Chapter 28: lie

This night, the entire Ye family was boiling, but Ye Zhang and the four majors and other seniors were even more shocked to swallow eggs.

Ye Xuan actually killed Chen Chen's Chen Qiang, but it was the sixth heavy military in Wudao!

And Ye Xuan, but only fifteen years old, is this still a person?

After knowing the matter, Ye Zhang and others immediately sent people to the grove to kill the guard and buried Chen Qiang's body as if nothing had happened.

.....

After a night of recovery, Ye Xuan's injury was also better. When he woke up, he found two shadows on his bedside, Xue Qingqing and Liu Er.

"Hey, it hurts me." Ye Xuan sat up, rubbing his chest and frowning.

The medicinal herbs and healing drugs he took yesterday were the best of Ye Family, but the effect was definitely not as good as Baihualu, so it is estimated that it will take some time to recover.

"Ye Xuan, you are awake." Xue Qingqing on the side suddenly raised her head and stared at two thick black circles. Last night, she was afraid that Ye Xuan had symptoms in the middle of the night, so she never slept.

Xue Qingqing's voice also awakened Liu Er, she is not a warrior, so she can't stand like Xue Qingqing.

"Hey, Master, you woke up, scared the dead Liu." Liu Er just woke up, just flung up and held Ye Xuan to cry.

"Hey, Liu Er, you are holding my wound..." Ye Xuan's forehead bounced up and took a breath.

Wen Yan, Liu Er is also rushing to release.

Ye Xuan stroked her hair and said: "The young master is not so easy to die, then Chen Jia Er, but the martial arts sixth heavy medium, is not killed by me. Well, you can tell the uncle, I have to I have to say something."

"Liuer will go now." Liuer hurriedly got out and went out.

After she left, Xue Qingqing also carefully examined Ye Xuan and said: "Is your body okay?"

"It's okay, I can't die, but it's estimated to be ten days and a half months if I recover like this." Ye Xuan sighed and let him lay on the bed for ten days and a half, absolutely impossible, so he You must get a little bit of phagocytosis and then change to a bottle of flower dew.

"Fortunately, you arrived in time yesterday, or I will..." Xue Qingqing blushes, and when she thinks about the last night, she will goose bumps.

"Haha, or you will be stunned by the two old men." Ye Xuan opened his mouth and smiled.

Snapped!

His voice has not yet fallen, Xue Qingqing is rewarding his thigh and slap, and at the same time Jiao said: "What is that, you say I killed you, and this is what you caused, you don't think I am wearing Xu."

Ye Xuan was so painful and helpless: "Whoever wants you to make a difference, there are many beautiful girls on the street."

"What, do you compare this girl to them?" Xue Qingqing glanced at him and apprehend Ye Xuan.

"Yes, yes, they can't compare with you." Ye Xuan hurriedly said, and thought in his heart: "They certainly don't have violence for you!"

In his memory, Xue Qingqing was a goddess when he was a child. I didn't expect to see it again in a few years. It turned out to be a woman, and it was really cool.

Soon, Ye Zhang and the four major families are coming.

After seeing Ye Xuan's recovery, they also showed a look that was overjoyed and more happy than when Ye Xuan returned to Ye Family.

Their chills and warmth made Ye Xuan somewhat uncomfortable, so Ye Xuan said directly: "Da Bo, the body of Chen Qiang, and the body in the house in the west of the city have been cleaned up."

"I have sent people to get it right, Chen family can't find a little clue. It's you, how did you kill Ye Zi?" Ye Zhang asked a question that bothered them overnight.

"At that time, I sneaked on him, plus a bursting Ling Dan from the Lianyun Eighteen Mountain Range, and temporarily broke through to the sixth middle of the martial arts, so I was able to successfully kill." Ye Xuan made a reason.

"What, bursting Ling Dan?" Ye Zhang exclaimed, but he thought, this does not seem to be the point, so he also called: "Explosive Dan can temporarily upgrade the level of the military, very precious, so to speak, you are Before taking it, it has already broken through to the sixth martial arts?"

"Not bad!" Ye Xuan did not hide this time, nodded directly.

boom!

After being confirmed by Ye Xuan, everyone including Xue Qingqing was shocked.

The fifteen-year-old martial art is the sixth most important. This is definitely a super genius. If it is placed in the cracked Yunzong, it will definitely be able to get the key training, even worshipping a strong person.

"Ha ha ha ha, really bless me Ye Jia, your achievements in the future, at least the eighth weight of the martial arts, and even the ninth and tenth weight of the martial arts, maybe, there is a chance to break through to the true spiritual realm!" Ye Zhang is already some The language is incoherent.

The true spiritual realm is the level above the tenth of the martial arts. It is said that the lord of the ruined Yunzong is a true spiritual powerhouse.

Ye Zhang and the four major families were happy for a while, then they said: "Ye Xuan, the stronger your strength, the higher the appreciation after entering the Yunyunzong, what do you need, even though I said."

"Oh? Then I will be welcome!"

Ye Xuan's eyes are also bright. What is missing him now?

Of course it is money!

silver!

"When I was practicing in the Lianyun 18 Mountain Range, I accidentally got the inheritance of a predecessor. He said that this physique is extremely special and can be swallowed up into any heavenly treasure, which translates into spiritual power. So, if you have What good things, even if you take it!" Ye Xuan also compiled a reason.

"what?"

Ye Zhang and others were stunned. What is this constitution?

"Ye Xuan, you are not kidding? Can you turn into any spiritual power when you devour any heavenly treasure?" Ye Zhang could not believe it.

"Other than you think, I can, in such a short period of time, from a waste person, all the way to the beginning of the sixth martial arts?" Ye Xuan turned and asked.

Indeed, this speed of cultivation is absolutely unique, very amazing, even if it is estimated in the cracked cloud sect.

"Then, how much do you need?" The first family asked half-heartedly.

"It's a big treasure worth tens of millions of silver. Of course, weapons and the like are also OK. I can devour anything in this physique. The body of the beast can do it." Ye Xuan does not intend to conceal it. The most urgent task is to improve. The strength is important. If Ye Jia and Chen Jia get up, he can help.

"Thousands of things with two silvers, only let you break through once?" Ye Zhang swallowed.

"Well, because the physical condition is special, the consumption is bigger than normal cultivation. But don't worry about the uncle, the predecessor left some exercises in my mind. As long as my realm improves, then I can remember these. Gongfa, I will be able to compensate the family at that time, the rushing step, the slashing swordsmanship, and the chasing archery that I killed Chen Song before. This is the case." Ye Xuan said.
