

## Super D. S 308

### Chapter 308: Shi Ling

At this time, the transparent green source giant was already pinched in the hands of Ye Xuan.

"Hey! Hey! Hey! Hey!"

After the mini-giant appeared, he found himself pinned in Ye Xuan, and immediately waved the two small stone arms and patted Ye Xuan's back.

"You little guy, what is it, saying that you are alive, you can sneak in my devour space. Say you are dead, you can't swallow it..."

Ye Xuan looked at this little thing and suddenly thought of something.

That's the nut wall in the Plants vs. Zombies, but it's half a zombie, and the mold turns into a green nut.

The mini giant was pinched in the hands of Ye Xuan, very uncomfortable, constantly patted Ye Xuan's back, wanting to let Ye Xuan down.

"A little thing, can you understand me?"

Ye Xuan asked.

The mini giant blinked and looked at Ye Xuan innocently, then nodded slightly.

"I rub, can understand!"

Ye Xuan was shocked again, when he recalled the strange reaction of the Luyuan giant.

"It's hard to be done. After the green giants swallowed lapis lazuli, they couldn't consume so much energy, and they were afraid of being bombarded. So there were several rounds and thousands of green giants were born. And this mini giant is left. Under the lapis lazuli, is it changed?"

Ye Xuan thought about it.

However, these are not important. What is important is that those forged materials must have been swallowed by this mini giant.

At the moment, Ye Xuan is pinching the foot of this little giant, then turning it over and seeing if he can let it spit it out.

Be aware that those forged materials are worth at least millions of brilliant spars.

"Hey! Hey! Hey!"

The mini giant's arm waved wildly in the air, and continued to look at Ye Xuan with innocent eyes. It was obvious that Ye Xuan could not bear it.

At this time, it suddenly bent the body, and the two small arms pushed on Ye Xuan's finger and broke away.

Ye Xuan stunned for a moment, so he watched the little guy planted into the mud.

Then, the little thing climbed out of the soil again. After looking at Ye Xuan, he turned and ran.

"Eat what I ate, do you still want to run?"

Ye Xuan stepped up and grabbed it. He exchanged a small trapped animal cage from the swallowing space and threw it in.

The gap between the trapped animal cage is just smaller than this little thing. It can't be drilled, so I have to pat the cage constantly.

"Don't make a noise, I want to not kill you!"

Ye Xuan drinks a low sentence.

This time, this little thing is noisy, just looking at Ye Xuan with pity.

To tell the truth, Ye Xuan does not know what this little thing is. He wants to know that the space of the Qiankun and the devour of the space can not contain living things. However, this small thing can actually smash in the space of engulfing. It is really strange.

Therefore, Ye Xuan decided to take it back and show it to the elders. He threw the little thing into the swallowing space and continued on his way.

After breaking through to the small land of Didan, his speed is not the general Tiandan situation can catch up.

Although Zhou Yan and Wu were the first to leave, Ye Xuan still chased him up, and then the six returned to Lingxiao.

About a week later, they returned to Lingxiao.

After the successful arrival, Ye Xuan quickly left and headed for Lingxiao. If he was not afraid of what happened to Zhou Yan and others, he would have returned himself.

He now went to the address of the elders of the elders, but suddenly found that the Song Dynasty and the Song ruling are still in that strange state.

"It shouldn't be a problem, it's been more than a month..."

Ye Xuan felt a bit and found that the two brothers and sisters were already in the sky, which could scare him.

He has been working outside for so long, and he has almost lost his life many times. The brothers and sisters, the speed of cultivation is even faster than him, which makes him a bit unacceptable.

Fortunately, he can still convince himself with one reason, that is, the Song Dynasty is his fiancée.

Since the Song Dynasty was fine, Ye Xuan also went to find the great elder Lin Wenyue.

At this time, the bamboo forest was laid out in a magical array. In desperation, Ye Xuan had to shout out loudly: "The Great Elder, Ye Xuan wants to see!"

The sound spread, less than a second, this illusion was removed by Lin Wenyue.

"Hey!"

The door of the cabin was opened and a white-haired woman came out. She looked at Ye Xuan and said, "Don't worry, your fiancée will not have anything to do."

Ye Xuan, I did not expect his mind to be seen through.

But this time, he is looking for more than just for the Song Dynasty.

He looked at Lin Wenyue's pale expression and said: "The elders, don't know if you have seen this thing..."

He said that he would smash the trapped animal cage in the swallowing space.

But the next moment, he suddenly found out that the trapped cage was open, and the little things were not inside.

His heart sank and found that the little thing was chasing the heavens and treasures in his swallowing space.

"Where, you are a jerk, give it to me!"

As Ye Xuan thought about it, the little thing was caught in his hand and then thrown into the trapped animal cage.

After seeing this little thing, the dawn of the elders flashed twice. "This is Shi Ling, a kind of alien animal, born in precious ore, but extremely rare."

After Ye Xuan heard it, his eyes were bright, saying: "The elders, what is the use of this thing?"

"This kind of animal is a kind of monster. If it is cultivated, it can grow into a mysterious beast in the future, or even a holy beast comparable to the gods." Lin Wenyue explained.

Holy beast?

When I heard this word, Ye Xuan couldn't help but blink. Isn't the dragon a holy beast?

"But the elders, the growth time of the mysterious beast seems to be very long..." Ye Xuan asked again.

"Yes, but this is not the same. This stone spirit mainly relies on forging materials such as concentrates. As long as it is swallowed, it can greatly increase the growth rate." Lin Wenyue said: "You have so many natural materials anyway." Bao, as long as you train it all, you can be a big help in the future."

Hearing this, the small stone in the trapped animal cage is also blinking. It looks at Ye Xuan, as if to say: "Hear it, let me out!"

Ye Xuan thought about it, but how did he know if this small stone was a white-eyed wolf? After the cow got up, he would not step on him?

"There is still a contract in the legend. If you can get it in the future, you can conclude it with it, so that it will not betray you, and it will be of great help to you." Lin Wenyue seems to have seen through the leaves, slowly explain Road.
