Chapter 322: City owner, Ye Xuan!

"But, this time, I will wait until I break through."

Ye Xuan thought about it, but decided to forget it. Then, he escaped from the tail of the Bohai Dragon as lightning, and then jumped toward the cave, and instantly gathered a pair of wings, and then leapt to the cave.

This scorpion dragon stunned and began to chase the past around the cave.

When Yang opened up in the air, he ordered the death of the blue moon bird and caught Ye Xuan.

"Roar!"

Bohai Dragon has made a roar, its intelligence is no longer in humans. If it can speak, I am afraid that Ye Xuan's ancestors will be smashed in the 18th generation. Are you special to play with me!

Yang Kai, standing on the back of the blue-moon bird, glanced at the dragon and the dragon, and immediately raised the blue-moon bird.

沧海蛟龙 looked at them and could not wait to grow a pair of wings to catch up.

.....

The blue moon bird took off and then flew over to the Tianshui continent.

After Ye Xuan returned to the back of the blue moon bird, he was relieved and relieved. Fortunately, Yang Kai was there, otherwise the sea dragon would definitely chase him across the street.

"I didn't expect that your strength has improved so fast." Yang looked at Ye Xuan and couldn't help but say.

Ye Xuan heard the words, opened his mouth and smiled.

More than half a month ago, he almost died in the hands of Cui Linjiang. However, after more than half a month, he was able to fight against the sacred dragons of the sacred beasts. This is indeed a staggering.

At this time, he also felt the expressions of those people on the back of the blue moon bird, almost all looking at him with a glamorous look.

"Ye Xuan, you are too good."

In the face of so many people, Song Dianjing directly invested in the arms of Ye Xuan, the small face, full of glory.

She is telling others that she is a woman of Ye Xuan.

"It's a pity..." Ye Xuan shook his head.

That 沧海蛟龙 can be a treasure all over the body.

Dragon ribs are one of the materials of the heavenly bows and arrows. The dragon meat can enhance the physical strength of the warrior. If the keel can be ground into powder, it is also a kind of alchemy material.

In addition, there are dragon skin, dragon claws, dragon whip, etc...

However, Ye Xuan's mind has already made a decision. After he broke through, he will kill this dragon.

Although Yang Kai is different from the strength of Ye Xuan, he did not ask for some reason.

Soon, the blue moon bird returned to the Tianshui continent and then flew back to the first main city.

There are a lot of forces gathered in the first main city. They are waiting for the arrival of the new city owners. They are all coming to climb the relationship.

The blue moon bird slowly descended and did not fall to the ground. Someone asked in a loud voice: "Yangcheng Lord, this time the city owner is competing for the battle, who became the city owner of Guangjin City?"

"Right, who won the city master?"

"Is it the old town of Cui in Yangling City?"

Yang Kai stood on the top of the blue moon bird and turned to look at Ye Xuan, who also came forward intentionally.

Then, Yang Kai replied: "He is the new city owner of Guangjin City. At the same time, he is also the new city owner of the Air City, because Lu Ming, the city owner of the Air City, died in this battle for the city."

what?

When this was spread, the thousands of people here were all shocked.

That Cui Linjiang was also among them. When he did not find his father on the back of the blue moon bird, his heart was also a tremor.

Did not come back, this represents, died in the battle for the city owner!

"Impossible, my father's strength is stronger than me, how could it be taken away by this kid, and he has fallen..." Cui Linjiang could not believe it.

"Yangcheng Lord, what about the three old town owners, and others?"

Someone asked.

Yang Kai replied silently: "All dead, no return, all died there."

boom!

This one answer, let Cui Linjiang the whole person smashed.

Sure enough, his father, fallen.

"This time the battle for the city owner was chosen by the first city owner, that is the island of death. Before the start of the battle, I had given them two chances to abstain, but those people did not cherish it. Yang opened his head and shook his head.

"Impossible, my father can't fall..."

A middle-aged man jumped out and was the owner of Luoyan City, the son of Xu Weihai.

Yang Kai's face sank, and a dragon suddenly condensed out and said: "So, are you questioning me?"

After seeing this dragon, the middle-aged man was forced to stuff his words back and hurriedly clenched his fist: "Yangcheng Lord, sorry, I..."

Before he could talk, Yang Kai continued: "Well, this time the battle for the city is like this. In the future, Ye Xuan is the owner of Guangjin City and the Air City."

The owners of the two main cities are the same person. This is also true in the history of Zhongzhou. However, this is the first time for such a young city owner.

Everyone is not optimistic about Ye Xuan, however, Ye Xuan can stand out from more than 200 Tian Dan strong, this is absolutely powerful.

Subsequently, Yang Kai left.

Then, the family representatives from all over the state are welcoming, giving Ye Xuan a gift and climbing a relationship.

Ye Xuan is the most annoying of these, but the accident is that Song Jingjing is very fond of, so she will collect it.

As for Cui Linjiang and the other two city owners, they left in angrily. Cui Linjiang looked at Ye Xuan with grievances. He had several speculations before, but he would never have thought that Ye Xuan had taken the seat of the city.

This means that he can't shoot Ye Xuan!

.....

This matter has come to an end.

Ye Xuan took the city of Guangjin and the city of Liekong, so he had to go to the two cities to receive the city government.

Of course, before that, he listed a list for Yang Kai.

There are only two people on the list, that is, the Song Dynasty and the Song ruling.

In the future, the three city owners of the three cities will not be able to personally work on Ye Xuan. This is the rule set by the first city master.

If it is a violation, it will be obliterated.

At the time of his departure, Yang Kai also sent Ye Xuan a mount of the Tiandan level, so that he can quickly go to Guangjin City.

After the death of Guangjin City, Yang Kai sent a team of masters to occupy the city government.

When Ye Xuan jumped from the mount, an old man immediately greeted him.

"I have seen the city owner. I am Song Heng, the director of the Guangjin City Masters. I have been driven out of the city government." The old man said directly.

"Wow, this news is too fast." Song Xuan, who was behind Ye Xuan, had some accidents.

"This must be the city owner, huh, I have a special means of communication, so I can learn so soon." Song Heng said with a smile.

In fact, Ye Xuan did not want to be a city owner. Before he was only pulled by Zheng Shuohai and others.

Originally, Zheng Shuohai thought that it was seized according to the forces, so he discussed with Wu Xuan five or five points, but after going to the island of death, Zheng Shuohai forgot about it.

After all, Ye Xuan has the strength to win the city, why is it necessary to cooperate with them?
