

Super D. S 319

Chapter 319: City master

"It's a sea of dragons!"

Someone in the forest exclaimed, they immediately became a meal, and then fled.

Ye Xuan, who is in the forest, was also shocked. He forgot the name of the island.

Island of Death!

Before Yang Kai said that in the center of this island of death, there was a smashing dragon in the sea. He also specifically reminded me not to make too much noise in the center of the island, otherwise it might wake up the dragon.

Undoubtedly, the battle of the six Cui Feng people was too fierce, and the dragon and the dragon were brought out.

"There is really a holy beast." Song ruling was also shocked.

Fortunately, at that time, the Bohai Dragon was chasing them out.

"The sacred beasts of the dilemma, even if the three old masters join hands, can't win?" Song Congjing looked worried because the city commander was in the hands of Cui Feng, and Cui Feng and others were met by the Bohai Sea. The chase of the dragon.

However, after seeing this scene, Ye Xuan suddenly burst into a different color. He grabbed Megatron and said: "Small heaven, become a big bird!"

Megatron was a little confused. After hearing this, he reluctantly began to break up his body, then zoomed in and turned it into a large stone sculpture that could only be used by three people to fly into the sky.

The previous battle for the city owner was not allowed to be assisted by the mysterious beast, but this time, Yang Kai specifically canceled this restriction, so Ye Xuan dared to release Megatron.

Megatron, who first entered the land of Dan, although the strength is not good, but it can fly.

It carried Ye Xuan three people, flew to the height of 500 meters, on the way, the three also saw a huge dragon, is chasing those warriors.

"Hey, that dragon didn't even chase Cui Feng, but went to chase another person." Song Congjing said with some surprise.

"Exactly, my chance is coming!" Ye Xuan glimmered and ordered: "Small day, you will rise another 500 meters!"

Bohai Dragon chased others, Cui Feng fled in the opposite direction, and this direction is exactly Ye Xuan here.

At the moment, Ye Xuan jumped straight down, then accelerated and then fell to the ground in two seconds.

At the same time, in his range of sensing, he also came to an uninvited guest.

He quickly chased the past and stopped in front of this person.

Cui Feng, who was holding the city's main commander, was shocked when he saw someone suddenly appearing. But after he saw the face of the person, he was even shocked and widened his eyes.

"Is it you?" Cui Feng shouted out in vain.

"Yes, it is me, the old guy, the acquaintance of the surrender of the city, I can leave you a whole body!"
Ye Xuan is no nonsense, directly said.

"A good kid with a sharp tooth, I don't look for you, but you come to the door yourself. Today, I will
avenge the Xie Laoren!"

Cui Feng angered a word, holding a long sword and rushed toward Ye Xuan.

"Hey, you should count your grandson, what Yangling son!"

Ye Xuan took out the eight-year-old sword and sneered.

Cui Feng heard that the heart was also a tremor, and the figure was so stunned.

But this flaw is used by Ye Xuan.

"Eight wild winds kill!"

Eight wild swords collapsed instantly, attacking Cui Feng from eight directions.

"not good!"

Cui Feng's face changed. He had heard of Ye Xuan's means before. He immediately waved a long sword
and flew these sharp blades.

If it is to say strength, Cui Feng is a bit stronger than Cui Linjiang, but at this time Ye Xuan, not the day of
the Dadan Dacheng kid, he has broken through to the heavens.

Eight wild swords met strong and strong, after Ye Xuan broke through, the increase of the eight wild swords went up to the next level, and the eight wild winds killed and the eight wild earthquakes were also the same.

In just two rounds of time, Cui Feng couldn't stand it.

"No, this is impossible..."

Cui Feng shouted.

But the eight-handed blade was not merciless, and he crossed his body directly like lightning, and instantly gave him a corpse.

"噗通!"

Cui Feng's head fell on the floor and his eyes widened.

After the head was smashed, the brain did not die immediately, and there was a sense of consciousness for a while, so Cui Feng saw his broken body.

What is the worst way to die?

Not dead, no whole body!

It is like Cui Feng, who sees his body broken.

Ye Xuan walked over and took all the shackles on his body, then dumped things into the swallowing space and swallowed them.

"Yes, there are actually six thousand swallows, and the old guy has killed a lot of people."

Ye Xuan nodded with satisfaction and picked up a seemingly ordinary token.

City master!

"As long as I hold this token for an hour, then I am the city owner of the Air City and the Guangjin City."

Ye Xuan smiled, at this time, Megatron in the sky also suddenly fell.

"Yeah, is this the city master?" Song Congjing came over and took the city master in his hand.

Suddenly, this city commander sent out a burst of purple light. It turned out to be ten minutes.

"Ye Xuan, what should I do next?" Song ruling could not help but ask.

Ye Xuan directly replied: "Away from this place, then wait for someone to come to the door!"

Now, the owner of the city master is him, but he does not want to end so soon, so he thought of a way.

After half an hour, he threw the city master order to the Song Dynasty or the Song ruling, then the time will be refreshed.

However, there is a price to do so. What if Ziguang brought the Bohai Dragon to it?

Moreover, they have not seen Zheng Shuohai and others, and if they continue, they may be in danger.

Finally, Ye Xuan still decided to end this battle for the city owner.

He took the city commander to receive the arms, and then took the Song Dynasty and the Song ruling, and directly ran to the edge of the island. During the period, many people also found it, and all of them were killed by the Song Dynasty and the Song ruling.

"Well, now I am here. Megatron is watching you. If you come over in the direction of us, you will inform me that there will be benefits after the event." Ye Xuan said.

Megatron's eyes in the sky were also bright, and he hurried to the heights to investigate.

In the distance, there was a rumbling rumbling that allowed it to accurately locate the dragon.

.....

At this time, it is already half an hour's time to take the city master order from Ye Xuan.

In the past half an hour, his harvest has been much more than before. He estimated that as long as he swallowed one or two hundred million of the best spar, he would be able to break through to the land of Dan.

However, at this time, there were finally several heavyweights looking for it.

After Ye Xuan saw the faces of several people, he couldn't help but laugh.

"I didn't expect that you got a few kids."

An old man came out of the forest, behind him, followed by two masked geeks.
