Chapter 281: Zhongzhou

Tianshui mainland can be divided into five blocks, namely the four major regions of the southeast and northwest and the central state. However, the area of Zhongzhou is the sum of the four major domains.

In the leisure time of these days, Ye Xuan went to Science and Technology in Zhongzhou.

Zhongzhou can also be divided into seven blocks. These seven areas are controlled by seven main cities. The Zhengzhou alliance leader Zheng Yu, who is going to find him this time, is in a main city called Shenzhou City. It is said that this Zheng Zheng was originally It is the people of Shenzhou City.

However, Shenzhou City is a bit far from Lingxiao House. Even if there is a mysterious animal, Tian Lei Ying will take half a month.

Therefore, Ye Xuan had to go to another place, which is the Guangjin City where Tian Yuanzong's master is located. This Guangjin City is also a main city.

At this time, the Tianlei eagle that Ye Xuan and Lin Xueer took is already entering the boundary of Zhongzhou. As long as they are two days away, they can reach Guangjin City.

Tianlei eagle on the back.

Ye Xuan and Lin Xueer each closed their eyes in a place. In these few days, they did not say a word, the atmosphere was very embarrassing.

When Ye Xuan was just a waste, Lin Xueer chose to retire and let Ye Xuan lose face. Although Ye Xuan did not care about this, Lin Xueer felt a little sorry for him.

She is thinking, assuming that there is no retreat on the day, what kind of scene will it be today?

This problem has made her practise for a few days.

at this time.

"Ye Xuan!" Lin Xueer finally couldn't help but speak.

Ye Xuan, who was close to the eyes and raised his eyes, also opened his eyes and said something different: "What?"

"Have you returned to Lianyun City before?" Lin Xueer asked.

"Yes, how..." Ye Xuan nodded.

Lin Xueer continued to ask: "How are my father?"

"Very well, speaking, you haven't gone back in the past two years. Is it a bit too ruthless?" Ye Xuan said.

"I think too, but the master does not let me, I want to go back for a while, you?" Lin Xueer asked.

"Let's see it later." Ye Xuan replied casually.

In his current realm, it is estimated that it will take only three days to return to the Xuanyang Empire. It is not a long time.

Lin Xueer did not ask again, just stayed quietly.

The atmosphere has become very strange again.

However, at this time, a group of black shadows suddenly appeared in the air in the distance. Ye Xuan seemed to feel something and turned around.

"What about the beasts?"

Ye Xuan sighed, now he sees the beasts are too lazy to start.

Lin Xueer also turned her head and looked at it. It was a moment, her expression was a stiff, exclaimed:
"Black wind bird!"

Hearing this strange tone, Ye Xuan could not help but ask: "What?"

"This black wind bird is a mysterious beast. They hate other birds very much. They usually attack when they see it!" Lin Xueer hurriedly explained.

what?

Ye Xuan's eyes widened and he turned around and found that there were at least hundreds of black shadows.

"Xuan beast, what else to go, all killed!" Ye Xuan eyes killing the machine.

"No, Tianlei Ying will be killed by them!" Lin Xueer turned his head.

"Can you escape?"

Ye Xuan asked a question.

Among the group of black-skinned birds in the rear, some people have become Danish, and the Tianlei eagle at their feet is just a first-time person, and they cannot escape.

Lin Xueer squatted, and then ordered the Tianlei Hawk to land.

At the same time, Ye Xuan also took out the bow of the Chinese product.

Zhongpin-level martial arts, fire dragon arrow!

He shot a mighty fire dragon directly across the kilometer, but only a few black wind birds were recruited.

Moreover, this group of black wind birds are extremely scattered, and so far apart, Ye Xuan shot a few arrows in a row, killing more than 30.

It was just that when the blackbirds approached, the Tianlei eagle fell to the ground, but it was scared by the black wind bird. After the leaves were sent down, they started to escape.

"not good!"

Lin Xueer's face changed. I didn't expect this Tianlei eagle to run. This is purely looking for death.

Sure enough, the black wind bird group immediately split more than a dozen, chasing the sky eagle.

As for the rest, it is already surrounded by Ye Xuan.

"Haha, there are hundreds of mysterious beasts inside, Dan is really good!"

Ye Xuan, who landed, couldn't help but laugh a few times.

Lin Xueer rolled his eyes, when was it, and even laughed.

At this time, Ye Xuan suddenly gathered a handful of eight wild swords. After seeing the Eight Great Swords, Lin Xueer subconsciously protected the ears with Dan Yuan.

Sure enough, she did not expect, in the next moment she was sheltered, Ye Xuan leaped high and a sword broke out.

"Boom!"

A loud bang was heard, and half of the black wind birds were shocked and then fell.

"Hunting moments, eight wild winds kill, start!"

Ye Xuan's light flashed, and the body's Dan Yuan instantly fell a lot.

At this time, he has already broken through to the land of Dan, the increase of the eight wild swords, and the scope of the eight wild winds has also improved a lot, reaching 50 meters, and, is a radius of 50 meters.

Looking at a black wind bird was cut into several pieces, Lin Xueer was stunned.

In less than two seconds, Ye Xuan killed dozens of black windbirds. After five seconds, all the black wind birds were turned into corpses. This area was already stained with blood.

Hundreds of black wind birds, Lin Xueer only killed less than ten, and the rest were killed by Ye Xuan.

"Is this his real strength?" Lin Xueer said in the heart.

She was thinking that if she entered Ye Xuan's 50-meter range of attack, would it be cut into several pieces like these black wind birds?

"What are you doing, help the Tianlei eagle." Ye Xuan suddenly shouted.

Lin Xueer also suddenly responded and chased up. As for Ye Xuan, one person stayed to clean the battlefield.

This group of black wind birds, led by a person Dan Dacheng, has been cut by Ye Xuan.

Therefore, Ye Xuan is not worried about making Xue.

He took the time to devour the body of the nearly 100 black windbirds, and the mysterious beast was received in the engulfing space.

"It's really good. There is a little phagocytosis in the body alone. If it is Nedan, there are at least five points this time."

Ye Xuan nodded with satisfaction. Although his Danyuan was exhausted, it was not expensive to restore Danyuan's Nedan. Even one tenth did not, so this was a white earn.

At this time, he suddenly looked into the distance, and some strangely muttered: "This girl has been going so long, why not come back?"

In his estimation, Lin Xueer can kill those black wind birds in a minute, but now, in the past few minutes, Lin Xueer has not returned.

In order to be on the safe side, he also quickly followed.

In front of a mountain forest, Ye Xuan just stepped in, just found Lin Xueer's position, but to his strangeness, Lin Xueer actually has several figures beside him.

At the moment, he immediately rushed over.
