Chapter 295: Two cities

"This kid should have built a foggy area, where he will restore Dan and his strength."

The old man's heart is taken for granted.

However, at this moment, suddenly there was a broken sound.

"call out!"

The old man looked condensed, and he heard the sound of the air banging around him, and immediately hid on the side.

"Puff puff!"

The seven arrows that line up in a line directly pass through the shoulders of the old man, and the blood instantly sprang out.

"How can this be?"

The old man was shocked in his heart. He estimated that Ye Xuan must have shot it, and he accidentally hit it and rushed himself.

Fortunately, the only injury is the left shoulder, which has little effect on combat effectiveness.

At the moment, the old man is rushing toward the front, trying to find Ye Xuan according to the direction of the attack.

But he ran for a while, but did not hear any movement, which means that Ye Xuan did not move, or ran away.

"Good boy, really found me, escaped?"

The old man was too angry to bite his teeth. It was really stealing the chicken and not eroding the rice. Ye Xuan did not kill it. Instead, he was injured. It is really sorry for the strength of Tian Dan.

But when he thought so, there was always movement around.

"Hey."

"there!"

The old man held a thorn in the hand of the sword, and a fierce sword spurs out, and instantly hits a thing. Then, the old man hears the sound of '噗通'.

"Haha, are you dead?"

The old man was overjoyed and rushed to the past, but he took a closer look and found that it was not a human body, but a cockroach that was destroyed by him.

"not good!"

He reacted instantly, but at this time, there was already a big sword swept out.

"Hey!"

The old man reacted quickly, and instantly blocked the eight-day-shocking sword.

However, he could not stop the second attack of the Eight Swordsman.

"Hey!"

The whole sword suddenly trembled violently, and instantly collapsed, turning into a loud noise.

The old man only felt a pain in his head, and the condensed Dan Yuan collapsed directly. Although the loud noise echoed in the echo matrix, he was still able to maintain a sense of consciousness.

"call out!"

"call out!"

"call out!"

At the moment of his consciousness, suddenly eight sharp edges were plucked from different directions.

"Want to kill me, you are too tender!"

The old man screamed and tried his best to condense a Danyuan, and then broke out.

"Hey!"

Eight sharp blades were instantly bounced off by this Dan Yuan.

The strength of this old man is much stronger than the middle-aged man who Ye Xuan killed before. However, he still can't escape.

"Snapped!"

Just as the old man sighed and escaped, suddenly a figure stepped over to his side and then banged out.

"Top grade martial arts, blasting!"

The blood of the beasts, the blood of the King of Fighters, the martial arts of the top grades, and the gloves of the top grades all greatly enhance the power of this punch.

This scene suddenly came, the old man had no time to condense the Dan Yuan, only to **** a sword forward.

However, he suddenly saw the figure in front of him swaying, and then a pain in his chest.

"Hey!"

The crispness of the broken bones spread, and the whole person was rushed out, but fortunately he had been tempered for decades and he was not killed by this punch.

At this time, his consciousness was also restored, but at this time, his back was a cold.

In his eyes, he saw a sharp cone passing through his chest, mixed with countless flesh and blood.

He widened his eyes and he never expected that he would die here.

"噗通!"

The old man's body fell on the floor, and a large hole had been broken in the chest. The flesh and blood were blurred and there was no life.

After his death, Ye Xuan also walked to his body, put the shackles and weapons, and then threw his body into a ring.

"I don't know how to fight my life."

Ye Xuan's heart sighed and began to look at the old man's ring.

"The bodies of the two heavenly beasts, the four inner gods of the heavenly beasts, the top grades, and the martial arts of a prefecture-level product..."

Ye Xuan smiled and poured all these things into the swallowing space. Then, he directly swallowed the body and Nedan. The repairs immediately surged a lot.

"According to this, probably the ten inner dragons of the heavenly beasts of Tiandan, should be able to break through to the land of Dan."

Ye Xuan thought about it and then left the place.

The breakthrough is imminent, he does not want to stay for a moment.

Since the people in Guangjin City dared to come to him for trouble, he naturally wanted revenge. He is already planning. If he breaks through, he will find the trouble of the other party and let them come back.

As time passed, the little green giants in the vicinity were also cleared little by little.

There were thousands of green giants, and in less than half an hour, they were half cleared.

As long as half an hour is passed, the miscellaneous soldiers can be cleaned up. At that time, they can deal with the Luyuan Giant who is sitting in Tianyuanzong.

At this time, it was a long time since Ye Xuan killed the worship of the Guangjin City. During this period, he killed five or six Liyuan giants in Tiandan, plus a lot of land.

His cultivation is about to reach the peak of the first entry into the land, and even worse, he will be able to break through to the land of Dan.

At this moment, suddenly a huge body, reflected in his eyes.

"The trough, the 40-meter-long green giant, the Tiandan environment is small?"

Ye Xuan stunned and hurried back.

The giant of Tiandan's Xiaocheng is not what he can handle now, and must retreat.

But at the moment he retired, someone was fighting with the Luyuan giant. It was Zheng Shuohai, the **** of the city of China, and Yuan Yibo, the owner of Guangjin City.

There are only three green giants in Tiandan's Xiaocheng. If all of the mysterious beasts fall into the hands of Zheng Shuohai, they can almost make him break through to Tiandan.

The same is true of Yuan Zhenbo.

Therefore, they must be competing for a fight.

"Yuan Yibo, what do you want to do?" Zheng Shuohai saw Yuan Yubo suddenly burst out, but also shouted.

"Zheng Shuohai, will this kind of thing come first?" Yuan Xiaobo sneered.

Although Zheng Shuohai first shot, but this is of great importance, Yuan Haobo will not give it to Shenzhou City.

"Do you want to play a game now? Well, I will accompany you with Zheng Shuohai!" Zheng Shuohai shouted and rushed straight toward Yuan Xiaobo.

At that time, the two men began to fight, and it was still under the eyes of the Luyuan giant who was Xiaocheng.

"It's not the city owners of the two main cities. It's really courageous."

Ye Xuan, who was soaring in the air, shook his head. The next moment, he saw a lot of people leaning toward the giant giant of the green source.

It seems that the two main cities are to separate a life and death here.
