Chapter 2561: trouble

After thinking about this truth, Ye Xuan is still very happy. After all, this tone has achieved such a big breakthrough. If Ye Xuan is still not satisfied, it is really a bit unsatisfactory.

At the moment, Ye Xuan had a faint smile on his face, so he looked at the two women's taste tea.

For Ye Xuan, this source tea may not have the slightest value at all.

Feeling the power of the law of origin, but not a word to talk about it, the power to understand the law of the source, you need to experience it yourself, and everyone's experience will not be the same.

Ye Xuan's feelings and experience are only applicable to Ye Xuan himself. Others, even if Ye Xuan said it in detail, there is no effect.

The two women seem to be fascinated by the original source of tea, drinking one cup after another, and also looking for opportunities for insight.

.....

But at this time, there are uninvited guests.

"Hey, these two chicks are really pretty, how about grabbing it?"

A voice came, and Ye Xuan's thoughts swept through the past, and he saw that there were four people in front of the tea kiosk.

Among the four, only one looked at the two women, and the other three were watching Ye Xuan.

And obviously with a hint of hostility.

However, these people, Ye Xuan did not have the slightest image.

Who are they?

Why are you hostile to yourself?

"System, detect the strength of these people!"

"Hey, the system prompts, specifies the target, three inferior gods, a three-element medium emperor!"

Perhaps before changing Ye Xuan to drink the cup of tea, these people are simply not possible to defeat Ye Xuan, but a cup of tea is the fate of Ye Xuan.

What is the big chance?

The so-called big chance, it is not that this kind of obvious thing is impossible, but he just happened!

Countless people have tasted this source tea!

There are also many people who do have some gains.

But like Ye Xuan, how many of them can be directly blessed by the law of the source and the law of the Ten Thousands?

I am afraid that the past and the present, but only a handful!

This is a big chance!

It belongs to Ye Xuan's own big opportunity, not relying on the system, nor relying on any external strength, but his Ye Xuan's own chance.

The original source of tea, this is not how much, can be sentimental, a cup, or even a bite, you can have some feelings.

The qualifications are not enough, and the chances are not enough. Even if you hold this source tea every day, you may not be able to feel it.

This is the number of lives of everyone, and this is the opportunity for everyone.

At this moment, Ye Xuan thought to lock the four people, but there was no fear at all.

If it is not long before, even if it is still a fragrant time, seeing these four people, Ye Xuan may only have escaped.

Unfortunately, sometimes, the opportunity is like this, a fragrant, enough to change a person's destiny.

These people, in fact, are the people who have been helped by Qinglong to help them to kill Ye Xuan.

The information they got was very detailed, not only about the cultivation of Ye Xuan, but even everything that happened after Ye Xuan came to this source.

Therefore, they are only contemptuous of Ye Xuan.

However, now when they come to Ye Xuan, they find that they can't see the realm of Ye Xuan, and this will be doubtful.

Generally speaking, people with high realm can see that people with low realities are accurately repaired.

But there are exceptions. There is a special hidden magical power.

At this moment, one person questioned: "Is this guy not saying that it is only one or two things to wait for the emperor to cultivate, why I can't see through his accurate cultivation, but instead have a feeling of facing the strong? "

"Don't be confused, the treatment shows that this guy, this is a lot of special abilities, perhaps, he also cultivated some kind of supernatural powers, let's go, let's go!"

The leader has no doubt at all. The source of the information is very reliable. It can be said that he is not qualified to doubt.

Seeing the few people coming towards themselves, Ye Xuan knew that the opportunity came!

Let the two women leave alone, this time is the best time.

Therefore, Ye Xuan also refused to let the two women tea, but said to the two women with the secret technique: "When you play, you will immediately leave here, look for the fall, and take care of you." "

"So you, Ye Xuan, if you stay here, what should you do if you encounter a strong enemy?"

He took the lead in reacting, and his eyes were already looking at the four.

"Don't worry about me, rest assured, just a few people, but I can't help me, let me say, I also told you that the city owner values my qualifications. By my side, there are people in the city's government, even if I am not. The people in the city government will also immediately rescue."

Ye Xuan said that in order to leave the second woman, Ye Xuan even moved out of the city!

The two women looked at each other and nodded silently.

When Ye Xuan saw the two women nodding, they stood up without hesitation and walked toward the four people. However, they did not show any abnormality. It looked as if they were leaving.

One of the four people took a look at the two women. Obviously, the look seemed to be reluctant to leave the two women.

After all, no matter whether you are flying or smoking, it is definitely a big beauty.

However, he is more aware of what the mission is this time, so he immediately retracted his mind, but focused his attention on Ye Xuan.

Ye Xuan ignores the four people and walks directly to the outside, because Ye Xuan does not want to do it in the pavilion. After all, he can sell the original tea here. I am afraid that the owner of this tea pavilion is not free.

And, if Ye Xuan is here, it will be bad if he hurts two women.

The strength of the two women at this moment is very low. Because of the relationship of transmission, they are still in a weak stage. If they want to recover, it is impossible to have no time.

Therefore, Ye Xuan knows that once he does it himself, he is afraid that it will be the second wave of the battle. Therefore, his plan is to leave here first, and then to start with these people.

The four men looked at Ye Xuan and walked outside, and he did not hesitate to follow up.

In fact, since Ye Xuan can know this, they will be more clear.

The person who opened this tea kiosk is not so easy to provoke. You must know that there is only one tea kiosk in the first floor. Of course, other places may also be teahouses, but the only ones that sell the original tea are here.

Being able to grow the original source of tea, if it is a force, must be a huge strength.

If it is an individual, I am afraid that it is a super strong person.

In the tea kiosk, I angered the super strong, and I was afraid that it would be a bad day.

So the four did not hesitate, but followed Ye Xuan and walked outside.

Soon, they have already come outside the tea kiosk.

"Kid, stand up!"

Chapter 2562: Who is it?

One person shouted directly at Ye Xuan, although Ye Xuan had long suspected that they were targeting themselves, but until now, Ye Xuan was truly sure that these four people were directed at themselves.

Ye Xuan figured a move, but it quickly ran towards the front.

That looks like it is that I know that I have insufficient strength, so I can avoid it.

But in fact, Ye Xuan deliberately slowed down the speed, otherwise, with Ye Xuan's infinite teleport ability, how can these people have the opportunity to catch up with Ye Xuan?

At the moment, the four people did not know at all. They seemed to see Ye Xuan's incomparable escape, which was simply the illusion that Ye Xuan deliberately created.

What he did was to attract the attention of those who were watching him. As long as those people focused their attention on themselves and neglected the smog and flying smoke, then the purpose of Ye Xuan has already been reached.

Of course, in order to achieve this effect, Ye Xuan had to carry the four people constantly to escape to the front.

As for saying 半瞬 and flying smoke, Ye Xuan is also powerless at this time, and he can do it.

Fortunately, before coming out, Ye Xuan informed the landlord that it would fall over and pick up the smoke.

With the strength of falling, as long as the two are found, the three women are together, it is much safer.

This pursuit of escape is two full hours.

Although Ye Xuan did not go all out now, the time of two hours was enough for Ye Xuan to escape with these four people.

And this distance is enough!

Suddenly, Ye Xuan suddenly stopped.

The four people glimpsed a little, they chased Ye Xuan can be said to be very hard to chase, Ye Xuan's speed, always let them feel that the speed is a little faster, they can catch up, but often it is just a little worse the distance.

At this moment, Ye Xuan suddenly stopped, but they made them somewhat uncomfortable.

"Hey, boy, why don't you escape, continue to run away, I have to see, how far can you escape!"

One of the four people stood up and looked at Ye Xuan's eyes full of disdain.

Until now, they still did not notice, Ye Xuan is deliberate.

Ye Xuan turned and looked at the four people, but said faintly: "Why should I escape?"

"Haha, that's interesting, kid, you just escaped so fast, why, now you don't want to admit it? But you don't escape, save me and my brothers to waste time."

"Okay, boy, let's just swear, you offended someone who shouldn't offend, then, today I am waiting to kill you, you should not hate me! Wait, I am just doing things for others!"

Ye Xuan certainly knows that they are doing things for others, but they do not know why they are doing things.

Qinglong helped the owner to observe Ye Xuan's observation. Ye Xuan saw it, but Qinglong helped the Lord to kill Ye Xuan. Ye Xuan was simply impossible to know. As for the reason, it was very simple, but it was because Ye Xuan did not know that. Lin Tian's identity is gone.

Of course, at this moment, Ye Xuan also hopes to get what he wants from the end of these people, that is, who is trying to kill himself.

Ever since I came to this source of mystery, although Ye Xuan has been offended by some people, it can only be regarded as a small role. Those who can invite four people to pursue him, presumably, should be a bit of a head.

"How many people really want to kill and then?"

Ye Xuan looked at the few people and said faintly, but in my heart, I have already begun to think about how to let them say what they want.

"Haha, boy, aren't you when I am four people are idle, chasing you for so long? OK, die to the end, what are the wishes, let's talk about it."

"I wish, I don't have it. However, I don't understand why I want to find me. After all, my strength is low. I really don't understand who is going to kill me!"

Ye Xuan, following the words of this person, raised his own doubts.

Those people looked at Ye Xuan, but they showed a pity look: "Poor guy, even if you want to kill you, you don't know, OK, anyway, you will die, telling you, no, you are offended by Black Forest. Hein's **** is always a must, but I don't know why your kid has offended him. However, you can only say that your kid is not lucky."

Black forest?

Who is this again?

This name, Ye Xuan is the first time to hear, he can be sure that he did not know this black forest before, why did this guy want his life?

"Dare to be yours, who is this Black Forest, and I don't have the slightest image?"

It is a pity that this time, these people are no longer saying anything, but directly offering their own magic weapon.

"Okay, kid, talk nonsense, die!"

Ye Xuan saw that these people were ironic to kill themselves, and they were not willing to say anything more to themselves. Naturally, they did not want to waste time, and they waved. Megatron's control of the sword was already rushed. Go out.

"Hey!"

There is no suspense to kill, a guy in the inferior gods, even did not have time to respond, has been killed by Ye Xuan on the spot.

The rest of the three eyes widened, and their hearts were shocked, not to say, this guy was not long before the district gods respected it? Then, even if he is now breaking through his realm, it is only the limit of the gods and the emperor.

Why, why this guy can kill his companion with his hands.

"No, this guy hides himself and repairs! Fast, everyone together, use the most powerful magical power!"

Another person shouted loudly, and while shouting, he was ready to launch the power of the field.

Unfortunately, he did not have the opportunity to expand the field.

Because, the sword has been aimed at him!

With the improvement of Ye Xuan's strength, it can be said that the power of the Sword is also improved a lot.

At this moment, it was a sword that passed through. It turned out that this second person, even the power of the field, was not fully developed, and it was already dead.

Even the two people, and they are all understated, this time, the remaining two can not be calm.

If Ye Xuan kills the enemy because of their great intentions, let Ye Xuan swear by the soldiers, and the sneak attack is successful, then how can this second person explain, even if the field power can not be exerted, it will be killed, so powerful The strength, such a violent attack, if they still believe in Ye Xuan's strength, it is that they are stupid.

"Kid, who are you, why do you have such a strong strength?"

Among the four people, the leader said, from the beginning, this person did not say a word, but at the moment, he had to speak. After all, the strength of Ye Xuan's display exceeded their expectations. Such a powerful strength, why the information shows that such an understatement.

Chapter 2563: One clock

Originally thought this was an easy task, I didn't expect this guy to hide and repair the tiger!

It is a pity that Ye Xuan did not pay any attention to them. Since it is said that these people do not get the news they want, then it is useless to keep.

After all, if Ye Xuan does not kill them, they will kill themselves.

No matter who wants Ye Xuan's life, Ye Xuan will let him pay enough price, and directly killing is undoubtedly the best price.

The sacred sword slid a bright light in the air, and in a flash, it smashed the past toward the middle god.

At this moment, how could that person still be a good guy in Ye Xuan?

Even his two companions, even if he has no eyesight, but also knows that Ye Xuan in front of him is not waiting for leisure!

Therefore, when he saw Ye Xuan's goal of locking him, he did not hesitate for a moment and directly sacrificed a magic weapon.

This is a bell, a mouthful of Sanskrit clocks.

Zhong Yunyun walked around the circle of law and the light of the law, constantly swimming.

And this clock is also the biggest card for these guys. This thing was obtained from the hunting beast area when he was in a beast.

It can be said that this guy never dared to show this clock to others.

After all, what you get from the beast area is afraid that it is a fool who understands that it is not something simple.

Although he did not fully grasp the usefulness of this clock, he also studied the simplest method of using this clock.

That is to cover yourself, and then force the law to make this clock the strongest guardian.

As for how powerful the defensive power of this bell, he himself does not know, because once he had a dispute with a strong man in the upper class, the strength could not beat the superior gods. The guy, then, he sacrificed the clock.

As you are now, cover yourself directly.

Subsequently, the strong man of the superior gods attacked for a full month of madness, and he could not do anything at all. In the end, he could not do it.

This time, this guy is also the opportunity to live on this clock, he believes that this bell can guard him!

As for an enemy, seeing Ye Xuan so powerful, he has already scared the dead souls. At this moment, seeing his boss release the strongest defense, but he has become the only target, so he has already desperately started. escape.

"boom!"

The scorpion sword directly hit the bell, but unfortunately, it did not have the slightest effect, and even it was bounced off!

Ye Xuan brows slightly wrinkled, this magic weapon is a strong defense force.

After a wave, Ye Xuan directly pointed to the escaping person, but gently said in his mouth: "Six-word mantra, die!"

In an instant, the power of the mysterious is launched.

This mysterious force immediately surrounded the man who was fleeing. Suddenly, the man stopped all movements and then fell directly from the sky.

Silent, but only a word, but the result of the life of a medium-sized god.

Later, Ye Xuan was focused on the last person.

"System, detect the magic weapon."

Ye Xuan said to the system, because, that bell, always let Ye Xuan feel a mysterious and old atmosphere.

"Hey, the system prompts, specifies the target, Qitian Shenhua!"

Qi Tian Shen Huang Zhong, the treasure of the super strong in the ancient times, the power is absolutely extinct, both offensive and defensive, but also has a lot of special magical powers.

Legend has it that once the Qitian Emperor's clock is opened, it is the power to destroy the earth.

But now, it is obvious that this Qishen Emperor's clock is not activated at all, but only used directly by the guy as a shield.

Ye Xuan's brow slightly wrinkled, but his heart began to think about walking away. This Qi Tianshen Huang Zhong, Ye Xuan has moved his mind.

It can be said that, in this source of mystery, in addition to Megatron and the sacred sword, Ye Xuan's equipment magic weapon has been somewhat outdated.

Even if it is a sacred sword, it seems to be not enough to use, but fortunately, the sacred sword can still continue to advance, but it is okay.

However, other magic weapons are simply not enough.

And this Qi Tian Shen Huang Zhong, but was seen by Ye Xuan.

"Yes, yes, this clock is really good, I want it!"

Ye Xuan said faintly, the tone, apparently did not put the place inside the Qitian Emperor bell in the eyes.

The man heard Ye Xuan say so, but he laughed.

"Kid, I admit, you hide very well. It turns out that no one has found that you have such powerful strength. Perhaps you should be a strong man in the upper class, but what about it? Want to break me. God clock, you still don't have that strength!"

Obviously, it is already at an absolute disadvantage, even if it is forced by Ye Xuan to have half the resistance.

But this guy is still confident to compare, because in his eyes, no one can break his defense, so he does not have to fear anything.

Ye Xuan smiled slightly, but he was too lazy to pay attention to this guy. In Ye Xuan's heart, this guy has been sentenced to death, so how could it be a waste of time.

At this moment, since this guy thinks that he can be safe in the Qitian Emperor's bell, then Ye Xuan will let him see his own means.

Ye Xuan gently pulled out the law of the **** bow, and then slowly pulled the bow of the Rafael's bow.

Since the guy gave up all the ability to attack and only looked at the defense, then Ye Xuan did not have to worry about anything at all.

So, what kind of attack means is Ye Xuan going to use this time?

Very simple, sound!

Yes, Ye Xuan is going to use the sound to kill the enemies in the Qitian Emperor's bell.

The guy didn't think it would be safe to hide in the bell of the Emperor of Heaven. Ye Xuan would let him know how sad this idea is.

Suddenly, Ye Xuan started, only to see Ye Xuan continuously pull the law of the **** bow, shooting more than a dozen arrows around.

Surprisingly, the goal of these arrows is not the enemy in the clock, but his surroundings.

Suddenly, a ray of light appeared.

It turned out that Ye Xuan is in the arrangement of the array!

A simple array made with a charm.

So, what is the role of this law?

That's the sound reinforcement, and the sound is completely contained.

When all the arrangements are over, around the Qishen Emperor's Bell, it is already like a sphere that usually forms an aperture.

And this is the effect of Ye Xuan.

"Let's enjoy it, I hope you can stick to it longer."

Ye Xuan said casually, and then, under the control of Megatron, the sacred sword quickly launched an attack.

"Boom! Boom! Boom!"

Ye Xuan is actually using the sacred sword to bombard the array of his own arrangement?

Chapter 2564: Ultimate artifact

That person is very strange, he really can't understand what Ye Xuan is doing now.

But soon, he will know!

The sound of this sound is constantly buzzing, and, in the process of continuous transmission, these sounds will not spread at all. Once they hit the outer array, they will immediately bounce back. More importantly, Every time you bounce, the sound will expand several times.

At the beginning, the man was indeed able to resist.

Unfortunately, as time went by, he could no longer hold back, huge sounds, repeated transmissions, and repeated reverberations.

Even if the person has closed his or her hearing, it is impossible to be unaffected.

Because, the bell itself has the ability to expand.

Sound can produce vibration, which is known to many people.

This is a way of law energy exchange.

Therefore, at this moment, the bell of the Qitian Emperor's bell has been trembled in the voices that have been echoing around.

While trembled, it produced a new and huge sound.

These voices are constantly recalled in the clock, and the person directly bears the power of this voice.

"Hey!"

The man couldn't hold it anymore and spit it out with blood.

With this blood, the man is finally unable to guard his own heart.

"what....."

The man yelled and expected to be able to fight the sounds around with a sly voice, but unfortunately, it was not useful.

"Hey!"

It was a **** spit, but this time, the man was very miserable. It can be said that he is now like a blood man, his body is on the line, there is constant blood flow, and his body is actually a road. crack.

"puff!"

A soft singer, a strong man of a medium-sized gods, at this moment, was directly shredded by the power of the sound, directly bombing.

Ye Xuan took a moment, and the law immediately opened a gap. Then, the power of the voice rushed out along the gap.

In the blink of an eye, in front of this gap, countless mountains were continuously smashed out.

A huge incomparable gully is formed, this is the power of sound!

In fact, many people will practice the law about sound, but not everyone can do it.

Of course, this time, Ye Xuan can be said that he can not rely on his own strength, but simply borrow the power of the law and the power of the heavenly king.

Ye Xuan waved with his hand, and the four people around the ring directly fell into the hands of Ye Xuan.

Of course, there is also the Heavenly King.

Knowing this time, Ye Xuan was able to quietly check this Qi Tianshen Huangzhong.

"System, give me a detailed view of the properties of this clock!"

"Hey, the system prompts, this detection needs to consume 500,000 beliefs. Does the host confirm?"

"confirm!"

The value of 500,000 beliefs, to see the specific attributes of this Qitian Shenhuang clock, Ye Xuan is still worth it.

"Hey, the system prompts, the scan starts, and the analysis is successful."

Qi Tian Shen Huang Zhong, one of the super magic weapons of the ancient great power of Qi Tian, is extremely powerful and has twelve special changes.

"Hey, system prompts, alarms, alarms, the host please note that this magic weapon has the ability to judge itself, the host must immediately defeat this magic weapon, otherwise this magic weapon will immediately escape!"

what!

Want to get this magic weapon, it is even better to defeat the spirit!

Ye Xuan's heart is so shocking that such a thing has not been encountered before.

In this case, Ye Xuan is somewhat incomprehensible.

However, a little Ye Xuan is clear, that is, now he needs to fight!

Without any hesitation, Ye Xuan has already shot.

Because at this moment, the Qitian gods around the clock, has already risen, apparently about to leave.

"Hey Sword, fast, give me an attack and stop him from leaving!"

Ye Xuan screamed at the same time, at the same time, he himself rushed up, the law of the gods bow pull, and the power of the law is one step ahead of the sword.

However, a strange scene appeared, only to see the light of that law, even turned out to be directly swallowed by the Emperor Qitian!

This Qi Tianshen Huang Zhong, actually turned out to be the existence of the power of ignoring the law!

A deep sense of powerlessness appeared in Ye Xuan's heart.

Ignore the magic weapon of the power of law, how powerful this thing is!

"boom!"

Suddenly, a loud bang came, it was a sword!

The sacred sword finally launched the attack, and, under the one-click, it actually blocked the space where the Qitian gods escaped.

This Qi Tian Shen Huang Zhong, ignoring the power of law, but afraid of pure physical attacks!

In the blink of an eye, Ye Xuan figured out why.

In fact, this Qi Tian Shen Huang Zhong, may be really very powerful, but this Qi Tian Shen Huang Zong is not an absolute perfect magic weapon, although he can ignore the attack of law power, but can not ignore physical attacks!

Ye Xuan's heart was a joy, and he couldn't care so much. He flew directly toward the Qitian Emperor's clock.

However, at this time, a sound sounded.

"Kid, do you want to convince me?"

Ye Xuan figure suddenly stopped, heard this voice, Ye Xuan already knows who is talking.

It is the instrumental spirit of the Qitian God.

Ye Xuan paused for a moment and then said: "I don't deserve to be your master?"

Direct dialogue with the instrument spirit, perhaps, can more easily conquer this Qi Tianshen bell.

I know, Ye Xuan's words made the Qi Tianshen Emperor Zong laugh.

"Haha, boy, just by you? What qualifications do you have to own me, you know, who am I?"

"Qi Tianshen Emperor, the ancient treasures, I can say something wrong?"

Ye Xuan said.

"Haha, the ancient treasures? You are too small to swear at me, I am not wrong with the Qitian God, but this is just the name given to me by the ignorant people of the future, my real name is, Chao Chao!"

Chaos forbidden? what is this?

Ye Xuan was puzzled, but for a moment, his eyes suddenly changed!

Chaos forbidden, open the sky wheel, the source of the soul, the singular ring, the four ultimate artifacts!

This is the ultimate artifact!

Ye Xuan is discolored!

What is the ultimate artifact?

The so-called ultimate artifact is the source of all the artifacts, the absolute power left at the beginning of the earth!

Legend has it that the four ultimate artifacts are not created by anyone at all, because no one can build them, they are naturally formed between heaven and earth, and each represents absolute power.

Chaos ban, also known as the source of all law power, because the beginning of the law power is born from this chaos!

The opening wheel, it is said that everything in the heavens and the earth is created by this opening wheel.

The source of the soul, the starting point and focus of all living beings, control the source of all life and death!

Singularity, the most mysterious existence, no one knows what power he has, only know that he is the root of the birth of the other three ultimate artifacts!

Chapter 2565: The test of chaos

The four ultimate artifacts are all legendary items. It can be said that everyone knows, but no one has ever seen them.

Whether it is rumors or records in ancient books, these four ultimate artifacts are undoubtedly protagonists.

Recently, Ye Xuan actually encountered one of them!

Ye Xuan's first reaction is not to believe, because this ultimate artifact, if it is so easy to see, can not be called the ultimate artifact.

Legend has it that from ancient times to today, there are still countless forces, and unremitting efforts to find clues about these four ultimate artifacts, but unfortunately, no result...

At this moment, Ye Xuan looked at the Qi Tianshen Huang Zhong in front of him, but he smiled directly.

"It's ridiculous, and a district spirit also dares to claim that it is a chaotic ban. You know what kind of artifact is this chaotic ban?"

Ye Xuan certainly won't believe that this Qi Tianshen Huangzhong is chaotic. After all, Chaos is one of the four ultimate artifacts. How can it be so simple?

"you do not believe?"

Who knows, Ye Xuan's words are finished, but he hears the question of the instrument.

"Nature does not believe, if the four ultimate artifacts will look like you, I would rather believe that there is no ultimate artifact in this world."

"Haha, good boy, dare to doubt me, well, then today, the deity is to let you see what is chaotic!"

Ye Xuan still did not react, but with the words of the instrumental spirit, I only saw that the whole world has begun to collapse. Anything that Ye Xuan can see, what God can feel, everything begins to return to nothingness. That feeling, as if these mountains and rivers, even the sky, are nothing but a smoky, but now, it seems that there is a breeze that blows away all this.

Is this an illusion?

Ye Xuan's heart was a bit stunned, but he soon discovered that it was not an illusion but a reality!

Chaos forbidden, this, it is really the chaos of one of the four ultimate artifacts in the legend!

Ye Xuan suddenly changed color, and everything that happened at the moment is not allowed to believe in Ye Xuan.

Chaos ban is the root of all law power, but at the same time, it is not the law power that constructs everything in time.

Such a random destruction of the power of the earth, in addition to chaos ban, there are artifacts can be done.

However, it is precisely because of this that Ye Xuan's heart is rather uneasy.

The Qitian Shenhuang clock in front of him is actually a chaotic ban!

So, why is the chaos of one of the four ultimate artifacts in the hands of a common gods?

How do you say this, how do you feel a little inexplicable?

In addition, there is Ye Xuan's own situation, and it can be said that he is not very optimistic, because he has angered the chaos, so the consequences can be imagined.

However, what makes Ye Xuan unexpected is that when Ye Xuan feels that he is afraid that he will be escaping this time, all these changes have disappeared at the same time. Even, everything that disappeared just now is far away at a very fast speed. .

Destruction and creation, is this the ability of chaos?

Looking at the big clock in front of him, Ye Xuan's heart gave birth to a deep sense of powerlessness.

When faced with these four ultimate artifacts, it is such powerlessness!

"Kid, how, now believe that I am chaotically banned?"

The instrument spirit said to Ye Xuan, but this time, while talking, the Chaos ban actually turned into an old man.

At this moment, Ye Xuan has given up the idea of conquering this chaotic ban. After all, chaos ban is simply not the power of Ye Xuan to conquer!

"The predecessors don't blame, they are the eyes of the kid, and they don't recognize the predecessors."

Ye Xuan did not dare to use this chaos as a magic weapon.

Although the chaos ban is listed as the four ultimate artifacts, it is not artificially created. To be precise, this chaos is forbidden, and it can be counted as a special life.

"Oh, the scorpion can teach, but, the little guy, the old man travels the world alone, but it is quite boring. So, I will give you a test. If you can pass, I will walk with you, how?"

Chaos forbidden words, let Ye Xuan heart suddenly move, although said that the chaos of the moment is only to say with Ye Xuan, but if Ye Xuan can really do, fear that the benefits can be obtained is simply unimaginable.

Therefore, and Ye Xuan did not hesitate in the slightest, directly said to Chao Chao: "Okay, seniors please ask questions."

"This test is also very simple. There are a total of ten rules of power. If you can initially understand the origin of any of these rules, then even if you pass, how?"

There is such a good thing!

What is the test of this, it is simply the welfare of Ye Xuan.

Be aware that the Chaos ban itself is the super-existence of the power of all laws.

The power of the law that Ye Xuan went to let him know, then, is absolutely ten times more pure than the law of Ye Xuan.

Don't say that Ye Xuan can seek the origin of one of the powers of law. Even if Ye Xuan can have a good understanding of any kind of law, then Ye Xuan can also obtain great benefits.

Suddenly, the light of the Ten Groups appeared directly in front of Ye Xuan. At the same time, the voice of Chaos forbidden came again: "Little guy, choose, the ten-clock rule, which one do you want to know?"

If Ye Xuan can make a choice, then he will say that he was originally sentimental in ten hours. In fact, Ye Xuan did not expect to really be able to understand the origin of any kind of law in a short time.

Therefore, for Ye Xuan, the opportunity to have insights is already a big chance.

Ye Xuan looked at the ten-law rule of power, and the final decision was to choose the law of engulfing.

After all, among the rules that Ye Xuan has mastered, Ye Xuan is only quite good in the law of engulfing.

"Predecessors, I chose to devour the law."

"The law of engulfing? The little guy is very visionary, well, you will go to the sentiment."

With the sound of chaos, Ye Xuan was suddenly transmitted to a mysterious place.

Here, there is nothing but nothing. However, in nothingness, there will always be a huge insulting vortex.

The vortexes swirled rapidly, swallowing everything around them.

It seems that there is no concept of time at this time, or that the time here has been turned up many times.

In short, these vortices appear very quickly and disappear very quickly.

In a flash, there will be a vortex formation and disappearance.

Looking at the vortex of each one, Ye Xuan has an unusual feeling in his heart.

This is a very strange feeling, as if Ye Xuan himself at the moment, it has already turned into one of these vortex.

Chapter 2566: failure

Ye Xuan explored himself with his thoughts, but suddenly found out that his body had disappeared and he could not see anything...

That chaos ban, turned out to be fully integrated into the law of Ye Xuan, I am afraid, only chaos can only do this!

Incorporate into the rules! This is a terrible thing.

In other words, Ye Xuan is still the law now, the law is him!

Ye Xuan is clear in his heart, I am afraid that it will be difficult to meet such crazy opportunities in the future!

Therefore, Ye Xuan did not hesitate to directly integrate all his mind into the law.

Time passed, and Ye Xuan was feeling.

Until a certain day, Ye Xuan suddenly opened his eyes.

"Oh, is it still a failure? Also, if it is so easy to trace back to the source of the law, then it would not be so difficult to control the law."

Ye Xuan said to himself, then he looked up and was ready to ask the chaos.

But unfortunately, the chaos ban has disappeared, and I don't know. He was planning from the beginning, giving Ye Xuan a chance to leave.

It is still really waiting until I find out that Ye Xuan has no ability to understand the origin of the law, and this leaves.

Ye Xuan is somewhat disappointed, but it is not too disappointing. After all, this chaos is one of the four ultimate artifacts. It can be considered a great fortune.

What's more, Ye Xuan, this time, is actually quite rich in harvest.

This time, I realized that the law of engulfing, Ye Xuan can say that there has been an unprecedented improvement in the use of the law of engulfment.

Between Ye Xuan and his hand, in his hand, there was a black ball. However, the ball was not condensed, and it absorbed the spiritual power around. It turned out to be a moment. Lingshi came out.

What is devour?

What is the use of the engulfment rule?

Ye Xuan never thought so much before, but this time the sentiment made him understand a lot.

It can be said that this time the sentiment is not only a high improvement of the origin of the law of engulfing. In fact, with this experience, then Ye Xuan will improve a lot in the sentiment of any other law.

Moreover, Ye Xuan has once gained the heart of the source.

Plus the special physique that all the laws of Ye Xuan can comprehend!

It can be said that just such a sentiment, but let Ye Xuan get too much.

Helpless shook his head, Ye Xuan went straight to the distance.

At this moment, the atmosphere around him to monitor him has all disappeared. Perhaps those who monitored him have disappeared under the slam of the chaos, and perhaps, those people have felt the horror of this side, so they fled.

But in any case, no one is monitoring himself at the moment, then Ye Xuan is naturally going to see the three of them falling.

I don't know if there is any convergence between the cockroach and the flying smoke.

Ye Xuan moves very fast. Although he does not feel it, if he is familiar with him, he will find that Ye Xuan at the moment, invisible, has even improved the mastery of space law.

In every step of his life, there is actually the power of space law.

Stepping out in one step, naturally raising the power of space law at the foot, let him go further and faster!

However, Ye Xuan himself is not aware of these problems.

Ye Xuan's movements are extremely fast. After a few days, they have found them.

With the special touch and the falling sense, Ye Xuan can easily find it wherever it falls.

At this time, in front of Ye Xuan, it is no longer the valley before, but a rather desolate place.

Here, there is no green mountains and green waters, and some, only the dry stone weeds, at first glance, it is simply desolate.

It turned out that although it was easy to kill those who went to the valley to find trouble, but fell but did not like trouble, so I felt directly left.

At this moment, the three women built a stone fortress in this desolate place, living in it, silently practicing.

.....

"he came."

Falling open his eyes and whispered.

"Well, it's coming soon."

Flying smoke also opened his eyes.

He stood up directly. Although she did not have the special sensory ability of falling and flying smoke, she also knew who the second woman was.

For the cultivation environment, Ye Xuan has always been less concerned, but at this moment, seeing the three women actually practiced in such a desolate place, but the brow is slightly wrinkled.

At this moment, the three women have already seen Ye Xuan, but what puzzles them is that Ye Xuan did not go over, but instead stood in the same place.

I saw Ye Xuan wave a hand.

From his hands, a light curtain quickly included the range of miles around the stone fort.

A strange scene happened. A large tree grew out immediately, and there were countless flowers and grasses.

This is just a blink of an eye, and it has been turned into a place of birds and flowers.

However, the fall, or the smog and the flying smoke, both widened their eyes.

Perhaps, to speed up the growth of trees, many people can do it. However, it can be done like Ye Xuan. I am afraid that there are not many, let alone those birds and beasts, how to explain!

You must know that there is no living thing here. How can Ye Xuan make a life with a wave of hands?

This scene is too much to shock the three women.

But I don't know, Ye Xuan is quite shocking at this time.

Originally, he only used the law of life, hoping to improve the environment here, but he did not want to create a new life.

This ability is simply beyond the expectations of Ye Xuan.

Until this moment, Ye Xuan understands that in the sentiment of the engulfment law, his other laws have also been greatly enhanced.

Even the rules that Ye Xuan had never realized before, became very easy to obtain.

In fact, Ye Xuan is aware of the origin of the engulfing law, but only one step. If that step is over, Ye Xuan can truly understand the true origin of the engulfing law.

Unfortunately, that step is not so easy to go.

After all, I feel the origin of a law, then the source of all laws is actually only a step difference.

The feelings of the law are actually related to each other. If the feelings are profound, the power of the law is more abundant.

Because as long as one of your laws has a deep sense of power, then the rest of the law power, even without the need for you to use your mind, can be easily obtained.

This is the so-called law coherence!

Of course, those who can know this are afraid that there are not many at all, because no one can really realize the power of the origin of the law too deeply.

Chapter 2567: visit

There are only four ultimate artifacts in this world, and there is only one chaos, and perhaps a million, thousands of years may not be able to have the good luck of Ye Xuan, and get the opportunity of the law of Chaos forbidden.

After seeing the three women, Ye Xuan did not explain too much about what happened to him. Anyway, for the three women, Ye Xuan's strength is equal to their strength.

Here, for more than half a month, Ye Xuan still can only leave, after all, causing unnecessary doubts of the city owner, Ye Xuan still does not want to see, after all, once it is caused by the suspicion of the city owner, it may be traced To the whereabouts of the three of them.

When Ye Xuan returned to his Yefu, there was nothing special in Yefu, but Ye Xuan's heart was clear, and he was afraid that someone would come to ask him.

Sure enough, as Ye Xuan expected, the old housekeeper soon came to Ye Xuan's side.

"The master finally came back. I don't know the master's time for half a year, but went out to practice. The old slaves did not see the master returning for half a year."

Half a year?

For a long time?

I am afraid that it will be replaced by other people. It is tens of thousands of years for a retreat to practice.

It seems that this old housekeeper is still not suitable for doing such a thing.

Fortunately, Ye Xuanben intends to let the city owner know, otherwise, fear is the means to see him long ago.

"Oh, I went out this time, but I met a little chance, and I lost a little time, how, during this time, what can happen in the house?"

Ye Xuan said faintly, this explanation is enough.

"Back to the master's words, probably after you left in January, Qinglong help the lord once posted a post, saying that it is intended to find you."

While talking about the old butler, the post was handed to Ye Xuan.

Qinglong help to find yourself to gather together? What is this?

Ye Xuan has some doubts in his heart. At this moment, Ye Xuan still does not know that the person who sent out to find him trouble is exactly what the Qinglong gang is doing. Ye Xuan knows that only the clue of the oil forest.

Therefore, Ye Xuan did not doubt anything, but only took over the post and walked outside.

Well, the Dragon Dragon Gang is also a big force in this first layer, so Ye Xuan feels that it is necessary to make friends.

Soon, Ye Xuan came to the house where Qinglong helped the Lord.

.....

"Report, help the Lord, someone outside the door called himself Ye Xuan, took the post and said that he is going to meet you!"

"Ye Xuan!"

Qinglong helped the lord to suddenly open his eyes. At the beginning, he sent a man to kill Ye Xuan. He thought it was necessary to win. Then, his person did not come back, but it really made him wonder for a few days. He thought it was still The city government sent a hand to secretly protect Ye Xuan and killed his people.

However, afterwards, I heard that Ye Xuan has disappeared inexplicably, even if the person in the city government can not find his whereabouts.

Therefore, Qinglong helped the Lord, and for the sake of this matter, he was happy for a few days.

But did not expect that today, Ye Xuan actually came again.

"Tell him to go to the temple, I will arrive later."

Qinglong helped the Lord to explain, after all, the post was indeed issued by him. When he first posted this post, he also wanted to test whether Ye Xuan had really fallen.

Unexpectedly, today, this guy turned out to be really holding a post.

"You said, what should I do about this?"

Qinglong helps the Lord as if he is talking to the air, because there is no one in front of him.

However, along with his words, he saw a dark shadow appearing. This shadow did not see the specific appearance at all. Even at first glance, he thought that it was not a human being at all.

Of course, this is actually the think tank of Qinglong Gang, the shadow!

"Help the Lord, this kid is so big, why not let him go there?"

There?

Qinglong helped the Lord first, but quickly reacted.

There was a smile on his face, and then the shadow disappeared again, but the Qinglong helper already knew what to do.

Ye Xuan did not wait too long, and saw Qinglong help the Lord come over.

Ye Xuan did not know that Qinglong helped the lord find out what he was for, but he was very polite.

"Little child Ye Xuan, I have seen seniors."

"Oh, the predecessors will be exempted. Your qualifications are so outstanding. I am afraid that it will not take long before we can match the generations!"

Qinglong helps the main surface to be calm, but the heart is already shocking.

How long has it been, this guy has actually died in a fine retreat!

You know, when this guy came out from the beast, it was nothing more than a god.

And this is less than a year, what exactly did he do, why is the strength prompting such a fast, actually it has already reached the top of the gods?

Qinglong helped the master to force the shock in his heart, but the killing of Ye Xuan was even more certain.

"I don't know if the seniors called me over, what can I do?"

Ye Xuan asked the Qinglong helper, after all, it was the post of Qinglong to help Ye Xuan, so Ye Xuan would naturally ask.

Qinglong help the Lord, looking for Ye Xuan, what is the matter, before I just wanted to test whether Ye Xuan is alive.

But at the moment, there are already new arrangements.

"What do you say about the post? I originally wanted to invite you to participate in a hunting of my Qinglong gang. The city government has a hunting beast area. I have a Qinglong gang. Of course, I also have a place to hunt my own beast. I see that your talent is acceptable. Ready to let you go together, but you are not there, missed the opportunity in vain."

It turned out that Ye Xuan's heart was slightly moved. He thought that this Qinglong help the Lord, he felt that his qualifications were outstanding and he was ready to grab the city.

"It turned out to be like this, but I didn't have a blessing."

Ye Xuan said with a smile, although she missed the beast of the Qinglong gang, but Ye Xuan will not regret it. After all, during this time, his harvest is more stupid than the beast of the area.

"Let me think about it, yes, there is a region that may be suitable for you. Since I have given you a post, it will naturally not let you go this way, lest the outsiders still say that I am a little bit smug, but here is By some danger, don't know, can you dare to try?"

Qinglong's helper seems to be interested in not thinking about Ye Xuan's time, so at this moment, he directly asked Ye Xuan.

He deliberately said this, is to stimulate Ye Xuan, let Ye Xuan promised.

However, Ye Xuan never fears any danger, so he is afraid that he will not be stimulated.

"Oh, I don't know where the seniors said?"

"I am talking about Xuanqi Half Cave. Maybe you should not know there. This Xuanqi Half Cave is a very special place. It is said that there are people who can find some special opportunities. I am a young genius in the Qinglong Gang. I also often let them go for a chance, how can you be interested?"

Chapter 2568: Xuanqi half cave

Xuanqi half-cav, a very special place in the original secret, ordinary people, etc., are not qualified to know, but know the people there, but never dare to approach, because there is a group of powerful people.

Anyone who enters them will basically be sent out inexplicably, and if they dare to be strong, they will die.

This news, in the first layer, only a small number of people know, and the people until the news are the most noble people in the first layer, so take the so-called Xuanqi half-cave, it is not what The land of opportunity, but dead!

"Right, this Xuanqi half-hole is a little special. If you go in, I am afraid that no one will lead the way. It will only be sent out. Although I can give you this opportunity, after all, I can't assign you a guide. You are so self-sufficient, as far as you can't go, it will follow you."

With a wave, a map appeared in front of Ye Xuan.

"Remember this map, remember, this map, you can not tell anyone, this is the forbidden place of my Qinglong help, give you this opportunity, but also your qualifications are acceptable, but if you leaked this map, Then even if I am optimistic about you, help other elders in the house, you will find trouble, you can understand?"

Ye Xuan nodded, no doubt at all, but completely believed in the words of this Qinglong helper.

"Okay, I understand, I will never leak this map."

Ye Xuan wrote down the map and waved it, and the map turned directly into powder.

"Well, let's go, can you get the chance, just look at your own life."

Qinglong helped the host wave his hand and signaled Ye Xuan to leave.

And Ye Xuan naturally will not stay.

Ye Xuan thought about the map and immediately began to prepare, but he did not know, there, it was not a chance.

A few days later, Ye Xuan once again set off. This time, the people in the city government naturally followed him, but it was strange for Ye Xuan that these people had followed him for a while and all of them lost their news. Know that these people are hidden, or still receive an order to stop tracking Ye Xuan.

But Ye Xuan did not know the death, in fact, those people, have been secretly removed by the Qinglong help.

Because, Qinglong help the Lord, what is necessary is Ye Xuan to die!

Naturally, these people will not be told to the city owner where Ye Xuan will go, so that Ye Xuan also knows the truth and then leaves.

In a few days, Ye Xuan came to a mountain on the map.

This mountain is the entrance to the Xuanqi half-cave.

Xuanqi Half Cave is said to be a hidden place in the sky. If you want to go in the past, you can only fly toward the sky and then wear the obstacles to enter.

At least, that map is written like this.

Ye Xuan did not doubt anything. Standing on the top of the mountain, he flew straight into the sky.

In the sky, nothing was found, and Ye Xuan was like this, constantly rising toward the sky.

Suddenly, Ye Xuan only felt that some kind of power swept his body, and then he returned to the top of the mountain.

This process, silent, seems to have nothing to do before Ye Xuan.

Time rule?

Ye Xuan has a slight glimpse, and he can think of it, only the power of the law of time.

After all, only when time is up, can it be easy to send yourself back to the place.

However, if it is time, there are some problems, because if it is time, it is reasonable to say that Ye Xuan should not exist even after the memory.

However, now Ye Xuan remembers very clearly, remembering that he rushed toward the sky and everything that was suddenly transmitted from the sky.

So, maybe it is not a certain force of prohibition?

Ye Xuan thought in his heart, but after a while, he started a new attempt.

I saw Ye Xuan once again quickly flew into the sky. This time, Ye Xuan raised his vigilance and even told the system to keep detecting.

He would like to see, this time, will he be so inexplicably sent away.

Soon, Ye Xuan came to the position just now.

A weird thing happened, and it was a mysterious light that rose up. Ye Xuan was once again sent away.

Like the first time, Ye Xuan didn't even have the slightest reaction, but the man, already died, returned to where he was flying.

what on earth is it?

Ye Xuan's heart is incomprehensible.

However, it is impossible to let him give up.

This time, Ye Xuan even did not hesitate, and then flew toward the sky again.

"You still haven't finished. If you know this, you still dare to come and look for death. If you can't find it, just go away. Otherwise, the old man will kill you!"

Suddenly, a voice was introduced into Ye Xuan's ear. Ye Xuan couldn't help but suddenly feel stiff. At the same time, God read it quickly and looked around.

It is a pity that there is no such thing as a slightest time. In front of Ye Xuan, in the range that Ye Xuan Shen can feel, there is no figure.

But that sentence is so clear.

So, where is the person really?

Where did the voice come from?

Ye Xuan's heart was shocked and inexplicable. The current light card is simply making him unable to understand.

The meaning of the person's words is obvious, that is, if Ye Xuan flies again into the air, it will anger the person, even killing him!

Could it be said that just give up?

However, Ye Xuan is unwilling, since Ming knows that the front is a special place, then it is a pity to not see it.

go ahead?

Still back?

Ye Xuan hovered in the air, and some could not hold it.

However, at this time, the voice rang again.

"Kid, since you are the trial apostle of our guardian, and you are qualified for the trial of the two halls, you are not good at trials, what are you doing here? Is this the place where an apostle in your district should come?"

What trials of the apostles?

Ye Xuan slightly stunned, the so-called two hall trial qualifications, Ye Xuan can understand, fear is to say that the Temple of Life and the Dark Temple give them the opportunity to try.

However, how did he become a guardian of the Guardian apostle?

This layer of identity, Ye Xuan himself does not know.

"I don't know if the seniors can come out and see why the younger generations are the guardians to try the apostles? The younger generations don't know?"

Since there are doubts, and this person twice reminded himself that he was not hostile to himself, Ye Xuan asked with courage!

"You don't know your identity?"

Suddenly, a virtual shadow appeared in front of Ye Xuan, turned out to be a law?

It's hard to be done. Is this law not talking to yourself?

Ye Xuan's respectful worship, then said: "The younger generation does not know."

Chapter 2569: Final secret

"Strange? Your breath is indeed somewhat unstable, but it does have the breath of my guardian. It is reasonable to say that you should be a descendant or disciple of one of our guardians, and also get his approval. I will get this apostle status, but why don't you know it?"

I found that looking at Ye Xuan and seeing his appearance, it was really doubtful.

Offspring or disciples?

Ye Xuan gave a slight glimpse, saying that Ye Xuan is a descendant of the guardian, which is obviously impossible.

Then, only the disciple is such a saying!

However, Ye Xuan is in the realm of the gods, there is only one master, that is, the five lords who were in the first place!

However, as for the cultivation of the Five Dynasties, it is impossible to become a guardian. It is possible to know the strength of this person in front of him. The guardian is a very powerful existence. I am afraid that a finger can be crushed. countless times.

.....

No, I still have a master!

That is the inheritance of the gods!

Although I did not really get the inheritance of the Emperor, but when I was inherited by the Emperor, I did accept all the breath of the Emperor!

Is it actually him?

Isn't it a good guardian, will it be a guardian?

Or, the cheap master of his own, is the true guardian to try the apostle, but because he inherited everything, will he be misunderstood?

Ye Xuan can only think so in this way. After all, in addition to this reason, Ye Xuan could not find any other reason to explain the words of the people in front of him.

Ye Xuan is puzzled, and the person is not confused.

The guardian silently observed the atmosphere of Ye Xuan and found that Ye Xuan's body was indeed a test of the apostle's breath, but it seemed a little thin, and the time was quite long.

At the age of Ye Xuan, the body should not have such a long-lasting atmosphere.

"You really have the temperament of my guardian to test the apostles. Who is your master?"

The guardian asked directly.

This question, Ye Xuan really did not know how to answer, so he had to say: "Back to the predecessors, the younger generation of the master has already emerged, and the younger generation does not even know his name."

"It turns out that if this is the case, then it will be said, if that is the case, then you will come up."

Accompanied by this sentence, Ye Xuan's figure quickly flew toward the sky, but in the blink of an eye, Ye Xuan has already come to a strange place.

This is a void, even Ye Xuan turned back, but also can see the source of the secret, but here, is a palace suspended outside the source of the secret.

"Come in, boy!"

A voice sounded, Ye Xuan did not hesitate, went straight to the palace.

There is nothing special about a palace. It is not simple for people who live there.

At this point, the old man has stood up, along with his movements, even Ye Xuan can hear a series of screams.

Ye Xuan knows that this is because the old man has no activity for too long, and there will be such a **** domain.

The old man looked at Ye Xuan faintly, but said: "It is the testimony of my guardian. The apostle is right. However, it is the seeds that have been planted by the order. Your boy is a big life. If you encounter the order, you can still live. ""

The man said faintly, and then waved his hand, Ye Xuan himself did not feel anything, but he knew that the seeds of the order of the old man were afraid that they had disappeared.

"Ye Xuan, a younger generation, have seen seniors, dare to ask seniors, this guardian, orderer, what is it?"

When I heard Ye Xuan's question, who thought that the old man turned out to be laughing.

"Haha, your question can be regarded as the most ridiculous question I have heard in hundreds of thousands of years. As a trial apostle of my guardian, even the guardian, the orderer does not know anything, nor know you. What kind of luck does the kid have, and it has made you live to the present."

"Our Guardian, the guardian of this source is the secret source of this source and the whole world of the gods. Without us, I fear that the mainland of the gods has already collapsed. We have a total of twelve guardians, every ten million years, as for the order. However, it is a group of self-respecting people whose goal is to build a new order and try to change everything in the present realm. It is also the opposite of our guardian."

"These guys, one by one, are self-respecting, but they don't put the ruler in their eyes. The master has been sleeping for 30 million years. I am afraid that I will wake up soon. 30 million years ago, the guardians of that generation sacrificed. Ten talents will dominate the seal and let it sleep, but these orderers don't know anything, but try to change order again and again!"

"Oh, it is sad to say, these guys, don't you know that once the new order is established, the ruler will certainly be able to acquire new energy. If the master wakes up, whether we, or they, or even the entire godland, it will inevitably be destroyed. ""

what is happening?

Ye Xuan was confused. At the moment, Ye Xuan did not understand what happened, and what kind of vortex he was involved in.

What guardian, what order, before Ye Xuan, I have never heard of it.

And what is the master, Ye Xuan does not know.

"Dare to ask the seniors, what is this dominance, isn't it a person?"

"There is nothing wrong with you. The master is indeed a person. How much time does the ruler exist? No one knows at all. Because the power of the rule is too strong, unfortunately, I don't know why, the ruler has everything in extinction and reconstructs the world. Thoughts, so we can only try our best to resist."

"The lord is killing, because he is the master of God, the master of all things, what we can do is just to let him sleep, nothing, but I will tell you what to do, if you one day, become Guardian, then you know what you know."

"Okay, little guy, go back to your trials and get on the 999th floor of the original mystery. I am waiting for you there. Only when you reach the 999th floor, you pass the test. Refining, is also qualified to know more things, now, you should go back first."

The old man waved his hand and Ye Xuan appeared on the hill again.

It seems that everything just happened is just an illusion, but Ye Xuan's heart is very clear. Just now, it's not an illusion, but a real happen.

Guardian, orderer, master.

For a time, Ye Xuan was already somewhat confused.

It seems that he has experienced special things from entering this source of secrets. For example, the words of the guardian at this moment are enough to make Ye Xuan extremely confused.

Ye Xuan has an intuition, a strong instinct, that is, perhaps, he has touched the ultimate secret of this god.

Chapter 2570: Encounter ambush

It seems that the vast mysterious source is just a test of the guardian!

As for those who are inside, Ye Xuan at the moment thinks that they are quite sad.

Because, the whole source of the secret, perhaps just to accompany a few or even just a trial of trials.

The people in the original source of the environment regard it as everything they do, but they don't know, it's just a place to be tested...

Of course, even if Ye Xuan knew this at the moment, it would be useless, unless one day he would be able to embark on the 190th floor. Otherwise, he would be just a source of secrets, a nameless pawn.

Ye Xuan walked silently toward the city, but his heart was ups and downs.

At the moment, Ye Xuan, all of his attention was focused on what the old man said, so he did not notice the situation around him.

At this moment, several people have followed Ye Xuan's side, and God's mind directly locked Ye Xuan, it is obvious that these people are not good!

It turned out that since Qinglong helped the Lord to intentionally let Ye Xuan go to death, how could there be no second-hand preparation.

These few people are the Qinglong helpers to send over to prevent Ye Xuan from fleeing.

The tasks that these people received were very simple. If Ye Xuan came down from the mountains, kill them!

At this moment, Ye Xuan still did not realize that the danger is about to come, so there is no defense.

Obviously, this time, the people of Qinglong Gang sent people who are good at hiding.

Of course, this is also the detection function that Ye Xuan does not open the system. Otherwise, these people can hide even if they can hide it.

In the face of system detection, these people have nothing to lose!

Unfortunately, Ye Xuan did not open the system!

After all, the system has limited energy.

.....

Suddenly, Ye Xuan's heart was alert, and between the moments, the sword did not hesitate to fly out.

"boom!"

A loud roar sounded.

What makes Ye Xuan quite unexpected is that the sacred sword is actually a mysterious and transparent place!

It is like the air in the air.

Ye Xuan's heart is broken. I want to know that he just felt that there was any force on the other side to attack himself. Moreover, from the current reaction, it seems that he has been surrounded by any prohibition or field.

After all, although the sword of the sacred sword is hollowed out, the powerful blow of the sacred sword was offset by the power in the air, so naturally it can be seen that Ye Xuan is surrounded by the ban. in.

The law of the **** bow has appeared in the hands of Ye Xuan, and a black ball around Ye Xuan is looming.

Ye Xuan is waiting, waiting for the person who ambushes himself to come out.

Since they are interested in ambushing themselves, Ye Xuan believes that they can't just consume it with themselves.

Sure enough, when Ye Xuan thought about it, there was another change around him.

I saw a smoky black smoke rising around Ye Xuan. These black smoke seemed to have no threat at all. It was like the wind, and it was like the smoke from the broken wood of the wildfire. Random.

However, when Ye Xuan saw this scene, he was instinctively alert.

This black smoke, there is a problem!

There is no flame anywhere here, and the black smoke is too strange.

What is it, Ye Xuan does not dare to shake, after all, this is the situation Ye Xuan has never encountered.

"System, what is the black smoke?"

Ye Xuan told the system.

"Hey, the system prompts, specifies the target, and robs the soul of six smokes!"

"Hey, the system prompts, the host should pay attention, this smoke is extremely poisonous and intriguing, it is recommended that the host immediately dodge."

To rob the soul of six smokes?

A long name, however, just from this name, it has been known that this smoke is not simple.

Ye Xuan figured back and immediately retreated toward the rear. However, Ye Xuan did not withdraw, but had to stop!

Because, he simply can't move!

"No, the prohibition around this can't be broken!"

Ye Xuan was in a state of sorrow, and unconsciously, he had already fallen into a big trap.

The ban on the surrounding is obviously a special technique. Ye Xuan can't help it at all. It can be said that even if Ye Xuan has a way to crack through the system, it will take time.

However, the black smoke has only recently appeared, and it has spread rapidly.

The person who ambushed Ye Xuan actually wanted to use this method to directly kill Ye Xuan!

Damn it!

Ye Xuan was furious, and at this moment, it can be said that Ye Xuan has fallen into extreme danger.

From the alertness of the heart to the passiveness, it is only a moment.

With a wave of hand, a powerful power rushed out, and Ye Xuan wanted to try it, can he dispel the black smoke.

It is a pity that this is a smog of six souls, and where is it so easy to dispel it?

It can be said that Ye Xuan's attack has no effect at all. I am afraid that Ye Xuan has spread the power of the gods. However, the black smoke can directly ignore the existence of divine power.

On the surface, it seems that the black smoke that the wind can blow, but it is not affected by any external forces, it is still spreading like that.

It can be said that once these black smokes are close to Ye Xuan, then Ye Xuan will not be able to fight!

"Damn, who would dare to secretly swindle, give me the ability to stand up!"

Ye Xuan screamed, but unfortunately no one responded to him.

This time, it is the manpower that Qinglong helps the lord personally send, and where it will be so simple.

In fact, if Ye Xuan is directly killed by this black smoke, if not, those people will appear immediately, giving Ye Xuan a fatal blow!

"Destroy the gods!"

Ye Xuan suddenly waved, volley control the sword, it is a powerful blow!

"boom!"

A loud noise, however, there is no movement!

This ban can absorb damage!

Unless Ye Xuan can break the attack that is enough to break the prohibition, he can't break the prohibition!

Looking at the attacking power that was scattered like a ripple, Ye Xuan was a little anxious.

With more and more black smoke, the speed of diffusion is getting faster and faster.

Ye Xuan knows very well that once the black smoke is full of this prohibition, then he will have no way to escape!

"Damn, I still don't believe it. There is really no way! 弑Sword, Wanjian is one!"

Ye Xuan screamed loudly, and the sacred sword broke out with a strong brilliance in an instant, but in an instant, it has already turned into a sprint to the whole sky!

"hit!"

Under Ye Xuan's order, the Sword of the Sword immediately attacked in all directions.

"Boom! Boom! Boom!"

Terrorist attacks spread throughout the space!

However, there is no effect at all. The only gain is that Ye Xuan knows this place. In fact, it is only less than a hundred miles!

In other words, Ye Xuan is trapped within this hundred miles by this prohibition!

With a wave of hand, the law of the gods has disappeared, and then, Ye Xuan hands shine at the same time, left hand ban, right hand charm!

Ye Xuan is also refining two different special magic weapons.
