Chapter 29: Swallowing sword

"This....."

Ye Zhang and others have been shocked to say nothing, they are the first time they have encountered such a thing.

"The treasure house of our family, it is estimated that there are more than 10 million yuan of silver..." Ye Zhang hesitated.

At this time.

"Liu, go get a pen and paper." Ye Xuan suddenly said to Liu Er, not a while, Liu Er is back.

Then, in the face of Ye Zhang and others, Ye Xuan wrote the sound wave of the Tiger Screaming Dragon.

"What, Sonic martial arts, this..." Ye Zhang and others opened their mouths.

The four major ethnic groups in the rear are even more shocked and trembled. They are the seventh-largest martial arts martial arts people, and they all see the extraordinary martial arts.

"Five martial arts tigers and tigers break the dragon scorpion, absolutely worthy of a six-body martial arts, I estimate, at least five million dollars." The first group of old horror said.

Now, Ye Zhang and others believe that they have never heard of this martial arts.

"With these martial arts, then the overall strength of our Ye family will rise by one or two levels. At that time, it will definitely not be a problem to clean up the Chen family." Ye Zhang said, it is to Ye Xuandao: "Okay, let me let People go to take all the good things in the treasure house."

When his voice fell, he left, and soon he came back, and he personally moved a big treasure chest.

"This is all the stocks of our Ye family, probably worth 13 million two silver, Ye Xuan, we Ye Jia depends on you." Ye Zhang solemnly said to Ye Xuan.

The reason why he is willing to give these cultivation resources to Ye Xuan is also because if Chen can be killed, then Chen's family is not all Ye Family's?

"Well, you should go out first!"

Ye Xuan drove everyone out, and then began to devour these treasures. Herbs, medicinal herbs, ores, weapons, all were swallowed by Ye Xuan.

He originally swallowed a small Dandan, worth three million two, and now with these things, can definitely break through the sixth middle of the martial arts.

In less than a minute, these Tiandi Dibao were all swallowed up by him, and he also broke through in a systematic tone.

"Hey, congratulations to the host to break through to the sixth middle of the martial arts!"

At this point, his swallowing points, a total of 13 points.

At the moment, he immediately exchanged a bottle of flower dew and then drank it. Baihualu is a good thing that can quickly recover from internal injuries. He estimates that he only needs one day to recover to the peak.

Baihualu needs a little bit of engulfing points, so he still has twelve points.

Next, he changed the engulfing points and changed a few five-product martial arts.

In Ye Family, the backbone is still the sixth weapon of the martial arts and the fifth weapon of the martial arts, so it is best to exchange five martial arts.

"Da Bo, this is a six-door five-product martial arts, and a six-product martial arts, you quickly pick people down and let the tribes learn. In addition, if you can, sell directly to the Lin family, I still need a lot of cultivation resources!" Ye Xuan submitted several martial arts past.

Ye Zhang took over the stack of martial arts worth tens of millions of silver. His hands were shaking and he hurriedly said, "Okay, okay, I immediately transcribe!"

He can see that these five martial arts are much better than those of Ye Family, and the total value adds up to more than 13 million yuan.

After leaving a few people in Yezhang, Ye Xuan was softened. At that time, he had the feeling of returning to school in the morning to copy his homework. His hands were sore.

"The young master is working hard, Liuer helps you pinch!" Liuer on the side went directly to the back of Ye Xuan and began to help him pinch his shoulders.

Xue Qingqing, who has been silent for a long time, finally asked: "Is this physique, is it true?"

"Of course it is true." Ye Xuan nodded comfortably.

"But there are weapons in the box..." Xue Qingqing said that he did not believe.

"You don't believe that you have a knife, I will show it to you on the spot!" Ye Xuan thought and did not answer.

Who knows, Xue Qingqing actually brought a knife and handed it to Ye Xuan: "Take it..."

Ye Xuan is also helpless, but he has already been exposed, then the demonstration is good. He picked up the knife and put the blade into his mouth. His look was a little dignified.

"Young master, be careful..." Liu Er behind him was very worried.

At this moment, Ye Xuan's hand was shot, and the whole knife was swallowed up by him. Of course, after he pushed the knife, the knife quickly became smaller and then swallowed.

"You really swallowed it, is your physique really true?" Xue Qingqing saw her eyes come out quickly, and she stood in front of Ye Xuan, watching Ye Xuan swallow the knife, this time If you don't believe it, you have to believe it.

"This is nature. The mysterious predecessor said that I am swallowing up the body and can swallow the world. If you don't believe it, take a step forward and see that I have swallowed you too." Ye Xuan suddenly threatened.

"You dare to swallow me, I will break your stomach out of a big hole." Xue Qingqing was a little angry, but the next moment, her little face suddenly changed, laughing: "When this matter is resolved, you help I am busy?"

"What is it busy?" Ye Xuan brows a pick.

"Let's say it again, you can rest assured that you definitely have a big gain." Xue Qingqing deliberately dangled his appetite and did not tell Ye Xuan.

"God is mysterious, wait until things are resolved." Ye Xuan did not ask much, after all, the enemy is currently.

Although Chen Qiang's body has been buried, Chen Qiang has just returned to Lianyun City and disappeared. Chen's family will definitely search and find out that it is related to Ye Xuan in a few days.

After all, each family has eyeliners in the four major city gates. Ye Xuan returned so late that night, and he was seriously injured, and his body was bloody.

After taking the Baihualu, Ye Xuan stayed in his room and took a rest. He rested for a long time. In the afternoon, Ye Zhang was looking for it again.

"Ye Xuan, those martial arts I have already asked people to take a lot of copies, there is one here, ready to sell to Lin family, you can follow me." Ye Zhang said.

"Go to Lin Family?"

Ye Xuan hesitated for a moment.

The ancestors of Lin Jia and Ye Jia are the same person, so the relationship between the two is very good, and there are often marriages. Before Lin Xueer was already engaged with Ye Xuan.

However, something happened later, that is, Ye Xuan got the devouring system and repaired it as a loss. Therefore, Lin's family came to retreat, and Ye Xuan also got three times of dowry, and both sides were unhappy.

"also."

Ye Xuan nodded, anyway, his body's strongest defense is the skin.

"Then your injury..." Ye Zhang suddenly remembered a question.

"It's okay, I took so many good things, and the injury is very good." Ye Xuan waved his hand.

Then he was groomed and changed his clothes.
