stone?

A pack of Lingshi powder?

What are these things?

Ye Xuan listens, the more the heart is not a taste, the quality of the random lottery has dropped too much!

With the end of the system prompts, Ye Xuan suddenly found out that among the 100 lucky draws, the best reward was actually a medicinal herb, a medicinal medicine called Huiyuansan. However, this remedy But it can't recover the real yuan at all.

"Damn, this is not too much luck, the system, I want to pump nine hundred! I will use all the remaining 900 lucky draws directly. I don't need to prompt those junk things, just remind me of things that are useful to me. ""

Ye Xuan's heart is also awkward, not trying to try anything, but directly to the remaining nine hundred draws, all together!

"Hey, the system prompts, congratulations to the host to get a hundred war cloak, sleepy dragon lock, millennium blade ..."

This time, Ye Xuan is letting the system prompt those things that can be useful to them. However, I didn't expect it to be so unsatisfactory. Indeed, these things Ye Xuan can be used, but they are not used at all because their The quality is too low.

The more Ye Xuan listened, the more boring he was, but when he was ready to stop the system, when he went to kill the beast, a hint of the system caught the attention of Ye Xuan.

"Hey, the system prompts, congratulations to the host to get one of the ancient bones!"

Taikoo God bone?

what is this?

After waiting for such a long time, a whole thousand draws, I changed to such a thing that can still enter Ye Xuan's eyes, then, Ye Xuan naturally wants to see clearly.

Ye Xuan directly looked at the description of the ancient **** bones. At first glance, it was very strange.

The arch of Taikoo, the bones left by the mighty in the Taikoo period, the strong in the ancient times, is the eternal life, but in the special circumstances, it will fall, the heavens and the earth will change dramatically, and the laws of the ancient times will be mostly It has fallen, and there are not many things that can be left behind.

Taikoo bone can be directly used to strengthen the host physique and refine the host bone.

Chapter 2548: Wrong way

"Hey, the system prompts, congratulations to the host to trigger hidden tasks, forging the ancient gods!"

"Hey, the system suggests that the Taikoo body is not the blood force, but the strength of the bones of the exercise host. If the host acquires the complete Taikoo, then it will have the ability to live forever!"

"Hey, the host should pay attention to the immortality that is said here, which refers to the powerful strength of the power of the law."

Ye Xuan slightly stunned, he was shocked by the description of this ancient **** bone, harnessing the power of law?

What kind of power is that?

As far as Ye Xuan knows, no matter whether it is the realm of the gods or the current mystery of the present, there is no such thing as the power to control the law. The law of enlightenment is the ultimate goal of all people's cultivation, no matter how to understand the law. It can be said that it is impossible to control the law.

The power to control the law is simply to wear the power of speaking...

This ancient **** bones, actually has such a powerful role?

Even if it is necessary to make a complete Taikoo bones and blood physique, it is an opportunity.

Once successful, even Ye Xuan can jump out of the limits of the realm.

However, what is it like to jump out of the realm?

Ye Xuan did not dare to think, because at the moment, these things are too far away for him.

"System, I want to integrate this ancient god!"

'Hey, the system prompts that the system is not energetic enough to provide fusion for the time being. "

Ye Xuan gave a slight glimpse, just remembered the excitement, forgetting that the system now has only basic functions.

It seems that this ancient **** bone can only be kept first.

Ye Xuan carefully stroked the ancient **** bones, feeling the quaint and vicissitudes of the atmosphere above it, and sighed, Ye Xuan directly took this Taigu **** bone into the ring.

Since it is said that Ye Xuan has given this opportunity, Ye Xuan believes that he will be able to collect a complete set of Taikoo bones, thus strengthening his bones and making the ancient gods!

At this moment, Ye Xuan put away his heart, his eyes have been looking down, below, and there are more of the original beast waiting for Ye Xuan's hunting.

Hunting this original beast, although it did not let Ye Xuan improve the realm, but Ye Xuan knows that every time he kills a native beast, then his own strength, and the recovery of the system can be improved, as long as he has been so persistent Going on, then it is not difficult to upgrade the realm and restore the system.

Ye Xuan fell from the sky and directly started his hunting tour, whether it is the original beast or the ordinary source beast. Once it was met by Ye Xuan, then Ye Xuan would kill mercilessly. Then quickly swallowed.

A head-to-head animal is transformed into the experience of Ye Xuan's upgrade, which is used to restore the energy needed for the system, and Ye Xuan is farther and farther...

Because she was too focused on hunting the beast, Ye Xuan did not notice that the broken continent was actually swimming, and once it was docked by two continents, it would be strangely blended together, and then after a certain period of time. , in one separation.

On the surface, it seems that Ye Xuan has been fighting on a continent, but in fact, Ye Xuan has already experienced two continents, and unconsciously, he has already arrived on another continent.

Coincidentally, what he went to is the continent where the gods are strong!

In ten days, originally, Ye Xuan could enjoy exclusive ten days, arbitrarily hunting the beasts on the continent that belongs to him, and even if someone enters afterwards, they are also gods and respects, relying on Ye Xuan's nine products. The repair, it can be said that Ye Xuan is invincible in his original mainland.

It is impossible for anyone to get him.

It is a pity that once Ye Xuan changed the mainland and came to the place where the gods were hunting for the original beast, then it would not be so lucky.

He is no longer the strongest, but the fallen, the lowest!

After all, the minimum requirement for entering this continent is that it is a goddess.

Ye Xuan did not realize what he had experienced. At this moment, he is still hunting the original beast in front of him.

"System, what is the strength of this original beast?"

"Hey, the system prompts, the target is specified, which is equivalent to the three gods and gods!"

"Well? God's emperor, what is the situation, how can there be the origin of the gods and gods, I have never encountered before, the most powerful, but also the equivalent of the three spirits and other gods Just already!"

Ye Hao was slightly stunned, and he killed hundreds of native beasts in front, but he did not encounter a beast that surpassed the gods. Of course, except the super big guy that Ye Xuan felt at first, in fact, Ye Xuan I didn't dare to look for him at all.

However, now suddenly encounters a **** of the gods, Ye Xuan is quite a surprise.

"Megatron, out, kill me this original beast!"

Ye Xuan did not delay for a while, and rushed straight toward the source beast.

However, at this time, a terrible attack suddenly came, and there was no sign of this attack. Moreover, one shot, I wanted Ye Xuan's life!

"Hey, system prompts, warnings, warnings, the host suffered a fatal attack, the system system automatically defends! 弑 Shenjian absolute defense ability launched!"

"boom!"

A loud noise, Ye Xuan was instantly shot and flew out!

However, a circle of light will be wrapped in Ye Xuan, which is one of the skills that the sword is equipped with, absolutely defense!

Absolute defense: 弑Sword combines magical alien space, produces special changes, will use the space ability to provide an absolute defense for the host. This defense takes one year to use each time, Different spaces can be reactivated. This defense, borrowing the power of the rules of heaven and earth, will ignore all means of attack. And the host can be randomly sent away!

This is the absolute defense that comes with the sword!

It can be said that every time you perform, you have to pay a great price. This thing is not only the problem of cooling time, but also the cooling time of one year. Ye Xuan is still acceptable. The most important thing is that the space!

Every time you start, you need a different space to start.

What is the different space?

The simple understanding is the secret, that is to say, the cost of each launch is to find a secret, after all, it will be used for guard.

Last time, Ye Xuan had already used it. It can be said that this time Ye Xuan launched this absolute defense, then, it must be a different space.

Ye Xuan stood up from the dust, and the light of defense still surrounded him.

However, Ye Xuan was shocked by the heart.

During this time, Ye Xuan did not accept any different space, then, this time the absolute defense was applied, what is the system used?

Is it to devour the space or the ancient space?

Chapter 2549: and flying smoke

Whether it is swallowing space or the ancient space of the piano, it is simply the root of Ye Xuan's strength. If any one of them is damaged, then Ye Xuan's loss can be made.

Ye Xuan quickly checked, but did not notice an abnormality.

So, where is this different space used?

"System, this time launched the absolute defense of the Excalibur, what is the difference between the use of the space?"

Ye Xuan also asks regardless of the battle, because this question is really too important.

"Hey, the system prompts, this time the use of absolute defense, the consumption of Ye Zong's trial secret."

Ye Zong?

Ye Xuan looks strange, this Ye Zong is indeed Ye Xuan established no mistakes, but he did not even stay in Ye Zong for a few days, because there has never been a return to various things.

What is the situation of Ye Zong now, Ye Xuan does not know at all, but presumably, there should be nothing.

.....

The Kunlun domain, the nine squares of six thousand, Ye Zong territory.

A young girl is watching the sky of Ye Zong at a glance.

Just now, in the sky of Ye Zong, a huge vortex suddenly appeared. Then, a secret of Ye Zong was directly swallowed.

"It's a son, it must be a son, only a son has such a means of heaven!"

The girl surprised and said!

The secret is a spare secret of Ye Zong. At this moment, there is no disciplinary cultivation. Therefore, for Ye Zong, there is no loss.

At this moment, the entire Ye Zong has already boiled, and countless people have gone out of their hungry. They look at the sky outside and look at the disappearing mystery. One by one, they are extremely swearing: "The Sovereign, the Sovereign is back!"

"No, it is the sect of the Sovereign who summoned the secret of Zongmen in another place!"

"Look, it's the Lord God!"

At the time when Ye Zongzhi's people were talking about it, in the sky, a pair of majestic shrines guarded, and the guards had already rushed over quickly.

He launched all the power to find Ye Xuan, but there was no result. He only knew that Ye Xuan might have gone to another powerful world.

As the Lord of God, you naturally know the orderers and guardians.

However, she did not have the ability to enter, even if he could find a little bit of news through his relationship, but unfortunately, it is impossible to investigate Ye Xuan!

Therefore, you can only wait quietly, but in the process of waiting, the secrets are ordered, and the main palace of the gods is moved to the nine or six thousand, and Ye Zong!

Because I think that Ye Zong is, after all, Ye Xuan is established, here, also by Ye Xuan, who may remember, Ye Xuan may come back, or if there is news, it will be passed to Ye Zong.

"I have seen God Lord!"

Everyone bowed, but he just waved his hand and walked quickly to the girl.

"Flying smoke, what happened, is he coming back?"

There was some excitement between the look of the cockroaches. Looking at the flying smoke, it was a little trembling.

"Returning to the Lord, not the son returned, but a secret of Ye Zong was summoned by the son."

"What, the secret was summoned by him, can you say that he is in danger? Flying smoke, I know that you and him have a special feeling, no matter where he is, you can send it in an instant, is it not? Now, still can't you?"

"Returning to the Lord of the Lord, before flying the smoke is only able to sense the general breath of some sons, it is impossible to transmit, but this time, with the departure of the secret, I feel the breath of the son more clearly, but, want In the past, it was not at all, because there seemed to be a powerful force guardian."

There is some sorrow between the appearance of flying smoke. Since the start of the gods war, Ye Xuan has acted alone. Because the strength of flying smoke is not enough, he can only stay in Ye Zong, with the gods, etc., to build Ye Zong together, but this is the case. Ye Xuan left them.

Everyone knows that Ye Xuan is going to another powerful world, perhaps a secret and perhaps somewhere else.

At the beginning, Ye Xuan fought in the demon gods, they were able to get some information about Ye Xuan, but now, there is no information at all.

.....

"Is there really no way to do it? Flying smoke, can't you even have a way?"

There is some bleakness between the look of

None of the people around have said anything. During this time, no matter whether it is Ye Zongzhi or the Jingwei Guard, they actually understand the ambiguous thoughts. They are in love with Ye Xuan, and they are unable to extricate themselves. .

So, no one is surprised by what he said.

Flying smoke looked at you, how could she not see her heart.

In fact, she certainly wants to return to Ye Xuan's side.

Thinking for a moment, flying smoke said: "God Lord, perhaps, we have a way, and the only way."

"What way, fly the smoke, you are going to say, what is the solution, no matter what you need, I can give it to you!"

"God Lord, you should not be excited first. The method I said does require a lot of resources, but the most important thing is that the chances of success are extremely low, even less than 10% chance!"

Flying smoke said.

"One percent? It's already very high, even if it's only half-baked, it's better than waiting for us here, flying cigarettes, you are going to say, what do you need to do?"

"God Lord, my family has a secret law, and must be contracted like me and the son to be able to display, but at the cost, it is very likely that the gods are broken. It can be said that if we can not get to the son, then it will The gods are broken, even if we are around the son, the strength may be greatly damaged..."

"God Lord, you can think about it. Once you take this road, then we have no room to look back."

It turns out that Feiyan has a special magical power called Sanshengyu!

Although the name of Sanshengyu is somewhat weird, its function is only to find people. Once it is launched, it will force the use of the cultivation of the person, the mind, the soul, and even the physical transmission. Once the energy is insufficient, the consequences can be imagined.

However, as a supplement, it is also possible to arrange an odd array of methods called the three arrays. The role of this array is to bring all the powers together to the people who use the magical powers.

Feiyan said this method to the cockroach, and he did not hesitate, and took all the things he had directly...

The Jingwei Guard and Ye Zong's disciples are guarded around, and the two women are busy. The three generations can only be arranged by the person who uses the magical powers. Because it is to be arranged with his own blood, this is an extremely cruel array. The law is even more likely. The arrays have not yet been arranged, and the people who have used the magical powers have fallen because of the exhaustion of blood.

Chapter 2550: Regroup

But the two women are fearless, support each other, and constantly integrate their blood into the formation.

At the same time, all the resources, magic weapons, spiritual stones, etc. that have existed for a lifetime have been turned into a share of energy, which is constantly being swallowed by the law...

In seven days, the formation was finally completed, and during these seven days, the blood of the two women never stopped.

It can be said that on several occasions, they are almost degraded. If it is not countless, secret treasure, and medicinal support, they will not be able to reach this step!

At this moment, the two women were extremely weak and sitting in the formation, supporting each other, but with a satisfied smile on their faces.

"Flying smoke, start the array, let us go to him!"

"Okay, my sister, but, sister-in-law, can you really reap the glory of the gods and the land of the two gods?"

"It's all time, you said what to do, let's go, let us go together, either live or die, even if it is dead, can see him, I am satisfied."

"it is good!"

Flying smoke is very firm and said.

At this moment, the entire Kunlun gods, the demon gods, countless souls worship the room, Christine their gods!

.....

"Hey, what's the matter, why is the value of belief suddenly skyrocketing?"

Ye Xuan is extremely confused. At this moment, Ye Xuan has been here for fifteen days.

Last time, after Ye Xuan started the absolute defense of the Shenjian sword, he knew very well that he was not the opponent of the person who attacked him. So he did not hesitate to start the transmission ability. This time, the transmission was actually sent by Ye Xuan. Going to a remote place.

There is no one here to come here, of course, the relative, the original beast is also rare.

However, it is exceptionally powerful. It can be said that Ye Xuan is simply not able to kill the original beast as before, but every time he kills, he will pay a great price and experience a **** battle.

Ye Xuan does not know where he is, but he knows that it is by no means simple, because around him, he is basically a powerful beast of the superior gods.

And Ye Xuan is almost looking for it every day, looking for the original beasts that are single...

Even if it is the original beast of the order, Ye Xuan can not say that it can definitely kill, because Ye Xuan strength is only God's respect, after all, even the nine products peaks!

He can forcibly kill a primitive beast that waits for the five gods to wait for God's respect, and then he needs to use all his strength, and how dare to provoke too powerful.

However, here, the original beasts of the inferior gods are hard to see, so don't say that they have to satisfy the five products. Therefore, the harvest of Ye Xuan in these days is not very good.

Fortunately, with the second group of people entering, the original beast here will be taken away from time to time.

Don't say anything else, at least, Ye Xuan has a way to get out of here.

After all, he has been stuck here for a long time!

Suddenly, Ye Xuan seems to have a sense of heart, and his eyes are directly locked in one position.

"What is it? Why do I have a feeling of being concerned about in my heart?"

The sacred sword surrounded by Ye Xuan, and the law of the **** bow, was also hanged by Ye Xuan, but his eyes locked in that position.

Suddenly, a ray of light appeared, and the two figures fell directly from the air.

"Flying smoke! Hey!"

Ye Xuan was greatly surprised, he did not think that flying smoke and cockroaches actually appeared here!

This is the source of the secret!

This is already beyond the existence of the godland.

How did the two women come over?

Ye Xuan did not understand!

I am afraid that Ye Xuan is thinking about it, but she can't figure it out.

After all, it is simply unimaginable to go from the mainland of the gods to the secret of this source.

However, they are really coming.

When Ye Xuan was in motion, he had already caught two women directly.

At this moment, the consciousness of the two women has not been completely lost.

Looking at Ye Xuan, Feifei was angry and shouted a son.

And hey, but his eyes shook with tears and excited Ye Xuan.

Subsequently, both of them fainted.

This, what is this called?

Ye Xuan is quite helpless. The appearance of two women has already been out of Ye Xuan's imagination.

There were too many variables during this time, and with the return of the fall, Ye Xuan even almost forgot the two women.

But I did not expect that they actually found it.

From the mainland of the gods, I directly caught up with the mysterious source.

Ye Xuan waved, two original Shenjing appeared directly, and then suspended on the top of the two women's heads, adding the power to the two women, naturally in the eyes of Ye Xuan, the two women did not have any major problems, most The main thing is that the loss of power is too much in the eyes, even to the point of exhaustion.

Ye Xuan did not know what the two women had experienced, but it was also clear that the two women must have paid a great price since they were chased here.

A single source of Shenjing continues to appear, adding strength to the two women.

These origins are the harvest of Ye Xuan during this time.

Originally, Ye Xuan was prepared to devour all of it, but since he came to this strange place, he gave up the idea of phasing up immediately, but prepared to leave ten sources of Shenjing in case of going out directly. Enough source of crystal.

After all, the city owner has any plans for himself, and Ye Xuan has not figured it out now.

Therefore, without being tempted, Ye Xuan still does not want to provoke the city owner.

These sources are the entire reserve of Ye Xuan.

Of course, in addition to the original Shenjing, Ye Xuan also began to refine the medicinal herbs, and now the second woman is still too weak, Ye Xuan had to find a way to cure.

As for other things, then, only wait for the second woman to wake up to ask.

.....

"Big brother, it is the front, I have been observing for a few days. There is a little guy who has been hiding here to hunt the source beast, but I am not strong enough, so I have not been in charge of it. Now that the big brother is here, then the guy will be able to Escape our palms!"

"That is of course, but is the identity confirmed? If we recruited the descendants of a big family, it would be a bit bad."

"Big brother, you are not funny at this joke, is your big brother afraid of offending any big family?"

"Haha, your kid is talking, yes, my name is not called to play, the second child, the third child, you two from the side, the source of Shenjing, I will not be too little, Regard who he is, grab it and say it."

"Okay, boss, you can rest assured that I can do things, let's take a look at the prey, can you let him escape?"

The three people are very fast, and they are ready to ban!

I saw three people quickly rushed to the location where Ye Xuan was located, and immediately arranged a ban.

The main purpose of this ban is to prevent Ye Xuan from transmitting the news. After all, they do not know what identity Ye Xuan is.
