

Super D. S 302

Chapter 302: Vain

At this moment, Ye Xuan and others also launched an attack and attacked the designated place.

These attacks, all without exception, hit the belly of Luyuan Giant, but like Zheng Shuohai, there was no effect at all.

Zheng Yu four people will forget.

However, even Ye Xuan's seven-star chain has no effect. You must know that there is an advanced blood in the body of the arrow, which can enhance the power of the martial arts of 30%.

His attack is even stronger than Zheng Yu and others.

"Hey..."

This Luyuan giant suddenly gave a low-pitched voice, scaring others to tremble.

However, it did not move, still sit still.

"This green source giant, it really is different, thunder does not move, do not know whether it is to look down on us, or really indigestion?"

Ye Xuan thought secretly and continued to attack the same position.

Zheng Shuohai was also wrinkled, and then retreated. The six men attacked the Dantian of the Luyuan giant, but the defense of the Luyuan giant was too strong. They attacked for half a minute and had no effect at all.

"Awful, it must be the effect of the lapis lazuli, which has raised his defense to several levels. Maybe even the Yangling City Lord can't break the defense of this green source giant."

Zheng Shuohai couldn't help but say.

"Father, what do you do now?" Zheng Yu asked.

"Try again."

Zheng Shuohai is still somewhat unwilling.

They attacked for a while, and after two minutes, the remedies were all exhausted by them. This Luyuan giant still had no movement and remained unharmed.

"It seems that this giant green giant has missed us." Zheng Shuohai has given up.

"Unfortunately, even if you can't get that lapis lazuli, a mysterious beast inside the Dandan, you can let your father break through to the heavens." Zheng Yu shook his head helplessly.

"But, we have got so many Nedans this time, and it is very good." Zheng Shuohai is easy to satisfy. The inner Dan, which they hunted in Shenzhou City, is not much less than Ye Xuan.

These are enough to make the strength of the main city of Shenzhou City rise several levels.

However, they are still unwilling, so they are waiting here, waiting for the Yangling City Lord to come over, maybe even able to sell a person.

Or, watch a joke.

Sure enough, after a day, the Yangling City Lord was driving a Dapeng. On top of this Dapeng, there are four others, including the Xie Lao.

After Zheng Shuohai and others on the back of the Tengyun bird saw it, they also said: "I have seen the owner of Yangling City!"

The owner of Yangling City is a bald man, and the appearance is similar to that of Yangling.

He stood on the back of Dapeng and turned to look at the Luyuan Giant. He said: "If you don't control yourself, just rely on you, and you want to touch this green giant?"

Xie Lao has already conveyed his words to him, so he does not like Zheng Shuohai and others.

"Oh, the old man will wait and see." Zheng Shuohai smiled.

"Hey, look!"

The main character of Yangling City was cold, and the four people behind him jumped.

These four people are all strong players in Tiandan, and if they join hands, even the Yangling City Lord can fight.

Simply put, this is equivalent to two great talents.

The five men swooped down and soon came to the green giant, and they watched with vigilance.

"on!"

In the order of the Yangling City Lord, the other four were shot at the same time.

"boom!"

"boom!"

"boom!"

A series of attacks fell to the Dantian of the big green giant, and they made a roar.

On the other hand, the five leaves of Ye Xuan on the Tengyun bird also showed a smile of gloating.

It seems that their guess is correct.

The defense of this giant green giant is beyond the scope of the mysterious beast. Even if it is the owner of the Yangling city of Tiandan, it will not be able to.

Half a minute later, the five people in Yangling City stopped the attack.

"How is this possible?" Yangling City owner was shocked.

The same is true of the remaining four.

Their attack can definitely kill a mysterious beast of Tiandan Dacheng, but even the defense of this Luyuan giant can not be broken, which is too fake.

"Sure enough, this giant giant of green source has refining lapis lazuli, and the defense is indestructible." The heart of Yangling City is secretly saying.

"The city owner, what should I do?" Xie Lao asked.

"carry on!"

The owner of Yangling City did not believe in evil. With his realm of heaven and earth, he could not break the defense of the mysterious beast, but this was a big face.

They continued to attack for a while, but they still didn't have any effect. At this time, Dan Yuan in their body was almost at the bottom.

"Damn, it's in vain!" Yangling City screamed.

At this time, there was a burst of laughter in the sky.

"Ha ha ha, Yangling City Lord, it seems that you can't do it."

There is no doubt that this laugh comes from Zheng Shuohai, the **** of the city of China.

"Old guy, shut up!"

The owner of Yangling City roared.

Zheng Shuohai continued to laugh: "Why, the Yangling City Lord wants to violate the rules of the first city owner and shoot for me?"

"Humph!"

The owner of Yangling City jumped back to the Dapeng and said, "Where is my son?"

"Yangling City Lord, where did your son go, why would you ask us? On the same day, Xie Hui chased me, etc. Is it difficult for us to sneak up on Yangling son?" Zheng Shuohai asked.

The owner of Yangling City was silent. Xie Hui had already told him that Zheng Shuohai and the other four strong men of Tiandan were chased by him and Guangjin City. They could not start with Yangling.

Therefore, the sneak attack on the Yangling son, there are others.

"It is difficult to be the other two main cities in the three cities?" Yangling City, the heart of the dark road.

"The owner of Yangling City, now you can't break the defense of this giant green giant, what do you want to do?" Zheng Shuohai asked across the kilometer.

"Humph."

After hearing the words of the Yangling City Lord, it was just a cold cry and did not take care of it.

He estimated that even if he gathered all the strong players in Zhongzhou, he would probably have the same result.

Therefore, the only mysterious city owner in the first main city of Central China can do it.

The owner of the first main city, who is also the owner of the Wanshige, has a mysterious origin and no one has ever seen him.

Legend has it that he has stepped into the miraculous territory!

"It seems that I can only report this to the first main city. Perhaps the first main city owner will be interested in this. At that time, I will also get some rewards..."

This is the idea in the heart of Yangling City.

However, it is at this time.

"boom!"

Suddenly a loud noise spread.

Everyone present at the turn turned around and saw that the giant giant of the source of more than 60 meters tall stood up.

"What situation, can it move?"

Everyone is shocked.
