Chapter 305: Killing Xie Hui

"Nothing, life and death. You just kill him, then his ring is yours. If you die in his hands, then your ring is his." Zheng Shuohai responded.

"What kind of joke?" Xie Hui frowned, he knew that the other party must be planning something.

"Thank you, you will go down and slaughter the kid." Yangling City Lord suddenly said.

"It is good!"

Xie Hui nodded and jumped directly to Dapeng.

"Kid, I don't know what tricks you want to play, but I know, you will be shot by me!" Xie Hui looked at Ye Xuandao.

Ye Xuan smiled lightly, and stabbed the eight-blank sword into the ground with one hand. In one hand, he held a piece of empty ring that was empty and said: "I am looking for death, and I want the seniors to complete."

"Okay, I am fulfilling you!"

Xie Hui did not say anything, it was directed toward Ye Xuan, and even the weapons were not taken out.

Ye Xuan, who is dealing with a Didan, still needs weapons?

Xie Hui crossed the distance of a kilometer in two seconds and flashed to Ye Xuan. He looked at Ye Xuan, who was a cockroach, and went straight out of his claws to take Ye Xuan's throat.

But at this time, Ye Xuan was lightning-like and grabbed Xie Hui's wrist.

At the same time, the eight-year-old sword on the ground suddenly collapsed and plunged into Xie Hui.

"what?"

Xie Hui's eyes skyrocketed, and a kid in Didan's realm could capture his speed and stop his attack.

This is impossible!

The next moment, I felt my neck cool, the whole head was thrown up, and a blood rushed into the sky.

Spike!

Ye Xuan poured out a Danyuan, blocking the cool blood from the outside, and then pulled out Xie Hui's ring. There are treasures in the treasure hunt, he can understand the treasures of everyone.

Xie Hui's things should be in this ring.

Looking at Xie Hui's body, he fell to the floor and the people in the audience were shocked and could not speak.

A blow, spiked the master of Tiandan Xiaocheng, who can do it except Cui Linjiang?

"What it is?"

Everyone stared at it and found that there were eight sharp edges floating around Ye Xuan.

"What kind of martial arts is that, can you use Danyuan to control the sharp edge and kill Xie Hui?"

Everyone is puzzled.

However, Ye Xuan killed Xie Hui, this is a fact.

"Damn, how is this kid going?" Yangling City owner could not help but roar.

He was thinking, if the party is where he is, will it be the same as Xie Hui?

Ye Xuan reorganized the Eight Wastes and shouted: "Who else?"

"Mom, this kid is too mad, no matter how he did it, I have to explore." A middle-aged man turned his head and looked like the owner of Yangling, saying: "The city owner, let me go!" "

"Don't be like Xie Hui, planted in the kid's hand!" Cui Linjiang nodded slightly, he also did not understand Ye Xuan that means, so I want to see it again.

"Do not worry about the city owner, I must pinch the kid, revenge for Xie Lao!" The middle-aged man said, he jumped to the bottom.

Ye Xuan saw it, and the light suddenly flashed a murder.

Another person is coming to die!

It's only useful to kill Xie Hui, because Xie Hui didn't look at him at the time.

If other people come, he will kill the other side, Xie Hui will be surprised, and report the matter to Cui Linjiang, then Cui Linjiang will doubt that Ye Xuan killed the Yangling son, and then the body was collected.

But now that Xie Hui is dead, he is not worried that Cui Linjiang will find out that Cui Linjiang has no excuses to do so.

The most important thing is that he has already secretly stepped down an echo array on the ground. As long as the middle-aged person dares to step in, he will not escape the fate of being killed.

"Kid, I have to pinch your neck and revenge for Xie Lao!"

The middle-aged man shouted and rushed toward Ye Xuan, but he was not as stupid as Xie Hui, but took out the weapons and protected him with a large amount of Dan Yuan to prevent accidents.

Ye Xuan heard this and just smiled lightly.

What revenge, obviously want to get Xie Hui's ring?

"Xie Hui, this old guy's body is not bad, there are also 10 million best spar, I don't know how much you will have?"

Ye Xuan stood in the same place and waited quietly for the other party to approach.

The distance of the echo array is fifty meters. The middle-aged man's forefoot has just stepped in. Ye Xuan is a smashed sword and swept toward him.

The weapon of the middle-aged man was a long knife. He subconsciously blocked it, and felt a huge impact. He instantly gave him a shock.

Fang Cai Ye Xuan also secretly ate a strong Dan, but not the average person can take it. If the main body of Yangling City, Cui Linjiang, is here, it may be able to block it, but the middle-aged person in front of him is only a natural environment. Xiaocheng only.

"Hey!"

At the same time as the middle-aged people flew out, the Eight-Day Sword was also bursting open.

The middle-aged man's head sank, and the consciousness seemed to be like an ice cave. It was frozen and the thinking was slow.

Taking advantage of this opportunity, Ye Xuan directly disintegrated the Eight Deserts.

"The eight wild winds kill, the sky breaks!"

Eight sharp edges condensed into a sharp cone on the middle-aged man's head, and then suddenly stabbed.

"Oh!"

The middle-aged man's chest was opened and the body still flew out.

Ye Xuan went up a step and took his shackles away.

"噗通!"

The body of the middle-aged man fell to the ground and instantly fell into a pool of blood.

Ye Xuan, once again killing Tiandan Xiaocheng strong!

The owner of the Yangling City looked at his eyes. The four people who were under the shackles of Tian Dan were strong and powerful. Almost every one could fight Zheng Shuohai.

However, such strength in front of Ye Xuan, so shocked, this is simply beyond his expectations.

"This kid, even my two generals, must be in order to weaken my strength..."

At this time, the Yangling City Lord responded.

However, what he does not understand is why Ye Xuan has such strength. This qualification is already comparable to Yang Chen, the head of Zhongzhou's four sons.

"You two, went down and slaughtered him." Yangling City Lord shouted.

"The city owner, you..."

One of the men turned his head in vain.

"Ding Tao, you are the deputy city owner of my Yangling City. Although you and I have not been worshipped, but you and I are brothers and sisters, do you understand what I mean?" Yangling City owner squinted.

The man named Ding Tao heard the words, his eyes suddenly brightened and said: "Big brother, I understand!"

Those who can cultivate to this realm will not be fools. Ding Tao instantly understands the intention of Cui Linjiang.

"Very good, let's go, remember, don't step into the kid's 100 meters." Yangling City owner reminded him.

Although Ding Tao did not understand, he nodded slightly and then jumped with the strong man who was next to Tian Dan.
