

## Super D. S 300

Chapter 300: Break through again

Zheng Shuohai was very generous and took out two million of the best spar to complete the transaction.

Ye Xuan once again swallowed these superb spars, and the strength was once again improved.

Just then, a sudden footstep was introduced into everyone's ears.

The people on the side of Shenzhou City have all gathered here, and so is Zhou Yan's four people. So who will come?

The next moment, they just knew that it was the old thank you.

His appearance made everyone's nerves tighten again.

The old man came out of the forest and said: "You killed Yuan Yibo?"

Zheng Shuohai walked in front of the crowd and hugged his fist: "However, Yuan Yuanbo is already in our hands."

Xie Lao stunned his eyes and said: "Do you know who I am?"

"Know, Xie Hui, the main government of Yangling City, the right arm of Yangling City!" Zheng Shuohai nodded.

"Know it." Xie Hui paused again, and said: "Well, who attacked my young master?"

When I heard this question, Ye Xuan's heart could not help but tremble.

At this time, Zheng Shuohai said again: "We are all gathered together, it is impossible to attack Yangling son so far."

Although he knew that Ye Xuan was attacking Yangling's son, he still concealed it in order not to cause unnecessary trouble.

Xie Hui's eyes fell on Ye Xuan's body. He felt that he had not seen Ye Xuan and said, "What about this kid?"

His voice has not yet fallen, and Ye Xuan suddenly came out with a Dan Yuan.

"Da Dan is a small success?"

Xie Hui instantly sensed it.

The land of Dandi is small, even if it is a sneak attack on Yangling, it is impossible to succeed.

"This kid is a small man, but the young master can pinch him with one hand. It seems that there are some other people here who are secretly acting and attacking the young master..."

Xie Hui thought about it and said: "I have already sent the news back to Yangling City. Our city owners will be interested in this giant green source, so I hope that you can wait for the city owner to arrive..."

Waiting for the arrival of Yangling City Lord?

What kind of joke?

"Hello, sorry, I can't promise!" Zheng Shuohai directly refused, and thought about it.

If he can win this mysterious beast inside the heavens, he will be able to break through to Dadan, so that he can let this inner Dan out, this is impossible!

"Do you dare to refuse?" Xie Hui eyes a glimpse.

"Humph!"

Zheng Shuohai snorted and said: "If the owner of Yangling City comes, I will be jealous of three points, but you are just a dog of him. Just rely on you alone, and I want to let this big green giant? "

"Dog? You are looking for death!"

Xie Hui suddenly emerged from the powerful Dan Yuan. He was the second-in-command of Yangling City. Can he be insulted like this?

However, now he is weak, and if he is hard-working, he will definitely suffer.

"Just kidding, although Zhongzhou is not a country, but there are rules set by the first city master. If there is no grudge in the city of the upper three cities, you can't do it to the people of the next three cities. Even if the owner of Yangling City is in person, I am not afraid!" Xie Hui loudly.

This rule, Xie Hui naturally understands.

At this time, even if the Yangling City Lord is here, he will never catch up with Zheng Shuohai. If he takes the shot, he will immediately be obliterated by the first main city.

The first main city, but the hegemon of Zhongzhou, the overlord of the entire Tianshui continent, he did not dare to violate.

Others may not know, but people like Xie Hui understand that the city owner of the first main city is actually the owner of the Wanshi Pavilion. He knows everything and can do anything.

"Okay, very good. I will personally report to the city owner. I hope that your attitude will be so strong and goodbye!"

Xie Hui knows that he will stay here again, and there will be no action, so he will leave directly.

Looking at the back of his departure, Ye Xuan and Zheng Shuohai looked at each other and breathed a sigh of relief.

The city owners of the upper three cities must not do anything to the people of the next three cities, but Ye Xuan is not a person from Zhongzhou. Moreover, if the owner of Yangling City knows that Ye Xuan sneaked into the Yangling son, causing the Yangling son to disappear, he will certainly personally come.

At the moment, Zheng Shuohai gathered all the people together, sneaked a few words, and then took a rest before they began to hunt.

Now, Ye Xuan's strength has been recognized, and he is very expensive, no need to get the support of that one of the mysterious beasts. Therefore, each of them kills each other, and the resulting Nedan is owned by himself.

After a few hours of killing, the little green giant around the Yuanzong was finally cleaned up.

What shocked everyone in Shenzhou City is that they add up so many people, and the efficiency is not as good as Ye Xuan.

Afterwards, Ye Xuan began to liquidate the mysterious beast.

Tiandan, Xiaocheng's mysterious beast, Dan, he got one, there are more than forty of the mysterious beasts that entered the Tiandan, and two hundred of the Dadan's Dacheng, the six hundred of the Dadan One hundred and five hundred of the first time into the land, as for the remaining three thousand, all of them are of the human level.

This number is also shocking everyone.

With these Nedan, Lingxiao can at least be promoted to be more powerful than Guangjin City.

Don't forget, Guangjin City is a city, there are other families besides the city government, and Lingxiao House is a sect.

However, these are all hunted by Ye Xuan. If you add Zhou Yan, the numbers will be even bigger.

These thousands of green giants, just corpses, almost let Ye Xuan break through again.

Afterwards, Ye Xuan swallowed something.

"Hey, the host has broken through to Dadan!"

In a battle, he was allowed to break through twice, which he did not even think of.

At this time, the Shenzhou City side has been gathered together with the Lingxiao government, and they resumed while discussing.

"Now, those small ones have been cleared. Next, we are going to deal with the big green giant."

Zheng Shuohai, who has the strongest strength, said.

"Grandpa, this big green giant, why are you always sitting there, just watching us clean up the little giants, there is no reaction at all?" Zheng Zheng asked strangely.

Zheng Shuohai heard the words and shook his head: "I am not very clear about this. Perhaps, it is quietly refining the lapis lazuli."

"Father, it is a mysterious creature that has swallowed lapis lazuli, and its strength may exceed that of the general Tiandan. Can we really kill him?" Zheng Yu also asked with some suspicion.

"I can't do it. I only know if I tried it. Is it difficult for us to opt out directly and give it to the owner of Yangling?" Zheng Shuohai asked.

The mysterious beasts of Tiandan Dacheng are rare. When Zhongzhou has such a class of mysterious beasts, it is directly hunted by the masters. After all, this is related to a new realm - the miraculous four realms.
