Chapter 30: Lin Family's trip

Then, Ye Xuan followed Ye Zi to the Lin family.

He estimated that these martial arts could be replaced by another ten million yuan. By then, he might be able to break through once again.

However, as the level increases, the resources he needs for his own realm are not certain. It may take 10 million yuan or two million dollars, but it is needed every time. Resources are definitely going straight up.

This time, Ye Zhang only took Ye Xuan to Lin Family. On the road, Ye Xuan also reminded me not to publish his secret.

Although Lin Jia and Ye Jia are good, they share a common ancestor, but after so many generations, no one can say.

Soon, Ye Zhang came to the Lin family with Ye Xuan. After Lin's guard saw Ye Zhang, he was released directly.

In the lobby of the Lin family, Ye Xuan also saw Lin Ming, the owner of the Lin family who had retired from the day.

"Ye brother, what wind blows you." Lin Ming entered the lobby and walked quickly, and when he saw Ye Xuan, it was also one of them.

Before Ye Xuan made a noise, how could he not know?

"Oh, I have something to discuss with Lin's brother this time." Ye Zhang smiled and replied.

This matter is of great importance. Ye Zhang is not prepared to drag and drop. He directly tells the story and, of course, conceals the fact that Ye Xuan has broken through the engulfing of treasures.

"What, the sixth middle of the martial arts, killing Chen Qiang, the inheritance of the high man in the Lianyun 18 mountain range?" Lin Ming was shocked after listening to the story of Ye Zhang.

He was the first time he saw the fifteen-year-old martial arts in the middle of the sixth.

Lin's family also has a lot of young talents, but the most talented one is at the age of fifteen, and at most the fourth middle age of the martial arts. This is still a matter of decades ago.

However, Ye Xuan actually had a two-fold improvement than him.

Lin Ming couldn't believe it. He walked to Ye Xuan and felt it. It turned out to be the spiritual fluctuation of the sixth middle of the martial arts.

"This is the legendary break and stand?" Lin Ming could not help but say, while in the heart, if Lin Xueer was not seen by the high-ranking, then Ye Xuan is definitely the best son of the Lin family.

"This is still more thanks to the uncle's two gatherings!" Ye Xuan stood up and thanked him with a fist.

If it weren't for the two giants, he would have been a waste man, unable to activate the phagocytic system, and could not achieve today's achievements.

"You seem to still care about my family's retirement." Lin Ming said with some helplessness.

Ye Xuan shook his head and said: "No, I sincerely thank my uncle, and I believe that fate is mine. It must be mine. It does not belong to me. I will not force it."

"Haha, Yin Xian looks good." Lin Ming nodded with satisfaction. He suddenly had a plan in his heart. "It's better than this. Later, I will bring all the girls who I have not married yet." Look, if there is something..."

"Uncle, let's talk about business right now."

Ye Xuan is so thin, he already understands the meaning of Lin Ming. Lin Ming wants to bring the girls from the Lin family together and let him pick one by one. Even if he picks up a few, there is no problem.

Then, Ye Zhang took out the martial arts that had been copied and bound, and handed it to Lin Ming.

"these are....."

Lin Mingyi took a look at it and looked surprised. He said: "These martial arts seem to have never appeared in Yuncheng!"

"Yes, these high-ranking people left in Ye Xuan's mind, so I specially brought it, I want to exchange some cultivation resources. Lin Laodi, you also know that now Ye Xuan's qualification is superior, if it enters the cracked Yunzong, Then I will definitely be trained in the key, so I want to train him all the time. When he enters the Li Yunzong, he may be directly seen by the elders of the Li Yunzong, and will be accepted as a pro-disciple..." Ye Zhang also said.

"Ye Lao Ge said that it is good. With the qualifications of Yin Xian, it is enough to be accepted as a disciple by the elders of the Yun Yunzong." Lin Ming is also a refreshing person, immediately identified it, his strength ratio Ye Zhang is two levels higher and reaches the seventh place in the martial arts.

The more he became fascinated, the more he estimated it. If he got the big city to auction, he could have at least 15 million silver.

At this time, Lin Ming wanted to marry the girl from Lin's family to Ye Family, so she directly opened the price of 15 million yuan, which is considered to be a boat.

Ye Xuan is better, then the Lin family will rise.

The former Tian Yuanzong protection method called Yu Jin did not leave anything to the Lin family. He only pointed out the Lin family grandfather. Otherwise, Lin Ming would not look at these things.

The matter of martial arts has been settled, then the next thing is Chen's business.

"Lin Lao, now Ye Xuan has killed Chen Qiang. I am afraid that it will soon be known to Chen. When the time comes, Chen will definitely fight with Ye Jia, and I hope..."

Ye Zhang has not finished, Lin Ming is waving: "Ye Ge brother, you can rest assured that Lin Jia and Ye Jia have a source of blood, Chen Jiaruo dare to come, my Lin family definitely help. However, Chen family recently and the city of the government of Wu The family is walking very close, I am afraid..."

"What, is there this?" Ye Zhang was surprised.

In addition to Ye, Lin and Chen, there are also four families in Lianyun City, which is the family of the city.

The city owner has a one-point city guard. If they help the Chen family, even if the leaves and forests add up, they have to count the amount.

"Well, this is the news I got recently, but Ye Laoge don't worry. Before the seniors left, I pointed out my father's day. At this time, my father was in retreat. As long as he went out, even Wu Jia also turned. Can't afford a big wave!" Lin Ming said slowly.

For the rest of his mouth, Ye Zhang naturally understands that this predecessor is the Tian Yuanzong protection method Yu Jin who came to Ye Family to remarriage with Lin Ming.

At the same time, Ye Zhang also remembered that the Lin family grandfather had long been the seventh peak of the martial arts. If this breakthrough is successful, then the martial art is the eighth.

At that time, what are you afraid of?

"Haha, then I will congratulate the old man first." Ye Zhang is also smiling and holding a fist.

"Thank you, Ye Ye." Lin Ming is also a fist.

In Lianyun City, the highest fighting power is the seventh peak of the martial arts. In addition to the old master of the Lin family, it is the father of the city of Liancheng.

As long as the Lin family grandfather breaks through, then it becomes the first strongest person in Lianyun City. If he is there, Lin Jia and Ye Jia will not have anything.

However, this has to make the Lin family grandfather succeed in breaking through. Now Ye Family still has short-term time, so it is necessary to quickly improve the overall strength of the family, just in case.
