

Super D. S 266

Chapter 266: Act alone

"How is it possible? I do have a special way of sensing the mysterious beast, so I want to explore it first and find the giant of the green source." Ye Xuan immediately shook his head.

"No, this is too dangerous." Song Cong immediately came forward.

Luyuan Giant, that is the mysterious beast of the Tiandan, if Ye Xuan is hit, I am afraid it will be spiked.

Ye Xuan smiled and said: "Nothing, I can sense it across the kilometer, there will be nothing."

The elders of the elders heard the words and asked the question: "Are you sure?"

"Before the elders, you will be ignoring me. Only then did you not find those mysterious beasts?" Ye Xuan said.

This sentence is also a slap in the face of Zhou Yan, only he was indeed negligent, and now after hearing Ye Xuan's words, the old face could not help.

"Then go, I will report back once in a while." Zhou Yan nodded.

"That would cut them, please."

Ye Xuan said that he was directly immersed in the forest.

"Master..." Song Congjing still has some concerns.

"Do not worry, this kid has many means, and you will follow me a few, and I will also find you a few mysterious beasts to practice." The elders said.

Jiang Liu, Song ruling, Song Dynasty, three people but his baby apprentice, he will naturally be cautious.

.....

After being separated from the rest of the people, Ye Xuan is moving fast. With his supersonic bat blood and blood of the beasts, as long as it is a living thing, he can't escape his induction.

To this end, he also deliberately spent 200 billion engulfing points, redeemed a Chinese product of the bow and arrow and the penetrating arrow of the middle.

Although the Fire Dragon Arrow is also a Chinese-level martial art, it is too swaying and not very penetrating.

"At eleven o'clock, eight hundred meters, there is a big guy!"

Ye Xuan's eyes closed and he raised his hand and went out.

In the middle of the product, the re-bow, Ye Xuan can pull a perfect, plus the middle-class martial arts, 800 meters distance, one second will arrive.

"puff!"

A muffled sound fell into Ye Xuan's ear, and he already gave the head of the mysterious beast.

"Broken Soul Arrow, a broken arrow, good."

Ye Xuan sighed in the heart, hurriedly ran over and swallowed the big green guy. This is a green chameleon. If it is an ordinary person, it can't be found even if it is close.

"It's a shame for a person, but it's a pity. I met."

Ye Xuan shook his head and threw the mysterious beast into the devour space.

The Song Dynasty is a small person, so this inner Dan is very useful to her.

At this time, Ye Xuan thought, it is a big kill special kill, collecting Nedan.

Xuan Beast Nei Dan is very important for the warriors of Shen Dan. One Nei Dan can reduce a lot of hardship time, so the more such things, the better, even if they are not used, they can be sold.

With the ability to sense the mysterious beast, Ye Xuan quickly shuttled through the forest. This green land is too dangerous for other people. Even if it is a land of Dan, it must be cautious, but for him, it is an upgraded treasure. .

In less than ten minutes, he killed three people, Danjing Xiaocheng's mysterious beast, plus more than a dozen mysterious beasts who first entered the Dan.

If you count the body and the inner dan, then in the ten minutes, he probably earned a thousand best spar, which is two medium wares.

Ten minutes later, he also met the elders and sent a peace to the Song Dynasty.

In these ten minutes, the elders of the elders encountered two mysterious beasts, and all of them were first-time people, and the harvest was not much.

Then, Ye Xuan went out to hunt again.

"Hey, this green land is really a good place. Tian Yuanzong actually listed this as a forbidden place. I don't understand."

Ye Xuan, who was shuttled in the forest, shook his head in a helpless manner. He estimated the speed. If he went on like this, he would be able to break through to the people in an hour.

at this time.

"Well? A few kilometers away?"

Ye Xuan sensed a non-human living thing, presumably a mysterious beast. At the moment, he is heading in that direction, and raises his hand and shoots an arrow.

Unexpectedly, the mysterious beast that was hundreds of meters away did not die, but instead rushed over to him.

"It's short and fat, what is this mysterious beast?"

Ye Xuan is somewhat curious. In the next second, he just saw this mysterious beast. This is a green stone with hands and feet. The height is only to the neck of Ye Xuan, but the body shape is both fat.

After seeing this mysterious beast, Ye Xuan's mind suddenly flashed two thoughts.

One is Zhao Pan!

Second, it is the Luyuan Giant!

"No, this is not a giant of the Green Source. It is so small, it must be small. I don't know what the realm is."

Ye Xuan thought in his heart, that is, taking out the Eight-Day Sword and standing in the same place waiting for the little giant to approach. However, at this moment, the little giant who rushed toward him suddenly accelerated, killing him and being caught off guard.

"what?"

Ye Xuan was shocked. The speed of this little giant was still above him.

"Dadi Dan!"

He reacted in an instant, but the body couldn't keep up with the reaction. He was hit by the little giant and flew straight out.

For the first time, he was the one who had the blood of the beasts.

He spit out a blood and stabilized his body. It seems that this time, he mentioned the iron plate.

The green giant in front of him has a strong defense force, and the broken soul arrow has not been able to penetrate it.

"I have never heard of this mysterious beast. I don't know where it is."

Ye Xuan's mind just flashed this thought, and the little green giant was once again rushing, like a meteorite, full of momentum.

Only then, I attacked Ye Xuan. He did not dare to be hit again. It immediately broke down the Eight-Day Sword.

"Eight wild winds kill, eight wild shields!"

The eight sharp blades suddenly formed a shield, and the little giant was blocked by the hard life.

"boom!"

Hearing this muffled sound, Ye Xuan was also scared of cold sweat.

This blow is obviously more fierce than it is. If he is hit, it must be seriously injured. If other people are recruited, it must be broken.

The little green giant stepped back and topped it up.

"boom!"

"You can't just stand up and hit it." Ye Xuan stepped forward, then his feet slammed, and the whole person jumped into the air.

The next moment, the eight-day shield was suddenly disintegrated and flew back.

"The eight wild winds kill, the sky breaks!"

The octagonal blade is formed into a drill bit, directly drilled in the head of the little giant.

"Hey!"

"Hey!"

The crispness of the green giant was hit into the ground.

If the middle of the move is an ordinary person, I am afraid that the whole body has been hollowed out. However, this little green giant has just been broken by the sky and rolled up some stones.
