

## Super D. S 307

Chapter 307: Mini giant

"Cui Linjiang, stop!"

A violent drink came.

Cui Linjiang ignored it and continued to kneel down. This time, he must kill Ye Xuan to avoid endless troubles.

This step into Ye Xuan's figure, seeing Cui Linjiang did not stop, meaning that the distance across the kilometer, flashed to Ye Xuan.

"Snapped!"

The long sword was easily caught by a pair of palms and could not be moved.

"Who?"

Cui Linjiang's eyes glanced, staring at the silhouette that suddenly appeared in front of him, and immediately, it was the tiger's body.

This person, he knows!

The first main city deputy city owner, Yang Kai.

"How could it be him?" Cui Linjiang was extremely shocked and said: "Yangchengzhu, what do you do?"

Yang opened his eyes slightly and released his hand. "Cui Linjiang, you can't shoot again!"

"Why?" Cui Linjiang asked.

"Sorry, this is the order of the city owner, I just came out to stop it." Yang Kai explained.

"Hey, he killed my brother, my deputy city owner of Yangling City, I shot, do not violate the order of the first city master?"

Cui Linjiang said, he actually crossed Yang Kai and shot at Ye Xuan. However, his sword was suddenly unable to cut down because the blade was caught by Yang Kai.

"I said, you can't shoot again, otherwise I will kill you on the spot!"

In the eyes of Yang Kai, the murderous machine flashed, and suddenly there was a mini dragon flying around him.

After seeing this little dragon, Cui Linjiang was stunned by the whole person, and he subconsciously exclaimed: "The power of one dragon, you are the power of the world?"

Awkward situation!

This is a realm in the environment of the heavens, that is, the first realm in the four realms of the gods.

Yang's mini-dragon flying next to him is the power of Yang Kai to have a dragon.

His punch can explode the whole person of Cui Linjiang.

"This is impossible, you..." Cui Linjiang exclaimed.

"Cui Linjiang, you want to say, I was only a big man in the sky last year?" Yang Kai cold said: "It is difficult, you still do not allow me to break through?"

Cui Linjiang pulled back the sword and stepped back a few steps.

A strong and powerful person can easily play 100 deaths in Tiandan, which is an example of a step into the sky.

"Do you think that if you get this mysterious beast inside the heavens, can you break through to the situation?" Yang Kaidao: "Even if your Danyuan cultivation is to the extreme, there is no condensed stone, you It's impossible to break through the shackles and break through to the power."

"Condensed stone?" Cui Linjiang said in his heart, he was the first to hear about this.

He had thought that Tian Dan's breakthrough into a dilemma was a common breakthrough. I did not expect that I needed something.

"Well, you stop, if you do it again, I will kill you on the spot." Yang Kai slowed.

Cui Linjiang is silent.

Only then, he was only half a second away, he was able to kill Ye Xuan, but suddenly a Yang Kai came out in the middle of the road.

Ye Xuan's talented Dacheng Dacheng has such strength. If he is allowed to break through to the heavens, can he not threaten him?

Such a genius must be killed in the cradle.

However, now that Yang Kai is here, and there is still a mysterious first city owner watching, he may not be able to shoot again.

"This Yang Kai is only ordered to act, it is difficult, I only shot early? Can wait for Ding Tao to die before he can shoot?"

Cui Linjiang couldn't understand the situation, but he was already warned twice by Yang Kai. If he shot again, he would definitely be the first to die.

"Damn, you give me waiting!"

Cui Linjiang roared, immediately recruited Dapeng, and then hurried away.

Looking at the back of his departure, Ye Xuan, who almost died, is also hurriedly holding a fist: "Thank you for helping the seniors!"

"No problem, I am just ordered to act, leave!" After Yang Kai said one sentence, it was disappeared in an instant, and even the afterimage did not stay.

The strong man who is in a dilemma is really extraordinary.

After he left, Ye Xuan also breathed a sigh of relief. This time, it was dangerous.

"Ye Xiao brother, are you okay?" Zheng Shuohai and others rushed over.

"Nothing." Ye Xuan shook his head.

"The old man is sorry for you, and the murder of Cui Linjiang has almost killed you." Zheng Shuohai said very embarrassedly.

Ye Xuan said in a hurry: "The predecessors were serious. At that time, the predecessors just wanted to help me."

"In any case, this is all my harm. This is a singularity. It is a gift." Zheng Shuohai handed over a Qiang Kun ring, the man who killed them.

Ye Xuan did not feel guilty and accepted it straight.

"Predecessors, that Cui Linjiang hastily left, may be to shoot on Guangjin City, you also have to go quickly." Ye Xuan suddenly said.

"Well, that leaf little brother, you are careful, you are free to sit in Shenzhou City." After Zheng Shuohai nodded, he left with Zheng Yu and others.

If the owner of Guangjin City is dead, then a new city owner must be elected.

Among the rules of Zhongzhou, it is not said that a city owner cannot have two main cities. Although the owner of Guangjin City has a slime of one or two million, the territory is a much greater wealth.

At this time, the Tengyun bird also flew away, leaving only Ye Xuan alone.

In his heart, there are still many doubts that have not been solved.

For example, why did the Green Giants blew themselves, why the transparent lapis lazuli could not be swallowed, and why the first city owner asked Cui Linjiang to stop and so on.

"Oh, devour defeat!"

Ye Xuan tried it again, and the transparent lapis lazuli could not be swallowed.

In desperation, Ye Xuan had to move in the direction of Lingxiao.

At his current speed, it takes only more than a day to get back to Lingxiao.

On the way, he also dumped the four things in the ring to the devour space, and then swallowed the treasures that could not be used.

At this time his phagocytosis has reached more than 18,000. However, he feels that there is still a long way to go before the breakthrough.

However, just after he swallowed things, he suddenly discovered a strange phenomenon.

He swallowed the forgings that had accumulated in the space, and he was missing.

"What happened, I have saved so many forged materials, how come?" Ye Xuan could not help but stop.

He sinks his mind into the swallowing space, and then he suddenly discovers that there is a small thing in the swallowing space that is moving.

It is the transparent lapis lazuli.

But unlike before, this lapis lazuli turned out to be a pair of mini hands and feet, the whole mini version of the Luyuan giant.

"The trough, the green source giant?"

Ye Xuan was shocked.

"Where, do not step on my grass, give me out!" Ye Xuan screamed, his mind was moved, directly to get this small stone out.
