

## Super D. S 257

Chapter 257: chase!

"It is difficult, this Zhaopan, is Ye Xuan? Those ground devices are all forged by Ye Xuan?"

In the heart of Mo Ziyun's heart, he asked: "Where did the bluestone go? Is it in the hands of Ye Xuan?"

"The disciples are not clear. After we saw the body of Master Wang, we just returned directly to Tianlei."

The disciple shook his head.

Moziyun bites his teeth, a large lapis lazuli with a fist, and the value of the city. If Tianyuanzong can get it, the strength will definitely rise to two levels, and even become the hegemon of Tianshui.

In his mind, he thought about it, and he began to order, so that everyone present was driving a Thunder Eagle to pursue Ye Xuan.

Lin Xueer and Yu Jin looked at each other and followed them out.

After a while, more than 30 Thunder Eagles flew out of Tianyuan, which is almost all the Tianlei eagle in Tianyuanzong.

No matter what, lapis lazuli must be handed!

Ye Xuan is the only clue!

chase!

.....

Just as Tian Yuanzong made a big move, Ye Xuan was already flying in another direction.

Lingxiao House is in the Eastern Region, Tianyuanzong is in the South, so he said that after he left Tianyuan, he flew in the northeast.

However, he had just left Tianyuanzong and soon saw three Tianlei eagle flying back to Tianyuan. Moreover, he has seen all the people on the three Thunder Eagles.

It almost scared him, and quickly guided the Tianlei Eagle to leave at full speed, and also turned a direction.

In case those people have guessed his identity, they will definitely chase in the direction of Ling Xiaofu. Therefore, he can't just fly to Lingxiao, so he must go around.

At this time, on the back of the Thunder Eagle.

"Fortunately, I am running fast, or I will be caught. No matter how much, I will return to the small world."

Ye Xuan thought of a move, directly to those who spawn.

"Hey, the host has broken through to the human world!"

Strength, recovered!

The more than 3,000 pieces of the best spar directly gave him more than 300 billion devouring points, helping him return to the people of Xiaocheng.

It is a pity that this Tianlei eagle at the foot is the beginning of the real state, and the speed is not fast.

In order to insure, he decided to go on his own.

At the moment, he is letting this Thunder Eagle land, and then said: "You fly west, fly back to the sky one day later.

Yuanzong, do you know? "

This Thunder Eagle seems to know how to nod, then fly toward Zhongzhou. And Ye Xuan himself is moving in the direction of Lingxiao.

At this time, he is also full of firepower, directly using the Chinese-level martial arts to go all out.

Although lapis lazuli is not in his hands, the other party does not think so, and Wang Chuanshan, who is the third in the Tianyuan list, is dead. Tian Yuanzong will never let him go.

However, Tian Yuanzong is far away from Lingxiao House. Like the Western Heaven, the difficulty is not, it is a lot of obstacles.

In order to return to Lingxiao House as soon as possible, Ye Xuan took a shortcut, which is a straight line.

However, the straight line does have many obstacles, such as cliffs, canyons, etc. There are many beasts and beasts on the way. He estimates that if you return at full speed, it will take at least one week.

The sky has gradually darkened, but Ye Xuan's footsteps have no stop.

At night, for others, the line of sight will be greatly reduced, and there will be many beasts. However, this is very suitable for Ye Xuan.

Therefore, Ye Xuan wants to use this night to completely escape the pursuit of Tian Yuanzong. Of course, he does not know whether Tian Yuanzong is chasing him, but only insurance.

However, it is at this time.

"Hey!"

"Hey!"

"Hey!"

There was a series of roaring sounds in the forest. Ye Xuan's eyes closed and felt a little. He found several creatures hundreds of meters away.

"Are you a beast? Don't come to me, or kill you."

Ye Xuan thought in his heart, that is, he continued to walk straight, but in the next moment, his brow was suddenly condensed, and the whole person's foot was next.

Because he felt that the three creatures flew toward him, and the speed shocked him.

"Xuan beast?"

Ye Xuan's foot was the next one, and he took out the Eight-Dangerous Sword directly and stuffed a medicinal herb into his mouth.

Hundreds of meters away, the two breaths are chasing up, these three mysterious beasts are not ordinary, if not the speed of the mysterious beast, then the level is high.

"Roar....."

After the three mysterious beasts approached Ye Xuan, the speed was slowed down, and they whispered and walked slowly toward Ye Xuan.

"Wolves..."

Ye Xuan guessed the types of these three mysterious beasts. At the same time, according to the speed of the talent, he also had an estimate.

These three mysterious beasts are at least the mysterious beasts of Dacheng, and their strength is very strong.

He did not expect that he could meet such a high-ranking mysterious beast, which was an unexpected surprise.

"You three, let's go together."

Ye Xuan held the eight-year-old sword and said slowly.

The senses of the wolf are very keen, although Ye Xuan is only a small man, but the three mysterious beasts obviously feel that Ye Xuan is not a general item.

However, they also understood the words of Ye Xuan, and immediately slammed into the past.

"Hey, white to send experience points."

Ye Xuan sneered aloud and directly launched the Eight Desert Sword.

Eight wild, the wind killed!

"Calling!"

The eight sharp blades quickly rotated, and the heads of the three wolves were instantly taken down, and then reorganized into eight wild swords.

"There are three people in the district, Dan Wang Dacheng's demon wolf, dare to come to me trouble?"

Ye Xuan's heart snorted and swallowed the three bodies.

"Hey, the host swallowed a corpse of a mysterious beast and got 30 billion engulfed points!"

"Hey, the host has swallowed a mysterious beast, and has earned 100 billion engulfing points!"

A demon wolf in Dacheng Dacheng, there are actually 130 billion engulfing points, which is greatly out of Ye Xuan's expectations.

Three, that is nearly 40 million, is already more than the profit he had previously sold in Tianyuan.

After devouring it, the Dan Yuan in Ye Xuan's body has grown a lot, but there is a huge gully from Dacheng.

This time, he is also making a big profit. It is almost impossible for three people to appear in this place. After all, this is the boundary of Tianyuanzong.

After a sect is established, every time you go out to hunt these high-ranking mysterious beasts to prevent the disciples from being killed.

He can meet it, it is pure luck.

However, the blessings and the disasters, the three wolves have just been swallowed up, and the sky is passing a bolt of lightning.

"Tianlei Ying? Did you catch up?"

Ye Xuan was shocked and hurried to hide the talent of the Shadow Leopard.

However, this is not an egg.

"Zhao Gongzi, I know you are here, come out."

A soft voice sounded in the sky.
