

Super D. S 27

Chapter 27: Successful kill

This martial art called Tigers and Dragons, although it is only five martial arts, it is to devour points at three points. And it is definitely worth the money, because this is a sound martial art, you can instantly send a sound wave attack, stimulate the enemy's brain, let the enemy pause.

"Chen Qiang, died!"

After redeeming this martial arts, Ye Xuan was killed in an instant. This time, he would kill Chen Qiang in order to survive.

"Kid, take your life!"

Chen Qiang also turned around and slammed.

However, when his fist was about to fall on Ye Xuan, the latter suddenly had luck and flowed into his throat.

"Roar!"

A loud bang sounded instantly, it seemed to be the roar of a tiger. At the same time, an invisible sound wave spread out. Chen Qiang only felt a roar of both ears, and there were tens of thousands of needles in his head, which was painful.

"Give me to die!"

While Chen Qiang was in the hairpin, Ye Xuan came to his side and then swept out a sword. Then Chen Qiang's head flew out.

dead!

"噗通!"

The body that lost his head crashed down and the blood spilled more than a meter high.

This big boss was finally killed by Ye Xuan, very difficult.

"Huh!"

Ye Xuan looked at Chen Qiang's body at the foot, and he was relieved of the atmosphere. The key to this battle was the one that Chen Qiang was beaten out.

If there is no such thing, Ye Xuan may only run, and there is danger of being caught up by Chen Qiang.

"Good insurance, if you know that this move is so easy to use, you will not change the spirit." Ye Xuan muttered.

The sonic attack is extremely rare, and the whole Lianyun City is estimated to be absent. If this martial arts is taken out, I am afraid that there will be a storm.

Therefore, Ye Xuan decided to keep it as well, and sell it without selling it to Ye Family.

After Chen Qiang's death, Ye Xuan also groped for a while, but did not find anything worthwhile. At the moment, he returned from the original road and found the Chen Jia guard who could not walk.

"Two lords?"

The Chen Jia Guard looked at the figure that was slowly coming towards him not far away, and couldn't help but shout.

However, after his voice fell, there was no answer in the figure, which made his heart violent.

"Difficult, is it Ye Xuan..." This Chen family guarded the mind and flashed a possibility.

He only heard the shouts of Ye Xuan and Chen Qiang, but he did not know who was the last to survive.

At this time, Ye Xuan has already come to his side.

"Your family is dead, and said, where is the girl you took?" Ye Xuan said with great care.

After seeing the face of Ye Xuan, the heart of this Chen Jia **** has cooled down. Chen Qiang is the sixth-in-arms warrior of the martial arts. He died in Ye Xuan's hands. How is this possible?

But this is the truth.

Chen Jia **** is still in shock, suddenly Han Mang flashes, Ye Xuan has put the sword on his neck, cold voice: "Give you three seconds, do not answer, go down with your family two masters Let's go!"

"three!"

"two!"

"Don't, I said, I said, in a house in the west of the city, the specific location is..." Chen Jiawei did not want to die, and hurriedly offered it.

"Very good, if you are telling the truth, I will give you five thousand and two silver, but if it is fake, you will be divided into five horses!"

Ye Xuan said coldly, then found a few vines, tied the Chenjia escort, and blocked his mouth.

Although the Chen family guards are available, but Ye Xuan can not fully believe him, in case it is a lie, then who knows where Xue Qingqing is?

After the event, Ye Xuan quickly rushed back to Lianyun City.

In a yard in Lianyuncheng.

"Hey, this little girl is really tender, and the second master said, if he doesn't come back tonight, then this little girl is ours."

"What did the second master do?"

"How do I know? However, since the two masters have said this, it is better for us to be cool before the two brothers? Anyway, the two masters do not seem to like women."

"this is a good idea."

There were two people in the yard, slutty laughter, and a girl's whimper. Obviously, this girl is Xue Qingqing.

She remembered that she was eating in a restaurant. She suddenly slept after eating and eating. When she woke up, she heard the conversation between the two men. She was anxious to cry, but her mouth was Stuffed cloth, can't talk.

In the darkness, two figures gradually came towards her, but Xue Qingqing, whose limbs were tied, could only shake his head desperately, tearful eyes and tears, and it was already crying into tears.

"Small girl don't worry, the brothers will come to feed you."

When the voice fell, there was a sound of undressing.

"Big brother, you can't do this. You have been on the first time. It should be me this time."

"Yes, the second brother, you still care about so much, together, it's not good, change it."

Xue Qingqing now has a heart that wants to die, but her mouth is stuffed with cloth, and she can't even talk, let alone bite her tongue. Moreover, her limbs are tied and can't move. If I want to die, I am afraid I can only use the big stone next to me.

However, just as she was preparing to die, there was a sudden footstep outside the yard, and then the door was suddenly opened.

I saw that the cold mans flashed twice, and the two figures in front of Xue Qingqing were backwards.

Xue Qingqing stunned. Is it a master who passed by, heard the conversation between the two men, and saved her?

Or, I want to hold her and do all sorts of things?

But when he heard the voice of the coming, the tight nerves finally came loose, and one fell into the arms of the coming.

The man who rushed to the scene was dragging his hand back to Ye Xuan of Lianyuncheng.

"Don't cry, help me back to Ye Family, I was seriously injured, I have to hang up..." Ye Xuan was pale and used a sword to smash the rope from Xue Qingqing.

He and Chen Qiang had a battle. After getting three points of devouring points, he did not change the hundred flower dew. Instead, he changed the tiger to break the dragon, and then he ran back all the way. The injury in the body was serious. At this time, he had already It is the end of the strong, it is estimated that anyone who comes to the fourth martial arts can kill him.

"Oh, sorry..." Xue Qingqing shed tears, usually lifted Ye Xuan, and then rushed back to Ye Family.

On the road, Ye Xuan's consciousness was also quickly lost. Xue Qingqing simply carried him up and rushed back to Ye Family.

After the two of them returned to Ye Family, Ye Xuan was already fainting, but before he passed out, he also told Xue Qingqing about Chen Qiang.

After Ye Zhang and the four major ethnic groups learned of the incident, they immediately brought a lot of healing drugs. Ye Xuan is now the future of Ye Family. If it is dead, then everything is gone.

Fortunately, Ye Xuan's injury is not incapable of returning to the sky. Under all kinds of precious drugs, it has finally stabilized.
