Chapter 268: Tian Yuanzong's nightmare

"Sure enough, it is green geese. It seems that the lapis lazuli has been eaten by the Luyuan giant, **** it!" Zhou Yan screamed, it seems that this time they are in vain.

However, after the green giant came out, there was no movement at all, which made everyone strange.

At this point, almost everyone is flying on a mount. I am afraid that this green giant will have no choice even if he wants to attack.

On the other hand, the people of Tianyuanzong have risen high, and they are even less dare to act rashly. They can only look at it quietly.

If the green giant is annoyed and causes him to leave the green land, then Tian Yuanzong and the southern domain can be miserable.

"Damn, this Luyuan giant must have swallowed the lapis lazuli, which is troublesome."

Moziyun looked at the green giant below and couldn't help but swear.

It's been a little more than half a month since the lapis lazuli was taken away by the green geese. Things have become a bit tricky.

"Taiwan elders, what should I do now?" Mo Ziyun couldn't help but turn around and ask Yi Tianlang.

"We have stepped into the green land, which is the territory of this green source giant. It is reasonable to say that it will be very angry, but this green source giant is extremely calm, it is weird." Yi Tianlang shook his head, he I don't know what this is.

"that....."

Mo Ziyun still wants to ask again, but at this moment, the giant of the green source suddenly screamed.

Then, it is going in one direction.

"Where is it going?"

Everyone is asking inexplicably and at the same time.

Ye Xuan on the back of Ling Xiao Dapeng is also a fog, this green source giant, I am afraid that the entire Tianshui mainland's hegemon-level mysterious beast, I do not know if I just woke up, want to take a walk?

The Luyuan Giant step by step with a big footprint. Every step of the way, the earth is trembled by three points.

Soon, he just walked out of the green land.

Now, Mo Ziyun's face has already sunk to the bottom. Perhaps, he knows where this green source giant is going.

"Everyone listens to the order and stops it from going to Tianyuan."

Moziyun immediately shouted.

When other people in the air heard this sentence, they immediately responded. In this direction, isn't it the direction of Tian Yuanzong?

At that time, the disciples of Tian Yuanzong were exclaimed, and they went around the giants of the Luyuan and attacked.

"It turned out to be the direction of Tianyuanzong. It was troublesome."

The elders of the elders said, they also shouted: "Everyone in Lingxiao Prefecture listens to orders and assists Tianyuanzong!"

The Luyuan Giant, I am afraid it is already a great success in Tiandan. If it goes to Tianyuanzong, the entire Tianyuanzong will be destroyed.

After hearing the command of Zhou Yan, Ling Xiao Dapeng in the sky also flew to the front of the Luyuan Giant and attacked with the masters of Tian Yuanzong.

At that time, tens of thousands of attacks rushed out and slammed into the giants of the Luyuan. However, the Luyuan giants were safe and sound, and there was no reaction at all. They continued to move forward.

Tianyuanzong is not far from the green land. If you ride a ride, you can arrive at least two days. What is more helpless is that the speed of this green giant is even faster than that of Ling Xiao Dapeng. Only those high-ranking Ling Xiao Dapeng and Tian Lei Ying can catch up.

Simply put, in less than two days, the Luyuan Giant will rush to Tianyuanzong.

Mo Ziyun and others are in a hurry, but with the strength of their Da Dan Dacheng and the addition of a Chinese product, they still can't shake the Luyuan giant.

The defensive power of this Luyuan giant has reached its limit. I am afraid that no one in Tianshui mainland can break open.

"What should I do? What should I do?" Mozi's heart is burning like fire. Tianyuanzong has been inherited for thousands of years. If it is difficult, will it be destroyed in his generation?

The speed of the Luyuan giant is very stable, not fast or slow, and the thousands of attacks have no effect on him. It is like a mountain is shifting.

Soon, half a day passed.

Mo Ziyun wanted to break his head and did not come up with a solution. During this period, he even wanted to negotiate with the Luyuan giant, but he did not receive any response.

At this time, the elders of Lingxiaofu also drove the old Dapeng in the past and shouted: "Mo Zongzhu, hurry back to Tianyuan, and evacuate the disciples."

It's only half a day before, if you don't act again, then Tian Yuanzong will really be destroyed.

Moziyun bit his teeth and said: "Taiwan elders, please come here!"

In other words, the other people on the Tianlei eagle jumped to another mount. Then, Moziyun sat on the heavenly eagle-level Tianlei eagle and went back to Tianyuan.

As for the others, it is moving alongside the giant of the green source.

A Ling Xiao Dapeng.

"Master, is it true that Tian Yuanzong is going to be destroyed?" Song Tan could not help but ask.

Although the Luyuan Giants did not go to the Lingxiao House, Tianyuanzong was also a large school that had been inherited for thousands of years. It was so ruined and it was a pity.

"No way." Zhou Yan shook her head.

This green giant, every step of the way, can make the heart of Tian Yuanzong disciples sway once. But this is already something that can't be stopped, unless the masters of Zhongzhou come together.

Ye Xuan took a look at a nearby Tianlei eagle, and the Tianlei eagle stood on a weak figure. This figure stood still in the cold wind and looked very sad.

Although Lin Xueer entered Tianyuanzong for only two years, his feelings were no less than that of other disciples. Now that he sees his sect is about to be destroyed, his eyes are also moist.

For the military, the sect is another home. Now that the family is gone, many disciples of Tianyuanzong are crying out.

"Hey, who makes you greedy?"

Ye Xuan sighed in his heart, if you don't come to this green land, isn't it all right?

At this time, suddenly a figure jumped over, Ye Xuan turned his head and saw that the Song Dynasty had actually ran to Lin Xueer.

"This girl should not be gloating..."

In the heart of Ye Xuan's heart, he not only looked at the appearance of the Song Dynasty, but the latter was a little delicate, but after entering the Lingxiao House, there was no such thing as it should be.

Sure enough, his fears were superfluous, and the Song Dynasty was to comfort Lin Xueer.

"Is there really no way? I am going to be trampled by this mysterious beast?"

"There is no way for this. This green source giant can't move, unless it is a strong person, it is impossible."

"My sister is still in Zong, **** it!"

"Don't worry, the Sovereign has gone back with a few elders, and it is absolutely possible to evacuate all the people when the Luyuan Giant arrives in Tianyuan."

The disciples of Tian Yuanzong were more ugly than one, and the time of the day was their most tormented day.
