

Super D. S 297

Chapter 297: Yangling son, die!

"Hey!"

"Hey!"

Yangling son continued to attack.

His physique is even more than the old man who was killed by Ye Xuan. His strength is considered to be strong in the first time.

However, his physique and Ye Xuan are still a lot worse.

"call out!"

Ye Xuan instantly crossed a hundred meters and rushed to the side of Yangling Gongzi. Just as the Luyuan Giant was also helping Ye Xuan, the attack in two different directions brought tremendous pressure to Yangling Gongzi.

"It's your dross!"

This time, Yangling Gongzi finally saw Ye Xuan's face, and immediately flooded a large number of Dan Yuan. After avoiding the attack of the Luyuan Giant, he blocked the long sword in front of him and resisted Ye Xuan's record. The sweep of the big sword.

However, when it came out, Ye Xuan took a kind of remedy, vigorously Dan.

Ye Xuan was once eaten once in the people's environment, and the kind of giant Dan was only useful to the military of the Dan. This time, it is the Didan of the Didan level, a value of 30 points to engulf and crystallize.

Double the power, let Ye Xuan's attack to force the explosion, this sweep swept the Yangling son directly to the air.

Seeing the situation, Ye Xuan also changed the weapon instantly.

"Seven Stars with a ring of arrows."

"Seven Stars with a ring of arrows."

"Seven Stars with a ring of arrows."

Before the Yangling son flew a hundred meters away, Ye Xuan had already fired three prejudic attacks.

Twenty arrows, as lightning, swept toward the Yangling son.

"Damn!"

The Yangling son was trembled by the one hand, and looked at the twenty arrows. He tried to blast a few Danyuan palms.

Trying to resist these arrows, but also allow him to accelerate the flight, away from the attack trajectory of the arrow.

This big palm, powerful, but easily broken down, only blocked three arrows. The remaining eighteen passes quickly across his body.

"Puff puff!"

Although Yangling son deliberately avoided, but still hit four arrows, thighs, shoulders, stomach, arms were all pierced, blood immediately reddened his white clothes.

"Damn!"

Yangling son gnawed his teeth, although he said that he had escaped a fatal blow, but in the next moment, his face was instantly stiff.

Ye Xuan didn't know when he caught up with him. He had a big sword in his hand and went to him from top to bottom.

"Hey!"

Yangling son with a long sword in his hands, on the head, the whole person was instantly cut to the ground, half of the body is embedded in the mud.

Ye Xuan's unbeatable strength, let his hands tremble fiercely, but fortunately his physical strength is strong, otherwise he will be split into two halves by this sword.

However, at this time, he suddenly noticed a little.

Ye Xuan, more than ten meters away, turned out to be a single-handed sword!

"not good!"

He glanced at him and looked at Ye Xuan's punch. The speed of this punch is even more than him, and it is in front of him in the blink of an eye.

"Hey!"

Yangling son's chest is in the middle of the stroke, the body's breath is instantly disordered, and the hands are even more powerless to support the eight wild swords.

"Oh!"

Eight wild swords slammed down and cut the left arm of Yangling son with half a shoulder. The incision was very neat, and the white bone was visible at the wound.

The left shoulder was shackled, and the Yangling son was sorely fainted, but at this moment, the Eight-Day Sword was bursting open.

"Hey!"

The entire Yangling son was paralyzed, and he was able to resist the eight-sword sword with all his strength. There was no way to protect his ears.

This time, although there is no increase in the echo array, it can also stun him for two seconds.

Two seconds, enough Ye Xuan to kill him ten times!

"You are dead!"

Ye Xuan, who was more than ten meters away, flashed abruptly, and his left foot suddenly stepped out. He immediately came to the front of Yangling's son, and then sent the Eight-Dangerous Sword directly into the chest of Yangling's son.

"Oh!"

The sound of the body being pierced is very sensational.

Yangling Gongzi spit blood and looked at Ye Xuan. His eyes were very vicious, but at this time, his consciousness had begun to gradually disappear, and then he could not soften.

After the death of Yangling's son, Ye Xuan took his relics and corpses. Then, Ye Xuan is a quick look at the Yangkun Ring of Yangling.

"The trough is well developed!"

At this time, the giant of Tiandan's Xiaocheng was also stepping on, and Ye Xuan's vigorous escape, quickly rushing to the distance, disappeared in the blink of an eye, and now he is showing what he got from the old man. The martial arts of the top grade.

This giant of Tiandan Xiaocheng did not find Ye Xuan, immediately turned his head and rushed toward Yuan Yubo and others.

"what?"

Yuan Yibo and Xie Lao, who are chasing Zheng Shuohai and others, can't help but turn around after hearing the loud noise behind them.

"What, how did it come to us, young master?"

The old man was shocked and stopped.

The strength of Yangling's son, he also knows, can definitely drag the green giant.

However, now that the Luyuan giant has rushed over to them, the Yangling son must have had an accident.

At the moment, the old Xie is quickly turning back and going to check it out. He is the bodyguard of Yangling's son. If something happens to Yangling's son, then he will be miserable.

"Xie Lao, you..." Yuan Xiaobo saw Xie Lao turn back and hurriedly called.

The reason why the people of Shenzhou City retreated was because they feared that he and Xie Lao would join forces. Now Xie Lao is looking back. Then he stayed here, isn't he dead?

At this time, only one of the two sides of the Guangjin City had entered the Tiandan environment, and Dadan was less than ten people.

On the other side of Shenzhou City, apart from Zheng Shuohai, there are four Tiandan, and more than ten places.

No, there are more than four Tiandan!

Yuan Yibo felt it and found that there were four rushing footsteps, and it was four Tiandan!

Now his face is already converted with Zheng Shuohai. Zheng Shuohai is now showing his brilliance. He is waiting, waiting for the old man to go far, he will instantly go back.

"withdraw!"

Yuan Yibo shouted in a step.

"Want to go? Chasing!" Zheng Shuohai's foot was the next meal, and immediately shouted.

Originally, Guangjin City was chasing the Shenzhou City, but now it is the Shenzhou City.

But at this time, suddenly there was a figure to kill it.

"what....."

A scream broke into the ears of Yuan Zhenbo. This voice he knew was the voice of a strong person in his house.

"Impossible, the strength of the offer, even if you meet the four people of Lingxiao and Tianyuanzong, it is impossible to be spiked. Who is it?"

Yuan Yibo was very confused. At this time, he only reacted. It seems that there is still a Tiandan situation. At this time, he suddenly had an idea in his mind.
