

## Super D. S 298

### Chapter 298: Tragic city of Guangjin

"Is it true that he did not die in the hands of the city of Shenzhou, but was killed by the kid?"

Thinking of this, Yuan Xiaobo's body shape is also a tremor, a first-time entry into the land, how can the more three levels kill the strong of the Tiandan situation?

However, it is not the time to think about it now, and quickly flee.

But at this time, there was another scream, and it was the last Tiandan in Guangjin City, and it was dead!

Now, there is only two Tian Dan in the Guangjin City, but there is no one in the first place.

After all, that Yangling son seems to have an accident.

However, those screams did not stop. On the way to Yuan Xiaobo's escape, the rest of the people were all solved by the same person.

This person is Ye Xuan.

"The fish are cleaned up. Now, it's your turn to be the old guy." Ye Xuan, who followed in the forest, flashed.

"Thank you, come help me!" Yuan Xiaobo shouted.

However, the Xie Lao has disappeared without a trace, and he simply ignored him.

Yuan Zhenbo was so angry that he was faced with a huge problem.

The people behind him in Shenzhou City are chasing after him. There is a Luyuan giant in Tiandan who is rushing toward him. There is also a mysterious person on the side.

Although there is still a direction to escape, but the direction is very dangerous, but the group of mysterious beasts that have not been cleaned up, if you rush into it, it is likely to let yourself fall into a land of eternal annihilation.

So he took a hand and summoned the golden eagle in the sky.

This golden armored eagle, although it is not the only cloud bird in the city of Shenzhou, but it is also a great place for the land, as long as he is allowed to take it, perhaps he can return to Guangjin City.

However, just as this golden armor eagle fell with four or five hundred meters, suddenly there was a series of arrows that lifted off and instantly pierced its head.

Looking at his mount and turning over, Yuan Xiaobo couldn't help but roar: "Damn!"

He knows that this must be Ye Xuan's masterpiece.

It seems that he has only one way, that is, rushing into the mysterious beast group, using these green giants to block the footsteps of Zheng Shuohai and others.

Zheng Shuohai also understood his intentions and hurriedly turned his position and wanted to stop him. However, Yuan Haobo is also a strong person in Tiandan's Xiaocheng. Besides Zheng Shuohai, who is there to catch up with his speed?

No, there is one more!

Ye Xuan!

"Want to run? Leave me behind!"

Ye Xuan suddenly smothered out and waved a sword of eight wild, and instantly cut off more than a dozen big trees and smashed Yuan Yuanbo.

Yuan Yibo also expected that Ye Xuan would take a shot and hurriedly blocked the big knife in his hand. However, he did not think of it, at this time, at his feet, there is a formation.

Echoes!

"Hey!"

The Eight Great Swords burst open in an instant, and the loud noise echoed in the entire echo array, constantly stimulating Yuan Xiaobo's head, enough to make him faint for a second.

For a second, it seems to be rare, but a warrior like him can already play several rounds in a second.

This second is also to let Ye Xuan reunite a big sword.

"Hey!"

The second eight-day big sword was directly blown open, and the sound poured into Yuan Xiaobo's ear again.

This time the effect is not high, only let him faint for about 0.5 seconds.

However, Ye Xuan's goal was reached, and this five-second stagnation allowed Zheng Shuohai to catch up.

"not good!"

After Yuan Xiaobo was awake, the heart was a roar, and a huge sniper was directly directed at Ye Xuan, almost instantly rushing to Ye Xuan.

"Eight Shield!"

Ye Xuan hurriedly untied the Eight Desert Sword and placed it in front of him.

"Hey!"

Huge sniper hit the eight wild shields, and instantly reduced a lot of impact, but the eight wild winds were not enough to resist this attack, so Ye Xuan was also a punch on the back of the eight wild shields, hard support It's down.

"How could it be blocked?"

Yuan Zhenbo was shocked. He was the knife, but his best quality martial arts was enough to kill a strong man who entered the Tiandan situation.

However, Ye Xuan is just a land of Dan.

"Yuan Yibo, died!"

Zheng Shuohai rushed up and stabbed a sword.

Jianmang flashed like a flash of light, but did not stab Yuan Zibo, only rubbed his shoulders.

"You old guy, I am fighting with you!" Yuan Yibo knew that he couldn't walk, and immediately turned around and rushed back.

At that time, two people are fighting together.

"This old fox is handed over to me, you are going to block the Luyuan giant!" Zheng Shuohai shouted at Zheng Yu, who rushed in.

"Yes, father!"

Zheng Yu nodded and immediately took a few people to intercept the Luyuan Giant.

As for Ye Xuan, it disappeared and was hidden in the woods.

He is looking for an opportunity to find a chance to kill this Yuan Zibo, because he does not know when Xie Lao will come back. If the old Xie is back, I am afraid that there will be a dead battle.

Although both sides have retained their strength, Dan Yuan still consumes a lot. Now Yuan Yubo and Zheng Shuohai are fighting, and all of them are top-level martial arts. Danyuan is quickly consumed.

Ye Xuan is waiting, waiting for Yuan Zhebo's Dan Yuan to be exhausted, so that Yuan Zhebo's threat will be greatly reduced, and he will be able to suddenly shoot and kill Yuan Yubo.

Of course, before this, he can harass Zheng Shuohai, and he may be able to have an unexpected surprise.

"Seven Stars Link!"

"Seven Stars Link!"

"Seven Stars Link!"

The continuous arrowheads shot toward Yuan Zhenbo. Although he was defending Ye Xuan, these attacks were very rapid. Together with Zheng Shuo's day, Dan Xiaocheng, he could not completely escape these arrows.

In the first round of attack alone, his calf was shot, bloody, and the action was greatly reduced.

In the midst of the dead battle, he was unable to take time to take the healing medicine, so the wound was constantly bleeding out of blood, one step at a time.

A wound does not matter, but Ye Xuan attacks like a mad dog. He can't resist so many attacks. Soon he is bloody, and both Dan Yuan and his physical strength are greatly consumed.

"almost!"

Ye Xuan's heart condensed, and once again condensed a sword of eight wild, this time, he directly attacked with this big sword.

"Hey!"

"Hey!"

"Hey!"

Zheng Shuohai continued to attack, and Yuan Xiaobo was beaten to retreat. However, now Ye Xuan refused Yuan Xiaobo's retreat with a big sword.

Soon, this Yuan Zibo is the end of the powerful, and most of his body, Dan Yuan, is consumed by the body of martial arts.

"not good!"

Yuan Zhenbo was sinking in his heart. At this time, he was only able to use the top grade martial arts twice.

He hates that if he starts with Shenzhou City, the ending may be different.

But now, how he regrets is useless.
