

Super D. S 260

Chapter 260: Tian Yuanzong

"What green bird, that is the green squirrel, comparable to the mysterious beast of the small land of the Dan." Lin Xueer took a look at Ye Xuan, and the sly look was a contemptuous look.

"Da Dan is a small success?" Ye Xuan shuddered. Fortunately, the green bird did not look back, or he would die.

Lin Xueer looked at Ye Xuan and thought about it. He asked: "Is lapis lazuli really not here?"

"If I am here, I will go back to Lingfu House directly, and go to Tianyuanzong to borrow Tianlei Ying?" Ye Xuan suddenly felt that Lin Xueer was not so smart.

"Since lapis lazuli is not in your hands, Wang Chuanshan is not killing you, then what are you running." Lin Xueer still tried to convince Ye Xuan.

Ye Xuan is still the left ear into the right ear, retorted: "What kind of joke, my small achievements can put you down, your master will let me leave? If not for the uncle's sake, you are already dead Several times."

This is actually the truth, if Lin Xueer is really an enemy, Ye Xuan used eight wild winds to kill him in the morning. If this move is working, he is afraid of himself.

"You give up, you can't escape, absolutely impossible!" Lin Xueer solemnly said.

"Why are you so sure?"

From the beginning, Ye Xuan felt strange. Now, after hearing this, his mind immediately flashed a thought.

He suddenly stopped and felt a little. Then his right hand reached directly into Lin Xueer's chest.

"What are you doing?" Lin Xueer was furious.

Ye Xuan did not eat her tofu, and when she took a hand, she took out a round jade.

"Hey!"

This round jade is directly crushed by Ye Xuan.

"Looking down, dare to have something to track.<>"

Ye Xuan was scared to death, and the Tianyuan patriarch must have another piece. If Yupei is still there, chances are that it will be caught up.

Fortunately, Ye Xuan found it early.

However, Lin Xueer has developed well in the past two years. Ye Xuan remembers that when she first saw her two years ago, she was still an airport.

"How did you find out?" Lin Xueer was very surprised. This piece of jade is her personal thing. Ye Xuan could find out, why?

Could it be that she peeked at her bath?

This is even more impossible!

"less

Nonsense, I will withdraw first. "Yan Xuan was too lazy to explain, but in the next moment, his footsteps stopped.

He found that a humanoid creature had entered his induction circle, which was extremely fast. When he reacted, the other party swept to his front.

Ye Xuan's heart trembled and hurriedly took out a medicinal herb and stuffed it into Lin's mouth, then took a palm.

At the same time, the figure was quickly swept away, and he slapped him.

"Snow, spit it out!"

A low drink spread.

"Haha, it's not so easy, the poison is imported, and it's not so easy to detoxify." Ye Xuan stood up in the chest.

Come, naturally, the emperor Mo Ziyun of Tian Yuanzong, the super-power of Da Dan Dacheng.

Mozi Yun untied Lin Xueer's bundle of sacred cords, and at the same time fed two antidote to her, and yelled: "You are a kid, you are poisoned, and you will hand over the antidote.<>"

"It's useless. There is only one antidote to the poison. Do you think I will give it to you?" Ye Xuan shook his head.

"If you don't give it, then I will take it myself!"

Moziyun said that he was ready to do it.

Ye Xuan smiled, that is, take off the ring in his hand, lost the past, smiled: "Antidote, I will match, but there is no body, do not believe you looking for?"

In other words, he lost Lin Xueer's smashing ring back, and all the valuable things in it were already dumped into the phagocytic system.

This is a new skill that can connect to the 乾 戒 ring and devour the space, no need to fall the same, can save a lot of time.

Lin Xueer took over the Qiankun ring to check it out. Ye Xuan's one had nothing, only some herbs, and her own one, only some clothes left.

"What about my stuff?" Lin Xueer immediately asked.

"I lost while running, of course, no." Ye Xuan spread his hands.

"Kids, this little trick still wants to cross the sea?" Mo Ziyun did not talk nonsense this time, directly forward Ye Xuan hands folded behind his back.

Ye Xuan did not have any resistance, smiled and said: "Anyway, the poison is estimated to have spread to the whole body. If there is no antidote within ten minutes, it will immediately die and die. Do not believe that you can search and see if there is There is no ring."

"You lost the Qiang Kun ring?" Mo Ziyun responded instantly.

"I Ye Xuan is not afraid of death, just look at the sovereign you dare to gamble!" Ye Xuan faint.

"you....."

Mo Ziyun will be suspicious, but he still believes that Ye Xuan has thrown the ring to the roadside. <>

"The Sovereign has almost a minute to go. What are you thinking about?" Ye Xuan took his hand out of Mo Ziyun's palm.

Although the two people are so close, he feels that if he suddenly attacks, he will not succeed. If he can't beat it, it is better to play Yangzheng directly.

"You have been an unmarried couple, are you so embarrassed?" Mozi asked strangely.

"This is not a last resort. I don't believe you ask her. If I move the murder, she has already died several times." Ye Xuan turned to look at Lin Xueer.

Moziyun followed and found Lin Xueer bowed his head.

When I first entered the land, I was left behind by a person who was a small person in the world. How is this possible?

"I said, just let me go back to Lingxiao, I will let her go back, but before that, she must follow me, I will give her a buffer antidote every once in a while. Sovereign, think about it yourself. Ye Xuan said slowly.

Moziyun hesitated a moment. He found that he couldn't see Ye Xuan's thoughts. He didn't know if Ye Xuan would really come to a dead net.

He can't gamble. After all, Lin Xueer will definitely be able to break through to Tiandan in the future. You must know that Tianyuanzong has a strong person who has not appeared in Tiandan for hundreds of years.

Although he is a great man in the land, he has no confidence to break through, so he can only put his hopes on Lin Xueer.

"Is that lapis lazuli, was it won by you?" Mo Ziyun asked.

"If I take it, go back to Lingxiaofu or hide, and go to your Tianyuanzong guest?" Ye Xuan rolled his eyes.

"When Wang Chuanshan, are you killing?" Mo Ziyun asked again.

Ye Xuan replied impatiently: "I would also like to kill the ungrateful goods by hand. Speaking of it, your disciple's disciples are not very good. When I was in Dongfu, I saw your disciple's disciple killing. My younger brother, then, I will take revenge."

"You killed them?"

Lin Xueer on the side asked, although it was said that the disciple of Tian Yuanzong was wrong, but she was also a disciple of Tianyuanzong. After hearing that her brother was killed, it still seemed to be somewhat calm.
