Chapter 269: Heavenly meteorite

The Luyuan Giant continued to move forward, and one day later, he finally entered the territory of Tianyuanzong.

At this time, there is no one in Tianyuanzong, but there is a Tianlei eagle in the sky, it is the Tianyuan patriarch Moziyun who came back to evacuate his disciples.

"Is it finally here..."

Moziyun stood on the Tianlei eagle and laughed at himself with a smile.

Before he agreed to enter the green land with Ling Xiaofu, he thought of many kinds of endings, such as successfully finding lapis lazuli, or suffering heavy casualties, but never expected that it would be the end of the ban.

Although the disciples in Tianyuanzong have already left, gathered in a safe place, the important things in the sects have already been collected by Moziyun. However, Tianyuanzong is the foundation. If they are gone, they will go. where?

"Booming!"

The goal of the Luyuan Giant is really Tianyuanzong. It quickly went over and smashed a tower. The whole mountain suddenly trembled and seemed to fall down.

The disciples in the sky can only look at it, and there is no ability to stop it.

At this time, the Luyuan Giants had already stepped into Tianyuanzong, trampled on countless houses and struck down countless earthen walls.

"Well? Strange, is this Luyuan Giant looking for something, isn't it just a revenge?"

Many people have such a guess in their hearts.

They believe that the Luyuan Giant must have retaliated because they invaded the green land.

However, the truth does not seem to be that simple.

However, they thought so much. The Luyuan giant stepped into a huge square in the center of Tianyuanzong, and suddenly issued a shouting shout.

This voice is even more fierce than Ye Xuan's exhibition of the Eight Deserts.

"Look, the stones in the Green Source Giant are moving!"

Everyone stared at it and found that it was really true. The giant of the Green Source is 60 meters tall and one foot is bigger than a yard. At this time, it is shaking all over the body. Is this exciting?

After Ye Xuan saw it, he felt that something was wrong. He estimated that something big would happen next.

"Not good, everyone is going to withdraw!"

Ye Xuan's eyes suddenly shouted and shouted.

Everyone on the side was shocked. Zhou Yan hurriedly asked: "Ye Xuan, what happened?"

"Go, it's going to be dead again!"

Ye Xuan said as he let the dragonfly Dapeng under his feet quickly take off.

Others will be suspicious, but be careful to sail for thousands of years, even if Ye Xuan feels wrong, the losses have been fixed, right?

At the moment, everyone is flying up the mount, and some are flying around.

However, just as they were evacuated from the Tianyuan Emperor, the Luyuan Giant was once again roaring, and then its body suddenly exploded.

"Booming!"

The body of the Luyuan giant suddenly exploded, projecting numerous stones, like a volcanic eruption.

These large rocks are extremely fast, flying in all directions, and some of the Lingxiao Dapeng and Tianlei eagle do not catch up. They are directly hit by the middle. In the blink of an eye, there are more than ten Lingxiao Dapeng or Tianlei eagle falling.

"not good!"

Ye Xuan's face changed because he saw a huge stone coming towards them.

"Damn, let's take it together!"

The elders of the elders, Zhou Yan, quickly rushed to the edge, condensed the thick Dan Yuan, and took a sword directly against the big stone.

This sentence is not for others, but for Ye Xuan, because the other people present did not react at all.

Ye Xuan directly condensed the eight-day-shocking Tianjian, and used it to display the Chinese-style martial arts.

Two powerful snipers broke out, and Zhou Yan's blow directly embedded the boulder, only slightly slowed down the speed of the boulder, and Ye Xuan's blow was simply useless.

Seeing that the huge stone is going to hit this big rock, Dapeng, if Zhou Yan and Ye Xuan, then they can jump to the nearby Ling Dapeng.

But what about other people?

They can't bring everyone.

"Damn!"

In the eyes of Ye Xuan's mind, the whole person leaped, and then suddenly slammed into the palm of this singer.

The huge palm print hit the back of Ling Xiao Dapeng, and he took a sneak peek at Ling Xiao Dapeng. This displacement just happened to be separated from the trajectory of the boulder.

However, Ye Xuan was also given this boulder.

"Hey!"

Ye Xuan slammed on the boulder, and the whole person almost passed out, and there were many bone fractures on the whole body. Most importantly, he was pushed out by this boulder and flew over hundreds of kilometers.

At this time, the Song Dynasty was only reacted, and immediately screamed out: "Ye Xuan!"

The elders of the elders gritted their teeth, and the speed of the boulder was not able to catch up with Ling Xiao Dapeng. Moreover, there are still many boulders in the air, they have to hide.

"landing!"

The elders of the elder shouted at the foot of Ling Xiao Dapeng.

He found that the boulder that the big bang erupted was very powerful, and the air was very dangerous, but it was close to the ground.

They fell quickly, and luck was good before they passed the crisis.

Looking at the thousands of megaliths erupting in the sky, the Song Dynasty remembers the lava giant that day, but now is not the time to think about it.

"Master, Ye Xuan, he..."

The Song Dynasty was about to cry out. The boulder was beyond her reaction, and Ye Xuan was smashed into a huge stone. I am afraid it would be fierce.

"Don't worry, it's hard to be hard, and definitely can't die." The elders of the elders comforted, and their tone was very firm.

Even so, the Song Dynasty is still looking into the air, although Ye Xuan may not die on the boulder, can fall from the height of the kilometer, this will definitely fall a broken bone.

At this time, Ye Xuan is firmly attached to the boulder, which has risen to a height of more than a thousand meters. This boulder is too fast and difficult to disengage.

However, if he does not leave, he will definitely be killed when the boulder falls.

"You can only wait for it to fly to the highest point and then jump off."

Ye Xuan quickly took out a healing medicine suit and quickly thought about it in his mind, looking for something to survive or martial arts.

"found it!"

Ye Xuan's eyes brightened. He found that there is a Chinese martial art that can condense the Dan Yuan into wings. Although it can't fly, it can gliding.

The boulder is still rising, and Ye Xuan's mood is also terrible. At first he knew that something would happen, but he did not expect it to be like a volcanic eruption, but there was also a huge stone to them, and even worse, this megalith. Powerful, I am afraid it is the farthest eruption.

Finally, after the boulder rose to a height of 1,500 meters, it began to fall.
