

Super D. S 2581

Chapter 2581: System recovery also rewards

Source stone?

what is that?

"Let's fall, do you know this?" Ye Xuan couldn't help but ask.

"Yes, the young master, although the stone of this source is not as good as the original Shenjing, it is also a good thing that is many times better than Lingshi. When I was controlled by the order, they kept on me. Providing this source stone, so I can quickly improve it!"

The pie that fell in the sky?

Ye Xuan brows wrinkled, this thing, it seems that how to see how all the strange!

"Shenmu sword waiter, look at a few more boxes."

Ye Xuan continued to order, and obtained the order of Ye Xuan. The Shenmu Swordsman opened six boxes in a row, with the exception of the 51st, all filled with this source stone.

However, just as Shenmu Swordsman was ready to open the seventh box, a sound suddenly appeared.

"Don't look at it, these are the source stones, and some other cultivation resources. Since you have been a trial disciple of my guardian, and have not received resource assistance for a long time, then these resources are given as Your compensation. Remember, remember that the trial has begun, and that the rapid improvement is done. After reaching the high gods, you will leave the second world."

The sound seemed to come from all directions, and it seemed to be only in the ear of Ye Xuan.

In a flash, Ye Xuan had a feeling of creepy feeling.

The person who talks, what kind of cultivation is just a sentence, but it can make Ye Xuan feel such tremendous pressure!

This sound appears fast and disappears quickly, as if it is, there has never been a general appearance.

But at least, Ye Xuan knows why these things are here.

It turned out to be for yourself!

At the moment, Ye Xuan even had a feeling of bitter smile. He did not think of so many sources of stone, and then he was so afraid of himself, but he was giving himself something.

Ye Xuan slightly stunned, and then waved, half of those boxes, as for the remaining half, naturally left for them to fall.

"Since these things are given to me, then we don't have to be polite. You should collect some of them as a resource for cultivation and strive to break through to the highest gods."

The three women nodded, although the fall was already the highest god, but after all, it was given by Ye Xuan, and he would naturally accept it.

"System, these resources, can you recover?"

"Hey, the system prompts that only one-third of it can be recovered."

"Okay, since this is the case, then you will draw energy and recover quickly."

Ye Xuan said to the system, these source stones are indeed very rare, but for Ye Xuan, the biggest role is actually just to facilitate him to repair the system.

After all, the power of Ye Xuan is mostly from the system. If the system can't be restored, then Ye Xuan can't break out all the fighting power at all!

At this moment, these source stones, Ye Xuan will naturally take the system to absorb energy, and then quickly wake up.

Accompanied by Ye Xuan's command, a stone of the source is directly absorbed into the energy and absorbed by the system. However, only Ye Xuan knows this process. Others will not see the changes in Ye Xuan's ring. .

Although there are not many people in the Guardian, there are fewer people, but there are also some people who have fewer benefits. For example, the current Ye Xuan, the source stone that is divided, is enough to make the order of hundreds of people, and even more people use it is.

As he walked back to the road, Ye Xuan waited for the prompt of this system.

Only when the system is fully recovered, the strength of Ye Xuan can be improved for a long time.

.....

Finally, the upgrade of the system was remembered, and this time, it also brought Ye Xuan an unexpected surprise.

"Hey, the system prompts, the system is full of energy and the repair is complete."

"Hey, the system prompts that the system is full of energy, meets the upgrade conditions, and automatically turns on the system upgrade."

"Hey, the system is upgrading..."

Fortunately for the blessing, Ye Xuan was overjoyed. He didn't think about it. This time, the system was not only restored, but even upgraded!

Naturally, the benefits of the system upgrade need not be said. Ye Xuan is looking forward to the incomparable. I don't know what this time, after the system upgrade, what kind of unintended benefits can be brought to myself!

Therefore, Ye Xuan did not even devour the stone of those sources, because Ye Xuan wants to wait until the system upgrade is completed to see how the source stone should be used.

In Ye Xuan's unparalleled expectations, the system's prompts finally rang.

"Hey, the system prompts, the system upgrade is complete!"

"Hey, the system prompts, congratulations to the host, complete the only hidden task, the system breaks behind and gets the only super peerless package!"

"Hey, the system prompts, the system upgrade is complete, the system store is updated, the system task rewards are finer, the system information database is updated..."

A series of prompts keep ringing, and the long-lost system boosts the sound!

During the period when the system is weak, only Ye Xuan knows how difficult it is!

Fortunately, the system has finally recovered.

Then, it also indicates that Ye Xuan can once again open up the violent strength improvement.

The system's prompts have been going on for a long time, but basically it is to improve the detailed upgrade and update.

As for the reward, there is only one, that is the only hidden task, broken and standing!

The only super reward, the peerless gift pack!

Just hearing this name, Ye Xuan can also know, I am afraid that this time, I will definitely get a generous reward.

"System, open the peerless package!"

"Hey, the system prompts, the host opens the peerless package successfully, congratulations to the host to obtain, special treasure chest, unlimited flip package three! Level level promotion draw once! No limit equipment level extraction together! Random swordsmanship package."

Unlimited flip package?

Ye Xuan slightly glimpsed, what is this gift pack?

Even if other gift packages may not have been received by Ye Xuan before, at least the name is also known to be useful, but this infinite flip package, Ye Xuan does not understand.

"System, what is the use of this infinite flip package? How to use it?"

"Hey, the system prompts, infinitely flip the package, every time the host opens, as long as the reward is obtained, then you can continue to open until the gift is not opened. Please note that the package can be expanded indefinitely, but the number of awards with the host is increased. More, then the chance of winning is reduced."

Ye Xuan gave a slight glimpse, but I still didn't understand it too much. However, since there are three infinite flip packages, it is better to take a look at it now.

"System, open an infinite reversal package!"

Accompanied by the name of Ye Xuan, Ye Xuan's eyes showed an exquisite gift bag. Ye Xuan took a hand and the bag opened immediately.

"Hey, congratulations to the host for getting a reverse scale armor, and two flipping packages."

Chapter 2582: Draw time

The anti-scale armor, the armor created by the dragon scales, has a strong defense.

It seems to be of no use, although it is built with the scales of the dragon, but only the defensive ability, for Ye Xuan, there is no use at all, and thrown into the ring, Ye Xuan looked at the other two flips Gift package.

"Hey, please choose the host, this time for the second choice, only one of the two packages has a reward."

Ye Xuan nodded and opened another gift bag.

"Hey, congratulations to the host, get one of the original gods, two flipping packages!"

The source of Shen Dan, can help the host to understand the power of the source faster.

This thing is not bad, after all, Ye Xuan now needs to understand the power of the source.

Although most people are really beginning to realize the power of the law after they are promoted to the highest god, it is precisely because of this, if Ye Xuan realizes the power of the law in the realm of the gods, then the effect will be much better. .

What's more, the last time the chaos banned the sentiment, it has already made Ye Xuan only one step away from mastering the law.

With this source of God, it will naturally be very useful.

So, this time is one of three choices?

Sure enough, when Ye Xuan thought about it, the system prompts had already sounded.

"Hey, please choose the host, this time for three choices, among the three packages, only one gift package has rewards."

Choose one of three? One third of the opportunities? However, the odds are still very large.

Ye Xuan looked at it for a long time, but the three gift packs were exactly the same. There was no difference in the slightest difference. In this way, Ye Xuan could only choose by luck.

"System, I chose the one!"

"Hey, the system prompts, the host is choosing the right package this time, this lottery is over."

Not selected!

Ye Xuan has a slight glimpse.

"System, come on a flip package."

It can be said that this flip package is quite interesting.

Of course, in addition to fun, the most important thing is that what he can open is really unknown.

Compared to other gift packages, you can only get one reward. This flip package, as long as you have luck, can get several rewards. After all, in theory, this flip package can be received indefinitely.

After all, every time he has a gift package, there is a reward, and as long as he can get a reward, he can continue to receive the gift package.

Therefore, this flip package can theoretically be obtained indefinitely.

Moreover, from this reward point of view, it seems that the rewards in the flip package are not less.

"Hey, congratulations to the host for getting the ice licking needle, congratulations to the host for getting the flip pack."

.....

Soon, the three flipping packages were opened by Ye Xuan. However, although this reward is good, there is no suitable thing for Ye Xuan.

It's not that this flip package is not good, but this time Ye Xuan's luck is not very good.

Because the latter two packages, Ye Xuan actually did not choose when the second choice!

Therefore, this can only be a bad luck.

However, Ye Xuan is not depressed. After all, the real weight is only now. The flip bag is just an appetizer.

realm! The magic weapon without limit quality! Random swordsman!

These three things are the most valued by Ye Xuan!

"System, open the realm package!"

This is a good thing that can directly provide Ye Xuan with a realm of improvement. How can Ye Xuan not be excited!

"Hey, the system prompts, in the reward extraction, congratulations to the host to obtain a special upgrade of the drug three."

"Hey, the system prompts, upgrade the drug, can promote a grade directly for the host, can be used under any circumstances!"

"Hey, the system prompts that upgrading the drug can only increase the host to the highest god!"

Ye Xuan gave a slight glimpse, but quickly understood the benefits of this remedy, that is to break through the realm!

The emperor's environment is upgraded to the highest level of the gods. When the last product is needed, it is necessary to preliminarily grasp a source law to be promoted.

However, if Ye Xuan did not initially complete the mastery of the law of origin, then, this upgraded immortality, can force the Ye Xuan realm to improve, and thus, get a random law of the source!

By the same token, when the supreme **** is upgraded to the highest god, Ye Xuan can also use this to upgrade the medicinal herbs to break through the block!

It can be said that these three upgrades are more useful than upgrading the three levels directly to Ye Xuan!

Ye Xuan carefully took the three medicinal herbs into the ring, and now, when they are not taking them, the useful things are naturally left to be used when they need to be used.

"System, open the random sword bag!"

Ye Xuan's swordsman is indeed a change!

"Hey, the system prompts, congratulations to the host, get the chaos swordsman!"

Chaos Swordsman, the special swordsman of the chaotic law, this sword is immune to the attack of all laws and forces, and at the same time, has a powerful physical attack ability!

Immune all rules?

Also, the law of chaos itself is used to repair the chaos of the law. Then, the chaos of the chaotic law can be immune to all laws and attacks are normal.

However, next Ye Xuan was stunned, because he could not see the chaotic swordsman, even if he used the gods to sense, it was not only the chaos swordsman.

This chaotic sword waiter turned out to be a special talent with absolute concealment!

In other words, he is almost impossible to find.

Such a sword waiter, the role is great, naturally need not say more.

There is also the last gift pack, that is, no limit equipment package!

There is no upper limit. It is said that there is no upper limit to this quality. Even if Ye Xuan draws a final artifact, it is not impossible!

However, at this moment, Ye Xuan is somewhat hesitant, and there is no limit to the magic weapon. After all, there is only one such opportunity, saying that Ye Xuan is not nervous, it is a lie.

Ye Xuan stabilized his mind and looked at the gift package in front of him. He finally chose to open it.

"System, open the unlimited equipment package!"

Ye Xuan's heart waited silently for the result. It can be said that Ye Xuan at the moment is both excited and nervous!

"Hey, the system prompts, congratulations to the host, no boundaries!"

what?

Ye Xuan lived, what is unbounded?

This magic weapon?

Bringing the unbounded to the hands, Ye Xuan found that this is just a ray of light!

Ye Xuan admits that this light is extremely mysterious, but what is the use of such a ray?

"System, fast, explain what is the use of this unbounded?"

"Hey, the system prompts, there is no boundary, it is a singularity, and there is no limit to the boundlessness. The host can integrate unbounded into the devour space, so that by swallowing the space, you can truly become a complete world without half the world. difference!"

Is this a singularity?

Chapter 2583: Stopping the road to death

Legend has it that at the beginning of the birth of the world, it was just a small singularity. With the expansion of the singularity, the rules of chaos inside gave birth to the four ultimate artifacts!

The four ultimate artifacts constantly improved that chaos, and continued to expand, so the birth of the first **** of the Lord!

The first master is incomparably powerful and has created countless powerful people. These strong efforts have finally created the present gods and the myriad of mysteries.

Could it be said that what Ye Xuan is in his hands is such a existence?

Ye Xuan is now in the hands of a world!

Ye Xuan's heart is shocking, but he also knows that although this thing sounds extremely powerful, it can be very useful for himself. After all, it is necessary to let the unbounded grow up, that is hundreds of millions of years!

Fortunately, at least, this unbounded can be used to perfect the phagocytic space and engulf the space. It has never been complete, especially the power of the law, but it is missing.

Now that there is no bounds, then there, you can grow into a complete world.

Ye Xuan waved with his hand, and the unbounded has entered the devour space.

This time the draw is finally over.

Ye Xuan did not delay, but walked toward the first floor of the city. This time, he would completely solve all the grievances in this first layer.

Qinglong help, it is time to say that disappeared, since they dare to assassinate Ye Xuan several times, then Ye Xuan can also destroy them.

Because the next time I leave, Ye Xuan will go to the main world and start the real trial of his guardian.

However, Ye Xuan has not returned to the city, but first met the people of the Qinglong Gang.

It turned out that after Qinglong helped the owner to hear Ye Xuan go to Dian Lianxuan, his heart was always very upset.

Dielianxuan, that is a taboo general existence.

He is worried that Ye Xuan will know the people there.

But then I thought about it and felt that it was impossible. The strength of Ye Xuan was only the gods, and how could I know the people of the dish.

However, Qinglong help the host after all, still afraid, if Ye Xuan knows the people of the dish love, then he is dead.

Therefore, Qinglong help the host to bring people to look for Ye Xuan, in order to be able to kill it in one fell swoop.

Unfortunately, Ye Xuan's speed is extremely fast, and where is he can find.

Can not find all the way, Qinglong help the helper can only leave enough manpower, and at the same time issued a lore to Ye Xuan.

But if you find Ye Xuan, then, don't ask others, you will kill!

Therefore, when Ye Xuan has just walked to the edge of the city, he has already encountered people who are blocking the road.

"Well, this is that Ye Xuan?"

"It should not be wrong, and the appearance and realm are in line."

"What are you waiting for, send a signal, call someone to kill him, and the helper has an order, rather than killing a thousand, and must not let go of Ye Xuan."

"Okay, do it!"

With a single hand, the original Qinglong gangsters, who were just wandering, were indiscriminate and attacked Ye Xuan directly.

"Hey, the alarm is alarming, the host is under a powerful attack!"

.....

"boom!"

A loud noise, unsuspecting Ye Xuan, was directly shot and flew out!

Because this attack does not threaten Ye Xuan's life, the system does not start automatic defense.

And Ye Xuan himself never thought that he would encounter an ambush here, so naturally there is no preparation.

Therefore, the sneak attack of these people will be successful!

With a bang, Ye Xuan directly crashed into a mountain.

It can be said that this attack made Ye Xuan somewhat embarrassed.

"Damn, who dares to attack me, can't you die?"

Ye Xuan is furious, afraid that he will be replaced by anyone, and he will be angry when he is attacked inexplicably.

It is a pity that these people of Qinglong Gang did not put Ye Xuan in their eyes.

Even if I heard Ye Xuan, no one would pay attention to Ye Xuan, but launched a new round of attacks.

More than a dozen Qinglong help the public, from all directions, directly toward Ye Xuan.

"Damn, since you are looking for death, then I will fulfill you!"

Ye Xuan also came to his temper. He walked his own way with great enthusiasm. These people had to come and attack him, and they didn't say a word at all. It was really impossible for him to die so badly.

"Megatron, kill me for them!"

Ye Xuan gave a command, and the sword of the scorpion flew out immediately. Two sacred swords came to those people in an instant.

"Hey!"

A sword pierced the heart, a Qinglong gang's gang, even did not understand what happened, but suddenly found that his godhead has broken.

These are just ordinary Qinglong helpers, so how strong strength, most of them are only inferior to the gods!

Ye Xuan wants to kill them, it is simply a matter of ease.

弑Shenjian keeps swimming, wherever you go, all throw up some **** rain, short blink of an eye, the helpers of the Qinglong gang, have all been killed!

However, this is just the beginning of death.

Just as Ye Xuan just killed these people, in the distance, more people gathered.

These people, there are the helpers of the Qinglong gang, and the forces attached to the Qinglong gang, of course, inevitably, there are people who rushed over to kill Ye Xuan's high bonus.

In a flash, in the sky, above the ground, there are thousands of people!

"Haha, it's really Ye Xuan. As long as he kills him, then the Qinglong Gang will have a generous reward!"

"Nobody should grab it with me, this Ye Xuan, I have to kill myself!"

"Chong, kill Ye Xuan, earn money!"

The one who rushed first was not the person who helped the Qinglong, but the guy who thought that the source of Shenjing was crazy!

Hundreds of people, no matter how much, rushed toward Ye Xuan.

Ye Xuan frowned at this moment, and heard the snoring of these people, Ye Xuan still did not understand where they came from.

"If you want to find death, good! I will fulfill you!"

Suddenly, Ye Xuan screamed, and the sacred sword immediately burst into a ray of light. In a flash, it was divided into thousands of pieces, like raindrops, and densely falling down.

"Boom! Boom! Boom!"

"Hey! Hey! Hey!"

Blood splashes, the limbs are everywhere!

One move, just a move, Ye Xuan actually killed hundreds of people!

Although the strength of these hundreds of people is not strong, but it is also hundreds of fresh lives.

In an instant, the Qinglong help camp, but there is no sound.

Everyone looked at the corpse that was still bleeding with blood, but some scalp numb!

"Kill! Damn, kill the guy!"

Suddenly, someone shouted loudly, and immediately, more people rushed toward Ye Xuan.

Ye Xuan silently looked at the people, faintly raised his hand: "I am not a smother, but since you are blindly looking for death, I will fulfill you!"

"Six-word mantra, die!"

Chapter 2584: Six horrible mantras

Accompanied by the words of Ye Xuan, there was a lot of people who were still rushing toward Ye Xuan, but they fell to the ground!

When the person next to him looked at it, he found that his godhead had already broken!

"dead!"

"dead!"

"dead!"

Every time Ye Xuan's hand points in one direction, there will be a large area of death there!

The most important thing is that no one knows exactly what kind of attacks these fallen people have suffered.

The moment before, I was so excited that I rushed to the front. At this moment, I stopped all the steps, and they were afraid!

I am afraid from the heart!

Because they didn't know at all, what happened, Ming Ye Xuan did nothing, but just raised his hand, and there was a large-scale death!

A sense of panic and powerlessness spreads in everyone's mind, what kind of existence they are facing.

Why, why he doesn't need to do it, just where the finger is going, wherever the person will fall!

Retreat!

When the first person retreats, more people will retreat.

This time, hundreds of people rushed out, but more than half of them stayed on the road.

The most important thing is that no one knows how they died!

Because in addition to seeing that the godhead has broken, it is difficult to see the half-point anomaly!

What kind of power is this kind of horror, what kind of magical power is it, can it be so strange.

Ye Xuan stopped his own movements and continued to perform so many six-character mantras. For Ye Xuan, it was also a great drain.

However, Ye Xuan feels worth it.

These guys are obviously tempted by the Qinglong Gang. Ye Xuan really does not want to kill them more, but they are not afraid of them, but they will not know what is afraid!

Only let them be afraid will let them stop.

Even if it is necessary to open the killing, Ye Xuan also hopes that the ones killed in their hands are the people of Qinglong!

"Hey, the system prompts, congratulations to the host, the six-word mantra is perfect!"

"Hey, the system prompts, the six-word mantra is promoted successfully!"

"Hey, the system prompts, congratulations to the host, get six truths!"

Six true words, including, dead words, broken words, words, words, words, ruins, words!

The words of death, injury, and extinction are the same as before, but the words that change, are the words, ruins, and seals!

However, at this moment, Ye Xuan is too lazy to check the effect of these three words, because Ye Xuan will use actual combat to prove.

At this moment, seeing these two people who have been smashed have been smashed by Ye Xuan, and the gang of the Qinglong gang has finally shot.

At this moment, I saw a Qinglong elder who was inferior to the high gods, and with hundreds of Qinglong helpers, rushed toward Ye Xuan.

The sword and the sword are shining.

In the twinkling of an eye, there have been countless attacks throughout the sky.

These attacks are extremely fast, and at the same time, they are also very murderous.

It seems that it is a trick to completely suppress Ye Xuan.

Ye Xuan raised his eyes and looked at the countless attacks in front of him, but he said faintly: "Six truths, ruin!"

"Hey!"

When I said this sentence, Ye Xuan turned out to be a **** spit!

It turns out that the pressure of these six truths is too great. Even if Ye Xuan can display it, it will pay a great price.

At this moment, this blood is the best proof.

However, what is the power of this ruined word?

Accompanied by Ye Xuan's voice, the power of Xuan'ao has been launched. At the beginning, it seems that nothing happened. The attack was still rushing toward Ye Xuan. The helpers of the Qinglong Gang did not have the slightest abnormal.

But just as people blinked, everything changed.

Disappeared!

Everything has disappeared!

Silent, as if everything, it should be.

The countless attacks disappeared, and the people of the Qinglong gang disappeared, but there were careful people, but they found that the area changed color.

It is a touch of red.

Blood red! !

That area, even under the words of Ye Xuan, all destroyed invisible, everything is broken down into the most primitive state.

"boom!"

Suddenly, a huge explosion of sound rang.

Along with this loud noise, a wave of air suddenly exploded.

It turned out that there was no sound, but because the attack was too strong, so the voice of the attack was still suppressed, and it broke out until now.

The strong air and waves make many people feel a sense of standing instability, but the most important thing is the **** taste in the air.

That is hundreds of people!

The helpers of hundreds of Qinglong gangs have turned into blood fog!

What kind of power is this, why is it so strange and powerful!

Some timid people, even scared to fall on the ground, pale face.

At this time, don't say that they are, even Ye Xuan, is quite shocking, I did not expect that the six real words after the promotion, even so powerful.

In a word, it is still emptying all enemies in a certain range!

If there is anyone who can survive under this attack, then there is only the elder!

However, at this moment, the elders of the Qinglong Gang are also terrified.

Just now he was only instinctively aware of the unusual horror and danger in front of him, so this stopped his progress. However, now he knows that his stop has actually saved him.

Moreover, even if he is not at the core of the attack, it is also very miserable.

At this moment, the elders kept blood all the time, and there was a horrible attraction that suddenly came.

Even if he was already very careful, he still did not escape the attack.

That attraction is like trying to inhale him into an unknown abyss.

If it weren't for the elders, it would be the cultivation of the next high-ranking gods. I am afraid that it is already degraded.

At this moment, the elder stood silently and silently. Only when he was so close to death could he know how much he feared death.

Ye Xuan faintly looked at the people in front, he was waiting, waiting for the arrival of the Qinglong helper.

Because Ye Xuan believes that since Qinglong helps the Lord to iron himself and die, then it is absolutely impossible to send these small shrimps to death.

Although Ye Xuan did not break through the high gods now, it is not the realm of the district where the original source of the original origin is.

Ye Xuan is waiting, waiting for the main body to appear.

Of course, if these people are not interested, then Ye Xuan does not mind killing them.

Silent and silent.

Only the breeze caress!

Ye Xuan was so suspended in the air. In front of him, thousands of people gathered by Qinglong Gang turned out to be anyone who dared to step forward. Even some people even looked at Ye Xuan without even looking at it. Ye Xuan uses his own strength to make these people only look far.

Chapter 2585: Chaos Swords Show Power

Some people still want to rush like Ye Xuan, but Ye Xuan only slightly looked in that direction, and even scared them cold and sweat.

Until now, Ye Xuan did not seem to be hands-on at all, but waved his hand, that is, hundreds of people fell.

Such a powerful strength, who dares to provoke?

Ye Xuan is waiting, silently waiting, and the thousands of people, just dare to accompany Ye Xuan and so on.

Finally, Ye Xuan has to wait for someone to come, however, let Ye Xuan frown, this time, not only the Qinglong helper, but also the city owner!

It seems that this time, all the strong people on the entire first floor have gathered!

Ye Xuan brows wrinkled, if it is really facing so many strong, Ye Xuan has no chance!

However, Ye Xuan is not likely to retreat now, he would like to see, these people, what they want to do.

At this moment, the Qinglong help the leader to take the lead and look at the residual limbs in the ground, and the brows are wrinkled.

"You killed them?"

Qinglong helped the Lord to look up and looked at Ye Xuan, and his voice was full of anger.

However, he is angry, but anyone can see it, but it is acting.

All this, this is what he arranged. Moreover, the dead person is just an ordinary gang. The Qinglong gang has no reason for such anger, unless his anger is to find an excuse for himself!

In fact, including Qinglong helpers and city owners, they had a party when Ye Xuan went to play Dielianxuan. There was only one topic in the discussion, that is, Ye Xuan!

According to what they think, if Ye Xuan really has a relationship with Die Lianxuan, then this is a bit tricky.

Therefore, if you want to kill Ye Xuan, not only the Qinglong help the Lord, but also the city owner!

Dielianxuan is a place they dare not provoke.

But at the same time, Die Lianxuan has never been in charge of their affairs.

Therefore, as usual, there is almost no exchange between the two sides.

At the moment, the emergence of Ye Xuan, but they were speculated that Ye Xuan wanted to use the power of Die Lianxuan to be unfavorable to the first layer.

Snatch their interests.

Therefore, when Qinglong helped the host to slay Ye Xuan, these people immediately agreed to it, even if they did not agree, they chose the default.

Because in their hearts, Ye Xuan does not die, it will inevitably become a scourge.

At this moment, this emptied the helper to speak first, and others naturally did not appear.

Ye Xuan looked at the Qinglong helper and said faintly: "How is it, you don't want my life? I am here, although I will take it."

Qinglong helped the main brow, and he was somewhat uncomfortable.

After all, Ye Xuan's performance is indeed a bit strange.

"Kid, do you want to die? Well, I will fulfill you!"

"You are still doing what you are doing, rushing for me and killing him!"

Qinglong helped the master to scream, but he did not do it, but he ordered the ordinary people around him to do it.

Because, Qinglong help the boss also worried that Ye Xuan is not prepared.

In his view, even though Ye Xuan is now a master of the gods, he is not qualified to challenge him. Therefore, naturally, he thinks that Ye Xuan may be a helper.

At this moment, he ordered those ordinary gangs to rush all together. What they did was to explore the details of Ye Xuan and find out if Ye Xuan really had any reinforcements.

However, what makes Qinglong help the Lord is that his order, but no one at all!

In the past, these gangs who heard their own words immediately move, today, there is no one at all.

Qinglong helps the Lord to be very different. You must know that the people who have helped the Qinglong have always bullied the city, and have never seen anything that would be scary.

This Ye Xuan, perhaps indeed, is really weird, but it should not be made to fear his people.

So at this moment, Qinglong helped the eyes of the Lord to look at his own hands and said with anger: "I didn't hear what I said?"

Many Qinglong help the public's legs are shaking, they certainly know the means of helping the Lord, contrary to the orders of the helpers, then they will be very miserable, but have seen Ye Xuan's surprise, and let them dare to move around?

At the moment, these gangs are also in a dilemma. One side is the strange Ye Xuan, and the other side is their helper. They are really not good choices.

"Don't you want to die!"

Suddenly, Qinglong screamed at the Lord.

This is the first time that for the first time someone has violated his orders, and not one or two, but almost everyone here!

Hearing the help of the Lord, an elder standing behind the Qinglong helper immediately shouted: "Come with me! Kill Ye Xuan! The helper must have a reward!"

In twos and threes, there are indeed a few helpers to follow up. Although they are full, they are following the past, but more people have no movement at all.

Qinglong helped the main eyebrows to lock, and he did not know why his own gangs dared to violate their wishes.

But soon, he understood.

Ye Xuan's goal at the moment is that Qinglong helps the lord and the city owner and others. These gangs, Ye Xuan, will be there.

Waving a wave, the Chaos Swordsman has already rushed out.

The chaotic swordsman, the absolute stealth ability, is by no means a Qinglong gang and others can see through.

So at the moment, what they saw was a very strange picture.

I saw those who rushed toward Ye Xuan, and the head was directly cut off!

The most important thing is that the body of the body is not half-divided.

In front of them, there are various kinds of attacking magical powers.

However, it is so weird, everyone's head is missing!

No one knows what happened, but once again, let those helpers feel what is fear.

At this moment, a gang of people came to Qinglong to help the lord, and whispered their experience to the Qinglong gang.

This time, the helper of the Qinglong Gang, is not that the brow is wrinkled, but should say that the face is already clouded.

Could it be said that Die Lianxuan has already shot the helper for this kid?

Not only is the Qinglong helper think so, but everyone thinks so.

After all, this is really too weird!

As long as it is the person who rushed toward Ye Xuan, or directly killed, or turned into a blood fog, even this time, the head disappeared without cause.

This makes it difficult for them to understand what is going on.

For a time, including the Qinglong to help the boss, but no one dares to do it, because they will be afraid!

Die Lianxuan's pressure on them is too great.

So big that they don't dare to shake.

"No, this kid, you shouldn't have the help of Die Lianxuan. How can a person with a butterfly love Xuan sneak up and dare not show up? You know, Die Lianxuan is a servant, wants to kill me, etc. It's a breeze, what other tricks this kid is using!"

Chapter 2586: Absolute crushing

The city owner who had never spoken before finally spoke, and his words were recognized by everyone.

Indeed, if it is really a person of Dielianxuan, then you should not hide yourself like this.

"Hey, let the old man go to meet this kid, I have to see, what means he has!"

Suddenly, an old man stood up from behind the city owner.

A strong man who is inferior to the highest god!

It can be said that there is absolutely the strength to kill Ye Xuan's strong.

As he said, this person has already rushed toward Ye Xuan.

However, Ye Xuan still has no movement, so he looks at it quietly.

Because Ye Xuan knows that as long as the Chaos Swordsman is not seen, none of them can be the opponent of Chaos Swordsman.

Absolute stealth ability, in combination with the special ability to immunize all rules, so that Chaos swordsman has unimaginable strength.

Unless it is possible to find him and make a defense, how can someone be spared under the sneak attack of Chaos Swordsman?

After all, the vast majority of people rely on the law of the gods and protectors, however, the chaos swordsman immune to any law power.

Doesn't it mean that these people are simply undefended in the face of chaos swordsman?

Want to rely on the flesh to resist the attack of the chaotic swordsman? Almost impossible, because of the chaotic swordsman, there is also a characteristic that physical attacks are powerful!

The horrible chaos sword waiter can be said that as long as he is not found, then it is equal to the existence of no solution.

This kind of powerful existence, I am afraid that only the system can make it out!

After all, what everyone is practicing is the power of the law, and how can someone else immunize the law? Simply cultivate physical attack ability!

The old man rushed toward Ye Xuan, but unfortunately, he did not take a few steps and fell down directly.

This time, it is so close, even the blood is almost splashed on the body of the Qinglong gang and others.

The strange atmosphere has spread to these strong people. At this moment, these strong people have realized why Qinglong did not dare to go forward.

It's too horrible, it's too weird.

Death may not be too likely. At least, there are many people who are not afraid of death. The key point is that even if you don't know how to die, you are already dead. This is a bit horrible.

At this moment, these people are not exactly like this. They even die, they don't understand why they died.

How can a living person not be afraid?

"Damn, what, let me out!"

The city owner screamed, and from his body, he immediately burst into a powerful force!

This power turns into a ray of light and spreads rapidly toward the surroundings.

This radiance is a kind of magical power that the city owner is quite proud of.

Because this light not only has a strong attacking ability, but also can combine the thoughts of God, let the light pass, and any life can not escape the feeling of the city owner.

However, this time, the city owner failed.

It is not that this light does not cover the chaos swordsman, but because the chaos swordsman is not affected by this light.

The light was swept away from the chaotic swordsman, and the city master could feel it, but it was like a stone, and there was no life!

"Hey!"

Just next to the Qinglong helper, an elder standing side by side with him, his head was suddenly cut off.

You must know that the elders were still watching this Ye Xuan a moment ago, and there was no precaution at all. I did not expect that, after this moment, it would have fallen.

This time, but the Qinglong gang was scared enough. After all, one of his elders died there so close, but he turned out to be no gap. If he said that he was not afraid, it was impossible.

Suddenly, Ye Xuan, who had not been moving at all, moved, step by step, and walked over to the Qinglong gang and others.

Ye Xuan knows that now that he has passed, no one dares to have any slight change to him. Of course, if there is, the Chaos Swordsman will kill immediately!

It can be said that as long as the chaos swordsman is not discovered, then these people's lives are all pinched in Ye Xuan's hands. As long as Ye Xuan has an idea, then whether it is the Qinglong lord or the city owner, it will definitely die. .

Ye Xuan step by step toward the front, but it seems to be marching on the heart of these people.

It can be said that these people are all extremely nervous.

Because Ye Xuan's approach is too strange, because Ye Xuan's power is unquestionable.

No one is daring to use the realm to measure the strength of Ye Xuan.

Because Ye Xuan's strength is not measured by the realm.

You know, they didn't even see Ye Xuan at all, but they have already died so many people, including many powerful elders.

Therefore, anyone understands that Ye Xuan has a mysterious power guardianship, or that Ye Xuan has a mysterious means, enough to kill anyone of them.

"You, what do you want?"

Qinglong helped the Lord to be extremely nervous, and the whole body shone with the brilliance of these various defenses. He did not know that the Chaos Swordsman was just beside him, even within his defense.

To kill him, but Ye Xuan is an idea.

"You said, how do I want to?"

Ye Xuan looked at Qinglong to help the Lord, faintly asked.

"You are not the first time to shoot me. It was the old ban, it was also sent to assassinate me. And today, you mobilize so many powerful people and your men, not to kill me, is it?" Or is it welcome to me?"

Ye Xuan looked at Qinglong to help the Lord, today, this guy must die!

"Kid, I admit that you have done it, but don't forget, we have so many strong people here, it is difficult, you still want to fight against so many people with one person?"

Qinglong helped the boss to dare to say to Ye Xuan.

However, Ye Xuan smiled: "Strong, how can I not see what is strong?"

With Ye Xuan's words, Qinglong's helper only felt that there was a wind blowing, but after a while, his side was ringing at the same time.

When he turned and looked at it, he found that the elders who belonged to his Qinglong gang, at this moment, all died!

Ye Xuan waved his hand, and the countless Qiang Kun ring flew directly toward him. After a while, he was taken away by Ye Xuan.

When doing all this, Ye Xuan is so casual.

Not even the slightest defense.

"What are the strong people you said, those corpses?"

After finishing the Qiankun ring, Ye Xuan turned and said to the Qinglong gang.

Qinglong helper seems to feel that his body is chilling, it was scared by Ye Xuan.

Because the Qinglong lord at the moment understands that Ye Xuan wants to kill him, it is a breeze.

After all, those elders, although weaker than him, can't be too much after all. However, there is no such thing as a sudden death in the blink of an eye, which makes him not afraid.

Chapter 2587: Kill and conquer

Qinglong helps the Lord to ask for mercy, but he has been a gang of masters for a long time. If he asks for mercy, he can't open his mouth.

So, he just asked: "What do you want to do?"

Ye Xuan looked at Qinglong to help the Lord, but he laughed happily: "What do I want to do? This should be what I asked you, right, or what you want to do to me, then I want to what are you doing!"

"I, I didn't want to do anything to you..."

Qinglong helped the Lord to be afraid. At the moment, what he said was lack of confidence.

As for the city owner and others, at this moment, it is also extremely fearful.

It's too horrible, it's really hard for them to think about it.

More than a dozen of the supreme gods in the kingdom of the kingdom, was the same time to be removed by the mysterious force, this scene, let them not be afraid!

In fact, at their level, don't cut off the head, even if the body is broken into powder, but as long as the spirit is still there, as long as the godhead is not broken, then there is a way to resurrect.

However, this mysterious force, while smashing the target's head, has also killed the target's soul and smashed the target's godhead!

Such a horrible and weird force, how to be afraid of them, how to not fear.

Suddenly, a strong man turned and wanted to escape.

It is a pity that he only moved, his head has actually fallen from the body, only the body without the head, but also a little forward toward the front.

"I said you can go now?"

Ye Xuan looked up and looked at the people in the direction of the city!

The tone is full of irresistible strength.

No one answered because no one dared to speak at all.

However, Ye Xuan, but only once again glanced at them, they continued to look at the Qinglong to help the Lord.

"I give you two choices and crush your own godhead so that you can be spared some pain. Otherwise, I will do it myself."

Ye Xuan said faintly, but this is cruel, and he crushed his own godhead?

Who can really get down the hand.

"Ye Xuan, don't be too much, although I admit that you have done it, but if it is me..."

"Hey!" The blood splashed, but it was the Qinglong gang who was guarded by the gods, and one arm was directly detached from the body.

"What if you? Continue to say, nothing, I have more time."

Ye Xuan looked at the Qinglong to help the Lord.

It seems that this guy hasn't seen the situation yet. It's time for this, and he still wants to threaten Ye Xuan.

Qinglong helps the Lord to endure the pain of broken arm, but he never dares to speak.

Unfortunately, no matter what he said, today, Ye Xuan has decided not to let him go.

"It seems that you want me to do it, so okay, enjoy your death journey!"

With the words of the night patrol, the Qinglong gang helps the other arm to be directly separated from the body.

And then, there are countless attacks.

Each of these attacks is not fatal, but it is only a wound on the body of the Qinglong gang.

However, it is precisely because of this, then the pain of the flesh and the panic of the mind are more and more terrifying.

At this moment, the Qinglong helper is very distorted. It is not that he does not want to attack Ye Xuan. In fact, when he lost his first arm, he launched several attacks against Ye Xuan. However, he was surprised that his The attack, as if it was blocked by invisible forces, could not reach Ye Xuan.

Suddenly, Ye Xuan's hand was lifted up.

What does he want to do?

Many people think so in their hearts?

And the Qinglong helper is even more alarmed, because he knows that if Ye Xuan has any action, then it must be against him.

Sure enough, Ye Xuan's goal is to help the Qinglong.

At this moment, Qinglong helped the host feel a mysterious force, and is constantly trying to pull his godhead away.

It was a very uncomfortable feeling, as if there was a hand, to live your own heart out!

However, this power is aimed at the gods of Qinglong to help the Lord!

Divine stripping!

This is exactly what Ye Xuan possesses, but before, Ye Xuan has never used it.

Today, Ye Xuan is to strip the gods of this Qinglong helper.

Qinglong helps the Lord to panic, but he can't do anything. Although the godhead is his, how can he control the godhead?

But no one knows at all, as if it were, although the godhead is part of his body, it is only the case.

This godhead does not mean that it can be controlled by the master.

In the incomparable panic of Qinglong to help the Lord, his godhead was actually pulled out by Ye Xuan lively.

I saw that my godhead was stripped, and that feeling was only known to the Qinglong gang.

Along with the divestiture of the godhead, the various forces that Qinglong helped the lord around the cloud gradually disappeared.

After a while, he fell to the ground.

Of course, when you are in contact with the ground, it is when he is killed!

"No, no! No! Ye Xuan, you must not die, you must not die!"

Qinglong helped the Lord to curse loudly, but unfortunately, he can only do this. After all, whether Ye Xuan will not die is still unknown, but he must not die.

"So, then, it's your turn, the Lord of the City, you have been sending people to monitor me, what do you want from me?"

For this city owner, Ye Xuan did not have such a big hostility to the Qinglong gang. After all, the city owner said that he did not do anything too much for Ye Xuan, and even helped Ye Xuan.

However, Ye Xuan must also conquer the city owner, because Ye Xuan is the one who left the second world and went to the main world. Then, the safety of Ye Xuan is the most worrying.

"Ye Xuan, I admit that you are not thin, today, you can't help but also want me to kill together?"

The city owner looked at Ye Xuan. Although the strength of Ye Xuan was also seen by the city owner, he would not be as impulsive and brainless as the Qinglong gang.

Moreover, in the heart of this city, I also think that I have not done anything to murder Ye Xuan.

Of course, except today, today he actually came here, and he has already killed Ye Xuan.

"No, no, the master of the city misunderstood, I will naturally not kill you, hand over your fragments of God, I may have to leave once, so you need to protect a few people for me, when I return, you The fragments of the gods will be returned to you naturally!"

Ye Xuan said faintly, this is the purpose of Ye Xuan. Indeed, the city owner did not do anything to harm Ye Xuan. However, in order to drop them, Ye Xuan can only temporarily obtain the fragments of the gods of the city.

The city owner frowned, but did he have room for choice?

In the heart of the city owner, since Ye Xuan can easily strip the Qinglong helper's godhead, it seems that it is not impossible to strip off his godhead fragments.

"Okay, I promise you!"

Since I want to understand, then the city owner is not dragging the water, or directly agreed!

Chapter 2588: Dominant wake

The city owner did not drag the water, and directly handed over his own fragments of God.

Ye Xuan waved his hand and took the godhead casually. Then he said, "At this moment, I don't want to hide anything. I don't want to stay for a long time in this world. If it is not because I still have friends here, maybe, I have already left."

"Before your little movements, I have endured it. I just didn't expect that this Qinglong gang will mobilize people to besiege me. Therefore, I can't bear it. I can't bear it. From today, this first-level city owner needs to change. People, since you know Dielianxuan, you should also know that the main world is not something you can provoke, and you are all safe. Otherwise, I don't mind killing you all!"

Ye Xuan's tone of speech is very dull, but in the ears of those who are strong, it is like a thunder, to their level, naturally know what Ye Xuan said in the main and secondary worlds!

I also understand that the main world is their unattainable existence. It can be said that no matter whether they are cultivated at a high level, then for the people in the main world, it is just a random existence that can be obliterated.

At this moment, they finally understand why Ye Xuan Ming Ming is so much lower than them, but it is as simple as killing them.

They are very regretful now, regretting to provoke Ye Xuan, knowing that if they can climb up with the people in the main world, then the benefits they can get are unimaginable.

Unexpectedly, the opportunity was once in front of them, but they did not cherish it.

The next thing, you can say, there is no need to say anything at all.

Ye Xuan will fall, oh, after the three women have settled down, they will go straight to the main world.

Because Ye Xuan's heart is very clear, the city owner and others can't possibly settle down on them. In addition, there are a lot of origins in the hands of the three people. Therefore, the improvement of strength is naturally very fast, and it will not take long before they It is possible to quickly improve the cultivation, and naturally it is fearless.

However, after Ye Xuan came to the main world, he suddenly found out that there is no fighting at all.

The so-called trials are actually supported by countless resources. At the prescribed time, the cultivation can be completed!

It can be said that this is not the slightest pressure for Ye Xuan.

The guardian is different from the orderer.

The number of guardians is scarce, but the resources that can be mastered are extremely numerous, so this way, Ye Xuan comes to the main world.

However, I suddenly found out that, in fact, there are not so many things at all, and resources are almost unlimited supply.

Of course, this is only relative to the outside, but for Ye Xuan, the resources are still not enough. After all, he relies on engulfing to enhance the realm, that is, 100,000 origins of Shenjing, but the blink of an eye will swallow a clean.

In the main world, Ye Xuan knew that there were not many testers of the guardians. Counting him, it was only a hundred people.

Compared to other forces, it is really rare.

And this hundred people will only choose 12 people to become guardians, and others will become followers of these guardians.

The odds of one hundred people are twelve, which is very low, but compared to other forces, the probability is very high.

Moreover, the most important thing is that the guardians are concentrated and cultivated, and even if they are not selected among the 100 people, the forces are quite strong.

Time is five hundred years!

In the past 500 years, Ye Xuan has been trying his best to obtain resources, whether it is to try or to exchange the source of other people's hands, or what he is doing, is to be able to quickly obtain the source of Shenjing.

For five hundred years, Ye Xuan has never stepped out of the main world. Of course, the gains he has gained are also extremely rich.

"Adult, this is your quota for this month, please order."

A monk came to Ye Xuan's Dongfu, unlike other people. Ye Xuan chose to open a cave in his cave.

Deaf people are very popular in the main world. After all, there are only one hundred testers, twelve guardians, and less than one thousand servants in the main world. Therefore, many people are doing things.

Ye Xuan also made some monks to serve himself, and this monk is one of them.

Ye Xuan nodded and waved, and the one-month quota, 10,000 yuan, was all swallowed by him.

Waiting for a month, but just waiting for such an opportunity to swallow.

Of course, the benefits are enormous.

"Hey, the system prompts, the host breaks through, the current realm, the next highest god."

As for the breakthrough to the next highest god?

Ye Xuan's mouth is slightly tilted.

Because, the inferior to the highest emperor, what is represented is the trial completion.

There is no grade-level statement in the main world. Every realm has only the upper, middle and lower ranks. And the next highest to the Emperor, is the minimum requirement for trials.

The retreat of five hundred years is finally over, boring and boring. However, the harvest is huge.

Ye Xuan walked outside, this time, he is going to go, it is the top of the brilliant!

The top of the glory is the name of a hall.

And there, it is the headquarters of the entire guardian.

In fact, as early as a hundred years ago, the top of the glory has issued a comprehensive mobilization order.

Lord of the Lord, wake up!

However, the existence of the level of God's dominance, even if it is just awakening, is a long process.

The Guardian has been monitoring the Lord of God.

However, it can only be monitored, and the rest can do nothing, because the ruler of God has an absolute defense around him before he can completely wake up, and no force can be broken.

Unless you can gather the four ultimate artifacts, unfortunately, how can the four ultimate artifacts be so easy to gather together!

Perhaps now, only Ye Xuan has a chance, because Ye Xuan has discovered that there is a mysterious force in his body.

This power is left behind by the chaos ban.

Through this mysterious power, Ye Xuan can create an inexplicable connection with Chaos, and with the improvement of Ye Xuan's strength, this kind of induction is more and more obvious.

Although, Ye Xuan is not sure what this is for, or what use can be for him, but Ye Xuan is not allowed at all.

The power left by Chaos is not at all that Ye Xuan can control.

Soon, Ye Xuan came to the top of the glory. However, he found that the top of this glory today is somewhat unusual.

In the past, the twelve guardians were generally guarded by one side, and it was difficult to get together. However, today, not only the twelve guardians, but even the among the testers, they were called together. Obviously, this time. , is something happening?

Sure enough, when Ye Xuan went, he heard the conversation coming from inside.

"The master has been awake, can I sit still!"

"No! Dominate the ability to destroy the earth and destroy the land, hard to resist us is not an opponent at all, not to mention, the orderers have also surrendered to the dominance! If I storm, I must only be killed!"

"Orders want to construct a new world, but they don't know. The purpose of dominance is to turn everything into chaos, so you must stop them. Don't you, you want to see the world collapse? Don't forget your duties!"

Chapter 2589: Creation master

Ye Xuan listened outside, but found that the original 12 guardians had a disagreement.

Some people think that they should fight with the rulers.

Others feel that it is not the dominant opponent.

Ye Xuan listened silently. Anyway, he already knew the habits of these guardians. These guardians always argued before deciding what to do, and once a certain party has received more support, then they are all Will unconditionally obey the unified order.

Sure enough, three days later, the party who decided to start the war won the victory, and those who originally opposed it immediately thought about how to fight and where to fight.

Although Ye Xuan has been promoted to the guardian, he is not an official guardian. After all, there are only 12 guardians. As for others, it can only be regarded as a reserve force.

The guardian's efficiency is extremely high. When fighting and fighting, once the opinions are unified, there is no direct hesitation.

And including Ye Xuan, everyone also received orders from the battlefield.

When Ye Xuan first saw the ruler of God, he truly understood the horror of this dominance. If he did not say anything else, he said that the volume of this dominance was enough to make countless people daunting.

Ye Xuan and others, at this time is crossing the void, at their feet, it is the vast continent of the gods.

Not far from their side, it is the source of the secret.

Even Ye Xuan can still see a little bit of a mystery.

It turned out that those who were mysterious and unpredictable could not find the secret environment. Once the strength reached the highest emperor, they really controlled the power of the law. From the perspective of the void, they discovered that they were actually fixed, but because of the power of the law. For the sake of it, I can't find their location and location!

Without mastering the power of law, it is difficult to see all of this.

Of course, Ye Xuan now has mastered the power of the law, not borrowing it, and directly controlling it.

Generally speaking, the power of each law can only exist as one ruler at a time. Therefore, the number of the highest gods will be so small.

The dominance of achievement means obtaining all the rules of recognition, and at the same time being able to call all the powers of the law, and even directly deprive the ruler of the rule.

God's ruler is invincible!

This is almost the unified understanding of all the people before, because they are the masters of this world.

However, when the Lord of God wants to destroy the world, then it is impossible to be enemies and must be enemies!

At the moment, the side of God's ruler is suspended by tens of thousands!

They are the orderers!

The guardian side is only a few dozen people.

The disparity in power and its greatness, even if it is Ye Xuan, do not know what the battle will be.

But everyone knows that this is the last battle, lost, then everything will be destroyed.

Even if it is Ye Xuan, it must be a catastrophe.

No one speaks because there is no need at all.

Suddenly, the twelve guardians have sacrificed their magic weapons. However, what makes Ye Xuan strange is that there are three magic weapons that are sacrificed by Chaos!

Not much, this is just a counterfeit, not a real chaos!

Suddenly, Ye Xuan seems to understand what, the reason why there are only 12 guardians, and always only stay twelve, perhaps because of these twelve magic weapons!

These magic weapons should be made by counterfeiting the four ultimate artifacts.

Because they are not the real ultimate artifact, they have prepared three sets!

However, even if it is the ultimate artifact of counterfeiting, it is definitely the essence of refining between the heavens and the earth. It is already the limit.

"attack!"

Suddenly, a voice sounded!

Between thousands of people, they suddenly rushed toward Ye Xuan.

Each of these orderers has a powerful strength, even the lowest, and the cultivation of the supreme emperor.

Such a terrible strength, it can be said that there is really no magic weapon, I am afraid, the region's twelve guardians, is not an opponent.

However, at this moment, I saw the magic weapon in the hands of the guardians, bursting with a bright light.

This radiance is extremely embarrassing, and it quickly condenses into a light curtain, rushing toward those who are order.

Silent, the orderers, have disappeared into nothingness!

This horrible power is simply unimaginable!

"Go to death!"

Suddenly, the strong one of the orderers shot, and he waved his hand suddenly, and turned out to be the guardian of the corner of one world.

world!

Ye Xuan can even clearly see the panic of people in the world, helpless!

However, the world does have a complete legal structure.

In other words, this blow is actually a complete set of law attacks!

Unfortunately, even this is simply useless.

Because the power of the twelve magic weapons is the power of borrowing the four ultimate artifacts.

.....

"Retire!"

Suddenly, a voice came from the midst of it, and the voice passed through nine days.

Even those who are in the secrets, they are surprised to look up, and they are puzzled to see the source of the sound.

In the eyes of Ye Xuan, there are even strange changes. I saw it from the void, from countless mysteries, from the mainland of the gods, and the stars are separated, and then quickly condensed.

God's rule!

Dominate the avatar!

The ruler of God has no entity. It has nothing but a foggy core light group. However, he can incarnate any form and arbitrarily shuttle through any world.

At this moment, he is calling all his avatars to stay in the world!

These avatars are left behind by his walking in the world, and at the same time, his scattered power.

Ye Xuan looked at it with horror. It can be said that the power of God's **** shocked him.

Suddenly, in Ye Xuan's body, that mysterious power turned out to be as if he wanted to break Ye Xuan's body.

What is going on here, Ye Xuan knows that this mysterious force is left behind by Chaos, but why is there a change?

.....

"Hey, the alarm alerts, the host body is undermined by unknown forces!"

"Hey, alarm, alarm, system loses host body control!"

"Hey, alarms, alarms, judging host deaths, performing the ultimate destruction plan..."

"Hey, plan to cancel, detect the host body!"

what happened?

Ye Xuan was dull and listened to the system's prompts, because Ye Xuan had just done nothing, and could even say nothing, but the system was inexplicably prompted.

How is this going.

Suddenly, the voice of God's **** sounded around him.

"You are the master of creation!"

what's the situation?

Ye Xuan was dumbfounded because he did not understand what happened.

Suddenly, Ye Xuan felt that a strange piece of memory appeared in his memory.

It is a person, a giant, and at the same time, a woman...

She wandered around the world, carefully caring for everything in the event!

He transformed all life and gave them spirituality!

.....

That pair of scarlet eyes, those who only rely on instinct to kill people, beasts, and souls, finally have consciousness, and open up cultivation...

Later, he challenged to dominate the authority and even defeated the master once.

Chapter 2590: Divine end

This battle lasted for 300 million years...

Everything in the world is destroyed, only the ruler and this woman still exist...

The Lord of God is dying, as if at any time,

Suddenly, the woman looked back and saw the world destroyed by him. She turned and looked at the ruler of God, but stopped all the fighting. She sighed helplessly. It turned out to deprive God of half of the power and reshape the world. And he himself is also transformed into the four ultimate artifacts.

The memory of this paragraph suddenly merged into Ye Xuan's body.

Ye Xuan is different, panic, helpless, fear!

Ye Xuan doubts, confusion, innocence, resolute!

It turns out that the source of the world still hides such secrets.

It is no wonder that since the ruler of God is the master, it will still fall, because the beginning of this time has already lost half of the power!

Only when half of the power of this time returns to the body dominated by God is a perfect master.

No wonder the current master of God wants to destroy everything because he wants to regain the power that belongs to him.

Unfortunately, he is too anxious to forget the existence of the founding master!

The creation of the world has lost most of its power.

But after all, there are four ultimate artifacts.

Everything is like this?

Ye Xuan shook his head helplessly, until this moment, he really understood the origin of the world.

.....

"You have gained the power to rule the world, I want to kill you!"

boom!

Suddenly, with Ye Xuan as the center, suddenly a world is condensed. It is not an illusion, but a real world. At the same time, countless people have already rushed toward Ye Xuan.

That number is afraid of hundreds of millions!

At the same time, Ye Xuan feels that he has lost all the power...

deprivation!

It is the deprivation of power dominated by God.

However, at this moment, Ye Xuan feels that in his body, a force is rapidly emerging.

It is the founding!

It is the special founding power of the four ultimate artifacts.

This power must be supported by any support.

collapse.....

The world is cracked and everything is gone.

And Ye Xuan, the four ultimate artifacts, has been quickly condensed.

"No! Impossible, the creation of the world has long since disappeared, why are you coming out!"

.....

The four ultimate artifacts quickly condensed, and after a while, they condensed a beautiful woman.

It can be said that any time in life, seeing him will find it difficult to extricate himself.

However, the woman smiled and looked at Ye Xuan, and then rushed toward the Lord of God.

The light burst out suddenly.

However, when the light disappears, the one who disappears together is the ruler of God and the founding master.

Is this finished?

Ye Xuan never imagined that he was ready to fight, but it would end in such a strange way.

Is the rule of God so destroyed?

Everyone is ashamed, everyone can't react, and the current situation is too strange.

"Look at..."

Some people were amazed because they found that Ye Xuan's side was rushing toward Ye Xuan.

It is the power of law, the power of countless rules.

The law is in recognition of Ye Xuan!

No, or the creation of the world, the power of the law, in recognition of the creation of the world.

Because Ye Xuan's body still has the power to pass the world.

Disappeared!

Everything has to disappear!

As if, Ye Xuan's body disappeared.

What Ye Xuan has is nothing but an idea and control of all ideas.

wrong!

Suddenly, Ye Xuan discovered that the rules in his body are not perfect.

It seems that there is a lack of law power.

Suddenly, Ye Xuan looked up and looked into the void!

Sure enough, the ruler of God did not disappear. At this moment, the light once again condensed, and the ruler of God appeared again.

"Damn! The **** creation master, dare to deprive me of strength!"

Deprivation of strength?

Ye Xuan suddenly realized that his power was derived from the rule of God. It is no wonder that his power is not complete, because there is still some power in the Lord of God!

Looking at the four ultimate artifacts around him, Ye Xuan's heart is inexplicably sad.

Because this is the master of the creation that he only met once, he even gave himself such a big chance, but it disappeared immediately.

In fact, perhaps the creation of the world, from the discovery of Ye Xuan, has already had such a plan, after all, Ye Xuan has the full law constitution.

This kind of physique is not owned by everyone.

I am afraid that the first time I met Ye Xuan from Chao Chao, I have already planned everything now.

"Damn, you **** it! Destroy me!"

Suddenly, the Lord of God shouted loudly at Ye Xuan. At the same time, everything around Ye Xuan was rapidly cracking. Even a quasi-guardian next to him turned into a little starlight and disappeared!

The power of horror!

Ye Xuan suddenly found that everything around him was cracking quickly, the space was broken, the time was broken, everything was broken quickly!

Suddenly, Ye Xuan raised his hand!

Everything around that between them actually recovered in an instant.

Destruction and recovery!

Ye Xuan and the Lord of God have mastered two extreme forces.

In other words, the rule of God can destroy everything, however, Ye Xuan can restore everything!

However, such a battle seems to have no limit at all.

This kind of battle goes on, in fact, there is no result at all.

Ye Xuan thought quickly in his heart.

seal!

How can I seal this guy!

Suddenly, Ye Xuan looked at the four ultimate artifacts. Since the creation of the world will leave the four ultimate artifacts, then they should have their role.

Ye Xuan quickly recalled, finally, in the depths of memory, found a vague memory, which does not belong to Ye Xuan's memory, a clear reporter about a six-character mantra and the ultimate secret of the four ultimate artifacts.

Eternal seal...

Ye Xuan looked up and looked at the ruler of God. But in his heart, he thought about the mastership of the world. Could it be that the master of the handed down actually knew everything about himself, and even he led himself to here?

Otherwise, why is this so happening?

The whole law is physique, the six-character mantra, it seems that all of this is tailor-made for Ye Xuan's exhibition of this eternal seal.

Ye Xuan turned his head and looked at one person in the distance.

It was an old man, and it was also the person who once brought Ye Xuan to the Kunlun domain.

However, at this moment Ye Xuan looked at him, not because of him, but because of his blood.

Boiling sacrifices!

This guy has a special blood, but in Ye Xuan's eyes, there is only one use, that is, sacrifice.

Everything is as if it has already been arranged halfway.

Yes, it is fate!

Destiny is not a law force, just like luck, it is uncertain, but he seems to exist.

At the moment, Ye Xuan's heart is inexplicably calm, because it seems that he has sensed a special realm, a state of detachment.

With a wave of the hand, the blood of the old man was suddenly separated by Ye Xuan, and then the blood quickly condensed into a ray of light in the air.

These lights converge into a lineup, and Ye Xuan, constantly urging momentum in the battle.

It's only a moment, it seems to be a long time.

Suddenly, the law disappeared.

However, the Lord of God, but suddenly found that all his power was sealed.

Eternal seal, seal eternal!

This is true!

Ye Xuan walked step by step toward the front, and everyone was quickly away.

Because Ye Xuan showed the strength, it was too horrible.

"what do you want to do?"

The ruler of God was horrified. He was the eternal master. However, today he fell into a forbidden land.

He hates in his heart and hates the creation of the world.

Unfortunately, even if you hate again, there is nothing you can do.

"You can go die!"

Ye Xuan raised his hand and the sword was directly dropped.

boom!

Between heaven and earth, countless mysterious forces are coming toward Ye Xuan, and everyone, no matter where they are, feels an inexplicable repression.

The mainland of the gods, countless mysteries, the voids of life, all at the moment.

Because they have a new owner.

This person is Ye Xuan.

"Hey, the host kills the gods to dominate, rewards the key to swallow, and can be upgraded!"
