Chapter 2551: Sancha attack

Although these three sisters are not afraid of anyone, they will be prepared and will not arbitrarily provoke the enemy.

After all, although they are not afraid of their mouths, their own strengths are real. The three are just inferior to the divine gods, and the cultivation of the imperial gods in the district can be true. ?

However, Ye Xuan, but they are very clear about their every move, it can be said that since the three began to surround Ye Xuan, Ye Xuan already knows.

However, Ye Xuan only has no time to pay attention to it now. The smoke and the cockroaches are not awake, which makes Ye Xuan very worried.

These two women pursued themselves across the mainland of the gods. Ye Xuan said that he was not touched, and that was simply a lie.

The last time, Ye Xuan violently, all resources were swallowed up by the system.

However, after such a period of time, the resources of the Qingu space to play, at least for the refining of some medicinal herbs is enough.

As time went by, the three people were getting closer and closer to Ye Xuan. Ye Xuan knew that if he was not going out, he would not be able to do it. No matter how powerful the three people were, Ye Xuan could only fight. After all, Behind Ye Xuan, the two women have no ability to resist.

"Flower **** swordsman, give me a guardian."

Ye Xuan summoned the flower **** sword guardian to be at the side of the second woman, and he himself already has an action.

.....

"Weird, why didn't the man actually move, it's hard, he hasn't found us yet? This is unreasonable, boss, or do I use God to read it?"

The man who found Ye Xuan with three scorpions said to the boss of the three scorpions. However, he had not finished his words, but he saw a ray of light rushing toward him.

The power contained in the light and its greatest, the most important thing is that this is the attack of God!

The man was so scared that he changed his face and immediately wanted to defend.

However, this is a **** attack, no preparation, how can it be defensive!

Silent and uninteresting, as if nothing has happened, then the people who lead the way have already fallen straight.

This guy, as early as two days ago, Ye Xuan discovered him, but he only had the cultivation of the divine gods in the second district, so Ye Xuan did not pay attention to it at all, just when he was also looking for a chance to hunt. The activation of the original beast.

Who knows, this person's goal is himself!

Therefore, Ye Xuan can never stay with him.

Obviously, the other three are also the helpers this guy has come up with.

Ye Xuan has long known that in the process of hunting beasts, I am afraid that it will inevitably encounter robbery, but I did not expect that it will come so fast, but I did not expect that the first guy who started to do it himself is a district. The second product is waiting for the gods!

This time, Ye Xuan is using the spirit to swallow!

With the improvement of the realm, many moves and equipment have been unable to keep up with the use of Ye Xuan, and the same is true of the spirit. However, when necessary, Ye Xuan can still display it.

Not long ago, Ye Xuan got a lot of belief values, which can be said to be suddenly skyrocketing. Although Ye Xuan did not know what happened, but since there is a belief value, then whether it is a swallowing point or an eternal point, For Ye Hao, it is not impossible to get it.

This time, Ye Xuan suddenly shot, it is already decided, one hit will kill!

Of course, it is not really killing this guy, but using the control of the spirit, temporarily forcing this guy to control, Ye Xuan does not need much time, because this guy, for Ye Xuan, only one hit is useful.

The control of the mind is to temporarily control this guy, but it will not kill his life.

At this moment, this guy fell to the ground, but it was Ye Xuan's order. Ye Xuan wanted to give the boss of the three scorpions a fatal blow.

The three-year-old boss looked at the fallen companion, but there was no such thing as a slight look. It was like a passer-by falling in front of him.

"Kids, I didn't see it, the area of God's respect, even can be mixed into the team of beasts, have you, haha, but unfortunately, no matter how smart your kid is, in the face of absolute strength, your point Small tricks, but there is no use."

"Let's do it, I will give you a chance to live, leave your ring, and all your magic weapons, and then immediately get out, I will not bother to kill you, a district of God, killing you is a waste of time. ""

It's so arrogant and arrogant, this guy didn't even put Ye Xuan in his eyes.

"System, detect the strength of this person!"

'Hey, the system prompts, specifies the target, and the six products are under the gods! "

Six products wait for the gods!

High Ye Xuan whole six products! No wonder he dares to be so arrogant. He really has arrogant capital. Ye Xuan is indeed a myriad of means, but even so, it is very difficult to kill him, even a slight mistake, then it will die!

Moreover, this is still Ye Xuan. If you change the other nine characters to the top of the gods, even if you have the title of the former title, then you want to kill the strongest of the six gods. No half possible!

Ye Xuan looked at this person, but his heart was thinking, what should be done, in order to have a complete policy.

The second emperor who fell to the ground and waited for the emperor was the back hand of Ye Xuan. However, if the second emperor waited for the emperor, even if it was a sneak attack, it would be very difficult to achieve too much victory.

It can be said that this time, Ye Xuan is faced with a very difficult choice.

Moreover, this choice will not give Ye Xuan too much time to consider, after all, the other two have already surrounded this side.

Don't care so much, the strength of these three bosses is the highest of the three. If Ye Xuan can kill him quickly, he may avoid fighting with the other two. Now, it is impossible for Ye Xuan to consider it. When the shot is taken, it is necessary to shoot!

"Six words are true, hurt!"

Suddenly, Ye Xuan launched an attack. The guy didn't put Ye Xuan in his eyes at the moment. It was also the most lax time to defend. This is the best opportunity for Ye Xuan. It can even be said that it is the only chance!

With the six-character mantra, Megatron controlled the sword and launched an attack.

At the same time, the rule of the gods in Ye Xuan's rule, the Shenmu swordsman who was suddenly summoned, launched the attack in the first time.

"Never night field!"

"Absolute zero!"

.....

All the means, Ye Xuan all broke out, and at the same time, Ye Xuan himself rushed out to the man!

Ye Xuan now, the only thing that can be expected is that the effect of the sacred sword will be launched.

Of course, along with Ye Xuan's attack, the second emperor on the ground has already jumped up and launched a desperate blow!

Ye Xuan gave him the command sentence, even if it blew himself, it would hurt the person!

Chapter 2552: The agency counts

In the hands of Ye Xuan, a purple blood has appeared. It can be said that Ye Xuan has used all the means that he can use.

"boom!"

"Boom!"

It was like a stormy attack, but it poured out between the blinks.

I have no heart, and the three bosses have no room for reaction at all!

The absolute zero will freeze the person for a while, but it is this moment of time, all the attacks arrived at the same time!

After the sword was launched, the sword was automatically returned to Ye Xuan's hands. At the same time, Ye Xuan continued to create seven gods.

The law of God's bow is the law of the gods, almost at the same time as the sword of the gods.

There is a rule in the gods, or with purple blood!

The last one to arrive was the one controlled by Ye Xuan. However, his attack was also the most powerful, because he detonated himself and used all his cultivation to kill the three bosses.

All the attacks, blindfolding, and the boss did not make any sound, it has been surrounded by violent power.

.....

"boom!"

It was also a huge explosion, but this time the explosion, but the scope of the control is very small, Ye Xuan knows that the attack of the guy who is in the second world of the gods broke out.

Condensing all the forces in a little burst, the power can be imagined, can only be described as horror.

Ye Xuan's brow is tightening. He is waiting for the result. He uses all the means and launches the strongest blow. Can it be effective?

At the moment, Ye Xuan's heart is full of expectations.

"Hey!"

It is the sound of vomiting blood, but Ye Xuan's face is a big change.

Because, since the three-year-old boss is still vomiting blood at the moment, it proves that such a powerful attack, and still a sneak attack, did not kill him!

"Give me to die!"

Ye Xuan dared to hesitate, and the sword was instantly returned to his hand, and Ye Xuan had attacked the past again.

Ye Xuan is like a crazy general, and the sword in his hand is desperate for a sword.

"Boss! Damn guy, you dare to sneak up on the boss!"

Behind them, the voices of the two men have already arrived...

Suddenly, the sound of the system finally remembered.

"Hey, the system prompts, congratulations to the host to kill the six princes and other gods in the three kings..."

The back of the system is still saying that Ye Xuan has no idea, because Ye Xuan has taken away the guy's Qiang Kun ring, and has quickly launched an infinite teleport, far away.

The two did not know what their boss was, so they did not deal with Ye Xuan, but quickly came to the boss.

But when they came to the boss, they changed dramatically.

The boss is dead!

Sancha boss, the three-big boss who is higher than Ye Xuan's six products, is so dead!

Silent, even when it appeared, it was directly killed by Ye Xuan.

A huge sense of fear, swept the two in an instant, the guy, is it really a little guy in a district?

Why, why can he kill their boss!

You must know that he is not a **** of honor, not even the defense of the boss can not be broken, why, why he can do it!

The two were terrified and even defensive.

terror!

It is terrible!

The leapfrog killing is not without it. If you have a powerful magic weapon or supernatural powers, then it is true that killing two or three things beyond your own.

However, this time, it is a whole six products!

This guy, what kind of anti-sky means, can you kill the boss who surpassed his entire six products?

The two couldn't help but think about it, looked up and looked at the distance, still a little careless, just guarded Ye Xuan.

The two actually had a chill from the depths of their hearts. It is clear that Ye Xuan's realm is lower than them, but they feel that even if they join hands, it is impossible to kill Ye Xuan.

The three-year-old and the third-year-old looked at each other and then did not hesitate. They turned away from the distance.

They escaped!

Until the two men retired, Ye Xuan was relieved, but at the same time, Ye Xuan had to escape.

Although the battle just was extreme, the fluctuation of this battle is enough to attract the attention of the surrounding beasts. Once it is discovered by the original beast, then Ye Xuan is afraid that there is no chance to escape.

In the opposite direction of the escape from Sancha, Ye Xuan took the cockroach and the flying smoke directly, and did not hesitate to walk away.

It can be said that the arrival of flying smoke and cockroaches, direct big chaos is also the plan of Ye Xuan.

Ye Xuan was originally prepared to look for opportunities to make a fortune in this beast, to improve his strength, and also to improve the system repair progress.

But now, the emergence of cockroaches and flying smoke, let Ye Xuan have to consider, whether to launch in advance.

At this moment, the two women have fallen into a coma, and Ye Xuan does not even know how long they will be in a coma. Therefore, Ye Xuan cannot fight with these two people.

However, if Ye Xuan goes out in advance, then I am afraid that when I go out, it will attract the attention of the city owner.

Once the city owner discovers cockroaches and flying smoke, the consequences are not what Ye Xuan is willing to see!

Helpless, Ye Xuan can only stay here!

Ye Xuan continually ran towards the edge area, because Ye Xuan had to reach the edge to be able to protect himself, as well as protect the cockroaches and flying smoke.

After all, the battle in the central area is very fierce, hunting the original beasts and robbing each other of resources.

Everywhere, people are crazy for the sake of the source.

Especially those who came in later, some, even simply formed a small team, not to kill the original beast, but to hunt other people.

In their hearts, the first batch of people who entered, no doubt have already hunted some of the source of Shenjing, if they can kill more people who first entered, no doubt, they are making a big profit!

Therefore, many people have given up on killing the original beast, but they have played the idea of others.

Of course, those who entered early, since they are qualified to enter in advance, must also have special means.

Therefore, if you fight, it's really hard to say who wins and who loses.

Fortunately, Ye Xuan has moved away from the right and wrong, no matter how powerful the core area is, the eyes of Ye Xuan will not be invested there.

Ye Xuan now thinks in his heart, only how to protect the cockroach and flying smoke.

However, even if Ye Xuan hides in a convenient area, it does not mean that no one will come to him for trouble.

In fact, in the core area of the war, there are actually some people who choose to escape, but they do not escape because they do not fight, but look for weaker, for example, Ye Xuan!

Chapter 2553: Someone visited

Since Ye Xuan can think of the edge zone to be able to stay away from the battle, then why others can't think of it. In this way, some people with weaker forces will escape to the edge when they get the benefits, wait for the end of the beast, and then escape. .

And with it, some people who are not too powerful, but have a little strength, will team up to find those who are hiding in the margins.

For that, it is to capture the source of the gods.

Ye Xuan is not a miscalculation, but because he has not been to this beast after all.

Therefore, Ye Xuan followed the usual treasures to see this trip to the beast.

In the past treasures, after all, everyone is competing for one or several treasures, so they will concentrate on fighting in places where treasures are infested.

The beast is not the same, the beast is hunting the original beast.

The original beast is a living thing, and they also have wisdom.

Therefore, strictly speaking, there is no such thing as a safe zone and far from the center. It's just a little better.

Ye Xuan took the shackles and the flying smoke, hiding in a place in Shandong, and also set up a series of bans.

According to Ye Xuan's idea, wait for the beast to end and then go out.

Of course, if you encounter the original beast passing by here, then Ye Xuan will not mind killing.

After all, it is a special magical power that consumes a lot of blood, and it is transmitted to this source of mystery. It can be said that it is their luck to die. At this moment, it is naturally in a state of weakness.

It can be said that since they saw Ye Xuan, they have been in a coma. Fortunately, the situation has stabilized, and Ye Xuan does not have to worry too much.

As time passed, the original Ye Xuan thought that he could wait until the end of the beast, and then go out, but this day, the banned sudden warning, Ye Xuan Shen thought, it has already been sensed,

"No, this is not the attack method of the original beast. This is God's temptation!"

After all, the two women are around, so the prohibition of Ye Xuan's arrangement in this area is quite complete, including the special prohibition against the exploration of the gods.

The general function of this ban is to directly pull the minds of the people looking at here to other places, making this a blind spot.

However, the ban is subtle, but there are still people who can detect the anomaly.

At this moment, several people noticed an abnormality.

"I said, Lin brother, are you worried about this area, I have already checked this area, and there is no such thing as an abnormality. How do you come back to see it?"

"No, here, there is weirdness."

Lin Tianji, a talented gang in the Qinglong gang, even directly received by the Qinglong gang as a son, the deep Qinglong help the trust of the Lord, and even many people believe that he is likely to become the next generation of help.

This Lin Tian's talent is not in cultivation, nor in special magical powers, but in his thoughts.

According to his own statement, he is from an ancient secret!

Ancient, ancient, Taikoo!

It is three special periods.

The gods of the mainland are known as the ancient times, because it was the wars of the ancient times that led to the natural crack barrier between the gods and the gods.

However, above ancient times, nature is still ancient!

It can be said that the cultivation of the Divine Realm is degenerating!

Some people say that it is because the power of blood is constantly diluted because of the relationship of inheritance, and some people say that it is because of the ancient supernatural powers, and the inheritance is constantly broken.

Ye Xuan thinks, maybe, there are!

In ancient times, it was an era farther than the ancient times.

About 50 million years ago!

As for Taikoo, it is even the era of creation. Because Taikoo said that it was a hundred years ago, it can be said that nowadays, whether it is the mainland of the gods or the secrets of various places, there has been no rumor about the ancient times. Come down.

Lin Tian said that he came from the secrets of Taikoo. Many people just sneered at the secrets of the ancient times. What does that mean?

Is there a mystery that has existed for at least 100 million years?

Perhaps it is true that there is such a secret, but it is absolutely impossible to say that it is the mystery of hundreds of millions of years, but it is not discovered by anyone, leaving no record!

Therefore, everyone feels that this forest is absolutely, but it is self-proclaimed.

But this guy is indeed a very powerful talent for the owner. In the Qinglong gang, he has this high status. Therefore, no matter what he is saying, no one will refute him.

At this time, Lin Tian had a group of Qinglong gangs around him, surrounded by the secrets of Ye Xuan's arrangement. His horrible and strange thoughts had already been explored.

Ye Xuan slightly frowns, this guy's thoughts, really weird, if other people's gods, touched Ye Xuan's prohibition, it will immediately be bounced, unconsciously viewed elsewhere.

However, this Lin Tian's fascinating thoughts seem to have some kind of stickiness, and no matter what it touches, it will leave a hint of breath.

Therefore, even if the prohibition bounces his gods, it is useless, because the god's thoughts have left a trace, then naturally he will be aware of him.

Lin Tian is extremely confused. He is always very proud of his own thoughts, but today's situation is somewhat unexpected.

After another investigation, Lin Tian had a temper.

"I still don't believe it. There must be weirdness here. I have to see what it is!"

Lin Tian suddenly pulled out his **** soldiers. At this moment, in front of him, it is a mountain. This mountain directly blocks the road of Lin Tian's progress. To be precise, as long as it is the sky, then Nothing is there, but he is staring at the mountains.

The sword has already flown and is ready to be shot.

Because, there is really no mountain at all. The so-called big mountain is just a real fantasy created by Ye Xuan with a combination of prohibition, rune, and formation.

This illusion is not just about looking at reality, but it is inherent. Ye Xuan uses the transmission matrix method to arrange a transmission line around his position. As long as anyone crosses the line, it will directly It was sent away, and the location where he appeared was exactly where the mountain was, because the mountain was not far behind Ye Xuan.

To put it simply, Ye Xuan will use his transmission method to isolate his position. As long as he passes by, the formation will be unconscious, and he will take a long walk, just avoiding the place where Ye Xuan is. One location.

Of course, that is the use of the array.

And Ye Xuan used a ban, let this shield the mind to explore, this is also known.

As for the use of the charm, it is to let the mountain appear in the eyes of those people as if it existed in reality, so that it can dispel the doubts of passing by.

Chapter 2554: God special

At this moment, Ye Xuan looked at the outside silently, because he knew that Lin Tian and others would do it, then his true fantasy would be finished.

Ye Xuan is waiting, waiting for those people to give up, after all, it is not necessary, Ye Xuan still does not want to fight, he just wants to smoothly wait for the end of the beast, and then leave with a cockroach and flying smoke.

Unfortunately, Ye Xuan's expectations have not been realized!

"boom!"

Suddenly a loud noise, only the dazzling light appeared, then Lin Tian absolutely, and finally issued an attack.

Along with this radiance, the people of Qinglong help, there is no doubt that there is weird here, so all the brows are wrinkled.

Of course, Ye Xuan is more angry than them.

"This is what you forced me. Then, don't blame me for being ruthless. You obviously have passed from here, then there is nothing, but you are coming to death."

Ye Xuan looked at the people and said a faint mouth.

"Who is speaking?"

"Who is pretending to be a ghost?"

.....

In the interim, the Qinglong gang heard the voice of Ye Xuan, but when they heard the sound, Ye Xuan had already started.

"System, start the special wings of the wings of the gods, the gods copy!"

The wings of the gods have long been obsolete by Ye Xuan, but this time the last time the system was swallowed by the system, it actually escaped.

Almost everything in Ye Xuan's ring is swallowed up by the system, but the wing of a **** in this area has been left behind. I don't know if the quality is too low, the system is not blind, or because luck is good enough. So I stayed.

But now, Ye Xuan has no magic weapon to use, so even the wings of these gods have been taken out.

Hundreds of figures appeared in the blink of an eye. These figures are the gods that have already fallen, the Kunlun domain, and the demon gods. Of course, these ghosts have no fighting power at all. Ye Xuan released it, but it is to confuse those people.

Sure enough, seeing the sudden appearance of so many people, the Qinglong gang was also shocked.

After all, here is the beast area, the people who enter, are also strong, except for those who participate in the beast, there is no one here, so they instinctively think that other people have come.

Moreover, there are hundreds of people, how to make them not shocked.

Just when they were shocked, Ye Xuan launched the strongest attack on the wings of the gods!

The wrath of the gods!

The wrath of the gods! You can let Ye Xuan condense the power of the wings of the gods and launch an absolutely powerful attack. If the single use can be the highest, the equivalent of Ye Xuan is 10,000 times the normal attack crit effect! If it is used by a group, it can attack 10,000 targets at the same time.

This skill, at first, Ye Xuan did not even have the opportunity to use it. As for the reason, it is very simple, because the original Ye Xuan, there is not so much energy of the **** wing.

Later, Ye Xuan was able to get energy, but he didn't need it anymore. After a long time, he forgot.

If it wasn't for the system that was swallowed up by this system, I was afraid that it was Ye Xuan, and I forgot such a powerful magical power.

Of course, if you want to launch, the consumption of the energy of the wing is also great. It can be said that Ye Xuan can only be launched once. Once this is launched, then Ye Xuan can only say that he completely gave up the gods. s wing.

Because the current attack is already a law attack, ordinary attack, even if it is 10,000 times, what can it be?

Of course, with carelessness, this time, it may have a certain effect.

Accompanied by Ye Xuan's command, between the moments, from Ye Xuan's body, a powerful and powerful light broke out.

These ray of light quickly condensed, and then they attacked those people at the same time.

The effect of the crit was launched immediately.

The continuous explosion sounded.

The smoke and dust are confused. In the blink of an eye, Qinglong's position for helping everyone is already in an absolute attack.

Ye Xuan understands that once those people condense the shield of the law, the effect of this attack will not be ideal. Therefore, Ye Xuan must use other means of attack to achieve a fatal blow.

"Never night field!"

"Absolute zero!"

"弑剑剑, give me a attack"

Ye Xuan made a full effort, without any hesitation.

.....

When Ye Xuan has launched all his attacks, he can only wait for the results.

Of course, this wait is just a matter of moments.

Unfortunately, the final result is far from perfect as Ye Xuan thinks, and can even be said to be quite unsatisfactory.

I saw a few rays of light appear at the same time, and those who have helped the Qinglong have spread out everywhere.

Want to rely on ordinary attacks to deal with the law, this is simply a idiotic dream, not to mention 10,000 times, is a million times, fear that the effect will not be ideal.

"Damn, it turned out to be a phantom!"

Those who have helped the Qinglong have obviously endured the strong and powerful attack of Ye Xuan, but they have nothing to do with the fact that there is still a mood to discuss the true and false of the surrounding phantom.

"Kid, I didn't expect that you have not much strength. There are a lot of scary means. You succeeded in cheating us. Then, the seat cost, we will take your life now!"

Lin Tian said faintly, at that moment, he was indeed scared, and thought that he had provoked a super strong, or a powerful strength.

But who knows, all this is just an illusion, and the attack of the stubborn Ye Xuan is also so unbearable.

This makes Lin Tian feel very shameful, naturally, to Ye Xuan, there will be no good face at all.

Ye Xuan's brow slightly wrinkled, and all his attacks have failed. This is the result that Ye Xuan did not think of, and whether he is willing or unwilling to accept it, it is already a fact.

It seems that Ye Xuan only uses the eternal realm.

You know, the system has already suggested that before he fully recovered, Ye Xuan had only one chance to use the eternal field. According to the truth, Ye Xuan should not be used now.

After all, now Ye Xuan, although not stifling the enemy's strength, can still do it if he escapes.

Unfortunately, Ye Xuan can escape, and can not escape, but it is basically two things.

Both Yan and Feiyan are behind Ye Xuan. If Ye Xuan is now fleeing?

The consequences, Ye Xuan did not dare to think.

In this case, then only the eternal realm is used.

"Eternal field!"

In a flash, with Ye Xuan as the Chinese and Western, a field appeared instantly.

The eternal field, the use of eternal points to open, once opened, Ye Xuan can be placed around himself, a special field, in this field, Ye Xuan all attributes, including the realm, directly increased by one hundred times!

One hundred times is a concept, that is to say, in the eternal realm, Ye Xuan already has the strength to challenge the spirit of the nine spirits.

Therefore, Ye Xuan even looked at these people without looking at it. Anyway, Ye Xuan knew that he would be able to overcome them. Then, why should you pay more attention!

Chapter 2555: Shock of three punches

"Hey, the power of the field, boy, you think, you can beat us, haha!"

Lin Tian is very proud of the smile, because of the gap in strength, so Lin Tian is just a glance, it has already seen through the cultivation of Ye Xuan.

In his eyes, Ye Xuan wants to fight against them, it is impossible.

"You, let me take the kid, I want to see, what other means he has."

Ye Xuan's series of attacks, although not causing much damage to them, but also made them a gray face, so Lin Tian is very angry.

However, even if he is angry, he does not bother with Ye Xuan. In his heart, Ye Xuan's strength is not qualified for him to be hands-on. Therefore, Lin Tian has directly ordered a person from Qinglong to help.

"Yes, son."

The man promised a moment, then slowly walked toward Ye Xuan, in his heart, in fact, Ye Xuan is also very careless, in his heart, won Ye Xuan, no need to spend any effort.

"Kid, let's surrender, you can still eat less, or else you will have your boy."

The man said to Ye Xuan, even, that looks like it is for Ye Xuan.

Ye Xuan did not bother to look at him at all.

In his own eternal field, even dare to be so arrogant, then, Ye Xuan and so on to look at what kind of expression this guy will have.

Ye Xuan stood there, motionless.

Even the swordsman has returned to Ye Xuan, and it looks as if he gave up the defense.

The Qinglong gang, with a smile on his lips, said: "This is what you are, little guy, rest assured, I will ask the young master to let you die a little faster."

As I said, the Qinglong gang has already walked toward Ye Xuan.

In his hand, the faint light began to condense, and Ye Xuan knew that this is the power of the law.

However, Ye Xuan still did not move, but let the person walk to his side.

The Qinglong gang, who has already been very proud at this moment, is in his heart, he is a horse, scared Ye Xuan not dare to start, is undoubtedly a very face-to-face thing, however, when he reached out and took it toward Ye Xuanyuan At the time, Ye Xuan also extended his hand.

The two hands collided in the air, and the light of the law around the hand was the one who helped the Qinglong.

The other hand, but nothing changes, as if it is so unprepared.

It is even suspicion that once contact is made, then the hand that does not have the slightest power to bless it will be wiped out immediately.

However, is the result really like this?

At this moment, everyone in the Qinglong Gang seems to have already determined that Ye Xuan is just a hand, so no one has the slightest defense, and it is not easy to look at Ye Xuan.

In their eyes, perhaps, Ye Xuan is just a passerby, a cockroach ant.

However, in the next scene, I saw that they were all stupid, and even said that they would die!

Because, in the hand that Ye Xuan and the Qinglong gang contact, not the Qinglong gang caught Ye Xuan, but Ye Xuan was very casual and pinched the hand of the Qinglong gang.

Then, just punch, just a punch.

That's straightforward, there is no fancy punch.

But then a boxing out, the air suddenly shocked, then, Qinglong helped the man, he lost all the action, everyone knows that his godhead has broken!

How can this be?

No one believes in their own eyes, because the scene they are seeing now is too strange and too horrible.

A punch, just a punch, is to kill a strong person at random!

You know, they just saw the strength of Ye Xuan, but God respects it.

Even if it is the top of the nine-character peak, it would be such an understatement that it would kill a strong god.

Is it their eyes, or this world has changed, why is this?

Lin Tian had a big eyes and looked at this scene incredulously. This scene has already violated their cognition.

Computation is that you have a strong strength, but the realm of the realm is placed there, a small fellow in the region, can kill a strong man who is about to enter the middle of the gods.

Why, how to look, how do you feel that such horror is incredible.

This is not an illusion, but a real thing.

In this regard, Lin Tian is even unwilling to accept, but also has to accept.

Her man was really defeated, and it was so complete, just a punch, just a punch...

Ye Xuan turned and looked at the other people in the Qinglong Gang, but the sound was a sudden move.

When it reappeared, it has already come to a person who is a Qinglong gang.

"You can go die."

Ye Xuan said faintly, while speaking, the fist has been thrown! "

It's another punch, and it's such a simple punch.

However, the helper of this Qinglong gang was killed again.

There is no ability to resist even a little.

Too strong, it is too strong.

Some people were frightened, even scared the six gods without the Lord, and fled, but unfortunately, he did not have the opportunity, because, while his figure was moving, Ye Xuan also moved, and instantly appeared in his face.

Like pinching a chicken, Ye Xuan holds the man's neck and sets him in place.

"Want to run? Why did you go early, now I want to run? Late!"

Boom, another boxing out, is a strong man fallen.

It's too horrible, it's too horrible. The rest of the Qinglong gang, including the Lin Tian, is so scared that the beans don't dare to move.

Who is this guy?

Why are you so aggressive?

Three punches killed three people, and they are all people with higher strength than him. In this case, it is too strange and horrible to die!

It was the voice of someone who was stunned. Ye Xuan looked at the past, but found that Lin Tian had fallen to the ground.

"Predecessors, small eyes and no beads, bothering the predecessors, I am willing to give all my source Shenjing, only to ask the older generation to have a small one!"

This is the Lin Lintian who himself boasted that he is the oldest secret of Laozi!

He admits defeat, no, not just admit defeat, he is already desperate, and Ye Xuan's three-handedly killing the strength of the three strong players has already made him completely obedient.

However, it is still the same sentence, now I want to surrender, is it late?

Ye Xuan looked at the guy, but he said very casually: "Kill you, then, your Qiankun ring is also mine. Why should I spare you? You just thought about spare me?"

Chapter 2556: go away

"Predecessors, seniors, we are wrong, we know that we are wrong, and ask the seniors to raise their hands, just spare me!"

This time, not only that Lin Tian is absolutely, but all the people of the Qinglong gang have fallen, and Ye Xuan killed three people in three punches, which has made them desperate. They simply can't imagine how powerful this is. .

Unfortunately, Ye Xuan did not intend to let them go.

Ye Xuan is very clear in mind, now let them go, once out, then, Ye Xuan himself to find trouble for himself.

Ye Xuan believes that once these people return, they will try their best to find themselves and then kill themselves.

Therefore, Ye Xuan will not give them such an opportunity.

"Give me to die!"

Ye Xuan moved, as if there were countless Ye Xuan at the same time, but in fact, it was because of his movements he was fast.

For a moment, including Lin Tianji, all the people of Qinglong Gang were killed.

And then, the effect of the eternal realm is finally over.

Ye Xuan waved with his hand, and all of these people's Qianghuan rings fell into the hands of Ye Xuan, and then swallowed directly.

"Hey, the system prompts, the host breaks through, the current realm of the second world and other gods!"

Finally broke through, these people have a large number of original Shenjing, and other resources, especially that Lin Tian, because of its special identity, the good things in the ring, more.

Of course, at this moment has been turned into the experience of Ye Xuan and the system!

"Hey, the system prompts, the host continues to leapfrog, get special rewards, super draw once!"

"Hey, the system prompts, the host kills the ancient mystery blood holding this, this super lottery, the quality is upgraded to the ancient level!"

"Hey, the system prompts, the system is not enough energy, this lottery, the quality is declining!"

The continuous system prompts made Ye Xuan quite unwilling, because he finally got a special lottery, but what he didn't think was that the quality dropped immediately.

Although Ye Xuan is very clear, the reason for this decline in quality is because the system is not enough energy, but after all, it is so flying to the hand, and Ye Xuan's heart is inevitably depressed.

Fortunately, even if it is a decline in quality, but in what to say, it is also an ancient level of lottery, Ye Xuan believes, also said that no good things can be drawn.

"System, I want to use this ancient draw!"

"Hey, the host uses the ancient lottery to reward the random draw."

"Hey, the system prompts, congratulations to the host to get the heart of a special treasure."

The heart of the source?

what is this?

Ye Xuan quickly opened the view, you know, this is an ancient lottery, then, this source of origin, presumably is not a simple thing.

The heart of the source: special materials, containing the power of the origin of the law, this thing is natural, appeared in ancient times, but also disappeared in ancient times, it is said that to obtain this thing, you can get the opportunity to control the power of the law.

The special ability of the heart of the source, the law is traced back!

If the host is the heart of the original source, it will have the ability to trace the origin of the law. This ability does not directly provide the host with powerful capabilities, but it can give the host an extremely powerful full-integration law.

In the way of tracing the origin of the law, we explore all the rules. Once we have the heart of the law, then the power of the source will not become a secret, and the host will have a chance to understand the origin of the law, thus gaining the opportunity to control the power of the law.

The legend of ancient times is actually true. The heart of this law is a powerful treasure that can be used by Ye Xuan to reflect his origins.

Ye Xuan will hesitate and immediately integrate the heart of the source into his body.

In the blink of an eye, Ye Xuan has already had the induction. The most intuitive performance is that Ye Xuan's understanding of the law is faster...

Tracing the power of the law, this is undoubtedly an excellent way to improve the sense of law.

At this moment, Ye Xuan has acquired such ability.

Ye Xuan is very satisfied with the heart, although it seems to be on the surface, it seems that the strength of Ye Xuan has not been greatly improved, but Ye Xuan is very clear about the value of this thing.

No, it is no longer possible to call him alone, because he has already integrated into Ye Xuan's body.

This source of heart, once combined with Ye Xuan, is actually equal to let Ye Xuan have a property that comes with it.

This attribute is the source of the power to pursue the law.

Thus, let Ye Xuan get the rules of control.

You must know that there are not many people who want to get the heart of this source, but they can't ask for it. After all, the heart of the source has long been lost.

Now that Ye Xuan has acquired this source through the system, what does it mean?

That is, opportunity!

The opportunity to control the power of the law.

After killing these Qinglong gangs, Ye Xuan once again strengthened his own ban.

Fortunately, in the next time, no one can see Ye Xuan's ban.

One month, finally, the beast is over.

No one can stay here, because once the beast is over, everyone will be forced to leave.

No matter where these people are, time will automatically pop up.

Originally, in fact, these special spaces held by the beasts are very exclusive, not to say that the original beasts are excluded, but that the secrets themselves are excluded.

The secrets of these primitive beasts have a very special character. No one knows why, but everyone knows that there is no way to violate them.

That is, every time the opening time arrives, in addition to the original beast and the source beast, any other aliens, even foreign objects, will be transmitted away.

Ye Xuan waved his hand, and the smoke and the flying smoke had disappeared, because Ye Xuan knew that once he went out from here, he would inevitably fall into the monitored situation again.

After leaving, they are naturally not randomly transferred to places too far away, but directly return to where they entered before.

Until the crowd came out, Ye Xuan knew that how many people were degraded in a beast.

I am afraid that this time, one-third of the people will stay there forever. Of course, those who can come out are all very excited. Hunting the original beast and getting the source of Shenjing is something that everyone has dreamed of.

However, when Ye Xuan appeared, he found that he was locked by two gods at the same time.

A constant stream of Ye Xuan seems to be exploring what happened after Ye Xuan entered.

Of course, Ye Xuan knows that this **** is the city owner.

As for another god, Ye Xuan does not understand who it is.

In this thought, with strong hostility, it can be said that if it is not in this special place, I am afraid that the person has already started.

Naturally, that person is the helper of the Qinglong Gang.

There is a special magical power in Lin Tian. It is to be able to attach his own mind to the target without knowing it. It can be used to pursue the target. Now, it can also help the Qinglong. Moderator, know who killed Lin Tian.

Chapter 2557: hostility

Ye Xuan's heart moved slightly, but it did not show any abnormality. The city owner paid attention to himself. Naturally, he observed his performance this time. However, this time, Ye Xuan did not have any performance.

As for the ten original Shenjing, even Ye Xuan did not come up.

Of course, it's not that Ye Xuan can't get it, but he doesn't want to take it.

Don't look at the ten original sources, Shen Jing doesn't listen much, but now, for Ye Xuan, it is very important. Anyway, he has enough reason to refuse to pay, so he is not afraid of anything.

"Please pay your source Shenjing."

Ye Xuan came to the exit, and a strong man from the city's main house said to Ye Xuan.

Opening a beast is not a simple matter, and the resources that need to be consumed are extremely high.

Of course, the income of ten Yuanjing Shenjing is definitely earned.

Ye Xuan looked at the strong, but only took out three of the original Shenjing, and then said: "This time the beast, I have no gain, this is my whole harvest."

what!

The strong man has widened his eyes. Some people used to try to corrupt the ten original gods. However, the end is very miserable. Since he is responsible for collecting the source of Shenjing, then naturally, he will also be responsible for suppressing this kind of ignorance. The person in charge.

At this moment, this strong man is already angry and even ready to shoot!

However, a voice rang.

"Oh, you said that you have harvested such three sources of Shenjing this time? Can there be a reason? This time, only one of you has priority to enter the beast area where the gods are located. It is difficult, you can even kill the strength of the original beast. nothing?"

"The Lord of the City!"

Everyone has let a road come. It turns out that this city owner has come over.

Ye Xuan already had enough rhetoric, so at this moment, he said directly: "The master of the city, Mingjian, is not my inability to hunt the beast, but in the beast area, there are people who are robbing, and I am not entering. God worships the beast area, but enters the sacred beast area!"

The gods in the beast area?

Maybe this doesn't sound like anything, but many people have changed dramatically.

Because they are very clear, Ye Xuan was actually assigned to the area of the sacred beast of the gods, which means that Ye Xuan did not break through the realm of the gods. However, it was such a little guy who was able to survive in the sacred area of the gods. This is already a bad thing.

What's more, Ye Xuan also said that he is constantly being robbed, that is to say, he is more than once and against the gods, and then not only nothing, but also alive!

The leap-level battle, but no loss at all!

This kind of strength, who is not high to take a look.

"You said that you didn't enter the area of God's honor?"

The brow of the city owner was slightly wrinkled. In fact, he arranged Ye Xuan to enter the area of the sacred beast. It was the special care of Ye Xuan. However, Ye Xuan did not enter? This has to make him wonder if anyone under his deliberate intention to target Ye Xuan.

At this moment, a beast of the gods who belonged to the city's capital went to the city owner and whispered a few words to the city owner.

Suddenly, the eyes of the city owner directly looked at the distant places.

There, it is the location of the Qinglong helper.

It turned out that what Ye Xuan didn't know was that he and the Qinglong gang were fighting. In fact, some people saw it. However, at that time, the beast was naturally ignored, but now that it is out, it will not hide anything.

The Qinglong help the owner's brow slightly wrinkled, do not understand why the city owner will suddenly look at him like this.

Although he did sense that Ye Xuan killed his son, but because of the low strength of Ye Xuan, he is still not sure.

Instead, the eyes of the city owner made him believe that Ye Xuan did it.

"Damn little guy, what means you used to kill my son!"

Qinglong helped the host to silently think about it. At this moment, he naturally would not know what to say. After all, the face of the city owner still has to be given, but in his heart, he has already made a lore order for Ye Xuan.

Lin Tian is absolutely, after all, he is the most optimistic son, can be said that he also appointed, and the future is a rumor, but did not expect that he was killed in such a kid.

However, at this moment, the Qinglong helper does not do anything, there is another reason, that is, he suspects this, perhaps the city owner instigated.

In the eyes of Qinglong, the strength of Ye Xuan is absolutely impossible to kill Lin Tian, not to mention that Lin Tian's entry into the beast is not just that he enters alone.

Now that Lin Tian's degeneration has made Qinglong's help have to be doubted, it is said that this is the arrangement of the city owner.

His Qinglong gang is getting bigger and bigger, although it is not really able to threaten the status of the city government, but it is not much worse.

After all, he already has the qualification to be on an equal footing with the city owner.

It's hard to say that the city owners are not willing to see the development of the Qinglong Gang. All of them deliberately arranged to kill the Lin Tian.

The helpers of the Qinglong Gang are not allowed to think so. After all, in the face of interests, anything can happen.

Moreover, between him and the city owner, there is no such thing as a big deal!

At this moment, the city owner heard about Ye Xuan's actions, but he did not blame himself. Instead, he was very happy in his heart. He was able to enter the hunting beast area of the gods with the strength of the region's gods and respected the land. He also walked out unscathed. It has already explained the potential of Ye Xuan, not to mention, this guy also killed the opponent!

With this status and strength, nature will not care about who Ye Xing is killing.

At this moment, after listening to the report of the man, the city owner laughed and said aloud: "It turned out to be like this. It seems that it is really a transmission error. Then, this time you don't pay the source of Shenjing, it is not illegal. Ok, this is the end of the matter, you can leave!"

Ye Xuan did not say much, but went straight to his residence. After all, Ye Xuan still has more important things to do.

As for why Ye Xuan does not say that he has entered the sacred beast area from the sacred beast area of God's honor, just because Ye Xuan feels that there is no need, in Ye Xuan's heart, even thought that the city government actually knows These things.

Ye Xuan soon returned to his Yefu, and then set up a ban on his own residence on the grounds of retreat. Of course, this time, Ye Xuan even erased those hidden surveillance bans.

Because of the smog and flying smoke, Ye Xuan does not want anyone to know their existence.

At this moment, the two women have not recovered, but Ye Xuan has to worry about it. Is it appropriate to arrange the two women? He Yefu is naturally the most inappropriate place. After all, it is always under monitoring.

So where are you going to fall?

It is also inappropriate. Once it is found by the city government, it is more troublesome.

After all, the strength of flying cigarettes is relatively the first, so even if it is found to be discovered, it will not cause taboos, but it may not be the same.

In the first layer, the cultivation of the highest gods is considered to be strong!

Chapter 2558: wake

How does Ye Xuan choose to choose?

This problem, it is difficult to live in Ye Xuan.

But when Ye Xuan thought about it, the flying smoke first woke up.

After all, this forced transmission is the array of flying smoke, and in the middle of the road, it is constantly providing energy. Therefore, flying smoke is the first step to wake up.

Flying smoke confusedly opened his eyes, the encounters on this road, it can be said that only they know.

This forced transmission, to see Ye Xuan's time, but in just a few days.

However, flying smoke and cockroaches, in fact, have been going through hundreds of years!

The proportion of time in transmission and the ratio of time outside is simply different.

These hundreds of years, boring, boring, and extremely dangerous, it can be said that several times, they are almost lost in transmission!

Also countless times, the flying smoke thought of giving up.

The transmission needs to provide the power of the power, the power of the law!

During the transfer process, you may suffer all kinds of hardships at any time.

They encountered a storm of the void rule, tearing their bodies completely into pieces, and then bonding them by the power of the array.

They have encountered the attack of the void and the beast, hidden in the void, specifically to devour the soul!

The power of the array guards them, and the powerlessness and pain that the soul is pulled by the two forces is not something that people who have not experienced can imagine.

Of course, the most important thing is the feeling of despair and emptiness.

The two are rotating to preside over the formation, because after all, if you don't rest, you are afraid that you can't hold it, even if there is enough energy support on the formation.

In what kind of decades, you can only see the endless void, the eccentric law light, can only silently instill a divine power, and drive the loneliness of the formation, which is not something that ordinary people can bear.

It can even be said that until now, the flying smoke has not subconsciously urged the power.

A soft divine power is directly stored in the body of the flying smoke, and among the eyes of the flying smoke, only Muran...

"Flying smoke, flying smoke, you wake up, wake up."

Ye Xuan naturally knows what the flying smoke is now, so he is trying to wake up the flying smoke.

At this moment, Ye Xuan could not borrow any external force to disturb the flying smoke.

Because of the current situation of flying smoke, it is called the lost soul!

The so-called lost soul is said to encounter a certain kind of stimuli, let a person choose to close his own mind, in order to escape some special state of reality, in this state, the man's mind And the power of the soul is both unstable.

It seems that it is just a cloud of smoke. If any external force touches it, it will disappear completely.

Fortunately, Ye Xuan still remembers that when the two women appeared, they once called his name, and then they fainted.

Therefore, their state of loss is just an illusion, just an instinctive self-protection.

We must know that the real loss of soul is that there is no way to save any means.

Therefore, at this moment, Ye Xuan simply does not dare to use any external force to stimulate the flying smoke, but can only call for flying smoke. Even if this call, there is no such thing as a trace of the gods, but the most common call.

"Flying smoke, flying smoke, wake up, wake up, I am Ye Xuan, you have come to me..."

Ye Xuan kept calling, and finally, the flying smoke had a reaction. I saw Ye Xuan, who was flying in the smoke, and looked at Ye Xuan's direction with her eyes without focus.

Slowly, the eyes of the flying smoke began to condense, and the focus began to gather.

"The son..."

Finally, the flying smoke shouted.

And this shouting, in the blink of an eye, let Ye Xuan completely relieved.

Flying smoke finally recovered.

"The son, the son, really is you, we are finally here."

Suddenly, the flying smoke directly hit Ye Xuan's body, and in the eyes, the tears flashed.

For hundreds of years, supporting the flying smoke and the shackles, only to find Ye Xuan such a belief.

It can be said that if this belief is not, they have already lost.

The world of nothingness is not imaginable by the outside world.

The silence and loneliness there is simply unimaginable.

In the outside world, it has been able to endure for thousands of years, but it can be tolerated, but in the void, even if it is a day, it is so difficult...

Because there, there is no time, no space...

There is nothing, there is nothing but nothing, even if you occasionally encounter some rules of law, it is also very chaotic.

Just when the flying smoke was holding Ye Xuan crying, Ye Xuan's thoughts had already felt that another person had swooped at him, and he woke up.

半嫖 半嫖 半嫖,,,
,,,,,,,,,,,,,, Ye Xuan also can't walk this step today. For Ye, Ye Xuan's heart is more respect.

But now this one hug, it seems that Ye Xuan understands something, but it is not too clear.

It can be said that Ye Xuan never thought about what he could do with himself. Although Ye Xuan was in the Kunlun domain, there was no fear of others, but after all, from Ye Xuan to Kunlun At the beginning, the scorpion is the **** of the high, so no matter how you look at it, I feel that maybe, and Ye Xuan, there is no possibility at all.

However, this seems to be something that has no chance at all, but it still happens now, regardless of whether Ye Xuan believes it!

With his eyes wide open, this hug of shackles is no longer necessary in any explanation.

半嫖 and Feifei have gone through the hardships to find Ye Xuan. Some things do not need to be explained at all.

Perhaps, flying smoke to find Ye Xuan, it can be said that because Ye Xuan devours the space, the body of Fei Yu.

However, what?

There is nothing more than love.

Ye Xuan looked silly at the sly, but the extra words, but no longer need to say anything...

The three began to talk about their experiences for a while, especially for the dangers of squatting and flying smoke to find themselves. Ye Xuan has never found any words to describe.

Therefore, in the heart, even more decisions, you must not let any one of the cockroaches or flying smoke be hurt, of course, there are still falling.

Among the three women, Ye Xuan can never let them suffer the slightest damage.

Time passed in January.

During the month, three people were in the house, but they did not come out at all.

Previously, because cockroaches and flying smoke were in a coma, Ye Xuan was able to temporarily devote them to the edge of the space, but at this moment, Ye Xuan could not do this at all.

Therefore, in desperation, Ye Xuan called two maids to come over. Then, refining the easiness of the goddess, let the two girls look like the two maids, and then walked outside.

Ye Xuan thought for a long time, but he finally decided to let the cockroaches and flying cigarettes fall together and be safe.

Chapter 2559: Original source tea

After all, it is considered to be the strongest of the four, and at this moment has not been discovered, then naturally it is more secure than Ye Xuan's side.

However, it is a problem to find a reasonable maid who will let the smugglers fly away from Ye Xuan.

Ye Xuan's heart is very clear. No matter where he goes, there are absolutely the people sent by the city owner behind him. Then, naturally, Ye Xuan, with two maids going out, can't hold anyone, and once the two women suddenly leave, they must Will be tracked.

Ye Xuan constantly thinks and looks for the right way.

But I don't want to, some people actually put the method of reasonable escape in front of Ye Xuan.

It turned out that the Qinglong help helped me after thinking about it. How could she not swallow this breath? He was not idle during this time and has been investigating things about Ye Xuan.

At the beginning, Qinglong helped the lord to suspect that Ye Xuan was the owner of the city. Naturally, he still did not dare to come.

However, in the subsequent investigation, he discovered that this Ye Xuan was not the person of the city government. The only continuous is that the city owner sent him a house.

Although the location of the house is indeed good, but a set of houses, it is not able to prove how much the city owner prefers Ye Xuan.

In the eyes of Qinglong help, Ye Xuan may be a talented person, so he was valued by the city owner and ready to train, but now, after all, it has not yet begun to cultivate.

In this way, perhaps, killing Ye Xuan now will not cause too much trouble for himself.

Besides, Qinglong's helper once suspected that the city's lord had instigated it and deliberately weakened their Qinglong gang.

So, the city owner can not swallow this breath.

Therefore, he sent a man, ready to rob Ye Xuan.

Of course, he did not send his own core people, and even the people who even Qinglong helped.

It's just a small gang.

Moreover, the plan is also very simple, that is, to find a head, learn from Ye Xuan, and then create the illusion that Ye Xuan was accidentally killed.

Such things can be said to be quite common.

Not outside the city.

In this source of mystery, strength is the rule. The words of the city owner are also easy to use in the city. They are out of the city gate, fearing that those outside will not pay attention to the city owner.

Of course, the strength of the city is strong, and these people will not do it.

At this moment, Ye Xuan took the two women as if they were hanging out, and went into a tea house outside the city.

This tea house is also a chic, a small pavilion, a few chapters of the big table, so it is so casual.

Of course, this tea kiosk is not simple.

Because the tea here is the famous nine song tea!

This nine song ghost tea is the soul of the collection of the original beast, and then planted with special planting methods.

Not only do you need to add a corpse of the original beast as a nutrient every 100 years, or even a special ban on the source of the gods can be used to produce this tea.

Therefore, among the teas, there are a lot of powers of the original law.

It can be said that the average person can't really afford the tea here.

Because, here's the tea, a pot of gods!

This price, fear is enough to make many people directly fearful.

Here, there are not many tea guests, and every tea drinker has to go to a pot of tea, saying no, just sitting here for a whole month.

Slowly taste the tea, and at the same time, slowly taste the original law of the tea.

The source of Shenjing can be directly absorbed, but it only borrows the fixed source of law.

The original source of tea, but it is possible to let people explore the mystery of this source law by drinking tea!

Ye Xuan is of course also purposeful to come here, and the cockroaches and flying smoke are all from the mainland of the gods, so naturally they are not exposed to this source law.

The law of origin, but it is the most important element to break through the high gods.

Therefore, Ye Xuan brought two people to tea, in fact, it is also to enable the two to contact the original law.

As for whether there is anything to gain, I don't know.

At this moment, Ye Xuan walked into the small pavilion, throwing a source of Shenjing, and asked for a pot of original tea.

Don't underestimate the pot of tea. In fact, the interior space is really great. It can be said that this small pot of tea is enough to pour out a large tank of tea.

Ye Xuan poured a cup for the second woman, and then said: "Try it, this source of tea contains the atmosphere of the original law, slowly feeling, can not have a harvest I do not know, but after all, can let you touch the law of origin."

"Oh, is there such a magical tea? I have to give it a try."

I naturally wouldn't be as polite as Ye Xuan, so after listening to Ye Xuan's words, I immediately picked up the tea cup in front of me and then smelled it.

The tea is fragrant, but the scent is not special.

Then he took a light drink and his brow was slightly wrinkled.

"Oh sister, what's wrong, but what is the difference between this tea?"

Flying smoke saw the look of the cockroach, some curious asked.

In the conversation of the previous month, they certainly knew exactly where it was.

Beyond the existence of the realm of the gods, even the lowest is the special source of the gods.

When they heard the news, they could be said to be scared.

After all, the gods and emperors, in the mainland of the gods, that is already the Lord of the Divine, the millions of people.

But here, it is everywhere.

How can this make them not shocked.

Fortunately, the two women are still quite good, and they quickly reacted from the shock.

It is precisely because of this that the two women are extremely curious about anything that functions after the original secret.

When I heard the inquiry about flying smoke, I still frowned and said, "I can't say this feeling. Drinking this tea, I seem to have sensed something, but I can't catch it. This is one. It's a very subtle feeling. It's not what words can describe. It's not as good as a smoked smoke sister."

The two men attacked life and death, it can be said that they have already been like sisters.

When the flying smoke heard the swearing, it naturally came to the interest, and also gently took a sip.

After a while, the appearance of the flying smoke changed, but immediately the tea in the teacup was drunk.

"How, but what is the sentiment?"

Ye Xuan and Yan also looked at the flying smoke at the same time, because the performance of the flying smoke at the moment is obviously different.

From his look, and his movements, it can be seen that there is any feeling of flying smoke, otherwise it is impossible to do so.

"I seem to have sensed the smell of some kind of law, but I can't tell what the law is."

Yep?

Ye Xuan is slightly stunned. You must know that the original source tea is naturally the essence of the law, but why, the flying smoke will say so.

.....

No, Ye Xuan suddenly wakes up. The essence of the original law is not a certain law, but a law form.

Chapter 2560: Trace back to the source

The so-called origin is to trace the root cause, that is to say, the so-called original law, in fact, a more appropriate name should be the root law.

He deserves not the power of a law, but the foundation of all laws!

In fact, the power of each person's cultivation of law cannot be exactly the same.

How many powers do the rules, and who can truly master all the laws?

This is obviously impossible, so after touching the law of the source, perhaps, each response should be different!

This is the true power of the law.

At this moment, I can't tell what it feels like.

However, flying smoke seems to be a bit of a realization. It is not that they have too much difference in their talents, so it will be like this.

Since he can become a god, he can already prove his talent.

Although the qualification of flying cigarettes is also good, it should be a little worse than 半瞑

The feeling of flying smoke is clearer than that of cockroaches, but it is because the rules of the two are different. When you touch this source law, the things that can be sensed are different.

Ye Xuan did not interrupt the conversation between the two, but instead took the teacup and poured the tea directly into his mouth.

Suddenly, Ye Xuan seems to feel that the tea in his mouth is swallowing his mouth, but at the same time, the way is to spit out something from somewhere.

Ye Xuan's eyes are confused, and his expression is awe-inspiring.

Ye Xuan was quiet in the atmosphere of the original law, and at the same time, he quickly realized and understood the changes.

What is the origin of devouring?

Ye Xuan could not help but think in his heart.

Devouring?

On the surface, it seems that because of a certain power, the things in front of them are directly swallowed and disappeared invisible.

But Ye Xuan seems to remember that there is a law called the law of conservation. The meaning of this law is that all forces are balanced, and part of them disappears, which means that somewhere, there will be more.

.....

At the same time, Ye Xuan thought of his ability to swallow.

It can be said that it is because of the system, because of this devour ability, Ye Xuan can quickly improve the strength.

Then, this phagocytic ability is actually a way of conservation.

The resources are swallowed up and turned into an upgrade experience of Ye Xuan.

That is to say, Ye Xuan is the energy that devours those things, and then strengthens into their own abilities.

Therefore, this energy is still not disappearing, just from one place to another.

However, what is the meaning of the engulfing law?

Devouring, is to swallow the things in front of them, and then where did those things go?

Really disappear completely?

Impossible conservation laws will not allow such things to happen.

Well, that is to say, the law of engulfing is actually a way of transforming energy, but it is to turn the target in front of it into another energy by means of engulfing.

Suddenly, Ye Xuan thought of the law of gravity.

On the surface, this law of gravity is to increase the gravity within a local range to achieve the desired goal.

However, where does this gravity come from?

Perhaps it can be said that these gravity are not appearing for no reason, but the power borrowed from somewhere else.

Ye Xuan felt in the heart, but he did not know it. Around him, the cloud was surrounded by some kind of magical power.

This kind of power can't be seen or touched, or even can't be used by people to explore, but it can make people feel it.

At the same time, the system prompts have already sounded.

"Hey, the system prompts, congratulations to the host, the host has a mastery of the original law, and the blessing of the law of the source, the blessing of the thousand rules!"

"Hey, the system prompts, congratulations to the host's success in obtaining thousands of rules to recognize, the unused power staying in the body, a full-scale outbreak!"

"Hey, the system prompts, congratulations to the host super breakthrough, the current state of the host, a product on the gods!"

This is impossible!

Ye Xuan suddenly widened his eyes, a **** God emperor?

Ye Xuanqing clearly heard this suggestion, not a **** and a god, nor a good god.

It is a true and true product that waits for the gods.

Such an upgrade, such a breakthrough, is totally contrary to common sense, so even Ye Xuan, the owner of this system, can not help but wonder if the system is wrong, or whether it is wrong.

"System, is it that I am wrong, what is the realm you just said?"

"Hey, the system prompts, the current realm of the host, a product on the gods!"

Did you really miss it?

Ye Xuan whispered a little, but said: "System, are you sure there is nothing wrong?"

"Hey, the system prompts, the host please note that this system will not go wrong!"

"Hey, the system prompts, the host should pay attention to any one who can't achieve the so-called 100% cultivation effect when practicing.

It can be said that before the real law of the source is obtained, each person has a large amount of unused energy.

These energies take a walk in the body, including the body, including the mind, and even the soul!

These magical energies, under normal circumstances, are simply not detectable by anyone, and there is no way to use them at all, unless they are recognized by thousands of rules!

Because only after the thousands of rules have been approved, these forces can really be introduced into the owner's body.

Of course, this process is very wasteful, and it is very rare to be able to harvest one-tenth of them! ”

The system said a lot in a very rare breath, and Ye Xuan finally understood what it was because of this super breakthrough.

In the most vivid metaphor, Ye Xuan is like a water cup, but in this cup, it is divided into two pieces. In normal times, Ye Xuan can drink it, only that is not hidden. Half a glass of water, even if it looks, the cup is not the slightest exception.

And when the diaphragm is broken, the water in the cup will all flow into the cup, allowing Ye Xuan to drink more water.

However, this is only a one-time break. Once the diaphragm is broken, the water will flow out, but unfortunately, only the one that is only a little bit.

At this moment, Ye Xuan has achieved a super breakthrough, and its principle is this principle.

Ye Xuan is nothing more than swallowing up all the energy that has accumulated in the body before.

This is a one-time reward. Maybe Ye Xuan's life is no longer possible to encounter such a good thing.

After all, after all the accumulated power has been swallowed up, Ye Xuan wants to get such an upgrade again, so I don't know how many years to go, how many realms can be.

What's more, Ye Xuan broke the accumulation once, and then it is impossible to accumulate passively.
