

## Super D. S 316

Chapter 316: Start!

"thirty-one."

Yang Kai remembered it.

There are more than two hundred good people present, and there will definitely be two people or a group of people. These Yang Kai are not concerned.

Ye Xuan and others have also gone.

Among them, Zheng Shuohai is a group with his son Zheng Yu, and the other three are first entered into the Tiandan environment. As for Ye Xuan, they are a group with Song Dynasty and Song.

"No. 1?"

When Ye Xuan saw the number of the paper group he had drawn, he was drunk.

"Yeah, luck is good." Song Dynasty is also a laugh.

Although she was shocked by the sacred beast on this island, as long as Ye Xuan was there, even if there were ten holy beasts on the island, she was not afraid.

"Not bad, the first group first boarded the island, you can go to the city master order first." Yang Kai said with a smile.

Ye Xuan laughed, saying so, but maybe it is the first to die?

After the signing, they just retired. Soon, everyone was finished.

There are more than 200 groups of these two hundred and ten people. Of course, some numbers are round, because Yang Kai prepared two hundred signatures.

"That Cui Feng is on the 99th, far away from us..."

In the heart of Ye Xuan's heart, he only secretly recorded some people's numbers. Not only that, but Zheng Shuohai's two groups are also far away, so they have to rely on themselves.

During the lottery, the island was getting bigger and bigger, and finally the blue moon bird stopped in the air only a kilometer away from the island.

"The next words, you pay attention."

Yang Kai suddenly said loudly: "There is no stipulation on the battle of the city. First, it was originally not allowed to help the mysterious beast, but this time you are riding my blue moon bird, so this rule is revoked."

"Second, there is no limit to killing on the island. If someone wants to leave, jump back and swim on the sea."

"Thirdly, after someone finds the city master order, the city master will immediately issue a purple light that rushes to the sky, and it will be issued every ten minutes. As long as someone holds the city owner for an hour, then he is the new city owner of Guangjin City. The battle for the battle has ended."

"Fourth, there is a sacred beast in the center of the island. I don't know if it is sleeping. So if you don't want to die, it's best not to make too much noise in the center of the island."

"My words are finished. Now go on in order. If anyone wants to abstain, I can send you back even if they come up."

After Yang Kai finished, he ordered the blue moon bird to be close to the island.

It is at this time.

"Booming!"

Suddenly there was a rumbling bang in the sky. Everyone turned around and saw that a dragon had pulled out of the deep sea and turned over and re-drilled into the sea.

Someone immediately snorted.

"Reassuring, it is not the dragon on the island, but I can remind you that there are many mysterious beasts under this sea area, so you have to abstain from it now." Yang Kai reminded him again.

However, no one is snoring.

What happened to the mysterious beast, at least the place is here, and the human being is so small, as long as there is no injury to the sea, it is generally not a mysterious beast that will lead to the deep sea.

The blue moon bird flew forward for a while.

Yang Xuan, who looked out and walked out, said: "One group, I wish you good luck."

Ye Xuan nodded, and then he jumped with the Song Dynasty.

It's a breeze for them, it's easy for them.

Zheng Shuohai among the crowd looked at Ye Xuan's three people and left. He also sighed. They thought they were acting together. They did not expect to be grouped.

At the same time, there is a figure watching Ye Xuan three people, but his look is extremely bitter, he is the old town of Yangling City, Cui Feng.

"Kid, don't let me meet you, or I will peel off your skin and kill your wife in front of you!"

.....

"Hey!" "Hey!" "Hey!"

On the island of death, three muffled sounds spread, and Ye Xuan successfully landed on the ground.

After landing, Ye Xuan raised his head and found that the blue moon bird had already flown into the distance.

"This is the island of death, very ordinary." Song cuts a look of ease.

"Taro, don't care, there is a mysterious beak on us within 100 meters of our radius." Ye Xuan laughed.

"Yes, then I will let it come back." Song Congjing laughed and took out the top-grade ice-sword, and squatted directly in one direction.

A light blue sniper broke through the air. After cutting off three thick trees, the leopard of a small land was broken into two halves.

"Yes, it was discovered early." Ye Xuan nodded with satisfaction.

The Song ruling on the side is also taking out the two-meter-long Yanzhi axe. "My brother-in-law, should you aim not only for the city master?"

"Well, these are the strong players in the battle for the city. The value of all of them adds up to all the territories of the next three cities." Ye Xuan nodded.

"Well, I have already prepared for a big job." Song ruling a big axe, since the integration of the blood of the axe king, his confidence is greatly increased, very much looking for a strong person in Tiandan Play a game.

At the moment, the three of them started to move forward and rushed in the direction of the blue moon bird.

Although the island is large, but there are hundreds of people to land, so in the direction of the departure of the blue moon bird, may be able to meet the second group of people.

Their speed is very fast. The mysterious beasts on the road were cleaned up by the Song Dynasty and the Song ruling. As for the body, they were naturally swallowed up by Ye Xuan.

They spent about five minutes and finally met the second group.

"Ye Xuan, kill?"

Song ruling asked.

"Kill not kill, with you, things are exactly what you want to grab." Ye Xuan answered.

"This world, you don't kill people, others will kill you. Then kill it, where are they?" The Song ruling made a decision directly.

"This direction, just a few kilometers away, is exactly two people, one of you."

Ye Xuan pointed in one direction.

"Okay, sister, let's go!"

The Song ruling took out the Yan Axe and took the lead. The Song Dynasty was also rushing to keep up.

In order to ensure the safety of two people, Ye Xuan naturally has to protect him.

The distance of kilometers can be reached in less than two seconds for the two brothers and sisters of Tiandan.

The two talents in the front group just reacted and were sneaked.

"Amazing!"

The Song ruling rushed straight out and smashed against one of the middle-aged people.

After the Song Dynasty was followed, the sword was smashed.

"Sneak attack!"

The two reacted instantly.

Song's opponent was Xiaodan's Xiaocheng, which made him a big knife. He hurriedly lifted the big knife.

"Hey!"

The harsh sound of the weapon collision spread.
