

Super D. S 258

Chapter 258: Lin Xueer chased

"Zhao Gongzi, I know you are here, come out."

After Ye Xuan heard it, his body was also trembled. Isn't this the voice of Lin Xueer?

"It's no wonder that we can catch up. It turned out to be the Tianlei Eagle of the Dan..."

Ye Xuan glanced at him and found that the Thunder Eagle in the sky was a few times bigger than the one he had previously sat.

He did not speak, quietly sneaked away, presumably, it must be the movement that he only made the hand to bring Lin Xueer.

"Ye Xuan, I have all the five places in the Tianyuan dynasty have been dispatched, and there are ten Tianlei eagle of the gods, you can't escape, come out."

Lin Xueer's voice echoed in the sky.

"Sure enough, guessing my identity."

Ye Xuan heart secretly said, but I don't know if Lin Xueer guessed that he was taking away the lapis lazuli Ye Xuan, or the Ye Xuan of Yuncheng.

Seeing that Ye Xuan did not move, Lin Xueer continued: "Ye Xuan, as long as you hand over lapis lazuli, I will look at our share from the same place and ask the master to open the net."

"This girl is smart. It seems that he also knows that I was ** before."

Ye Xuan's heart is a secret, but he is not so stupid.

A big fist with celestite is worth more than the four fields in the southeast and northwest. Even if he says no, Tian Yuanzong will certainly not believe it. He only thinks that he has hidden the lapis lazuli.

Simply put, if it is caught, it will die very badly.

So, you can only escape!

"The head of the skull is the eagle-level eagle, and even if I withdraw at full speed, I can catch it. I have to kill it."

Ye Xuan is still thinking about it.

At this time, suddenly there was a fireworks scattered in the sky.

"Hey!"

The face of Ye Xuan underneath changed, whispering: "Damn, there is still a signal."

Now, he can no longer hide again. If more people come, then he has no way to escape, and must be quick and quick.

At the moment, he just took out the bow and arrow and raised his hand.

"Chinese goods level martial arts, fire dragon arrow!"

"Huh!"

A long fire snake smashed out, and instantly crossed a hundred meters, hitting the **** of the gods.

Suddenly, the two figures are from the air.

Lin Xue

Children are dazzling, and naturally they will not fall.

Ye Xuan was too lazy to take care of her, and took out something directly from the Qiankun ring. It was a humanoid guardian.

"Run in all directions, don't stop!"

Ye Xuan used Dan Yuan to activate the guardians of these real Xuanjing peaks. In the meantime, they are scattered.

These are just his cover.

"The whereabouts have been exposed, they must be coming over and then chasing in the direction of Ling Xiaofu. If this is the case, then I will come back with a reverse thinking and run back!"

Ye Xuan glimmered and suddenly turned around.

With the high-level shadow leopard blood, he is completely hidden in the shadow, with a high-level hidden treasure on his body, even if someone passes by, he will not find him.

"Hey, just because of you, still want to catch up with me?"

Ye Xuan was sneering in his heart, and suddenly there was an idea in his heart.

As long as he shot these Thunder Eagles one by one, he would be much safer.

At the moment, he took out the bow of the grounder and raised his hand to shoot.

A fire snake smashed into the sky, and in the blink of an eye, the four Thunder Eagles in the air were **.

At the same time, Ye Xuan also exposed his position.

But what about that?

There was a constant noise around him, and the guardian who used to distract the enemy's attention was broken up.

He stood still in silence, hidden in the darkness.

After a while, several people gathered.

"Strange, man?"

A disciple asked strangely.

But the voice has not yet fallen, there is a black shadow one by one to sneak behind them, stun them, and at the same time, the 乾 戒 戒 。 。 。 。 。 。 。 。

At this time, there is another figure that quickly approaches.

"Ye Xuan, I know you are nearby."

This gentle voice fell into Ye Xuan's ear, no need to guess, this must be Lin Xueer.

Ye Xuan ignored her and directly sneaked into the past, then took a palm on her chest and stuffed a medicinal herb into her mouth.

The method of holding the Song Dynasty on the same day was re-emerged today.

Only this time, the poison is a little expensive, enough to have a hundred billion to swallow the points, the meat hurts Ye Xuan.

This diffuse gas is specifically targeted at

The military of Dacheng Dacheng can quickly consume the Danyuan in the other party.

After breaking the gas into the body of Lin Xueer, Ye Xuan also instantly fell down on her and smiled: "How did you recognize me?"

"I am going back to Lianyuncheng. They said that you are not in the Xuanyang Empire, and there are still many embarrassing peaks, so I guess you should have entered the Lingxiao House." Lin Xueer puts his heart in his heart. The guess came out.

After listening to Ye Xuan, she also smiled and said: "Sure enough, but I did not expect that, in just two years, you have become a big man. It is no wonder that the direct retreat at the time made me lose face."

"Remarriage is not what I meant. I didn't expect you to come to my Tianyuan."

Lin Xueer said, and said: "You just gave me what to eat, should I quickly consume my Danyuan's remedy? Is it because I want to take me down and use me to escape to Lingxiao?"

"I originally wanted to go back directly. Whoever makes you chase after you can't help but can only hold on to your former fiancée."

Ye Xuan shook his head helplessly.

"Do you think that you can do it?" Lin Xueer suddenly said a word that had no head and no brains.

Ye Xuan is a bit strange, but the next moment, his eyes are suddenly big.

The Dan Yuan in Lin Xueer's body should have been completely dissipated by the suffocating dan, why is there?

Moreover, it is even more honest than before!

"not good!"

Ye Xuan's face changed. Although he responded quickly, he was still hit by a small hand and flew out.

"How can this be?"

Ye Xuan exclaimed incredibly, why Lin Xueer can still use Dan Yuan, is it that the diffuse Dan has expired?

"Let you down, my Dantian, in addition to a person Dan, there is also a Ditan. I have already broken the shackles of the people, and broke through to the land, but the master said that I am repairing. If the order is too fast, I will seal my land and let me continue to consolidate." Lin Xueer explained slowly.

Now, Ye Xuan understands.

It turned out that it was not a swallowing system of fakes, but because Lin Xueer was a master of the land.

Nima, the 17-year-old Didan!

"Your talent is really amazing to me, but do you think that you can win me when you first enter the land?"

Ye Xuan took out the eight wild swords.

"I didn't think that in less than a day, you broke through to the humanity, but there are still two levels of gaps with me. If you want to go, look at your skills."

Lin Xueer also took out a weapon.
