Chapter 256: Why is it called Ye Xuan?

"But, who is that person, what is it like me?"

Ye Xuan asked curiously.

Lin Xueer suddenly remembered that she had said something wrong, and hurriedly explained: "It's just a friend of Cher, but Cher can't say it, and Zhao Gongzi has forgotten it."

This time, Ye Xuan did not ask, he estimated that the person Lin Xueer said, is likely to be him.

Nima, the sixth sense of a woman is too strong!

However, Ye Xuan is very curious. If Lin Xueer knows his true identity, will he cut him directly with a sword?

Next, Lin Xueer took him for a while, then returned to Zhao Feiyan's yard.

At this point, Yu Jin is already waiting there.

"Little brother, there are fifty forging materials here." Yu Jin saw Ye Xuan and said quickly.

"Thank you for the elders."

Ye Xuan said, taking a bag of spar from the phagocytic space.

The forging material of the grounder is much cheaper than the finished product, and one part is about 40,000 medium-sized spar. Fifty copies, that is two million crystal spar, two hundred best spar.

However, as long as Ye Xuan spends a little bit of engulfing points, he can create fifty pieces of land, and then give it to Tian Yuanzong, that is, 1,500 pieces of the best spar.

It's a huge profit!

"If this is the case, then I will stay soon, Yu Chang, Xueer girl, leave!"

Ye Xuan is holding a fist in the two.

"Zhao Gongzi, don't stay a few more days?" Lin Xueer said with a sigh of relief, said softly.

"No, there is something to do." Ye Xuan said, it turned to Zhao Feiyan: "Fei Yan, remember to practice well, don't let go."

"Dr. Big Brother, I will." Zhao Feiyan nodded.

"Little brother, Tianlei Ying is already ready, please come with me."

Then, Yu Jin is leaving with Ye Xuan.

Ye Xuan's trip was a sneer, and this time I sneaked into the action and it was perfect. Not only did I earn a lot of spar, but I also saw Lin Xueer, and it was a **.

Most importantly, these people did not find his disguise, and he was completely blinded by him.

The three people personally went to send Ye Xuan, Ye Xuan and they said hello, that is, driving away with the Thunder Eagle.

After he left, there was also a figure that fell to Lin Xueer.

"Cher

How about the kid? A middle-aged man asked, he is the lord of Tian Yuanzong, Mo Ziyun.

"Although it is only a first-time entry into the country, but the strength is unfathomable, it is estimated that it is not under me." Lin Xueer commented.

"No, you are the second in the Yuanyuan list. Even Wang Chuanshan is defeated in your hands. How can the kid be three levels?" Mo Ziyun asked in disbelief.

"Master, maybe I feel wrong."

Lin Xueer shook his head, and then he took out the two boxes of the ground. Moziyun opened the box and took out a sword of the earthenware. He tried it.

"Sure enough, very good? Well? The builder is called Ye Xuan?" Mo Ziyun saw the name of the nebula sword hilt, muttered.

However, after Lin Xueer heard the name, the other three people were unstoppable.

Ye Xuan!

It turned out to be Ye Xuan!

"Snow, what's wrong with you?"

Moziyun looked at Lin Xueer somewhat unexpectedly.

"It should be the same name..." Lin Xueer looked at Yu Jin and shook his head.

There are too many people named Ye Xuan, and there are two in Tian Yuanzong, so he didn't think much.

Later, after Zhao Feiyan heard the name, he suddenly took out the nebula sword and saw it. Sure enough, there is a name on the hilt.

Ye Xuan!

However, she did not dare to say anything, and quickly took over the weapons.

Moziyun checked the 100 pieces of the earth and the six yuan Dan. He immediately laughed three times and looked at Zhao Feiyan. "You have made a great contribution to this little girl. Tell me how you know him." ?"

Zhao Feiyan was scared, and thought about it for a moment. He replied: "The lord, before I went down with the brothers and sisters to do the task, I suddenly encountered the animal tide, so I dispersed with them. When I was in danger, it was Zhao's brother who saved me."

"It turns out that it is not bad. It is said that there will be a Chinese product in the future. The identity of this kid is very uncommon." Mo Ziyun also has no doubts and smiles.

However, it is at this time.

Suddenly there were a few black shadows flying over the sky. Moziyun stared at it and said: "Tianlei Ying, they are back, don't know how to harvest?"

The four stood in the same place and looked at the sky-eagle quickly approaching. After half a minute, three Tianlei hawks fell to the ground.

"metropolitan!"

A disciple rushed to the front of Moziyun.

"What's wrong, a dignified look

Son, Wang Chuanshan and Xi Hang? Mozi asked strangely.

This time, there were more than 30 gods in the world. Among them, there was Wang Chuanshan, the strong leader of the land, and there should be no accidents.

When I heard this question, the disciples were all face to face. Then, one person took out one thing and was actually a coffin.

"The Sovereign, Brother Wang died, and the brother is missing." The disciple reported.

what?

Moziyun exclaimed. He widened his eyes and couldn't believe his ears. He said, "What do you say, Wang Chuanshan is dead?"

At the moment, this disciple opened the coffin, and the coffin was lying quietly, it was the body of Wang Chuanshan.

Mo Ziyun hurriedly checked and found that Wang Chuanshan was killed by a hole in his head.

"This is the breath of the mysterious beast green, and what happened in the end, you give me one!" Moziyun violently shouted.

Tian Yuanzong only had two disciples of Didan, one of which was Wang Chuanshan.

You know, they may be able to break through to the heavens in the future, but who knows, they will fall.

The disciple quickly said the ins and outs of the matter.

"Huoyang Dongfu, Lingxiaofu, Ye Xuan, the big lapis lazuli?" After listening to it, Moziyun was shocked.

Big fist, lapis lazuli?

Not only that, but also the shocked Lin Xueer, Yu Jin and Zhao Feiyan, Ye Xuan, how is Ye Xuan?

"Sovereign, I have no concealment, that Ye Xuan chased after Wang Shixi left, and when we caught up, we found the body of Wang Shixiong, and that Ye Xuan was missing." This disciple solemnly said.

"Ye Xuan, why is it called Ye Xuan?"

Moziyun muttered. Suddenly, he remembered something and hurriedly turned and asked: "Fei Yan, where did you see the Zhaopan?"

Zhao Feiyan was just worried. Now he was so stunned by Mo Ziyun. He immediately screamed and replied slyly: "It is under a canyon..."

Moziyun turned his head again and asked: "Is there a canyon nearby?"

"Yes, there is one, but we just glanced at the Thunderbird and didn't go down."

The disciple nodded.
