

## Super D. S 313

Chapter 313: First main city

"Father, it is him."

Cui Linjiang nodded.

"Well, I remember, when I will, I will personally kill you." The old man flashed a murder in his eyes. He was the father of Cui Linjiang and the old man of Cuifeng City, Cui Feng.

When the voice fell, just as Zheng Shuohai and others wanted to refute, Song Xuan, who was next to Ye Xuan, suddenly stepped forward and said coldly: "Old guys, don't lean on the old and sell old, don't be beaten by Ye Xuan all over the body." "

Seeing that Ye Xuan was mocked, she naturally could not stand it anymore.

"The little girl is a big tone, you better not fall in my hands, or I will make you feel better than death!" Cui Feng double flashed a sizzling look, then led other people into the In the main city of the first main city.

"This Cui family's means is really big, even the three strangers of the mountains have been recruited. It seems that they are bound to win in Guangjin City." Zheng Shuohai said.

The three strange mountains, that is, the three masked people behind Cui Linjiang, the strength is Xiaodan.

Before Xie Hui and Ding Tao, the four people were already dead. It was only a few days later that Yangling City even recruited three strong men from Tiandan, and they were still famous in Zhongzhou. The city side felt the pressure.

However, standing in the leaves of Ye Xuan, it is a relaxed face.

What about the three small days of Xiaodan, if it is met by him, the end is the same.

Subsequently, Zheng Shuohai and others took Ye Xuan to their home in the first main city, so that Ye Xuan had a good rest.

Taking advantage of this opportunity, the Song Dynasty and the Song ruling are also continuing to learn the top-level martial arts. They don't have a system of engulfment. It takes time to study martial arts. However, there are two blood vessels, the Sword Emperor and the Father. They learn very easily. Apart from the corresponding attack martial arts, they have a general understanding of other martial arts.

At the same time, Ye Xuan is also squatting in the first main city for a few days.

He found that in the weapons shop of the first main city, except for the sale of the next product, there was no such thing as a medium-sized piece, let alone a product. It seems that the weapons of the first main city have been monopolized by the Wanshige, giving priority to those families or denominations.

There are still a few days left in the battle for the quota, so Ye Xuan wants to take advantage of this opportunity to upgrade his strength. Simply put, it is to make money.

Wanshige, as long as they can afford to pay, they can do all kinds of things, in addition to killing, looking for people, there are things to sell.

At the moment, Ye Xuan is looking for the past.

The Wanshi Pavilion in the first main city is the largest in the whole state, with numerous traffic. When Ye Xuan entered the door, a waiter brought Ye Xuan to a box.

"I need some forged materials, forged materials for middle and top grades, at least 10 million for the best spar. How much can you provide?" Ye Xuan said straight away.

"Thousands of the best spar..."

The waiter stayed, and wanted to meet a big list. He hurriedly said, "Please wait a moment..."

He left with enthusiasm.

After a while, he brought another person back. This person, Ye Xuan also happened to have seen it, actually the deputy city owner Yang Kai of the first main city.

"Well? Is it you?"

After Yang Kai saw Ye Xuan, Ye Xuan was somewhat surprised.

"Predecessors, I met again." Ye Xuan was surprised.

"Do you need a lot of forging materials?" Yang Kai said at the beginning.

"Yes, a lot." Ye Xuan nodded.

Yang Kai is not nonsense. He took out some forged materials and said: "How much do you need?"

"How much is there!" Ye Xuan answered.

Forging materials, he is really infinite demand, he can forge success with just one thought. For the rest of the materials, he can also eat Megatron as a snack.

"Well, you want a huge amount, I can give you the market price."

Yang Kai directly calculated it, and then reported a number, 13 million best spar.

Ye Xuan took out the best spar of this number and completed the transaction.

"In addition, Yang Chengzhu, do you still accept the middleware or top grades here?" Ye Xuan asked again.

"Received, the middle of the product six hundred polar stone, the top grade of 60,000. Of course, you have to see the quality is not qualified." Yang opened his eyes, began to a large number of leaves Xuan.

"It turns out that, then I will leave."

After Ye Xuan finished, he left directly.

Yang Kai looked at the back of Ye Xuan's departure, and said in his heart: "I don't know why the city owner would be so happy with this kid..."

.....

After leaving the MasterCard, Ye Xuan returned to his residence.

For the forging material of the 13 million best spar, he estimated that he could build at least three hundred top grades and 20,000 medium grades. If you sell it, you will earn twice as much.

Unfortunately, there are not many materials.

He went straight to a small alley, forged everything, and then returned to the Masters.

Just right, Yang Kai is in the hall.

"What do you need for the little brother?" Yang Kai came back to see Ye Xuan and asked strangely.

"Take a batch of top grades." Ye Xuan nodded.

Yang opened a shock and hurriedly led Ye Xuan to a room.

"Three hundred pieces of top grades, 20,000 pieces of medium goods, quality is superior..."

Yang Kai was shocked. When he saw the names behind these hilters, he was exclaimed: "Ye Xuan?"

"Oh, my family will be named after my forging." Ye Xuan hurriedly explained that if he told Yang Kai, he forged so many pieces in one minute, he would definitely scare the master of this situation.

"I didn't expect that in addition to the three forging masters in the three cities, there are masters and deeds. I have all acquired these flats at the price of Fangcai." Yang Kai directly took out 30 million of the best spar.

Ye Xuan smiled and accepted the transaction, and earned a net profit of 17 million spines and 30 million sprites. It was really cool.

After the transaction was completed, he said: "Yangchengzhu, I still need something..."

"What is needed, despite the opening." Yang Kai said.

"Citrus, and dragon jade..."

Ye Xuan said a lot of things at once.

"This is to build a heavenly device?" Yang Kai instantly understood.

"Well, the family elders want to practice their hands. In addition, they need a martial arts level. I don't know if there is anything in the Wanshi Pavilion..."

Ye Xuan nodded.

"The lapis lazuli and the dragon jade are a little bit, but the other materials are gone. As for the martial arts of the heavens, there is no..." Yang Kai replied.

At this time, Ye Xuan was able to react. Even if the Wanshi Pavilion sells heavenly martial arts, he probably can't afford it. This is definitely not something that can be bought by thousands of people.

"Then I still need some alchemy materials..."
