Chapter 292: Adjacent to Tianyuan

"Don't worry, my relationship between Shenzhou City and Guangjin City is not good. If you kill the owner of Guangjin City, I won't take you. But you actually killed the old guy's son in the Guangjin City Government. Even I have to admire your courage." Zheng Shuohai appreciated.

Ye Xuan took a sigh of relief and said: "Predecessors have won prizes."

"Well, Zheng Zheng, you came to me this time, should you be related to them? You can rest assured, I will not tell the old guy what they are doing in Shenzhou City." Zheng Shuohai waved his hand. The two portraits were broken into powder and the smoke disappeared.

Zheng Yufang was shocked to hear that Ye Xuan killed the owner of Guangjin City, but he came to Zheng Shuohai, but it was not for this matter.

"Grandpa, you misunderstood, you listen to me..." Zheng Zheng began to bring out the things of Tianyuanzong.

After listening to it, Zheng Shuohai and Zheng Yu were both shocked.

"The lapis lazuli with a big fist, the mysterious beast of Tiandan Dacheng?"

Zheng Shuohai squinted his eyes and said: "Huo Yang, I remember that this Huoyang was the person in my Shenzhou city territory. I didn't expect to get a lapis lazuli."

"Ye Xiao Brother, you came here this time, the purpose is for this matter?" Zheng Yu turned and asked.

"Yes, she is a disciple of Tianyuanzong, so we came to Zhongzhou this time, just want to spread this news, let the masters of Zhongzhou annihilate those green giants." Ye Xuan nodded.

Zheng Yu suddenly thought of one thing and said: "Where have you been to the city government of Guangjin City, what are you going to do?"

"This....."

Ye Xuan actually wants to hide it, but now it seems that there is no such need, so I will say it directly.

"The old guy's son Pang Xing, turned out to be the person of Tian Yuanzong... No, the old guy gathered people this time, I am afraid not to go to the Likong City territory, but to the Southland!"

Zheng Shuohai immediately responded and said: "Zheng Yu, immediately gather all the masters of Dadan Dacheng!"

"Yes, father!" Zheng Yu responded, and quickly left.

After thinking about it, Ye Xuan finally understood.

It is no wonder that the owner of Guangjin did not personally arrest him. It was because he learned about lapis lazuli. I am afraid, this should be when Lin Xueer told Pang Xing that he was heard by the middle-aged man and then reported to the owner of Guangjin City.

Soon, the masters of the main city of Shenzhou City were gathered together. In addition to Zheng Shuo's master of the day, there were four first-time talents including Zheng Yu, and more than a dozen Da Dan Dacheng. .

This is the strength of the main city of Shenzhou.

Not only that, Zheng Shuohai also has a Tengyun bird in Tiandan, only one day, you can reach Tianyuanzong.

At the moment, these people are starting directly.

I am afraid that Guangjin City will leave early. If it is slower, the inner Dan of the Heavenly Kingdom will be taken away by Guangjin City.

Not only that, but even the big green giant can be killed.

Therefore, it must be done before the Guangjin City Lord.

Due to the urgency of the situation, they did not have time to return to Lingxiao, and rushed directly to Tianyuan.

The mysterious beast of Tiandan, the speed is fast, Ye Xuan and others spent only one day, is to enter the boundary of Tianyuanzong.

In the sky, a big gray bird is flapping its wings, and on its back, there are more than a dozen people standing.

"Those are the giants of the Green Source, well, it seems that the people of Guangjin City have not come yet."

Zheng Shuohai, the **** of the Chinese city, looked far away and saw the small green giants.

"When we left, the few giants left only a few hundred, but now there are a lot more, and even the mysterious beast of Xiaodan..."

Ye Xuan frowned at the side.

Zheng Shuohai did not agree at all. "No matter, we are coming earlier than Guangjin City. As long as we gather together, we can clean up these small ones in a little time."

So many mysterious beasts, only Neydan is a huge number. They look at the past and have seen hundreds of green giants with a height of ten meters. This is at least the level of Tiandan.

Just then, a bird and beast suddenly caught in the sky.

Zheng Shuohai looked subconsciously and found that he did not know anyone.

"Grandpa, is the person in Lingxiao."

After Zheng Zheng saw it, he was also hurried.

At this time, there were four people who took the flight from Lingxiao Dapeng. They were the top four of Lingxiao and Tianyuanzong.

Two birds and beasts met, Ye Xuan and Lin Xueer jumped directly to Ling Xiao Dapeng.

"Ye Xuan, you are finally back." After the elders of the elders Zhou Yan saw Ye Xuan, they could not help but say.

"Before the elders, do you know that Zheng is the grandson of the main city of the main city of China?" Ye Xuan asked directly.

"what?"

When the words came out, all four people were shocked.

Ye Xuan is too lazy to explain, go directly to recommend it.

"Okay, I know, this news is what you brought. I can promise that after the event, I will give you an inner pass, provided that you have to help." Zheng Shuohai did not care, he also saw Zhou Yan four people just broke through to Tian Dan.

10%, already enough!

"Thank you for the **** city owner." Zhou Yan also hurriedly thanked.

Here, there are so many heavenly sacred beasts, if you are one, you can at least get a dozen of the mysterious beasts inside the heavens.

As for the lapis lazuli, they are not extravagant.

"If you don't want to be late, follow a previous assignment, first clean up a region. Ye Xiao brother, let's get together, and get the inner Dan."

Zheng Shuohai said that he jumped directly.

"Go to us?"

Zhou Yan four people look at each other, the heart of the Shenzhou City is really generous.

"Snow, you will stay on Ling Xiao Dapeng, don't go down." Mo Ziyun said to Lin Xueer.

"Yes, Master!"

Lin Xueer should have a sentence, she knows that her strength is too bad, and will only increase pressure on others.

Then, the four people jumped directly.

"Be careful with yourself."

Ye Xuan said, but also jumped down, but he did not go in the same direction as Zhou Yan, who planned to act alone.

In fact, when he broke through to the ground, he just wanted to come over and kill the monster.

The top grade is combined with the top grade martial arts, plus a 10% moving speed. His fighting power is probably above Tianyuan's elder elder Tian Tianlang.

"Hey, so many mysterious beasts, hunting begins!"

Ye Xuan laughed in three hearts, directly took out the long bow of the top grade, and at the same time exchanged a top-level martial arts.

"Top grade martial arts, seven stars serial!"

With Ye Xuan's right hand loose, there are seven arrowheads shot in an instant. The attack power of each arrow is not worse than the Chinese-style martial arts.
