Chapter 304: crisis

Ye Xuan sinks his heart into the swallowing space and finds that the baby's fist-sized lapis lazuli is not the same as he had seen before.

The celestite, which was the size of an adult fist, was dark green and had a faint green light. But this little lapis lazuli is a bit transparent.

"It's hard to be done. This lapis lazuli is digested to half, can't it be swallowed up?"

Ye Xuan thought, tried again.

"Oh, devour defeat!"

"Mom egg, forget it, go to the mysterious beast inside!" Ye Xuan screamed, and quickly swept out.

He discovered the lapis lazuli, but there is also a mysterious beast inside the heavens. If you sell it, you must have at least tens of millions or even tens of millions of best spar.

However, he looked for a while, but the blood of the treasure hunt was nothing.

At this time, Tian Yuanzong's tens of thousands of meters were already burned to nothing, and the fallen stones were turned into fly ash.

"Ye Xuan, have you found it?"

A voice came from afar, and Ye Xuan turned to look at it, Zheng Hao, the ally of the China Alliance.

Ye Xuan pretended to shake his head helplessly: "Hey, if you find it, I will go straight, will stay here..."

"Unfortunately, lapis lazuli and Nedan, none of them found." Zheng Yu shook his head.

Soon, the people on the side of Shenzhou City gathered together, and the five people in Yangling City were the same.

These people in Shenzhou City are already hopeless, so they are ready to leave.

However, it is at this time.

"stop!"

Suddenly a violent drink, let all of them tremble, this is not the voice of the Yangling City Lord?

"Yangling City Lord, what advice?" Zheng Shuohai turned.

"Give your shackles out of your ring." Yangling City Lord shouted.

what?

Everyone on the back of the Tengyun bird is a glimpse.

"Yangling City Lord, do you think that someone has got a treasure between us?" Zheng Shuohai looked at his eyes.

"Yes, all of you have a ring, please check it out!" Yangling City nodded.

"Cui Linjiang, are you a bit too much?" Zheng Shuohai shouted.

Cui Linjiang is the real name of the owner of Yangling City.

"Excessive? Excessive, how old, old guy, don't talk with the rules of the first city master, do you think I can't shoot, can you take no way?" Cui Linjiang looked cold.

Behind him, there are four strong men in Tiandan. The Shenzhou City side is only one.

Zheng Shuohai's face is gloomy.

Indeed, Yangling City is one of the three cities in Zhongzhou. It is not allowed to take the initiative of the Shenzhou City in the lower three cities. However, the entire Zhongzhou is also subject to this restriction.

Simply put, the four people behind Cui Linjiang can shoot.

"Not good, this Cui Linjiang did not think about letting us off!" Zheng Shuohai responded instantly.

"Father, what should I do?" Zheng Yu frowned.

Zheng Shuohai thought quickly in his heart, but he couldn't think of other retreats. Now, I am afraid that there is only one way to go, that is, to hand over the Qiankun ring.

However, this does not guarantee that Cui Linjiang will kill them after they have received it.

After all, behind Zheng Shuohai, there is also a Shenzhou City. As long as Zheng Shuohai is dead, then Shenzhou City is a city without a master.

"It seems that I have died for a lifetime. Zheng Zheng, you are leaving with other people, Zheng Yu, you drive the clouds, and I jumped and took them away."

Zheng Shuohai whispered.

This is their only way to live.

On the other side of Yangling City, there is only one Dapeng in Tiandan. As long as Zheng Shuohai jumps down, Yangling City will send at least two people to kill him.

And Cui Linjiang can not be hands-on, so chasing the Tengyun bird top only two small days.

Ye Xuan and Zheng Yu are four people. In the face of two small days, Xiaocheng should not be a problem.

"It seems that this can only be done. The soldiers are divided into three ways, and they will not be exhausted by a net. Everything is life and death!" Zheng Yudao.

"Ye Xiao brother, sorry, dragged you down." Zheng Shuohai said a little embarrassed.

"Predecessors, I feel that there is a deadly place in the three divisions of the soldiers..." Ye Xuan suddenly said.

"What?" Zheng Shuohai stunned.

Ye Xuandao: "The rules set by the first city owner are the owners of the three cities. Can't you do it with the people in the main city of the next three cities?"

"Not bad!" Zheng Shuohai nodded.

"That Yangling City Lord, can you attack this cloud bird?"

Ye Xuan said slowly.

When this is said, everyone's face is changed.

"I don't know this, but Cui Linjiang may not have thought of this. Otherwise, he should have already started." Zheng Shuohai said with a gloomy face.

"The three divisions are too dangerous..." Ye Xuan disapproved. He shook his head and asked, "I have a plan here."

"Ye Xiao brother, please say." Zheng Shuohai's eyes rushed.

Ye Xuan said directly: "You five of the seniors dragged two people, as for the remaining two, give it to me!"

"What, handed it to you?" Zheng Shuohai and others were shocked.

"Yes, as long as the seniors dragged you one or two. Or, let's go down to a gamble, let me slap them first, then things are simple." Ye Xuan nodded.

"Ye Xiao brother, you are not kidding, you want to kill a strong person in Tiandan Xiaocheng?" Zheng Shuohai could not believe it.

"You can remember the predecessors. At that time, I was too small to help you kill the Guangjin City Lord. I broke again yesterday. Now it is already a big land. I estimate my strength is enough to kill a man." Tiandan is a small and strong person."

Ye Xuan said, but also deliberately released Dan Yuan, let these people feel a bit.

Sure enough, it is Dadan Dacheng!

Same as Zheng Zheng.

"Ye Xiao Brother, are you sure you can get it?"

Although Ye Xuan's strength is very surprising, Zheng Shuohai is still not too convinced.

"If it is Xie Hui, I have 80% sure to kill it!" Ye Xuan nodded.

Upon hearing this, Zheng Shuohai's eyes are also bright. "If this is the case, just bring him out to play a fair battle, so that Xie Hui is dead, then Cui Linjiang can not use this as an excuse to shoot."

Ye Xuan nodded slightly, and now he is the most taboo, that is, Cui Linjiang. As long as Cui Linjiang does not take the shot, then things will be easier.

I am afraid that this Cui Linjiang ignores the regulations of the first city owner.

"What are you doing there, are you paying or not?" Cui Linjiang's voice passed.

Zheng Shuohai just wants to talk, Ye Xuan is jumping off the clouds and falling to the ground, saying: "Xie Hui, I have a treasure in the sky of more than 10 million sprites. You dare to come down with me. war?"

As soon as this was said, all five of the people on Dapeng were a glimpse.

That Xie Hui was even frowning and said: "Zheng Shuohai, what do you mean by this?"
