

## Super D. S 3061

Chapter 3061: Pothole old ghost

From the exit of the cosmic wormhole in the funeral star field to the Tianhe star on the outer edge of the funeral starry field, the star route is actually quite far away. Even if it is a space bomb with a starry sky fortress, it takes half a day. time.

In the process, the flagship fortress that Naples is in, has already been associated with the Tianhe Star, and through the administrative star network of the Tianhe Star, connected to the upper star network, first the Tianchen Star Ministry, then Tianming Star Emperor, step by step until the star network of the immortal dynasty, the first time, the news of the return of the Emperor Xuan, to the immortal imperial captain.

At the same time, everything that happened on the federal contribution list was also fed back to the Terran fortress fleet.

All the officers and men in the five Star Fortresses were completely stupid when they learned that the Emperor Xuan had once rushed into the ninth place in the list.

Then, when Xuan Huangzi retired from the ninth place in the list to his eleventh place due to his own points, the talents of the fortress fleet returned, and the look on his face was all eccentric.

This kind of thing, for them, including Naples and Xuanyuan Ziyang, as well as Huang Shulong Tianba, is like a myth.

The only difference is that after Huang Shulong Tianba stunned for a while, even when he laughed, he naturally realized that this matter will definitely bring great trouble to Ye Xuan. He is in charge of his royal family in the Federal Supervision Institute. Big Brother Long Hao, but always support the big prince.

Nowadays, the Emperor Xuanzi is so beautiful, the great emperor and the dragon can not sit idly by. He can clean up the Emperor of the Emperor and support the Emperor of the Second Emperor.

For this matter, although Xuanyuan Ziyang did not understand the interests, but as the immortal army of Samsung Admiral, but it is understandable, he even rushed to the cabin outside Ye Xuan retreat, asked to see the emperor.

In fact, Ye Xuan had already expected that when he returned to the third universe, the federal contribution points would skyrocket, but he did not expect it to rise to such an extent, and rushed to the forefront of the list.

Originally, according to his estimation, it is not bad to rush to the end of the list.

Of course, this is a good thing.

The only thing that confuses him is why he went to the ninth place and suddenly retired to the eleventh place.

He didn't really care about the difference between the two, but the deduction of the 10 billion federal contribution points made him feel so painful. How many good things can he change?

Therefore, Ye Xuan is also very concerned about this matter.

He did not expect that the Federal Supervisory Authority would target him for this matter, but it was only for the federal contribution points of this tens of billions of insults. Ye Xuan could not just happen when nothing happened.

You must know that the original nine-stage gene culture solution was only 10 million tubes, and 10 billion yuan could be exchanged for one thousand tubes. At the thought of this, Ye Xuan had the urge to kill.

However, no matter how he racked his brains and sweats, he never thought of it. The tens of billions of federal points were deducted.

Since it is a point deductible, it is naturally doing something that makes the Union lose a lot. This kind of thing, Ye Xuan is completely unimpressed.

Just as he was thinking about his own in the closed cabin, Naples was a little flustered.

Ye Xuan really wants to listen to his opinions. Since he can't figure it out, ask the military executives who have been working \*\*\*\* the immortal star, maybe there will be gains.

This time, because it was a matter of confidentiality, Naples came alone, not to mention that Xuanyuan was purple, but that few of the staff were not brought.

Upon entering the cabin of Ye Xuan, when Neapolitan waited for the door to close, when even nervously said: "The prince, this is probably a disaster, and the 10 billion federal contribution points are deducted. It is absolutely enough for the Federal Supervision Institute to investigate you. It can make the federal main network deduct such a horrible contribution point, indicating that the devil you killed should be an ordinary person."

What should the devil inside?

When I heard these four words, Ye Xuan's heart jumped and it really got something to gain!

When he even asked: "Why are you sure that you have been detained by a certain demon person, which led me to be deducted 10 billion points?"

"Isn't this obvious?"

Neapolitan shook his head and smiled: "You have always been in the first universe. What else can you do on the other side? What is the great loss to the federal government? There are servants of the celestial family, and you are always in the devil. The human star field, therefore, must have been recorded by the federal interstellar mercenary card at the time because of the accidental killing of a devil who was bought by the federal government."

"Of course, the virtual mercenary card is not self-aware. It will only identify the rewards of all the contributions you made at that time, or how many contribution points you have to deduct, and will not give back to your specific actions. This is also for confidentiality and is recognized by the federal government. Otherwise, who else dares to use this virtual mercenary card?"

"But this is the case, only to give the Supervisory Hospital an opportunity to attack you. It is exactly what they are investigating. The final result is all told by them. You can't argue at all. The current Dean of the Federal Institute of Supervision is always They all support the great emperor's great emperor, Long Yao, he can't let go of this opportunity to suppress you. After all, the emperor is now...you are really in the sky!"

"Yes, what you said makes sense. Just... Who is this guy?"

The words of Admiral Napoli made Ye Xuan like a slap in the face, and suddenly realized it. However, for the time of the great emperor of the Federal Inspectorate, Ye Xuan did not go to the heart, he soon I fell into sinking and quickly turned my mind. Thinking about who is the wicked guy who has lost 10 billion federal contributions points inexplicably. Who is it?

"The ability of the prince to deduct such a large number of points, the degree of importance is clearly not said, and the importance of this kind of devil's spies is directly linked to the position of the other in the devil's group, so the other side The identity on the bright side should be investigated from the top down..."

In the mouth, he sang a few words in his own words. Ye Xuan quickly brightened his eyes, and almost immediately there was a result.

Then, his face floated with a dull color, and he exclaimed with disbelief: "Rely! The Imperial City High Priest Wenxing! The old guy is actually a federally inserted in the spies of the devil's group? Ghost! This is really a dog..."

"What? The first priest of the Devil's City, Wen Xing, was killed in your hands? That is the master of the heavens..."

When Napoli listened to the name of Wenxing, even if it was confirmed, only such a high position, its value to the Federation of Wanlu was enough to cause Xuanhuangzi to deduct 10 billion contribution points.

For other people, I really don't have this qualification.

Just as Naples was shocked, Ye Xuan on the side suddenly remembered something, and turned his eyes on the spot: "Rely! Are you still embarrassed to say?"

Chapter 3062: The emperor drives

"You are still very embarrassed to say? Naples is clearly a shot of you, and the Emperor is only involved in the calculation of his plan..."

When Ye Xuan said all the consequences and consequences to Naples, the latter was dumbfounded on the spot. After a long while, when his face came back, his face was full of sorrow.

After a short period of time, he said: "So, the old man seems to have pitted the emperor once again, but this time can not blame me, to blame, can only blame that Wenxing is too unlucky, as we have been our family The magician who bought it was fine, and he had already mixed up with the high priest of the Devil's Imperial City. In the end, it was such a end. It was murdered by our own people. It was really so sad that it was not a dog. ""

"In addition, this is also a turning point for us."

Speaking of this, Naples grinned: "Although we don't know at the Federal Republic of Van Gogh now, which senior executives should directly contact the seniors like Wen Xing, who is responsible for this matter, but When I took the fleet to the Devil's Star Field, there was such a high-level piece on the side of the Devil. This person was actually informed that there was no sound, and he was also guilty of misconduct. In general, Wen. He also has to bear some responsibility for his death."

"Return to the immortal star in the future, if the great emperor of the Federal Supervisory Authority wants to take this matter to the Emperor of the Emperor..."

"Hey, when you and I will have a little responsibility, but with this person sharing, it can be reduced to the responsibility of our two people, but it is no pain, and the great emperor Long Yao absolutely can't think of our hands. There is such a trump card, when he jumps up and down, he is afraid of white tossing, but also exposes the sinister face of power.

"Thinking about it is awesome."

"As a result, the veteran minister still hopes that he will launch an attack on the emperor earlier on this matter. At that time, Long Yin's insidious plan will be revealed, but it will set off the means and unshakable of the emperor, even in the immortal emperor and the whole. The royal family will leave a deeper impression, but we will be blessed in disguise!"

When it comes to this, Naples has already danced a bit, and before it was so worried, it was swept away.

In this regard, Ye Xuan shrugged his shoulders and did not answer. In fact, all that Naples said, he did not go to the heart, a so-called great emperor, even if he has the Dean of the Federal Institute of Supervision. The identity is not as obvious as Ye Xuan.

Although this time to the first universe is not long, and after returning, Ye Xuan's cultivation is a realm, although the promotion is very fast, but now it is just a breakthrough to the fourth realm of the planet.

It can only be considered to be decent, and it is not a little bit worse than the real master.

But in terms of the details, when he left, he was already a world apart.

This harvest in the first universe is enough to make Ye Xuan's caves and even the mysterious lightes exist. Some means he does not want to be exposed, but if he is forced to rush, he will not be able to turn his face, and he will be in the third place. The prestige of the great universe, even if some of the high-level dynasty of the immortal dynasty turned over, the other party would not dare to black him.

Soon after, the fortress under the foot trembled a little and stopped. Obviously, the Tianhe star arrived.

Five such star-studded fortresses are the stars of the Tianhe Star. They are all incapable of being installed in the sky. Anyway, they do not need to replenish. This time they enter the first universe. The time is not long. Without experiencing any wars, the resources on the five starry fortresses are not yet rich.

The reason for staying here for a short stay is just to go through the game. After all, hundreds of millions of fans have gathered here. Since Xuan Huangzi has returned to the Terran from the first universe, if he

returns to the immortal star, he will appear to be too close. Human sentiment, most of the millions of fans will be greatly disappointed, this is extremely unfavorable to the reputation of the Emperor Xuanzi.

Therefore, this time the fleet stayed in Tianhe Star for a while, in fact, it can be regarded as a show. It is also because of this reason that the Emperor's Dragon Tianba did not even show up even the face, and it is even more impossible to leave the fortress. Not seeing it as a net.

In the same way, in order to reflect a close to the people, there is no effect of arranging the field. There are not many people coming out of the Star Fortress. Ye Xuan, Xuanyuan Zizhen, Admiral Napoli and his two confidant chiefs are also a relative. The soldiers are all eunuchs of the Immortal Legion, only a total of twenty.

Such a huge fortress fleet, after the opening of the flagship fortress's hatch, there are fewer than 30 figures appearing. This scene is even somewhat deserted, so that it has already become crowded outside the atmosphere of the Tianhe Star. The greeters and the fans of the emperor were surprised.

At the same time, there are also exclamations of exclamations that continue to ring.

"Oh, it really is the emperor, the higher the position, the more so approachable, look at people, then look at us, this realm, really is not a little bit worse."

"Play is a game, if it is for me, at this moment it is estimated that thousands of horses and horses are in front of the road, seeing the Xuan prince so sect, it seems to have realized!"

"It's him! It's really him! When I was in the Tianhe Star, I was very familiar with him, and I recognized it at a glance..."

"Rely! Can you still point to the face? Rolling the dice, I want to say that Xuan Zizi is a big brother..."

.....

As these words rang, the front of the crowd, Bai Zhengjun and Zhao Long turned their heads and looked at each other, and immediately greeted them with a smile.

They were followed by hundreds of guards, but at this moment, when the Emperor was so low-key, he immediately retired. On this occasion, all the adjustments must be taken in conjunction with the Emperor.

Seeing these two guys, Xuanyuan Ziyang's face was gloomy in an instant. Before coming to Tianhe Star, she was a big thing, and she didn't have time to care about these two insidious villains, but today it is different.

Ye Xuan was keenly aware of this and turned to the first question: "What?"

"The day after you and the green radish were taken away by the black light of the black wind, the two crews' returning fleet immediately returned, but it was not a rescue, but a ruin. The star thief was destroyed by them. Even me, if not at the time The family's bodyguards are dead, but they are afraid of falling."

"In addition, after returning to Tianhe, these two guys did not immediately report the news that you were robbed by the devil, but instead concealed, pretending not to know!"

"Until later, when you suddenly rushed into the list, I realized that you are still alive. The strongmen of the Tianhe Stars knew that Xuan Huangzi had fallen into the hands of the devil and attacked the Jedi..."

"What? Is there such a thing?"

Ye Xuan listened, and he was angry on the spot. I really want to say it. At the beginning, Bai Zhengjun and Zhao Long both counted him all the time. Later, he suspected that he was a Xuan prince, and changed his attitude and deliberately pleased.

Chapter 3063: Kill is not killing

I didn't expect these two guys to turn their faces so fast. They just sent Ye Xuan away. When he was caught by the demon, he would immediately kill.

The embryos are all bad.

As soon as I read this, Ye Xuan immediately angered: "Come, give this prince...take it!"

"Unexpectedly, under the slogan, there are still such shameless and daring people."

"When the Emperor Xuanzi was scolded by the devil to scold the fortress, you not only did not immediately report it, but you still want to destroy the facts, to cover up the facts, so as not to be implicated, it is just that!"

The words of Xuanyuan Ziyang, the general of Naples, also heard the truth, even if the anger is frustrated, with Ye Xuan's violent drink, he raises his hand and comes to the front, but because of Ye Xuan's violent drink The stupid Bai Zhengjun and Zhao Long pointed out the past and scolded: "I will immediately take it down, including the shackles and confidants of these two people, and take them together and kill them on the spot!"

"boom!"

"Booming..."

Admiral Napoli's words just fell, and the five starry fortresses behind him immediately rushed out of a hundred small fortresses of five kilometers in diameter, scattered in an orderly manner, and the entire Tianhe star would be in the blink of an eye. Surrounded by groups, let alone the human beings, that is, birds can not fly out.

This is the advantage of the Star Fortress. The general warships, even the 10,000-meter-diameter big fort, carry the miniature patrol ships in the ship's cabin, but the patrol ships of this level are upgraded to the starry sky fortress. To the small fortress of five kilometers in diameter.

A starry fortress, and casually loaded dozens of small fortresses, and then shot a hundred seats, clearly or have reservations.

Soon, from the hundreds of small fortresses, an elite army of immortal regiments rushed out, some arrested outside the atmosphere of the Tianhe, and more rushed into the atmosphere to arrest. .

Although Bai Zhengjun and Zhao Long both held the Tianhe Star military regime for many years, it is impossible for all the Tianhe official powerhouses to be eroded by them. Those who have been forbearing have seen the opportunity, and they have been identified and attacked. The deployment of the arresting work provided great convenience.

For a time, the whole Tianhe star was inside and outside, and Ye Xuan was carrying his hands in the void. The fans of the ancestors who had come in front of him had already understood the truth of the matter.

I think that the two guys, Bai Zhengjun and Zhao Long, have almost harmed Xuan Huangzi. If the non-Xuan prince is amazed, he is alone in the inside of the devil, and he is afraid that it is now no one knows.

After this fact spread, it immediately caused a sigh of turmoil and turmoil inside and outside the Tianhe Star. The elite team of the immortal army was escorting the confession of Bai Zhengjun and Zhao Long to the atmosphere. Some angry fans of the emperor rushed into the crowd, shouting and killing.

It's been nearly a time since I've been tossed, and everything is finally over.

The efficiency of the elite team of the immortal army is really amazing, a big planet, and Bai Zhengjun and Zhao Long have been operating in Tianhe for many years, and the tentacles extend very deep, but no matter how deep the potential, in this short time Inside, they were all dug out.

At this moment, a large group of people, all of them were taken to the Star Wharf outside the atmosphere of the Tianhe Star, surrounded by elite soldiers of the Immortal Legion, and the central Tianhe Star Locust headed by Bai Zhengjun and Zhao Long, but The tens of thousands of people.

These guys are the two of them who have really followed the confidant for many years. Some people who are not very entangled with the two, Naples even let go, just made a warning.

At this time, more than 10,000 people all crouched in the void, eagerly pleading for mercy, almost all of them were painful, and among them there were also strong, such as Zhao Long, the existence of a black hole, but there is the light of Naples. The supremacy of the environment exists in the side of the town, and he simply can't afford to rebel.

What's more, now facing the immortal army from the emperor's immortal star, the orderer is even the emperor, even if they let them escape, this third universe is big, and it is impossible to have their place.

The only vitality is only to ask for mercy...

"Long Xuan, what do you want to do? Do you want to come to the massacre? There are more than a thousand here, and many of them are the soldiers of the Tianchen country. Although you are a dynasty emperor, you still have no right to kill them. Take it!"

Just at this time, the Emperor Long Tianba, who had been nestling in the flagship fortress, took a team of soldiers from the flagship fortress and deliberately slammed it, so that all the onlookers outside the Tianhe Star listened. Really.

He naturally does not come to save people.

The life and death of these guys, he was lazy to pay attention to it.

The reason why Long Tianba appeared was because it was a good opportunity to suppress the reputation of the Emperor, and he could not miss it.

If Ye Xuan gave up killing the 10,000-year-old river locust because of his swearing, then this matter would leave him with a weak impression.

If Ye Xuan is willing to go his own way, then the result is also unfavorable to Ye Xuan, which will give people an impression of indiscriminate killing and brutality.

How do you count yourself as a cheaper, Long Tianba has already blossomed in the heart at the moment, just thinking about this, but you are doing your own death, you have to make extra money, then you can't be afraid that Laozi took advantage of it.

Ye Xuan and Neapolitan exchanged a look. Just as the latter wanted to go forward, Ye Xuan reached out and stopped him.

The corner of the mouth outlines a sneer, and Ye Xuan squints at the uncle Huang Tianba, who is approaching gradually. He sneer: "Hey, you can't help but have a dog with a mouse."

"you....."

Such a ruthless sarcasm, Long Tianba's face sinks, even if it wants to attack.

Ye Xuan did not give him this opportunity at all. He changed his hand to Bai Zhengjun and Zhao Long, who were crouching on the ground. They said: "Bai Zhengjun, holding a mysterious fleet in his hand, robbed in this Tianhe area. Things have long been an open secret. You ask these strong people inside and outside the Tianhe Star. How many people don't know?"

"Zhao Long, who has inserted eyeliner on the Tianhexing federal affairs platform all the year round, once he finds that a strong person has a large number of star nuclear resources in his hands, or exchanges and trades a heavy treasure, he immediately sends people to keep up. When the other party comes out of Tianhe, he will sneak out. The military fleet was intercepted. In recent years, how many strong people in the Tianhe domain have disappeared silently?"

"This is the prince. On the same day, he was exposed to the Tianhexing federal affairs platform. He was also stared at him and was almost intercepted..."

"Yes, this prince has no official position and is indeed ineligible to kill both of them and this helps the abuse. But..."

"This prince is registered as an interstellar mercenary on this day, and it is the road to trials from here. Tianhe Star, saying that this is the second hometown of the prince is not an exaggeration."

"How can I sit and watch a good Tianhe star field, and it's so dark and dark by these two people? It's impossible to do this..."

Chapter 3064: Bamboo in the chest

"Today, the Emperor does not say killing or killing. This matter is handed over to countless federal powerhouses inside and outside the Tianhe Star who share this star field."

Having said that, Ye Xuan turned to the tens of thousands of emperor fans who were watching in the distance and shouted: "This gang of people, you said, kill! Or not kill?"

Such a borrowing of the situation, but more people's hearts, Long Tianba's face instantly changed, the whole heart, but also sink to the bottom, this child, not good to deal with...

"kill!"

"kill!"

"kill....."

.....

Ye Xuan's words provoked the anger of countless powerful people inside and outside the Tianhe Star, and the sound of shouting and killing, not only from the atmosphere of the Tianhe Star, but also the strongmen of these scenes.

Even in the stars of the Tianhe, there was a wave of shouting, and they heard the words of Ye Xuan. Naturally, there was no reaction.

For a moment, Ye Xuan solved the insidious calculations of Long Tianba, but it was even more popular.

After this time, Xuan Huangzi gave people the impression that not only did not fear the power, even the uncle's reprimands dared to refute, just like the embodiment of justice, never hide the dirt, and act alertly, the means are brilliant...

All of this, his reputation, will be particularly helpful, and it will be just around the corner.

The people can't bully!

At this time, Bai Zhengjun and Zhao Long both realized this. They did not die in the hands of Ye Xuan today, but died in the hands of the powerful people who had been oppressed by them in this Tianhe domain.

"kill!"

With Ye Xuan's order, the elite warriors of the immortal corps, who watched the tens of thousands of locusts, smashed their hands and rolled their heads.

The era has developed to this day, this kind of beheading-style capital punishment has long been abolished, not to mention a scene of more than 10,000 people being beheaded at the same time.

But Ye Xuan still did this, he will not let go of this opportunity.

If it is replaced by another occasion, he dares to do so, it will certainly cause riots, and the hearts of the people will be ignited, and the image of Xuan Huangzi will be cast a shadow of blood and killing.

But today is different. Today, countless strong people in the entire Tianhe domain have joined in unison. Therefore, even if such a scene of being decapitated at the same time is spread, it is unlikely that some people will dare to dare. To make a fuss about this kind of thing, it is to take the world by storm.

On the contrary, Xuan Huang, but with no risk to use this matter, revealed a kind of iron-blooded wrist.

Not bloodthirsty, but just iron!

There is a big difference between the two. The former is not good for him. The latter can make him more prestigious. This time, Ye Xuan succeeded in realizing this by virtue of the anger of countless powerful people in the Tianhe Star Field.

Long Tianba fell into the underground, but it became the hand of Ye Xuan's higher hopes. This result almost spurred him on the spot, but also made him deeply aware of the difficulties of this prince.

The anger of the ninja, his faceless expression, glanced at Ye Xuan deeply, his nose was cold, turned and he took the pro-guards behind him and returned to the flagship fortress.

More than 10,000 people landed on the ground, and the Tianhe Star was \*\*\*\* outside the atmosphere. However, the whole Tianhe Star was cheering at the moment. The three words of Xuan Huangzi gradually became the main theme of the hundreds of thousands of people who shouted together. It was not a fan of the emperor. Some strong people, since this time, have also become fans of Ye Xuan.

Because he swept the haze of the Tianhe star field, this star field was clear and clear.

Many of these strong people are not citizens of Tianhe, but they have stayed here for many years. Because this star field is rich in the origin of the star nuclear, this is the best resource for cultivation...

With the death of Bai Zhengjun and Zhao Long, the military and political affairs of the entire Tianhe Star have fallen into a vacuum.

Ye Xuan did not take this opportunity to insert his own manpower, which would make his previous move to attract suspects of personal gain, not worth the candle.

He only assigned a senior officer to the remaining Tianhe Star garrison who did not collude with Zhao Long, and ordered him to temporarily lead the Tianhe Star affairs, waiting for the dusty country to send a new star and garrison. Commander only.

After the move spread, the reputation of Xuan Huangzi was suddenly increased again. In fact, after Ye Xuan cleared Bai Zhengjun and Zhao Long, there was a lot of gaze in the dark to watch his follow-up actions. Undoubtedly, Ye Xuan did not let them Disappointed.

In order to avoid the suspicion, on the second day, he left with the fortress fleet of Naples and went to the dusty country of the dusty country.

There is a large wormhole there, and after jumping into it, it can reach the vicinity of the Tianming Star Field where the Emperor of Heaven is in the sky.

From there, a few more wormhole jumps were made, and the immortal star of the immortal dynasty was near.

At this moment, the top-level command cabin lounge area of the flagship fortress, Ye Xuan and Admiral Napoleon and several of his major generals, as well as Xuanyuan Ziyan and others, are eating here, the food is simple and beautiful, and there are some spirits. The wine was specially prepared for Xuan Zizi and Xuanyuan Ziyan. Otherwise, Naples is still on the way to the march and is not allowed to drink alcohol.

"Hey, this time in the Tianhe Star, we are doing pretty, but it's always a little regrettable..."

There are no outsiders here, they are all their own people, and there is nothing to evade in the words of Naples. It is straightforward: "Tianhe Star is only an administrative star under the small country of Tianchen, but because of its geographical location. Uncommon, it is the closest human administrative star from the funeral star, so it is of great significance."

"The funeral star field is not only rich in the origin of the star nuclear, but also from the third universe to the universe of the first universe, the wormhole, also in the depths of the funeral star..."

"Although the Emperor of the Emperor said that the current reputation is Zhenglong, but after all, there is no territoriality, if it can get the Tianhe Star..."

Speaking of this, Naples once again shook his head and sighed, apparently it was not able to take this opportunity, and could not take the opportunity to win the Tianhe Star, quite sorry.

"How do you know that Tianhe is not the prince?"

Because of this rescue operation, Naples and his military forces have already been branded with the entire Emperor Xuanzi, and he himself is indeed a heart to follow himself. Ye Xuan also regarded him as his own. There is nothing to avoid between words.

With a grin, Ye Xuan then said: "Don't forget, Bai Zhengjun and Zhao Long are able to control the military and political power of Tianhe, not only because of their own ability, but because they have people behind them."

"In the dusty country, the sky is a star, the Zhao family is not small, and Bai Zhengjun also has a son who is a key member in the country, so..."

Having said that, Ye Xuan's mind suddenly remembered the 10,000 federal powerhouses he had let go from the bottom of the black mosquito star.

Among them, there is a small part of the aristocratic son of the Tianchen country and even the top.

Before the guys left the black mosquito star, they all swear by the league. If they want it, they can only obey...

Chapter 3065: First order of the planet

What's more, with the general trend of Xuan Huangzi, I am afraid that Ye Xuan will not look for them. They will take the initiative to come over and hope that they will make a smooth leap forward through the Dongfeng trend of Xuan Huangzi.

Picking two from these guys to control Tianhe is the best strategy.

No one knows that they have a relationship with Ye Xuan. As a result, Tianhe Star not only got it, but also avoided the previous incident of Xuan Huangzi, but it was suspected of seeking personal gain.

Thinking of this, Ye Xuan mysterious smile, this time going to Tianchenguodu, it seems quite a bit interesting...

At present, both Bai Zhengjun and Zhao Long have been solved. If you don't give Xuanyuan Ziyan a confession, the time will be long, and it will be harder to explain in the future.

Therefore, after dinner, taking advantage of the opportunity to take a walk, Ye Xuan decided to take the matter out of the matter, without any concealment, 1510, are the truth.

As a 100,000-meter, that is, a 100-kilometer-diameter starry fortress, not only the number of layers, but also the area of each layer is very broad.

Even the top-level command module has a leisure area of more than ten kilometers.

The fortress bulkheads around this area are all one-way transparent, and there is nothing to see from the outside. From the inside out, it is the starry sky.

This area is a relaxing area for the top-level command cabin officers and soldiers. It is like a resort area, a lot of tropical rainforest plants, natural beach pools, and some open-air bars.

At this time, Ye Xuan and Xuanyuan Zijing walked in this area, and the surrounding environment gave them an illusion, as if they were in a resort area inside an administrative star, not a starry fortress.

The two did not walk in the crowded areas, but walked in the secluded rainforest.

Xuanyuan Zijing seems to be aware of something, has been silent, Xiaofenquan slightly lightly held, a little nervous, Ye Xuan has not mentioned the green radish, she can not be unaware.

"I must have guessed it, green radish she... oh!"

With a sigh, Ye Xuan took everything that happened on the day.

Finally, he said: "When the green radish was guessed by a tyrant, it was too late to prevent it. It was too late to react. What made me guilty was that at the time, in order to delay the time and wait for the opportunity to escape, I deliberately cast the spiritual power of the devil. Come out, be tempted to guess, let him treat me as a demon..."

"And this happens to make the green lord misunderstand. She was slain and killed in the next moment, and it was degraded and degraded by a huge trusted person."

"This is my biggest guilt!"

Said, Ye Xuan once again cast a magical power of the devil, turned to look at the Xuanyuan Zixiao, who was stunned by the side, smiled bitterly: "I know this is difficult to understand, but I also found it because of chance. The method can absorb the spiritual power in the brain of the devil, and thus condenses a spiritual source of the demon in the brain. If not, I cannot survive in the devil's field."

"Ugh....."

Seeing that Ye Xuan showed the magical power of the demon in front of himself, this is a huge secret. Ye Xuan's move has shown sincerity.

Thinking of this, Xuanyuan Ziyang sighed and shook his head, smiled bitterly: "Forget it, this thing is no wonder you, you can survive in that situation, it is not easy, if you have the spirit of the devil" The power to confuse the other side, I am afraid that it was also degraded at the time. Green Luo grew up with me, she is also an orphan, and now I am gone, at least... no family's pain, I believe she knows the truth in heaven, will forgive you of."

"After all, no one can do better than you!"

"Baze is still alive, just in the Balewind, and he has been conquered by me and became my demon slave. During this time, I have not used him to do things for me, that is, I am worried that I will give birth to it. Point to the servant's feelings, then I will not bear to kill him..."

"He, I have specially reserved for you. When you turn back, you will be handed over to you. You...reported your hand for the green radish!"

"You... can you convince a black hole of the nine-order existence as a slave? Then what is your repair?"

Although Ye Xuan has already revealed the pet beast of the \*\*\*\* prince, the \*\*\*\* prince is the supreme existence of the original point, but it is a mosquito.

Conquering a mosquito and beast as a beast, and conquering a demon as a slave, the meaning is completely different. Even if the mosquitoes and animals have given birth to some intelligence, can they have the wisdom of the devil?

Therefore, to accept a black hole in the ninth-order grand perfection of the demon as a slave, than to conquer the first-order mosquitoes as a beast, and let Xuanyuan Ziyang shocked.

Her face was full of sorrow, and turned to look at Ye Xuan, full of incredible meaning.

"If I say that my true cultivation is the satellite's nine-order grand perfection, um, after reaching the sky dust star, it will be the first step of the planet, because I will retreat after a while."

"In addition, I am not a Xuan prince, I am Ye Xuan..."

Having said that, Ye Xuan's words were a bit of a look, and he looked at Xuanyuan Ziyang with some eccentric look. Then he said, "You are my friend, I don't want to lie to you, say these... Do you believe?"

"I believe you are strange! You can get from the satellite to the first stage of the planet when you close it once? You are my three-year-old girl?"

Xuanyuan Ziyang immediately turned his eyes, his face was red, and he glared at Ye Xuan with a charming look: "You are a big bad guy, and said that I am a friend, but I still have a left sentence and a right sentence. You, did you lie to me before? I'm a bad guy!"

After that, Xuanyuan Ziyang first hangs, and the small broken step runs away.

"Oh... this girl, looks like a little bit of the rhythm of Chunxin! It won't fall in love with this prince? Heaven and earth conscience, handsome is handsome, but I really haven't planned to start with her!"

Looking at the back of Xuanyuan Zixiao's shyness, Ye Xuan made a joke, and then he shook his head and smiled: "The truth is always no one believes, this is what the world is. Hey, weird The blame is really great..."

After dealing with the green radish, Ye Xuan's state of mind suddenly became clear, and the stagnation that had been left in the heart disappeared completely.

This is why he said that he will carry out retreats later.

This kind of great change in the state of mind is the most easy to trigger a breakthrough in the realm of cultivation. This kind of thing, Ye Xuan has already encountered twice before, and it is quite a experience and experience.

In addition, he invested a lot of star nuclear resources at any cost, and the phagocytic system efficiently helped him absorb and absorb. A retreat in exchange for a small-order breakthrough is really nothing.

Although Xuanyuan Ziyang could not understand and accept, for Ye Xuan, this is purely normal.

After returning to his own cabin, Ye Xuan even began to practice retreat.

It takes about two days to reach Tianshixing, and it is enough for a retreat.

Chapter 3066: Sky dust star

One day later, when he finished this practice and opened his eyes, the familiar system sounds in his mind also sounded at the right time.

"Hey, congratulations to the host, the realm is elevated! The current realm: the first step of the planet!"

Ye Xuan clenched his fist and smiled silently.

The planetary environment, the fourth realm, is not a weak person when it comes to the planetary environment. After entering the starry sky, he finally entered the planetary environment.

After walking out of the cabin, the face-up in the top-level command cabin lounge area of the flagship fortress encountered Xuanyuan Ziyang.

Ye Xuan waved his hand in excitement: "Look, Zi Yan, I said it, once I retreat, I can break through. The Emperor is now a planet first!"

Xuanyuan purple stunned, his face immediately red: "big scam! Tune me, stinking..."

Ye Xuan even stopped, until Xuanyuan Ziyan ran away with a shy face, he still could not react.

Heaven and earth conscience, this prince is only presenting a fact, when has it become a big scam?

In addition, teasing her, stinking, what a ghost? Can you tell the truth in this world?

On the side, Naples took all of this into the eyes. After the transfer, he exchanged a look with the two generals of the generals. The three men all smiled mysteriously.

"The Xuanyuan family is only one of the three empires under the imperial dynasty, a large family of Emperor Tiandi, but the Xuanyuan family manages the genetic culture fluid, which is not trivial."

"Yes, although they can't get out of the nine-grade liquid, the eight-grade liquid is the heavy one. Among the three empire, there are not many families that can get the eighth-grade liquid. The Xuanyuan family's shackles are matched with the Shangyu Xuan. The emperor!"

"The key Xuanyuantou is also really good. If she can come together with the emperor, the Xuanyuan family will definitely assist the emperor. This time, the emperor will return to the emperor, and will pass through the Emperor of Heaven, and I will wait for Yucheng!"

"The general assured that he would return to the Emperor of Heaven, and I personally went to the Xuanyuan family..."

The three guys headed together and plotted together to conspire, and the matter was settled in a few words, but the party Ye Xuan was kept in the drums, completely ignorant.

Half a day later, Tianchen Star, finally arrived!

.....

Tianchen Star is one of the three empires of the dynasty, a small country in the Tianming Empire, and the national star of the Tianchen Country.

Although the three empires under the imperial dynasty are all imperial systems, they are not among the small countries within the three empires.

Some small countries are monarchy, others are federal, and Tianchen is the former, and the monarchy is centralized.

The star field in which Tianchen is located, called Tianchen Star, Tianhe Star, is an administrative star of Tianchen, but it is located on the edge of Tianchen.

As a small country, Tianchen is a monarch who is placed in the Emperor of Heaven. In fact, it is nothing. A big empire, such a small country has gone.

If it is a dynasty placed on the empire, it would be nothing. A Samsung general of the dynasty, the monarch of this small country, in front of him, can only be accompanied with care, the atmosphere is not Let's breathe.

Therefore, after all the events that happened on the river star returned to the sky dust star, the dust monarch was scared to pee on the spot.

The iron-and-blood means of the Emperor Xuanzi made the whole Tianchen star stunned and everyone was at risk.

After all, Tianhe Star is an administrative star of Tianchen, and Bai Zhengjun and Zhao Long are all appointed by the Tianchen State. I really want to say that they both murdered the Emperor Xuan on the other side. The monarchs of the Tianchen Kingdom cannot say that they have no responsibility at all.

What is more serious is that even if Xuan Huangzi does not intend to pursue this matter, Tianchenguo may not be able to avoid this.

On the other side of the Emperor of Heaven, it is necessary to please the Emperor of the Emperor. This happened. One day, the dusty country was taken by the Emperor of Heaven as a victim of the prince, and the consequences would be unimaginable.

Fortunately, the emperor immediately left the Tianhe Star, and came to the Tianchen Star. The reaction of the Tianming Empire was not so fast. Now the Emperor's fortress fleet has arrived. If the Emperor's position is no longer pursued, then the day. On the other side of the imperial empire, nature will not go deeper.

Even if you want to please the emperor, you will find another way.

Therefore, for the Tianchen country, this time Xuanhuangzi descended to the sky dust star, they must all make every effort to make the emperor's appearance, and pardon their crime of oversight.

Otherwise, it's just the Emperor of Heaven, and they don't want to live in peace. There must be punishment...

For this, in fact, Ye Xuan was also expected, so, in his opinion, when he arrived at the sky dust star, the monarch of the Tianchen country, in this matter, must have been confessed.

However, the size of the show that the other party made was still a big jump to Ye Xuan.

This time, the five star fortresses are still in the void outside the atmosphere of the sky dust star. The people who walked out of the flagship fortress are still like the Tianhe Star, only 30 people, less than Ye Xuan and Xuanyuan. Neapolitan and his two major generals are headed by the staff of the dignitaries, while the rest are some guards.

Outside the atmosphere of the sky dust star in front of the line of sight, a large figure of black pressure, in addition to the welcome team made by the dust monarch, there are nearly 10,000 people in the void into a large piece.

Among them, men, women and children, it is the family and confidant of the Bai family and the Zhao family.

They were all \*\*\*\* by the Heavenly Dust Monarch and brought out the atmosphere of the sky dust star.

This is clearly the rhythm of sincere and sincere sin to the Emperor Xuan, all the Bai family and the Zhao family, regardless of whether Bai Zhengjun and Zhao Long are guilty, are all regarded as victims.

Ning is wrong to kill, do not miss it!

"Welcome to the Prince to drive..."

Just as Ye Xuan saw this kind of shackles, when the brow was light and wrinkled, the large black people in front of him were all smashed down, including the monarch of Tianchenxing and a group of heavy ministers.

It's probably not the case that the Emperor's royal prince's esteem has reached the three empires. The emperor is also a dynasty's minister, not to squat, but in a small country under the three empires, this small monarch faces the dynasty. The emperor, but it must be kneeling.

"These are the people of Baijia and Zhaojia?"

Ye Xuan stood in the void, raised his hand and said, the sight has been transferred from the tens of thousands of sinners to a bloated Tianchen Guojun: "Grandfather, get up and talk, everyone will get up. The Emperor doesn't like this one!"

"Don't dare, you are an adult, you are an adult..."

A monarch of the monarch, scared the cold sweat of the forehead of the dusty king of the country to take off, and when he got up, he quickly hurriedly politely.

"You all get up!"

Ye Xuan did not go to pick up the words of Tianchen Guojun, but turned to the more than 10,000 Baijia and Zhao family members who still crouched in the void, and then said: "Bai Zhengjun and Zhao Long are both dead and dead. The reason why Tianhe Star has cut so many people is because those guys are involved..."

Chapter 3067: Receiving a hand cramp

"But these white families and Zhao family people, I see a lot of women and children, how can it be related to this matter? Are scattered!"

"A sinful person, the dynasty will not tolerate, but innocent people, even if they are sinners, can not be indiscriminate, or the imperial law can serve the public?"

"Between these two families of Bai Zhao, if there is an official position, you can check whether there is a crime. If a sinner is on sin, if there is no sin, then there will be other unofficial servants. Let it be put together. The emperor is not a killer."

"Tianchen Guojun, don't you miss the reputation of this emperor..."

In the last sentence, Ye Xuan's voice turned sharply, and the scared Tianchen Guojun was all stunned. He quickly dared not even dare, and then according to Ye Xuan's instructions, he sneaked around the Tianchen national soldiers and put it there. The Zhao family and the white family were scattered.

Of course, it is brought into the interior of the sky dust star. Next, according to the requirements of the Emperor Xuanzi, check whether the two officers with official positions are guilty of crimes.

As for those acquitted officials and the other two servants, the Tianchen Guojun obviously did not dare to come again. He can see it. This time, the flattering has been photographed on the horse's leg. Xuan's son is righteous, not the kind. This is what he admires.

In fact, Ye Xuan's words and actions were unexpectedly surprised by the two teenagers' confidants in Naples and behind him.

Generally speaking, in the face of this situation, anyway, people are not caught by the Emperor Xuanzi himself.

However, Ye Xuan has gone against the other way. Once this matter spreads, the prestige of Xuan Huangzi will obviously take another step.

All of this, whether it is the deliberately for Xuan Huangzi, or his heart is originally the same, is to be temperamental, just this point, enough for Neapolitan and his majesty, more eager to follow Xuan Huangzi Hit the world.

Such a master, either dare or brave, or resourceful, do not follow him, who can go with?

Even Xuanyuan Ziyan, at this moment, staring at him behind Ye Xuan, for a long time without a word, but in the middle of it, there is a glimpse of the gods, she can see it, all this is the heart of Ye Xuan. It is precisely because of this that Xuanyuan Ziyan's intention to the curtain of the Xuan prince is distinct and strong.

At the thought of this, Xuanyuan Zizi was a red face, a sip of a sip, and whispered with a voice that only she could hear: "Big paper! It's really stinking when I catch the opportunity and sneak a guy back... .."

If Ye Xuan heard the ear, I was afraid that the anger would be fainted on the spot. When the woman did not make sense, it was really invincible!

With a large number of Scorpio sergeants dispatched, they originally crouched and thought that they would be robbed again today. In all likelihood, they would be the same as the tens of thousands of people outside the atmosphere of the Tianhe Star two days ago. The people of Bai and Zhao, all of them, all started up, and they all looked like accidental colors, and went to the sky and dust stars one after another.

Among them, some people are expressionless, while others are grateful. Xuan Huangzi has such a great meaning to let go of the opportunity of Zhulian, and no one can be indifferent.

No one noticed that this is especially special among the two families of Bai and Zhao.

One, full of hatred of the sky.

One, but it is like the Xuanyuan purple, exudes a sacred color, the meaning of the concealed...

.....

The affairs of the two family members of Bai Zhao are just an episode.

Soon, Ye Xuan and others entered the Tianchen Star under the heavy dust of Tianchen Guojun and Tianchen.

Although the dusty king was photographed on the horse's leg, the effect was actually similar to that of his attempt. It can be said that the words of Xuan Huangzi's talented person can basically be regarded as a statement. For him, the crisis has been lifted.

Lianxuan Huangzi didn't care about it. Tiandi Emperor couldn't continue to entangle the matter. I really want to take this matter and continue to make a fuss about the Xuan Huangzi. I am afraid that the result will be another shot on the horse's leg. .

Therefore, the mood of the Tianchen Guojun at this moment is very pleasant. Although the process is beyond his expectations, the ultimate goal is still achieved, and the adverse effects of too much killing will be avoided. .

The ending is perfect.

All of this is given by the great righteousness of the Emperor Xuanzi. At this moment, including the dynasty and the ministers of the Heavenly Kingdom, for the Emperor Xuan, it is a heartfelt gratitude and admiration, all served!

This time, Ye Xuan did not intend to stay in Tianchen for too long, going to the wormhole entrance of Emperor Tiandi, in a void from the sky dust star, the original fortress fleet went straight there. The reason why Ye Xuan's sole purpose is to just come to Tianshi Star.

In order to hold the Tianhe star in your hand and stay here for a short time, there is no way to do it.

After entering the sky dust star, the Tianchen Guojun directly arranged Ye Xuan in the palace, but Ye Xuan refused, and chose the pavilion outside the palace.

That night, nature was inevitably a grand dinner, and Huang Shulong Tianba still couldn't see this small country, so it still didn't appear.

After the dinner, in the pavilion where Ye Xuan was settled, some of the dignitaries of the Tianchen Country began to give gifts, including representatives of the Tianchen Guojun.

This night, it is said that it is not an exaggeration to receive hand cramps.

However, it is not Ye Xuan, but a wretched mosquito.

Ye Xuan put this guy out. This kind of scene, let him deal with it is the most appropriate, and the wretched mosquito is a devil, but the appearance is no different from human beings, no one will explore his god. Not to mention that he still has the power to shield, so Ye Xuan is not worried about his identity leaks and the like.

In fact, even if it leaks, Ye Xuan said before that he has conquered a lot of magic slaves in the Devil's Star Field. This will eventually be exposed one day, sooner or later.

There is absolutely no need to deliberately cover up anything.

It was night, Ye Xuan and Naples negotiated some things in his palace, and they were chatting. The door suddenly opened and pushed away. The red-faced Xuanyuan Ziyang walked in and held a book in his hand. Something like that, the bit of the squatting on the coffee table in front of Ye Xuan.

Then, Xuanyuan Ziyang squinted at him, his face was shy and fascinating: "Big scam! Don't be shameless? You can't forget your own hooligans. Actually, your old slaves are also sent to play Miss Ben, you... ...shameless!"

After that, Xuanyuan Ziyan turned red and turned and fled, but in the middle of it, there were some sneak peeks. Before the wretched mosquitoes sent the books, they said a word: This is the gift list received tonight. Please master the mother!

It was this sentence that made Xuanyuan Ziyan's heart smack at the same time, but he immediately became ashamed and flushed.

Big lie paper! More and more shameless...

Chapter 3068: Emperor Tiandi

Xuanyuan Ziyan is actually quite useful for the mother who is called in the mouth of the wretched mosquito. But the restraint of the little daughter's family makes it really impossible for her to be indifferent to these two words, and there is no reaction at all.

So, this is the time to pinch the book and come to Ye Xuan here...

When Xuanyuan Zijiang just walked, the wretched mosquito and murderer touched the head and looked at the dumbfounded Ye Xuan. He asked carefully: "Master, the mother is swollen? I didn't do anything on the book of the book." what....."

Next to it, Naples was stunned, and the black line of the forehead instantly climbed out, watching the wretched mosquitoes, and it was the color of admiration!

This old man, the real cow!

The big yellow niece of the family, the first time they met, even the main mother was called.

Thinking of this, Naples seems to suddenly think of something, and thoughtfully turned to look at Ye Xuan, the middle of it is clear and complex.

There is a master who must have his servant, this old man is old and wretched like this, and all the performances of the past just take it for granted, as if he has been used to it in general, it seems that this prince, in this way... quite habitual !

"I rely!"

Feeling the unique dawn of Naples, Ye Xuan suddenly realized his heart, his face was blackened by the naked eye, and his mouth burst into a thick mouth, and then he summoned the caller to the innocent mosquito at the door, gnashing his teeth: "Come on! Come, I promise not to fight you!"

"Hey, master, I still give the mother a soup, I will go and see the fire..."

The wretched mosquitoes and the neck were shrunk, and the whole person slammed in an instant. They found an excuse, and turned around and ran away.

Faced with all this, Ye Xuan was stunned.

Is this... can it be a demon slave?

.....

The next day's luncheon was actually a feast of banquets. It was held in the National Banquet Hall of the Tianchen Country. In addition to the Tianchen Guojun, some of the giant valves of the Tianchen Kingdom were also accompanied by the entire state banquet hall. There are dozens of tables in total, and the scene is not huge.

This is exactly what Ye Xuan asked. He expressed his intention to Tiandi Guojun yesterday and then set off for the Emperor of Heaven. He also hinted that before leaving, he intended to make friends with the younger generations of the Tianshui Kingdom. The meaning of arrogance.

In this regard, Tianchen Guojun is naturally happy, and did not think much, after all, Xuan Huangzi is also a young man, like to make some young peers, it is understandable.

Then they issued instructions and relaxed the conditions. Some of the famous high-ranking people of Tianchen Xingguo can bring a proud son of two people to dinner.

At the moment, the luncheon has arrived.

After entering the banquet hall, Ye Xuan looked around, dozens of tables and more than a thousand people, but there are really some familiar faces. About three or forty. It was the existence of more than a thousand federal elites who had been released from the fortress of the Black Mosquito.

After all, this dusty country is a small country closest to the funeral star field. Under this circumstance, only a few dozen federal elites rescued from the black mosquitoes belonged to the dusty country. This ratio is actually It is already very small and very small.

These guys, I didn't know that Ye Xuan was the identity of the emperor's emperor. Therefore, for Ye Xuan's many treasures and their deputies, they have always been quite confessed.

But now, with the identity of Ye Xuan, the prince of the prince, being publicized, they are not talking about each other, but they are almost the same.

In their view, Xuan Huangzi's original oath was clearly a test for them. Otherwise, why should Xuanhuangzi be the same?

At this moment, I saw Xuan Huangzi again in the National Banquet Hall of this dusty country. These guys were all excited all of a sudden, but the environment was limited, and they could not take the initiative to go to see the Emperor Xuan, otherwise they were afraid that they would have been alive. All came up.

These dozens of people, basically all of them are the ancestors of some of the family members of the Tianchen country, or important figures in the family. Ye Xuan will have their body shape in the eyes, and at the same time they have also issued a ditch to the phagocytic system. , the search and investigation instructions for the background of these guys.

Soon, he chose two families as his family to control the Tianhe star. Of course, all of this is not necessary, and outsiders can't see any shackles, but Ye Xuan and them are between each other. I know it well.

It is absolutely impossible to help the two families, but the other party does not appreciate it, but instead considers the Tianhe Star as its own private territory.

Such an IQ is also unlikely to qualify for today in the hall of such a national dish.

These two families are the Wang Family and the Li Family of the Tianchen National Capital. The two masters were the ones who were rescued by Ye Xuan in the black mosquito star scout fortress. At this moment, they all looked at Ye Xuan with their eyes wide open. .

"Hey? The two brothers are unrecognizable, and the heavens are full. At first glance, they can bear the heavy responsibility of the people. The monarch is just like the Tianhe Star. There are no people in the military and political circles. There is always no vacancy."

"This is because of me. The prince can't completely ignore it. If it can't be decided before leaving, I am afraid that my heart will always be concerned."

"It's rare to see two extraordinary young people in this banquet hall today. If it's the star of the river star and the military commander, how would they be the two?"

As he spoke, Ye Xuan raised his hand and pointed at the past to the Wang family and the Li family.

The two people were shocked, and the excited nosebleeds flowed out on the spot. Although it was really pretty, it was a bit unsightly.

However, the Emperor Xuanzi said that the two of them looked strange, the heavens were full, and the high-rises of the surrounding countries could not help but look at it.

Not to mention, this look, it is really more and more people think that these two people are quite pleasing to the eye, anyway, the star of the Tianhe Star and the military commander always need someone to take responsibility, who is not giving these two fats?

It is a good thing to be able to sell this face of Xuan Huangzi. It is definitely a good deal to make a profit.

I thought so, even if the dusty king took a board on this matter, then the Li family and the Wang family would have been pacing and flying.

The younger family of the family was lightly used as the military commander of the star of the Tianhe Star. The entire Tianchen country was afraid to find such a promising young man. More importantly, it was all over the immortal dynasty. The meaning of this point is unusual, as the princes of the sacred princes have personally appointed.

The future of the two young people is just around the corner!

After the luncheon, Ye Xuan and Naples and his grateful Li Shaozhu, Wang Shaozhu and his three aunts and six princes sneered a few words, and they fled back to the fortress fleet outside Tianchen, and went straight to the wormhole. , embarked on a trip to the Emperor of Heaven.

This goes, in the case of Xuanyuan Zizi, it is also the way to return home...

Chapter 3069: This is a family feast

The Heavenly Empire, one of the three great empires under the Third Cosmic Terran Science and Technology camp.

Under his majesty, countless small countries, under the small country, there are countless administrative stars. It can be said that the territory of the Tianming Empire is simply boundless.

The emperors of the three great empires, although foreign ministers, belonged to the existence of Fan Wang in the entire immortal dynasty, and their status was extremely detached.

Even the Emperor Xuanzi and the immortal army of the Empire, the admiral of the fortress of Naples, arrived in Naples. Although the emperor of the Heavenly Empire is also in need of good display, it basically only belongs to a superficial gesture on the table. of.

But to say that the emperor of the Heavenly Empire will be like the monk of the Heavenly Kingdom, and he will be devout to the aunt of the Emperor of the Emperor of the Emperor of the Emperor of the Emperor of the Republic of China.

After all, it is one of the three kings of the dynasty. No matter the status or the authority held in the hands, it is not a Samsung general of an immortal army, or a popular emperor with no real power.

On the other hand, the Emperor's Dragon Tianba, the attitude of the Emperor of Heaven, must be put a low-key. After all, Long Tianba is the emperor of the immortal emperor.

Here is a point that must be explained. Today's immortal emperor, ranked eighth among the many brothers, is the last eight emperors, so whether it is the emperor or the emperor, the dragon and the tyrant, it is actually immortal. Emperor's emperor.

Of course, the uncle here is only relative to the generation of the Emperor Xuanzi. On the Dragon and the immortal emperor, there is also a generation of emperors, who are relative to the immortal Emperor. It belongs to the real old-fashioned existence of the immortal royal family, and it is extremely terrifying to cultivate strength.

Under normal circumstances, there have been few appearances, all of them are in retreat, and they are in the heart, but the Enlightenment Avenue!

For the advent of the fortress fleet, the emperor of the Tianming Empire originally had no need to show up. Only a few imperial royalties and ministers were enough, but since the Emperor Dragon Tianba was also in the fleet, it was always in the sky. There was an appearance of the emperor of Heaven, and it was rare to go out and show his face at the banquet.

On the surface, Emperor Tiandi is a middle-aged strongman who is close to Pentecost, with a national face and a majestic face, but his actual age is obviously far more than that.

At this point, no one will go too far to care about it. Under the background of the starry sky, the average number of ordinary citizens has reached nearly three hundred. The number of life of the monks is even more needless to say. The star-studded strongmen come out, all of them are millennial old demon, some of them are extremely powerful, and they have already had a long life of tens of thousands of years, which is a common thing.

Although Emperor Tianming was exposed, he did not accompany him for too long. He only took a cup of tea and left.

Just before he left, he stared at Ye Xuan with a deep gaze. The time spent in the twilight stayed for more than three seconds. This is extremely unusual, and Ye Xuan, who originally belonged to Xibei, suddenly jumped. Quite a sense of dim sum.

Fortunately, Tiandi Emperor did not say anything, and quickly regained his sight and turned away.

This matter, Ye Xuan grinded a bit, I think there should be no other problems, perhaps this Tian Ming emperor is only slightly curious about Xuan Huangzi's recent day, so he only looked at it.

No deep meaning!

Therefore, the matter was quickly thrown behind him.

The banquet was held at the National Banquet Hall of the Imperial Palace. The scene was also very grand. After the banquet, Ye Xuan and his entourage were arranged in the Imperial Pavilion outside the Imperial Palace. This is the imperial hospital for the most distinguished guests. Ye Xuan is the emperor of the emperor. Naturally qualified to be here.

When the fleet arrived at the Heavenly Star, it was the morning, so the welcoming banquet was a luncheon.

What surprised Ye Xuan was that he and the Neapolitan generals, Xuanyuan Zijing and the wretched mosquitoes returned to the emperor's pavilion shortly after they returned to the emperor's pavilion. They received a new feast, and someone came to invite him to a feast.

On the banquet, there is the family logo of the Xuanyuan family. Seeing this logo, Ye Xuan can't help but smile. This luncheon is afraid that it won't work. If you don't, you have to give Xuanyuan Zizi a face.

The reason why the Xuanyuan family sent a feast so quickly, this matter is actually related to Naples. His two major generals' confidants did not participate in the state banquet in the Imperial Palace of Heaven, and went to Xuanyuan after the arrival of Tianxingxing. family.

On behalf of Xuan Zizi, I sent a big gift!

Previously, because of the relationship between Xuanyuan and Zijing, the Xuanyuan family had decided to fully support the Emperor Xuanzi. Later, with the prestige of Xuan Huangzi becoming more and more popular, the Xuanyuan family was even more gratified by the original decision. Today, Xuanhuangzi definitely belongs to The incense of countless families vying for piety.

Not to mention the family of the three emperors, it is the immortal star of the immortal dynasty, those dynasty families who have not yet relied on a certain emperor, have been on the sidelines, after Xuan Huangzi rushed to the list I also feel that I have already arrived at the team.

Under this circumstance, Xuan Huangzi will be descended on the sky, and Xuanyuan Zizhen has always been with him, and entered the first universe twice, not mentioning the emotion between the two, just this great credit, just Let the Xuanyuan family sneak in the heart.

Originally, the Xuanyuan family was still considering what kind of attitude should be used to contact Xuan Huangzi, but with the visit of the two immortal army generals, the question was no longer an issue.

As the imperial prince of the dynasty, as soon as he arrived at the sky, he sent a big gift to the gods. This is clearly the rhythm of the dowry!

With the advent of the two major generals, the entire Xuanyuan family is just like the Chinese New Year celebrations. The patriarch Xuan Xuan is the father of Xuanyuan Ziyan. When even a series of instructions were issued, the entire Xuanyuan family moved. Time to prepare for the wedding.

The reason why it is a wedding banquet is because the entire Xuanyuan family is full of lights, and the red hi-words are everywhere, and there is almost no difference between them and the newcomers.

Of course, Xuan Huangzi is the emperor of the emperor. Not to mention that it is a real happy event. It is a matter of engagement. In the absence of a representative of the dynasty, the Xuanyuan family did not dare to do it privately.

However, although the wedding banquet and the engagement banquet can not be officially established, in the form of the surface, it is possible to make such a show.

As a result, everyone knows that although the formal wedding banquet, this is equivalent to the half-opening of the marriage between Xuan Huangzi and Xuanyuantou.

All these arrangements, even Xuanyuan Ziyan do not know, not to mention Ye Xuan.

After receiving the feast and seeing the logo of the Xuanyuan family above, Ye Xuan suddenly shook his head and smiled: "This has just finished a meal, and immediately came back for the second time, and it is not enough." It's a mess..."

Hearing the words, the wretched mosquitoes of the ghosts and brains immediately came together, squinting and laughing and saying: "Master, not the same, just a feast, now this meal is a feast, no less!"

Chapter 3070: May be my brother

When I heard the words of the wretched mosquito, one of Naples's glimpses, I was shocked to be a man of heaven. This old guy is so powerful, swollen, what do you know?

However, Ye Xuan did not think too much. He turned a blind eye and directly ignored it. The wretched mosquito swallow is now getting worse and worse. Sometimes, with a word, he can suffocate him to the root of his teeth.

Ye Xuan made a cares in his heart. This time he returned to the immortal star and handled everything properly. After thoroughly stabilizing, he must take time to dissect the old guy inside and out and study the problem. Where is it!

Just at this time, Xuanyuan Zijing has been invited, I heard that the Xuanyuan family's feast has arrived. This girl immediately stunned and then took the feast from Ye Xuan's hand. After glanced at it, the face The look on the top is even more eccentric.

"There is also the logo of the Xuanyuan family? Is this too formal? Generally speaking, the post with the logo represents the wishes of the Xuanyuan family leaders. What am I doing?"

After two sentences, Xuanyuan Ziyan didn't know what to think, and his face suddenly became red. He threw the feast in his hand to Ye Xuan's hand and snorted: "Have you just eaten it? Can you still eat it?" In my opinion, still don't go."

"How come that?"

When Ye Xuan even shook his head, he took it for granted: "Have you just said it? The post of the Xuanyuan family logo is printed, but it means you are embarrassed, others are down, uncle, please. Do you have a reason to not go? Don't just say that you have just eaten half full, and the light has gone, it is the belly that is bursting up, this luncheon is also a must."

The reason why Ye Xuan said this is not a slick tongue.

On the one hand, his time to enter the starry world is not too short, but it is not long, and due to special reasons, most of the time is in the enemy's back, which led to his entry into the starry sky. There are very few friends who have met each other. Basically, there is only one Xuanyuan Zi.

In this case, the family members are warmly invited, and Ye Xuan naturally cannot be scornful.

On the other hand, because of the green radish, Ye Xuan always has a sense of guilt about Xuanyuan Ziyan, so in this matter, the attitude is lower, it is also subconscious.

Of course, this does not rule out that a little bit of Ye Xuan is quite a good feeling for Xuanyuan Ziyan, but this last reason, perhaps even his own feelings are not particularly clear.

And Ye Xuan's answer at this moment, in the ears of Xuanyuan Ziyan, is obviously quite useful. Compared with Ye Xuan's affection for Xuanyuan Ziyan, it is not particularly clear. Xuanyuan Zizhen's side is against Ye Xuan. The good feelings, but the perception is extremely clear.

Therefore, Ye Xuan's attitude is seen in the eyes of Xuanyuan Ziyan, and she is happy in her heart.

It's just that my daughter's family is shy and her face is thin. Even if she is happy, she may not be able to show it too easily. Sometimes she will say something more.

Just like now.

"You still have some conscience. But this is your own decision..."

Although the heart was smug, Xuanyuan Ziyuan turned up his eyes, and Chong Yexuan said: "When you hold it up, don't blame me."

Ye Xuan naturally also saw that this is the attitude of the little daughter's family. In addition to shaking her head and laughing, it is speechless.

Because it was a private banquet, this time I went to Xuanyuan's house. There were no squadrons in Naples. There were only four people in the line: Ye Xuan, Xuanyuan Zijing, Naples, and Ye Xuan's personal butler wandering mosquito.

After the four people went out of the emperor's pavilion, they rushed to the Xuanyuan family. Xuanyuan Zijing was just going home, and she was familiar with the road.

The performances of Ye Xuan and Naples are also normal. Only the wretched mosquitoes behind the three people, the three men did not turn their heads and looked back, the slaves disappeared without knowing it, and they stood tall and shook. Eight-step step, just take the folding fan in your hand, and shake it one step at a time.

Fully is a pair of me, the grandfather's posture, the Ye Xuan who walked in front of him, but it was like a little sister and son-in-law who wanted to open the way for him.

Ye Xuan is an immortal dynasty prince, and his prestige is in full swing. It can be said that this is a reddish thing. It is a wretched mosquito and a tortoise. I was surprised by the black mosquitoes in the Devil's Star Field. Sub-identity and deliberately swaying, foxes and tigers.

Now that I have arrived at the Terran, I find that I can make my own qualifications seem to be a lot bigger. As long as Ye Xuan turns around, his old man's first sinful virtue can be transformed into an incomparable one.

Of course, this old goods also knows that if Ye Xuan turns to see his current appearance, it is definitely the rhythm of the fight on the spot, so on the side of the chest, shaking the eight-step, wretched mosquitoes The pair of triangle eyes, but always have a lock on the back of Ye Xuan.

Once the situation was found to be wrong, Ye Xuan had a tendency to look around, and immediately had a chest bend, and the slave was back like a blind eye.

Of course, the one that locks Ye Xuan's back is only one of the triangle eyes. As for the other one, it is turning around and swaying around, looking for any object that can make him show off his superiority.

This kind of skill is estimated to be no one except him!

Soon, Xuanyuan's family arrived, and far away, Ye Xuan saw a bright red festive scene at Xuanyuan's home. He suddenly rushed to the Xuanyuan Ziyan next to him: "Your home... today Who is married?"

"what?"

Xuanyuan Zijing is also a misty water. After a moment of smashing, this is not surely replied: "Maybe... my brother."

"That's a good gift, or it's too rude."

Ye Xuanyi smiled and turned his hand to take out a space box from the immortal world of the body. After taking it into the hand, he opened it and saw that the nine baby nine-level nine-color star nucleus was lying quietly inside. A dreamy general look.

"This is too expensive! No..."

Xuanyuan Ziyan scared a big jump, the nine-level nine-color star nuclear source, one shot is ten, it is estimated that even in the immortal star are rare to see once, appearing in the Emperor of Heaven, even more in history .

Ye Xuan's big hand, even her is scared.

"No problem!"

Putting a wave, Ye Xuan directly settled the matter. The source of the nine-level nine-color star nuclear is indeed precious, but Xuanyuan Zijing is comparable to others. Besides, this resource has more than a hundred pieces in his hand. Later, In the Black Wind, I got another cube, a total of over a thousand, ten, and it was nothing.

A group of four people soon went outside the Xuanyuan family door. A young guy ran over with a smile and shouted his sister. He was very happy.

Xuanyuan Ziyan, who was next to her, smiled in love and seemed to like his brother very much.

It is him.

When Ye Xuan and other people approached, they handed over the space box in their hands and said a congratulation...
