

## Super D. S 320

Chapter 320: End!

This old man, Ye Xuan has seen before, is the second oldest city in the three cities, Xu Yanhai. The two masked geeks are naturally two of the three strange geeks.

"Great."

After seeing two of the three strange mountains, Ye Xuan could not help but say.

This three strange mountains are recruited by Cui Linjiang, but now, they are standing behind Xu Haohai, which shows that they are turning their backs.

"Kid, you have a city master order, and it's half an hour. Is it time to hand it over?" Xu Haohai glared at the old eyes.

"If I hand it over, can you spare us not to die?" Ye Xuan smiled again.

Xu Weihai replied coldly: "No, at most, I will leave you with a whole body!"

"In this case, then you can take it yourself."

Ye Xuan took out the city master from his arms.

"court death!"

Xu Weihai saw the city master order and immediately went up.

For this city commander, there are already hundreds of people, and even he almost died under the dragon's claws.

If he is given the city's mastermind, then his family will be able to control the territory of the three main cities, and by then, the benefits can be magnified several times.

Moreover, a three-city city, this is something that has never happened in Zhongzhou.

However, he has found the wrong target.

"Eight wild winds kill!"

When the wind blew, Xu Haohai resisted a round of attacks under shock. In the second round, he and Cui Feng were cut into countless pieces.

The two masked geeks behind him reacted very quickly, hurriedly turned around and ran.

"Want to go?"

Standing in the spot, Ye Xuan's eyes condensed, and eight sharp blades flew out, killing the two in an instant.

Seeing that the three people were killed by Ye Xuan in an instant, the Song Dynasty after him was also awkward: "Your strength, you should be invincible in the realm of God?"

"Ok."

Ye Xuan put away the three people's Qiang Kun ring and said: "However, if you want to face the dragon and the dragon, it is still far away."

Only when he saw the Bohai Dragon, the Bohai Dragon was a sacred beast, and he might not be able to deal with his strength in the first place.

"What, you still want to deal with that dragon?"

When the Song Dynasty was heard, it was anxious.

"do not worry."

Ye Xuan said, began to look at the things in Qiankun ring, he did not care about the three seven twenty-one, and directly devour all the things inside.

"Hey, the host has broken through to Xiaodan in Tiandan."

After hearing the system's prompt tone, Ye Xuan couldn't help but reveal a smile.

"what?"

The Song Dynasty seems to have noticed something and feels it carefully.

"Don't look at it, it has broken through to Tiandan." Ye Xuan said with a smile.

"This....."

The Song ruling on the side was awkward. Five seconds ago, Ye Xuan was only entering the Tiandan environment. However, after five seconds, he broke through directly. What kind of freak is this?

"The way I break through is different from yours. Ok, let's wait here for half an hour." Ye Xuan said.

Next, they are waiting here. Every ten minutes, the city master will send out a purple beam of light, leading others to find it. After seeing such a young three, these people also rushed to the front.

However, they were all killed by the Song Dynasty or the Song ruling.

When Fang Caixuan was watching in the air, the Bohai Dragon was chasing a strong man in Tiandan, which is the last old city owner in the upper three cities. It is estimated that he should also die in the Bohai Sea. Under the dragon's claws.

That is to say, there is no strong man on the island now.

At this time, the main commander of Ye Xuan took over 50 minutes, and the fifth purple light has disappeared.

"It is estimated that no one dares to come, they will think that the order of the city is in the hands of Cui Feng..."

Song Censor sat on the edge of the cliff and looked at the sea in front.

"Maybe....."

Ye Xuan's mood is also relatively heavy, because for so long, six people who have not seen the city of Shenzhou, I am afraid that it should be an accident. However, he did not know that Zheng Shuohai was not dead. Otherwise, this is the battle for the three cities.

Soon, these ten minutes are also straightforward.

Then, in the air, Yang Kai's voice was heard.

"The battle for the city is over!"

After hearing this voice, the only remaining people on the island were smiling.

Ye Xuan also raised his head and found that the blue moon bird was slowly falling. He also knows that the blue moon bird has always been on top of his head. After all, Yang Kai is going to follow the order of the city.

"congratulations."

Yang Kai stood on the head of the blue moon bird and held a fist against Ye Xuan underneath.

"Thank you Yangcheng Lord!" Ye Xuan is also a gift.

Later, the three people jumped to the blue moon bird. Yang Kai rode the green moon bird on the island and took a ride around the island.

Zheng Shuohai, the master of Shenzhou City, did not die. His son Zheng Yu was also the same. Their harvest was quite good this time. Zheng Shuohai even broke through to Dadan.

However, the other three did not see it, I am afraid that it has already been unexpected.

The battle for the city's main battle, the death of people is not a lot of people, originally had more than two hundred people, only less than 30 people at this time. However, the rest of these people are not harvested in general.

"Strange, what about the three cuifeng and the sea dragon?"

Someone asked strangely.

"It must have been killed by the dragon."

"That sea scorpion dragon is gone, is it going back to the cave?"

"It's terrible. The holy beast is too strong. One of the claws has smashed one of the three strange mountains. Fortunately, his speed is not very fast, otherwise we may have to halve these people."

These survivors are secretly stunned.

"Right, who finally grabbed the city master?"

Finally someone was reminded of this matter.

At this time, Yang Kai also turned around and said: "Ye Xuan, from now on, you are the city owner of Guangjin City and the Air City."

Everyone heard this, they followed his gaze and finally fell on Ye Xuan's body.

"What, he is the new city owner?"

"Good young, how did he get the order of the city, is it missing?"

"Hey, the two people beside him are all in the heavens, even if the son of Yangcheng's son, Yang Chen, the head of the four sons of Zhongzhou, is probably too much to be there?"

"How about that, does this mean that they will manage such a large territory?"

Hearing the voices of these people, Ye Xuan also smiled lightly and said: "Thank you Yangcheng."

"Well, this pirate is no one, we go back." Yang Kai said, is ready to send Ye Xuan and others back to the first main city.

However, it is at this time.

"Yangcheng Lord, please wait." Ye Xuan suddenly stopped.

"how?"

Yang Kai turned a bit strangely.
