

## Super D. S 31

### Chapter 31: Kill!

Now, after two things have been discussed, then the third thing is Ye Xuan's lifelong event.

Afterwards, Lin Ming also wanted to summon the girl who had not married in Lin's family, but was stopped by Ye Xuan.

"What kind of jokes, if I want to be a strong person in the future, I can marry an ordinary person. Isn't this a pothole? At least, at least it must be like Lin Xueer!"

Lin Xueer, Ye Xuan once met, and it is a shock to be a man.

However, on the background, the mysterious sect of Tian Yuanzong made Ye Xuan yearning.

It is absolutely impossible for him to marry an ordinary person as a wife. Therefore, he directly refused!

Lin Ming was also helpless, so he had to give up, and then called the two masters of the Lin Family's sixth martial arts peak, moved two big treasure chests, followed Ye Xuan and Ye Zhang back to Ye Family.

"Ye Xuan, the cultivation resources of this one million five million silver, can you break through again?" On the way back, Ye Zhang asked curiously.

"Daboy, absolutely!" Ye Xuan nodded.

The cultivation resources of the previous 13 million and two silvers were broken when he swallowed half of it, so the rest is experience. Now with the cultivation resources of this one million five million silver, it is a matter of course to break through the sixth peak of the martial arts.

"Okay, then you must hurry up. If you can break through to the seventh martial arts in the case of the cracked Yunzong, then you may become a lord." Ye Zhang's heart is also a decision, even if all the things in Ye's house are consumed. I also want to cultivate Ye Xuan.

"Ok!"

Ye Xuan's heart actually thinks so.

If you don't want to expose the ability to swallow, Ye Xuan actually wants to devour everything in the Lin family. In this case, he can directly break through the sixth peak of the martial art, and then take a bursting dan, that is the seventh martial arts. weight!

Ye Zhang and Ye Xuan were on the way back to Ye Family. They also caused a lot of people to watch. These two big boxes obviously have good things, otherwise the Lin family will not send two masters to escort.

However, when I was in the middle of the road, suddenly, the wind blew.

"Be careful, someone sneaked!"

Ye Zhang also responded in an instant and hurriedly screamed.

The two masters of Ye Xuan and Lin Jia's body shape turned around and saw that two black figures jumped out of the wall.

"In the broad daylight, I want to grab it?" Ye Zhang blinked and spurted out. He used his \*\*\*\* to know that this must be Chen's person.

However, the next moment, his face is pale, because these two black people are actually the seventh heavy martial arts!

"Hey!"

The guards of the two Lin family did not respond quickly. They were successfully attacked by a black man. One of them suddenly flew out and spit blood.

"Ye Xuan, back to the Lin family!" Ye Zhang suddenly shouted, at this time they are still in the middle of the road, but very close to the Lin family, naturally went to the Lin family to rescue the soldiers.

"Da, I will help you!"

Ye Xuan did not obey the command, because if he returned to the Lin family to rescue the soldiers, Ye Zhang is likely to be accounted for here.

This is the second martial art of the two martial arts!

The three chapters of Ye Zhang are all the sixth peak of the martial arts.

A martial arts seventh heavy, you can easily fight with the three martial arts sixth peak of the war, Chen family this time also a bloody, even directly sent two masters.

Perhaps their focus is not on the treasure chest, but the owner of the Ye family, Ye Zhang!

When Ye Xuan saw a black man rushing straight toward Ye Zhang, he suddenly understood that the other party's goal should be Ye Zi.

"Damn, you can only do this!"

Ye Xuan looked at the two treasure chests a few meters ahead and bit his teeth. At this time, there was a black man and another guard of the Lin family fighting there. If he was in the middle of the sixth half of the martial art, if it was affected, if it was affected Yes, maybe it will be fatal.

But if you don't go, the two guards of Ye Zhang and Lin's family may really have to be accounted for here.

"Chong!"

Ye Xuan couldn't take care of it so much. He directly applied the rushing step, and instantly took a few meters to come to a treasure chest, then reached for a treasure chest.

"Receive!"

Ye Xuan directly took the entire treasure chest into the phagocytic space, and then chose to swallow it in an instant.

This is a small trick discovered by Ye Xuan. If you want to devour a lot of things, just pile them together and receive them in the phagocytic space, you can swallow them all at once.

Therefore, the entire treasure chest disappeared in broad daylight!

"Damn, the things in this treasure chest are not enough!" Ye Xuan said in his heart, at this time he has reached the bottleneck, and he can almost break through.

However, at this time, the black man was stunned for a second, but also ignored the guard of the Lin family, and even went directly to Ye Xuan.

乾坤戒!

Even if it is a fool, I am afraid I will guess that Ye Xuan has a ring!

"Mom, give me a punch!"

Ye Xuan bit his teeth and stared straight at the attack of the black man.

The black man's leg was done, but he was a slower step. When his leg was in the middle of the leaf, the latter's hand was already on another treasure chest.

Devouring!

“Hey, congratulations to the host to break through to the sixth peak of the martial arts and get six points to swallow points!”

Finally broke through!

"Hey!"

Just when the system prompts to sound, the black man's leg is also in the middle of Ye Xuan, kicking him away.

Fortunately, Ye Xuan's reaction is faster. At the same time of upgrading, it is the spiritual power that rushes out of the sixth peak of the martial art, and protects the body. Otherwise, this foot can seriously damage him.

"Haha, you are dead!"

Ye Xuan laughed in the heart and directly exchanged for a bursting dragon to swallow it.

At that time, his spiritual strength has soared to a level!

The seventh martial arts!

At the same time, he also took out the black iron bow directly, and opened the bowstring.

Chasing the wind!

At this time, he was only a few meters away from the black man. At such a close distance, the black man could not hide the chasing arrow.

"Hey!"

"puff!"

The black man's chest was penetrated, but he did not die on the spot. He exclaimed and hurriedly fled.

"Made dead, still want to go?"

Ye Xuan's light flashed and he shot again with a bow. This time, there were three arrows.

"Six martial arts, chaotic arrows!"

"puff!"

"puff!"

"puff!"

The black man wanted to jump over the wall, but was shot by three arrows, and suddenly fell down and hit the wall.

In order to insure, Ye Xuan once again opened a bow and shot a chaotic star arrow. This time, the black man could not die, and his head was directly shot into a sieve.

A martial art seventh heavy weapon, it fell!

But Ye Xuan's face was still dignified at this time, because the leaf on the side was still dealing with another black man.

At the moment, Ye Xuan is directly taking out the long sword and quickly rushing to support.
