

Super D. S 301

Chapter 301: Goal, Luyuan Big Giant!

A strong person who is in a dilemma can handle it with ease even in the face of hundreds of great talents.

If you can break through to the dilemma, you may be able to dominate the entire Tianshui continent.

"Let's try it first. This big green giant is a bit strange. If you look at it, you can't talk to the Yangling City owner again." Zheng Shuo Haidao.

The crowd also nodded and then resumed.

As for Ye Xuan, I also took Zhou Yan and Lin Biao to the side.

"Before the elders, you should not participate in this time, go directly with these Nei Dan." Ye Xuan took out a Qiankun ring.

Zhou Yan looked at it and almost didn't scare him to death. "These Nedan, do you want to give it all to Lingxiao?"

"Of course not free, too elders, you know." Ye Xuan shook his eyebrows.

"You are a kid, open a price." Zhou Yan roared.

Ye Xuan actually set a price.

If the sacred beast is directly swallowed, the value is too low. If you sell it, you can sell it two or three times the price. In his hand, there is also a dandan in the hands of Xiaodan. This thing can be worth a lot of money.

"Before the elders, how many spar do you have?" Ye Xuan whispered.

"This... Wenyue gave us a total of 100 million best spar." Zhou Yan also said, lowering the voice.

Ten thousand!

Ye Xuan is also shocked, and the Yangling son of the Qiankun ring is also worth about 10 million pieces of spar. The city of Guangjin City is about 15 million.

However, in Zhou Yan's Qiankun Ring, there are even more than 100 million pieces of spar, which is more than the sum of the capitals of the three cities in the whole state.

With so many excellent spar, Zhou Yan is not afraid of suddenly falling, cheaper other people?

"How much is there on the elders?" Ye Xuan asked again.

"80 million, you kid, so many brilliant spar, if you say it, my Lingxiao government must be destroyed, what do you take to do?" Zhou Yan whispered.

"80 million, okay, then 80 million, these Nedan are all sold, there are tens of thousands of refined Dan, which is a discount."

Ye Xuan said with a smile, and said: "Tai Shang elders, I tell you the truth, I have cultivated a special practice, I need to rely on spar to promote, or you think I can break through to Dadan Dacheng.?"

"What, you have already become a big Dan?" Lin Biao felt it carefully, but he could not see anything.

Ye Xuan put away the hidden treasure on his body. Now, Lin Biao and Zhou Yan felt it, and it was indeed a great land.

"This technique is very special. I have broken through to the present and have spent countless spar..." Ye Xuan said slowly.

Although the phagocytic system can't tell other people, he can make a reason for himself in disguise.

"The 80 million of the best spar, can you let me..." Zhou Yan asked.

Ye Xuan shook his head: "No, it still needs a lot. Although it can't break through, it can improve a lot of strength."

Zhou Yan and Lin Biao have been shocked to vote for the five bodies, the two looked at each other, and finally they took out 40 million of the best spar, a total of 80 million.

"Before the elders, you take these inner altans and go back directly to Lingxiao." After the transaction, Ye Xuan also said.

"Alright, then you are careful." Zhou Yan nodded, their strength is much weaker than Zheng Yu of the same level, I am afraid it is useless here.

"Right, cut them down..." Ye Xuan suddenly said.

Zhou Yan shook his head: "No, when we came out, the two of them were still in that state, and it was already a land of great land. You can rest assured that they have a moon watching, there will be nothing."

"What is the land of Da Dan..."

Ye Xuan is also a self-deprecating smile. He spent such a thing before he broke through to the Dadan Dacheng, and the Song Dynasty and the Song ruling directly broke through from Da Ren to Xiaodi.

This made him feel badly hurt.

However, the Song Dynasty was his fiancée, and the Song ruling was his big scorpion. The sooner the two men improved their strength, the more happy he was.

"It seems that it is possible to break through to the heavens, and I can't fall behind."

Ye Xuan's heart suddenly had an impulse, and he could not be compared to his fiancée.

In the end, Mo Ziyun and Yi Tianlang also decided to withdraw, and then with Lin Xueer, and Zhou Yan went back to Lingxiao.

Below, Ye Xuan this group of people have to face, but a mysterious beast of Tiandan Dacheng, the defense is amazing. Therefore, those people who have become great in these places can only look at it. After all, they cannot break the defense.

"Ye Xiao Brother, are you ready?"

At this time, Zheng Shuohai came over.

"Okay, you can leave at any time."

Ye Xuan nodded, his recovery speed is amazing, in terms of physical strength, there is no need to rest at all. In Dan Yuan, he is worth a little bit of engulfing the crystallization of the remedy, and does not need rest.

"If this is the case, then let's go up." Zheng Shuohai solemnly said.

There were only six people who went to the Luyuan Giants to trouble. Apart from Zheng Shuohai and Ye Xuan, there were Zheng Yu, the four strongest men who entered the Tiandan.

The six of them gathered together, jumped down the cliff, and rushed toward the giant giant of the green source.

Soon, they came to the site where Tianyuanzong was destroyed.

"This giant giant of green source, I am afraid that because of the ecstasy that swallowed it, it caused indigestion, so it continued to spurt the little giant..." Zheng Shuohai looked at the green source that was sitting on the floor and was more than 40 meters high. giant.

In fact, Ye Xuan thinks so.

The reason why Luyuan Big Giant did not move should be due to indigestion. Therefore, the action of this Luyuan giant is probably not as good as before.

However, it cannot be taken lightly because of this. This is, after all, the mysterious beast of Tiandan.

"After waiting for it to rise, you attack it at Dantian, and I will attract his attention."

Zheng Shuohai said.

"Yes!"

Zheng Yu and others are all responsive.

Ye Xuan is also slightly nodding.

At this time, they are four or five kilometers away from the giant giant of the green source. For them, it only takes a dozen seconds.

The six made another preparation, and then they followed Zheng Shuohai.

Ye Xuan directly took out the bow of the top grade, and it is better to use the bow in the face of this shape.

Soon, they rushed to the front of the Luyuan giant.

"on!"

Zheng Shuohai shouted and rushed to the foot of Luyuan's giant giant. The sword was swung, and a powerful sniper slammed on the feet of Luyuan Giant.

"Hey!"

Only heard a crisp sound spread, Jianmang instantly collapsed, and the Luyuan giant was unscathed.

Zheng Shuohai was shocked. His hand was a top-grade ware, and his display was still top-level martial arts, enough to make an ordinary Tiandan sect into a mysterious beast.

However, even the defense of this giant green giant can not be broken.
