Chapter 318: The lord of the air, dead!

In the pre-competition period, the three were mainly based on experience, the two brothers and sisters continued to fight, and Ye Xuan continued to have a large amount of wealth income.

Now the battle for the city owners is also in the heat, and each group of people has basically hit the other groups more or less. Every time they meet, they are almost incompetent.

In this way, their wealth is beginning to slowly gather together, and then enter the pocket of Ye Xuan.

Ten minutes later, the purple light appeared again.

Ye Xuan stopped to look at it and found that Ziguang was still some distance away from them.

At this time, suddenly there are three figures that have entered the sensing range of Ye Xuan.

"There are three people coming from our rear. One Tiandan is a small success, and the two are entering the Tiandan." Ye Xuan immediately said.

The Song ruling and the Song Dynasty's two brothers and sisters heard the words and immediately turned around.

They have already discussed it well. Under this circumstance, Tiandan's Xiaocheng's ruling to Song, the first to enter the Tiandanjing's return to the Song Dynasty.

After a second, they also heard footsteps and immediately killed them.

"Hey!"

The two sides immediately played against each other.

Ye Xuan, who followed the Song Dynasty, looked at it and found that the strong man of Tiandan's Xiaocheng, Zheng Shuohai gave him secretly said that he was the city owner Lu Ming in the next three cities.

"Now is the battle for the master of the city of Guangjin. If Lu Ming died here, will there be another battle for the city owner? Or is it that the battle for the city will be added to the city of the airspace?"

Ye Xuan is guessing.

At this time, Lu Ming, the master of the raging city, also recognized Ye Xuan.

"Is you?" Lu Ming exclaimed.

The next moment, his face was suddenly changed, because the Song Dynasty had already solved his two subordinates.

The Song ruling also recognized Lu Minglai and turned his head: "Ye Xuan?"

"kill!"

Ye Xuan did not want to answer.

"it is good!"

The Song ruling did not dare to make a mad attack.

What happened to Tiandan's Xiaocheng, and he also killed a lot.

"Damn, I don't make a river with you, why do you want to put me to death?" Lu Ming asked with a bite.

"What a joke, if the three of us are at the time, will you kill us?"

Ye Xuan asked a question.

"If this is the case, then you will give me to die!" Lu Ming shouted, the whole man's momentum soared, turned out to be burning his own Dan Yuan.

Burning Dan Yuan, there are many strong people in the heavens, this is a means of life-saving.

However, the burning of the Dan Yuan, can not be restored, but to re-cultivate.

In other words, after burning Dan Yuan, it is possible to fall into the realm, in order to obtain a temporary upgrade.

The Song ruling made the ninth 此时 at this time, the power is not very strong, and the strength of Lu Ming is considered to be the leader of Xiaodan in the Tiandan, so it is a bit difficult to kill.

After thinking about it in the heart, the Song ruling was an axe to retreat Lu Ming, and then quickly swallowed a vigorous Dan.

At that time, his power has skyrocketed.

"Come on the battle!"

Song ruling the big shout.

In the battle circle, two people have already used all their strength, and Ye Xuan, who stood on the outside, is also nervous.

This level of combat, he must be treated with caution, if the situation is not right for him to intervene.

However, the Song ruling did not live up to his expectations and successfully killed Lu Ming, only slightly injured.

Lu Ming, the master of the raging city, died!

After Lu Ming's death, Ye Xuan was a step forward and took down the Qiang Kun. Sure enough, it is equivalent to more than a thousand phagocytic crystals.

However, just after Lu Ming's death, Yang's voice was heard in the sky.

"The Lord of the Air City is dead, the main city of the city battle for victory and the city of the Air!"

This voice fell into everyone's ears.

Liekong City, Guangjin City!

As long as you grab the city master order, you can become the city owner of the two main cities.

At the moment, everyone is crazy.

"Sure enough, I am afraid to kill red eyes." Ye Xuan could not help but say.

"Booming!"

Just as his voice fell, there was a loud rumble in all directions.

"It seems that they are all beginning to fight hard." Song Congjing said slowly after hearing these voices.

"Ye Xuan, when are you going to fight for the city master?" asked the Song ruling.

"Almost, grab the city master order and let them come to the door one by one!"

Ye Xuan replied.

After a while, the purple light of the city's lord reappeared, and the three people immediately flew in that direction.

This time, Ye Xuan personally shot and killed those who met.

When I landed on the island, there were more than two hundred people. At this time, I had not spent an hour. I am afraid there are only a few dozen people left. The wealth of two hundred people is piled up on these people. Even if they do not get the order of the city, some people can make a fortune.

The city commander lights up every ten minutes and lights up for one minute.

Ye Xuan three people rushed toward the direction of purple light, they feel that this purple light did not move, it should be someone who is robbing.

Sure enough, when they arrived, they found several figures playing on the edge of a large cave.

"Good guy, the old town owners of the three cities are here!"

Ye Xuan recognized it at a glance.

At this time, the city master was being taken in by Cui Feng, and the other two city leaders were attacking him. However, there are three masked masters in the field to help Cui Feng, which is what the Yangling City recruited.

Six people can't play, the scene is very spectacular, and most people don't dare to lean forward.

Ye Xuan also understands that there are certainly many people around, watching the opportunity and moving.

"Ye Xuan, what do we do?" Song ruling could not help but ask, the master of Tiandan Dacheng, but he can not deal with it.

"Let them take it slowly, let's clean up other people."

Ye Xuan said, is to take the lead and rush out, ready to find other people's troubles.

Sure enough, as he expected, many people were hidden in the woods around the open space. Although they are hidden, Ye Xuan can clearly sense them, these people are easily killed by Ye Xuan.

On the other hand, the six people on the edge of the big cave are still fighting. It is still Cui Feng holding the city master order. The rumble is not only spread around, but also passed into the big cave.

However, it is at this time.

"Not good, this cave is the hiding place of the dragon and the dragon, go!"

Cui Feng suddenly felt that something was wrong, hurriedly screamed and rushed toward the forest.

The other two old masters looked at each other and they were also trembled, but they also chased Cui Feng.

Suddenly, a huge figure was explored from the big caves. One of the three strangers in the mountains could not dodge, and was directly caught by a huge claw, and was instantly pinched.

"It's a sea of dragons!"
