

## Super D. S 287

Chapter 287: kill!

Pang Xing escaped a sword and slammed back. Even if he reacted quickly, his shoulder was still rubbed by the sword, but he ignored it and said directly: "Snow, you actually shot me. I know You must have liked someone else. I listened to the guard and said that there is a little white face with you. Who is he?"

"Brother, don't talk nonsense." Lin Xueer's face is getting darker and gloomy.

"It turned out that you are already good, you are a stinky girl, I still want to find a time to return to the Yuanzong to marry you, even carrying me to steal a man. Now, I will take you down and strip you In front of him, let him see me with my own eyes..."

Pang Xing's words have not yet been finished, Lin Xueer is a step up, a sword stabbed.

She was disappointed, but she didn't expect the old man who was in the past to be a beast. But the next moment, she saw Pang Xing take out a weapon and block her attack.

"Hey!"

Lin Xueer's rushing sword was instantly shot, and then Pang Xing's palm was shot in her chest, and she shook her blood and flew out.

"The top grade, I also have it. You are a blind man, I actually killed my heart, see if I can't do you..."

Pang Xing said awkwardly as he walked toward Lin Xueer.

However, it is at this time.

"call out!"

A cold mang, now Pang Xing was shocked, and his right hand swiftly swung once, which was to defeat the cold mans.

But then, he felt a cold in front of his chest, looking down, his chest was already broken into a big hole.

This bow, he can no longer lift, and the whole person fell backwards, the blood sprayed out, splashing his clothes.

Lin Xueer turned her head and saw Ye Xuan fall to the ground and then collected the Pang Xing's Qiankun Ring and Shangpin.

"You killed him?" Lin Xueer was surprised.

"You are a stupid girl. Didn't you hear what he said? This kind of person, you still be a brother?"

Ye Xuan came over helplessly, checked Lin Xueer's injury and sighed: "It's really awkward to start. If you are new to Dan, you will be killed by this palm."

When he finished, he directly picked up Lin Xueer and jumped out of the yard.

"you....."

Lin Xueer stared at Ye Xuan.

"You still have you, the Shaocheng master of a large main city in Zhongzhou was killed, and Guangjin City must be in chaos. Are you staying here waiting to be arrested?"

Ye Xuan shook his head and left quickly.

But shortly after he left the yard, there was a figure flashing out and a palm shot at him.

"Hey!"

Ye Xuan did not respond, and the back of the palm, directly fell forward and fell down.

"Damn, it must be a strong person in Tiandan!" Ye Xuan responded instantly, only when he was busy talking, did not even notice that a super strong person was hidden around.

"Bold thief, even assassinated the lesser city master, come to life!"

A thick voice rang in Ye Xuan's ear, scaring him to get up quickly.

"boom!"

The place where he was lying was already smashed out of a big pit, and he was still braving the smoke.

Ye Xuan couldn't help but shudder. If he hides slowly, he will at least be seriously injured.

"Who are you?" Ye Xuan stood up and asked in a taboo.

"Dead, do not need to know my name!" A middle-aged man slowly walked out, only then he sneaked on Ye Xuan, causing Ye Xuan to throw away the beauty in his arms.

"Tian Dan Jing, it really is a natural environment, but fortunately just entering the Tiandan, or I will die!"

Ye Xuan's heart is a dark sentence.

Although he said that he was only entering the land, but this time, he had to exchange the top-level martial arts to be able to confront it.

Lin Xueer also climbed up from the ground. She also knew the realm of the middle-aged man in front of her eyes. When the face was as dead, she said: "It is me who killed Pang Xing, not him!"

"Shut up, you little girl, you are dead!"

The middle-aged people do not intend to talk nonsense, directly rushing on a step, punching out, directly want to take Ye Xuan's life.

The speed is already beyond the reaction of Lin Xueer.

But before that, Ye Xuan had already swallowed a medicinal drug.

Great Dan!

At the same time, he also spent 50 points to devour the crystallization, and exchanged a top grade martial arts.

"Puff puff!"

"Explosive, three full explosions!"

"Batian fist!"

A thick Dan Yuan spewed out, and with Ye Xuan banging, Dan Yuan instantly poured into another fist.

"boom!"

The loud noise started, and there was like a bomb exploding. The air and the waves rolled, and Lin Xueer, who was a small lander, was thrown out.

At the same time, there is another figure flying in the opposite direction, not Ye Xuan, but the middle-aged man in Tiandan.

"what?"

The middle-aged man was shocked. He widened his eyes and looked unbelievable.

Only when he punched him, he already had the power to smash a land of Dan Dacheng. However, this was actually shot by Ye Xuan. How is this possible?

"Top grade gloves, top grade martial arts?"

At that time, the middle-aged people reacted.

The top grades are also considered, and Ye Xuan actually has top grade martial arts, which is greatly out of his expectations.

However, when he had not yet landed, he just saw Ye Xuan's figure suddenly flashed in front of Lin Xueer, and he picked it up and left the place.

"噗通!"

The moment when the middle-aged man fell and went again, he quickly picked it up and then chased it up.

However, the next moment, he suddenly found out that Ye Xuan was gone.

"How fast is this kid?"

The middle-aged man was shocked. He looked around again and found that there was no difference. It seems that the other party has already left.

"You must hurry to report to the city!"

The middle-aged man turned and left.

He is already fantasizing in his mind, and the owner of Guangjin City is full of thunder. The owner of Guangjin City is old. The only son who was killed by the sectarians has been listening for so many years. He has finally received a tasteful son, but he has been killed.

I am afraid that the entire state has to be turbulent once.

What the middle-aged did not know, however, was that after he left, the corner of a yard was out of two figures.

"Call, fortunately, the shadow of the leopard has been raised to a high level, and it can bring about contact, otherwise it must be discovered."

Ye Xuan took a sigh of relief and said: "This place should not stay for a long time, we will leave the city immediately!"

Last time, he killed Kong Rong and Kong Quan and was forced to leave the city of Thorns. This time, he killed the thorn star of the thorny city and the city, and he was forced to leave. It was really hard.

Lin Xueer is also very embarrassed. These two times are all because of her, and it is impossible for Ye Xuan to stay in the night.
