Chapter 294: court death!

However, only the people of Shenzhou City were called up. As for Zhou Yan, it was called by Ye Xuan, and even Lin Xueer came.

"Snow, what is this all about?" Mo Ziyun asked with some wonder.

"master....."

Lin Xueer hesitated, I don't know how to say it.

"For me, it is that your master of the Yuan Yuanzong Pang Xing is a white-eyed wolf. After being taken away by the old man, he is ungrateful, not only not ready to help, but also preparing to force Xue to marry him. Finally, he is even more It was an incarnation of the beast, and said something ugly, but also moved the snow to the hand. I missed it and slaughtered him." Ye Xuan said shortly, explained it again.

"What, Pang Xing was killed by you?" Mo Ziyun was shocked, Pang Xing was his apprentice.

"Ink master, is your focus on finding the wrong one?" Ye Xuan turned and asked: "If I don't shoot, the two of us will be unimaginable."

"Snow, is this true?" Mo Ziyun asked a little unbelievably.

Lin Xueer nodded and said: "Master, this is true."

Ye Xuan said that Mo Ziyun and Yi Tianlang may not believe, but even Lin Xueer nodded, then this is the truth.

"It's a white-eyed wolf. I still cultivate it like this." Mozi's anger trembled.

"Well, first of all, when you said that, you killed the Pang Xing, Yuan Xiaobo should find you revenge. Cher, I will **** you to find a place to hide, do not show up." Yi Tianlang said.

"I will go, I will open up a cave directly, and then put a line of law, which is safer." Ye Xuan volunteered.

Lin Xueer is the weakest person among the people present. The other person can kill her if he comes out.

And it is very dangerous here, so she can't stay here and must hide.

"Okay, then please." Yi Tianlang nodded.

Next, Ye Xuan took Lin Xueer directly to a cliff, opened a cave, and laid out a maritime building.

"You are here, quietly, don't say anything."

After the completion of the law, Ye Xuan also said to Lin Xueer.

Lin Xueer is also his relative, he does not want Lin Xueer to die, after all, the two were once unmarried couples.

"Be careful with yourself." Lin Xueer reminded.

"Ok."

After Ye Xuan nodded, he retired.

Then go back quickly and continue hunting.

At the same time, he is also more vigilant than that, although the Guangjin city owner Yuan Yibo did not say, but if he met him, he would definitely kill.

Before he killed a master who entered the Tiandan territory, but at that time it was night, with the help of the shadow leopard blood, able to hide in the darkness, and also laid the echo array in advance, lining the other party.

If he is asked to single out a strong person at this time, Zhou Yan may not have much problem, but those in Zhongzhou's Tiandan, he has no way.

Because he feels that these people from the state of the Tiandan strong, it seems that all have a refining, hard-to-hard situation, he is definitely a loss, after all, three realms, and the other side may also have top grade martial arts.

After returning, Ye Xuan continued to kill. With his positioning talent, he could check the environment around 1,500 meters. As soon as someone stepped in, he could respond in the first time.

After the arrival of the people in Guangjin City, other people began to retain their strength. They did not want to exert their full strength. This would quickly consume physical strength and Danyuan, because then there might be a big fight.

In this way, it is also cheaper Ye Xuan.

"Isn't it bothering to find the mysterious beast of Tiandan? This is good, it's cheaper for me!"

Ye Xuan just solved a green giant who first entered Tiandan, swallowed a recovery medicine that was worth a little bit of phagocytosis. In the meantime, the Dan Yuan in his body was instantly full.

A little bit of phagocytosis, equivalent to one trillion phagocytic points, that is, 10,000 pieces of spar. Five phagocytic crystals can be leaked to a top-quality machine under special circumstances.

Everyone else has a quick reply to the medicinal herbs, but like Ye Xuan, such a moment to restore a Dan Dian level strong all Dan Yuan, or never seen.

And Ye Xuan kills a Tiandan Xuan beast. It only takes a few times to use the top-level martial arts seven-star chain arrows. It almost consumes all the Danyuan.

In short, this is a stable and profitable sale!

"The fifth...the sixth...the seventh..."

Ye Xuan was killing him in that way, and one after another, the green source giant fell, and the people around him were worried.

"That kid, how can strength be so strong, his age seems to be even smaller than Zheng Zheng?"

A strong person in the Tiandan situation exclaimed.

Zheng Yu, who is next to him, also nodded: "His talent is enough to compare with the three sons of the three cities. After this time, his father will definitely win him. In the future, I will be able to get rid of the next three cities and squeeze the upper three. city!"

The two men paused and then continued to hunt.

However, the high-profile killing of Ye Xuan also attracted the attention of one party in Guangjin City.

"That kid has gotten the arrow, has killed so many heavenly beasts, if I get those inner dan, I will be able to break through to Tiandan jingcheng!"

The heart of the Guangjin City Government's main house thought about it, and then it sneaked into Ye Xuan.

At this time, Ye Xuan is playing against the ninth green giant of the Tiandan, and after a few seconds, this little green giant is crashing.

Ye Xuan swallowed a medicinal herb and then collected the corpse and Nedan.

But at this time, he suddenly felt that someone had entered his range of induction.

"who is it?"

Ye Xuan's face is condensed. It is reasonable to say that people from Guangjin City and Shenzhou City should not be in touch.

However, he felt that this person is very strange, and it must be a person from Guangjin City.

It seems that it was specially directed at him.

"Fog, get up!"

"Echoes, get up!"

Two layers are superimposed, and the environment within a few hundred meters is instantly enclosed. However, the range of the fog is large, and the distance of the echo array is only within 100 meters.

Therefore, Ye Xuan must wait for the other party to come in.

"Well? Suddenly foggy? Good boy, even a spirit."

The old man who tried to get close to Ye Xuan was also the next foot after seeing the white fog.

"Does he know that I am coming?" He thought about it again, then felt impossible, and then stepped in.

Although he can't see Ye Xuan, he can hear the movements around him. Of course, he can't compare with Ye Xuan. Although Ye Xuan can't see it, he can feel the position of the other person, how many meters away from him.

One kilometer!

Eight hundred meters!

Six hundred meters!

The old man is a little closer.
