

Super D. S 323

Chapter 323: Fallen!

"When you go to the city, you can buy forged materials and alchemy materials, and you can sell them to other big cities in the territory. No wonder there are so many people who want to compete for the position of a main city owner."

Ye Xuan thought about it, and then followed this Song Hengjin.

Song Heng temporarily served as a housekeeper. He first came to a hidden place in the city's main house with Ye Xuan. According to what he said, Ye Xuan also knows that this is the treasure house of the Guangjin City.

"After the death of Guangjinchengcheng, we received instructions for the first time and occupied the city's main government, so everything in this treasure house is there." Song Heng explained.

Although it is a treasure house, it is only a small room. There are more than ten Qiankun Rings.

Ye Xuan took a look at these Qian Kun Rings and poured everything into the swallowing space.

"Not bad, add up to 50 million best spar." Ye Xuan nodded, he can not ask too high, this is only Guangjin City, not Yangling City.

"Ye Xuan, now you are the city owner, how do you manage it?" Song Cong couldn't help but ask.

This problem, but it is difficult to leave Ye Xuan, he likes to be a shopkeeper.

"This, big brother, do you see any interest?" Ye Xuan suddenly turned his head and smiled.

"You want me to be a deputy city owner? Or forget it, I have no interest..." Song ruling directly shook his head.

"In this case, it can only be returned to Lingfu, please come over and help." Ye Xuan said helplessly.

At this time, Song Heng suddenly said: "The city owner, I can take care of it for a while."

"Okay, then you can help me collect some things..."

Ye Xuan said, directly took out the pen paper to write a lot of names, and then handed it to Song Heng, said: "Go to the major cities, I have written the price, how much is how much, first take five thousand Wanji has a spar."

Although Song Heng was surprised, he did not ask much and left directly.

Subsequently, Ye Xuan went to the Airspace City with the Song Dynasty and the Song ruling.

I bought materials in the territories of the two main cities. I don't know, how much can I receive?

After putting the Air City on the side, Ye Xuan returned to Guangjin City.

He has already sent someone to Lingxiao, and asked some well-managed brothers to come back.

As for the Song Dynasty and the Song ruling, they continued to practice. They thought they could be close to Ye Xuan. I didn't expect the distance to be so far away. So after taking a few mysterious beasts, they started to retreat.

I don't know, after they leave the customs, will it be a small day in Tiandan, or will it be a big success?

However, when they started to retreat, they were in the capital of the city of Yangling City in Zhongzhou.

"Damn, **** it, even my father has fallen, why is the kid still alive?"

Cui Linjiang, the owner of Yangling City, yelled at his house.

He was already in the Wanshige check and found that his father was really dead, and even his son.

However, when he queried the murderer who killed Cui Feng and Yangling's son, he found that the best spar that needed a high price could be found.

Therefore, he was so angry.

After he had thought about it for a long while in the mansion, he went out again. This time, he went to the Wanshi Pavilion.

He directly found the owner of the Wanshi Pavilion in Yangling City and then commissioned one thing!

"Cui Chengzhu, are you sure to entrust the mission of destroying Lingxiaofu?" Yangling City Wanshige Pavilion asked the stranger.

"Yes, how much?" Cui Linjiang nodded.

"This, I have to ask for it..."

When the owner of the Wanling Pavilion of Yangling City finished speaking, he left. After a while, he came back and reported a number.

"One trillion best spar!"

This number almost did not scare Cui Linjiang to death.

One trillion best spar?

What a joke!

As the owner of Yangling City, one of the three cities, Cui Linjiang's net worth is just over 100 million pieces of spar. However, it takes one trillion yuan to destroy a Lingxiao government!

"You are playing with me? That Ye Xuan is a good city owner of the two main cities, but there is no such thing as a strong man in the Lingxiao House. Are you sure that you are not wrong?" Cui Linjiang asked strangely.

Before the Yangling City City, there were four strong men in Tiandanjing Xiaocheng. However, they died in Tianyuanzong, and three of them were killed by Ye Xuan.

Later, he spent a lot of money to invite the three strangers of the mountain, and the result died in the island of death.

After hearing these things, the strong people in his house were leaving directly, so he said that he has no one to use.

"This price is given by the top. Even I don't know why it is so high. However, I can kindly remind you of it. Now the elders and heads of the Lingxiao House have already broken through to Xiaodan. "The owner of the Wanling Pavilion of Yangling City said.

"Hey, the district's Tiandan is a small one."

Cui Linjiang snorted and did not look at it. He immediately got up and left.

Since the Master of the House does not shoot, then he will do it himself!

After returning to the city's main house, he was the one who recruited himself, and then flew in the direction of Lingxiao.

He can't swallow this breath, if this is not reported, I am afraid that there will be a demons.

"Revenge! I want revenge!"

.....

A few days later, he flew from Yangling City to Lingxiao House, which was just the night.

Cui Linjiang stood on the back of Dapeng, looking at the brightly lit Lingxiao House underneath, there was a raging fire.

But when he was ready to dive and slaughter the Lingxiao House, suddenly there was a figure that plunged into the sky.

"what?"

When Cui Linjiang glanced, he stared at it and found that there was indeed a figure in front of him 100 meters away.

"Is it a mysterious beast?"

He guessed it in his heart and slammed it directly at the front.

But who knows, he is enough to kill a sniper of the Tiandan strong, but suddenly deviated from the orbit and headed to the left.

However, the light that Dan Yuan exudes is also to let him see what the figure is.

"How can people be human?"

Cui Linjiang was shocked. He saw that the figure in front of him turned out to be an individual.

Moreover, it is still a woman, a woman with white hair.

The next moment, he saw a white light flashing in front of him, and then he felt his neck cool.

Cui Linjiang was separated and the body fell on the back of Dapeng.

This Dapeng screamed and fled.

When Cui Linjiang's consciousness was lost, there was another problem echoing in his mind, that is:
"Where is this white-haired woman?"

.....

At the same time, at the moment of Cui Linjiang's death, the Master of the House of Things in Yangling City also received a message.

After he read this message, the whole person was soft.

This message is from the MasterCard of the first main city, and it was personally sent by the owner.
