Chapter 293: Arrived in Guangjin City

The seven arrows went through the air and directly penetrated the belly of a large martial artist who was hundreds of meters away.

Killing so many green giants, Ye Xuan also found a weakness that is not a weakness.

This weakness of the Luyuan Little Giant is actually similar to that of human beings. It is in the Dantian location. There is a small space there. As long as this space is broken, the Green Giant is dead.

Before Ye Xuan's Eight-Day Earth Sword, it was to shatter this small space, so it was able to kill the Luyuan Little Giant.

"The top grade martial arts is really extraordinary, one hit and kill."

Ye Xuan is very proud of her heart.

I am afraid that no one other than the strongest person in the world will be able to do this.

At the moment, he directly swept the past and collected the body. He instantly added a lot of Danyuan and 10 points to devour the crystal.

At this time, his engulfing crystallization is still one hundred and fifty. After all, he exchanged a bombing box and a seven-star chain of arrows. These two are all top-level martial arts.

A small giant of the green source of Didan, Dacheng, can almost get the phagocytosis of 10 points. He was thinking that this time it might be possible to break through to Xiaodan.

At the same time, the Shenzhou City side is also divided into several teams, Zhengzhou City, Zheng Shuohai alone killed in that, Zheng Yu that four Tiandan strong people are also true.

If it is really better than efficiency, Zheng Zheng and the more than ten of the Da Dan Dacheng's strongest are the slowest, followed by Zhou Yan four, followed by Zheng Yu four, then Ye Xuan, and finally Tian Danjing Xiao Cheng's Zheng Shuohai.

In short, Ye Xuan's efficiency is second only to Zheng Shuohai.

Lin Xueer, who was watching in the sky, always focused on Ye Xuan, and she was already admired to have nothing to say.

Ye Xuan and Zheng Shuohai have four realms, but the efficiency is second only to Zheng Shuohai, and it is not a enchanting.

In just a few minutes, Ye Xuan killed hundreds of mysterious beasts, and they were basically at the level of Didan.

If it is counted, he has already earned more than 150 points to swallow.

Just then, a huge figure suddenly rushed toward him.

"The Green Source Giant in Tiandan?"

Ye Xuan stunned, and immediately it was quickly retreating, while constantly attacking.

The Luyuan Giant, who first entered Tiandan, is 20 meters tall and at least several times faster than Dadan.

However, under the addition of the speed of the movement, he can pull the distance.

"Seven Stars Link!"

"Seven Stars Link!"

"Seven Stars Link!"

This Luyuan giant is very fast. It is like a chariot that has been smashed toward Ye Xuan. However, it has almost no IQ, and some only kill, and Ye Xuan is attacking and retreating.

The Dantian branch of this Luyuan giant has already been broken out of a hole, only a little, its Dantian will be penetrated.

"Seven Stars Link!"

Ye Xuan exhausted the Dan Yuan in the body and finally shot an arrow.

"Hey!"

Only heard a muffled sound, this Luyuan giant Luyuan giant is backwards.

Ye Xuan stepped up and took the mysterious beast and took it away. Before he swallowed Nedan, who was first introduced into the mysterious beast of Tiandan, one is only twenty-five. So, it is better to leave it to the Song Dynasty.

"I am no longer in this period of time, this giant giant has created a lot of little giants, this should be the energy provided by lapis lazuli. Hundreds of green giants in Tiandan are swallowed by me. If you have, you can at least reach Dacheng Dacheng. At that time, what the bird city master of Guangjin City will directly hit!"

Ye Xuan hunted the green giant, while he was dreaming.

He killed for a while, and suddenly, there were several flying mounts on the horizon.

"Hey!"

These flying mounts screamed a few times, causing everyone's attention.

"Not good, that old guy is coming!"

Zheng Shuohai turned his head and saw his face change immediately. He called the cloud bird and jumped to his back.

After the flying mounts approached, there was a white-haired old man exclaimed: "Zheng Shuohai, how are you here?"

"Yuan Yubo, so good." Zheng Shuohai opened his mouth and smiled.

This white-haired old man is Yuan Zhebo, the owner of Guangjin City. Like Zheng Shuohai, he is the strongest of Tiandan.

At this time, Yuan Xiaobo suddenly turned his head and found Lin Xueer in the distance. He immediately revealed the murder. He said: "You can actually appear here, and you must have been killed. Zheng Shuohai, you dare to kill me. ?"

"What is the law?"

Zheng Shuohai is a little surprised. "I don't know what you are talking about. However, this little girl is my guest. If you want to move her, let me pass this level."

"Humph!"

Yuan Xiaobo screamed coldly, Pang Xing's death, although he resentful, but now the interests are more important.

He turned his head to look at Zheng Shuohai and said: "Zheng Shuohai, since you can be here, you should know. If we both fight, no one can get any benefit, why not talk about it?"

"I also have this intention." Zheng Shuohai smiled: "Yuan Yibo, how do you want to cooperate?"

"Cooperation? No, I don't need cooperation." Yuan Yibo shook his head and said: "There are so many mysterious beasts here, we are free to hunt, do not interfere with each other, how?"

"Do not interfere with each other? Good idea, but what about the giant of green source?" Zheng Shuohai's eyes lit up.

"After cleaning up these things, let's talk about it." Yuan Yibo replied.

"Okay, that's it!"

Zheng Shuohai agreed.

Then, Yuan Yibo and these people fell to the place away from Zheng Shuohai.

After they fell, there was a young man who came forward: "Yuan Chengzhu, you mean..."

"Yangling son, sorry that I did not introduce you to the other side." Yuan Xiaobo rushed

Road.

"No, Yuan Chengzhu, you should want to secretly remove those people?" said the young man named Yuan Shaobo called Yangling son.

"Yes, so many mysterious beasts, naturally it is impossible to give them. And, Yangling son is also very interested?" Yuan Xiaobo asked with a smile.

"I am afraid that no one will not be interested in it. I only looked at it. Except for the gods of the gods, other people are not afraid. As long as we join hands and secretly kill them all, it is not a problem."
Yangling son Road.

"it is good!"

Yuan Yibo's flash of light flashed and killed.

.....

At this time, on the other side.

Zheng Shuohai has already called other people together.

"This old fox is extremely greedy and cruel. You are careful now, and you are not far from them in the land."

Zheng Shuohai reminded.

"We will." Zheng Yu nodded, he is already ready to act with another strong player.

"If this is the case, then let's get started. Be careful to sail for thousands of years. This guy will definitely do it. You don't want to be merciful when you arrive. You can start with a strong hand."

Zheng Shuohai reminded him again, and then it spread out.
