Chapter 284: Save the field

Without further ado, Ye Xuan also directly sneaked into the Confucius family. With the shadow of the leopard, even if it is the strongest person in the world, it is difficult to find him.

According to the positioning ability, he quickly found Lin Xueer.

At this time, Lin Xueer was already surrounded by the masters of the Confucius family. There were already two beaches of blood on the white clothes. She was injured.

"Little girl, I don't know which family you are. I even sneaked into my Confucius. It is not small to be courageous." A middle-aged man sneered.

Lin Xueer ignored his question and asked directly: "Where is Kong Rong?"

"Kong Rong? You came to look for him. Hey, I didn't expect Kong Rong to be a good boy. Now I am looking for it. I really can't help it. We thought you were an assassin. I didn't expect it to come. Look for Kong Rong."

The middle-aged man smiled slyly.

Lin Xueer's face sank, this family of the hole, are thinking with the lower body?

"Come, come and call the young master."

The middle-aged man waved his hand and there was a Confucius guard who left.

The two sides are deadlocked, and Ye Xuan is carefully looking on the roof.

"The middle-aged man should be a big man in the land, and there are three places in the surrounding area, and the rest are all in the first place and in the Dancheng. The power of this Confucius is not small."

Ye Xuan suddenly saw the realm of these people. He estimated that if he went on, he would be able to kill everyone in ten seconds, including the strong man who was born in Dadan.

However, he does not want to go down for the time being, because he knows that if he suddenly shoots, it will definitely provoke Lin Xueer to be angry.

Or take a look at it!

Soon, the former wretched youth appeared.

Kong Rong walked over quickly and said: "Sure enough, this is your nephew. I killed a few friends and even dared to kill my Confucius. I really don't know how to live and die."

"Oh? Kong Rong, this girl, isn't the one you have been plagued?" The middle-aged man flashed his eyes.

"Uncle, I haven't enjoyed it yet, we can take her down and then together..." Kong Rong suddenly showed a wretched smile.

When he returned to the city of Thorns, he was already sending people to the gate. After Ye Xuan entered the city, he already knew it. Originally, he just wanted to take the master to sneak attack on Ye Xuan, but he did not expect the other party to take the initiative to kill.

"Well, the land is small, I haven't tasted it yet..."

The words of the middle-aged people have not finished yet, that is, a fierce sword has swept over, scaring the middle-aged people to rush to get a block.

But the next moment, he flew out.

Kong Rong was shocked. His second uncle was a great man, and Lin Xueer's strength was only a little stronger than him. Under the frontal attack, it was impossible to hurt his uncle.

"What, the weapon, is it the top grade?" Kong Rong's eyes are coming out quickly.

Top grade!

This is very rare in Zhongzhou.

"Up, kill this girl, go together!"

Immediately, Kong Rong shouted loudly, and the surrounding guards immediately attacked.

On the roof.

"I didn't expect that the slashing sword that the elders sold to the Mozong Lord actually went to her hands. No wonder there was courage to rush in. I really don't understand. If I used the sword directly on the day, Kong Rong should have died long ago. Why bother?"

Ye Xuan is slightly helpless, but Lin Xueer's approach is the same as him.

kill!

an eye for an eye!

Confucius can stand in a big city in Zhongzhou, and the foundation must be very rich.

Thinking of this, Ye Xuan also quietly leaned in. If Lin Xueer could not cope, he would shoot.

In the courtyard, Lin Xueer sacrificed the top of the product to smash the sword, the strength rose, and the invincible, no one can stop her sword.

Soon, those guards died to death, and they were disabled. In less than half a minute, they fell to the ground.

"Hey..."

At this time, Confucius, who was swallowed by Lin Xueer's sword, looked cheeky and smiled. He walked out with a long blood mark on his shoulder. It was caused by Lin Xueer's talent. .

He greedily looked at the slashing sword in Lin Xueer's hand and said: "I didn't expect that a little girl actually has a top grade. It seems that your identity is very unusual. However, since you broke into me Kong Jia, even if you are the owner of the city of thorns, today I can't walk out of my Confucius!"

"Hey!" Lin Xueer snorted and did not speak.

At this time, standing here, except for her, only Kong Rong and Kong Quan were left.

"Two uncles, abolished him, the sword is yours, people give me!" Kong Rong is also afraid that the world is not chaotic, and does not think that Lin Xueer can overcome Kong Quan.

"Well, wait until I abolish her, and then I will give it to you after playing it again!" Kong Quan was in a sneer in the spirit, and Lin Xueer walked over.

Lin Xueer's land is small and small, holding the top grade. The hole is full of Dan Dacheng, holding a medium-sized device.

Neither of them is a general generation. I don't know who will be stronger.

Ye Xuan is also somewhat curious.

"boom!"

After a muffled sound spread, the two people in the courtyard were hanging over.

Lin Xueer was in white, and his body was strong and he constantly attacked Kong Quan. But she couldn't even catch Kong Rong, let alone the more powerful hole.

In less than three seconds, Lin Xueer was shot in the palm of his hand. The sword in his hand could not help but smashed out and was taken away by Kong Quan.

"not good!"

Lin Xueer's face was heavy, and the top grade was rushing to the sword, but her cuddling was now taken away by the other party, which was troublesome.

At this time, she already has some regrets, why should she be able to do it.

"Ha ha ha, little girl, now your cuddling is gone, or you can smash it with your hands. As long as you self-destruct, you will not suffer from the flesh and blood, and then serve my uncle, maybe we will let you live. Kong Quan laughed.

Lin Xueer's face was gloomy. When the voice of the hole fell, he turned around and left.

"In front of me, you still want to run?" Kong Quan double eyes, quickly rushed to Lin Xueer, and then took a palm.

This palm was attacked three inches below Lin Xueer's navel, where it was Dantian.

Lin Xueer's face was as gray as she was. At this time, she thought of Ye Xuan for the first time. But she knew that she was finished. In another second, her Dantian would be shattered and become a waste person, and then she would be caught by the Confucius.

However, it is in the midst of this millennium.

"call out!"

In the night, a cold mangled light, like a lightning bolt, instantly pierced the wrist of Kong Quan, and defeated his condensed Dan Yuan.

Kong Quan felt the pain, retracted his arm in a reflexive manner and shouted: "Who is this?"

His reaction was quick. He turned his head and saw a figure coming out of the dark corner of the courtyard.
