Chapter 299: poison?

"Bad boy, if I am a dead Yan, I will pull you back!"

Yuan Zhenbo suddenly screamed and used the last Dan Yuan to show his body and martial arts, and rushed toward Ye Xuan.

His resentment against Ye Xuan is bigger than Zheng Shuohai, and it is much bigger.

This time, he can be said to have lost in the hands of Ye Xuan.

"Kid, let's die!"

Yuan Yibo shouted and held a big knife with his big knife. But before that, Ye Xuan had already condensed the eight wild shields, blocked them on the head and supported them with their left hands.

"Hey!"

The top grades were smashed on the Eight Shields.

This Yuan Zibo's physique is a little worse than Ye Xuan, so this knife has no use.

However, Yuan Xiaobo's killings are behind.

"Hey!"

Yuan Yubo suddenly pulled out a small knife from the handle and smashed it out and stabbed it directly on Ye Xuan's shoulder.

"what?"

Ye Xuan also stunned, and angered a punch and flew Yuan Xiaobo.

"Hey, the host is immune to the toxin!"

When Yuan Xiaobo pulled out the knife, Ye Xuan thought that the other party would shoot his head, but Yuan Xiaobo did not, just take a look.

He certainly wouldn't have thought that Ye Xuan is now poisonous.

"Hahaha, you have a broken day, and after a day, your meridians will break and die. Kid, do you feel that your meridians have begun to break?"

Yuan Yibo, who flew out, laughed at that haha.

However, Ye Xuan was too lazy to pay attention to him, and directly took out the long bow of the top grade, and raising his hand was an arrow.

Seven stars in a row!

Seven arrows were bursting, and seven arrows were all in the middle. One of the arrows was immersed in the heart of Yuan Yibo, and his heart was pierced in an instant.

"噗通!"

Yuan Yibo's body fell to the ground.

Zheng Shuohai on the side is also relieved, and Yuan Zibo, the owner of Guangjin City, is finally dead.

"I didn't expect Ye Xiao's brother to be hidden. If it weren't for you, the consequences would be unimaginable." Zheng Shuohai said, "Ye Xiao brother, you have to detoxify, that day..."

"Predecessors rest assured that I have taken a detoxification Dan beforehand. In addition, the biggest credit for this time is still to the seniors, I am just helping you next." Ye Xuan said modestly.

This is the truth, let him face Yuan Zibo's words alone, and he will definitely be beaten half-length, even Yang-Yu.

"Yuan Yibo is only the city owner of the next three cities. It is dead after death. However, the Yangling son can die, can you kill him?" Zheng Shuohai asked with a frown.

"Uh....."

Ye Xuan paused in his heart and said: "The Yangling son, is that the lesser city of Yangling?"

"Yes, that Yangling City ranks fourth in Zhongzhou and belongs to the upper three cities. The city owner is a strong man in Tiandan. If you kill him, there will be big troubles." Zheng Shuohai said.

"What is the greatness of Tiandan?"

Ye Xuan murmured.

If the Tiandan is a great success, if it breaks through once again, then it is the dilemma of the four gods. At that time, the physical fitness will be greatly improved, and it can be compared with an adult dragon.

However, Tiandan Dacheng is still within the scope of Shen Dan, and Ye Xuan feels that he can upgrade one or two levels and can compete with it.

"I know that the Yangling son is the owner of Yangling City, so I let go, did not move him." Ye Xuan shook his head.

Far water can't save the near fire. He is still just a small land in the land. What if the city owner kills?

"That's good!"

Zheng Shuohai nodded, and then he walked to the body of Yuan Xiaobo and took out the ring.

"Yuan Yibo, the old fox, is the most greedy of the next three cities, and the most affluent one. There must be a lot of good things in his shackles. But if this is not Ye Xiaoxiong, I can't kill him, but instead it will die very badly, so this Qiang Kun ring should be yours."

Zheng Shuohai directly threw the Qiankun ring to Ye Xuan.

Ye Xuan's eyes suddenly brightened. He did not expect Zheng Shuohai to be so generous. Yuan Zhenbo is the owner of the main city of Guangjin. Every year, he has to collect taxes from his great city. His family is certainly worthwhile.

When he met the Qiankun Ring, Ye Xuan was sinking his heart into the ring of the Qiang Kun. The next moment, he was all in the same place.

"I have cut the grass, and Yuan Xiaobo is like the Yangling son. It is a big local tyrant!"

Ye Xuan exclaimed in his heart.

In the Qiankun ring, he saw a spar mountain, all of which are the best spar!

Ten million, a full 10 million best spar, this is a thousand engulfing crystal.

Fang Caixuan killed the Yangling son and won his ring. This thing in the ring is already swallowed by him, worth about 10 million pieces of spar.

However, now, he has got a great ring of great value, which is really cool.

At the moment, he is swallowing most of the things inside, and the phagocytosis is directly reaching 3,500. The rest of the devour space is some forging, alchemy materials, and some mysterious beasts.

"There are still a lot of martial arts, all of them, and then passed to others, and then sold!"

Ye Xuan seems to have seen a trade route.

"Ye Xiao brother, first return to God, clean up the rest of the mysterious beast." Zheng Shuohai shouted.

Ye Xuan returned to God and directly exchanged some recovered medicinal herbs and threw them to Zheng Shuohai: "Predecessors, these medicinal herbs can be used to greatly improve efficiency."

Zheng Shuohai took the letter and took the jade bottle. When he opened it, he immediately had a fragrant smell. He tried to take one and found that he immediately recovered 20% of the Danyuan.

"These are all refining, and one can restore my Danyuan. I have a lot of..."

Ye Xuan lost a few bottles in the past, a bottle of ten, that is, 10 points to devour the crystal.

Now he is rich and rich, naturally he has to take care of his teammates, and then, he may have to let Zheng Shuohai help.

At the moment, Zheng Shuohai is rushing back and distributing the medicinal herbs to others.

Ye Xuan also followed.

Then, more than a dozen people started the group attack on the Luyuan giant who was born in Tiandan.

The target is Zheng Shuohai, and everyone else is attacking the Dantian of the Luyuan giant.

Everyone on the human side has a top grade, so they can single-handedly pick up high-level beasts, not to mention so many people attacking.

In less than half a minute, this Luyuan giant crashed down.

"It's finally dead!"

Everyone is relieved with relief.

At this time, Zheng Shuohai suddenly said: "Ye Xiao brother, this mysterious beast, Dan, can you give me, I can pay two million best spar!"

"it is good!"

Ye Xuan directly agreed.

The mysterious beasts are all in short supply. If they are directly swallowed up, the value will definitely not match the best spar.
