

## Super D. S 325

### Chapter 325: Holy beast

"Hey, the eight wild winds are still a bit unskilled, you can only kill one person first, then fold back."

Ye Xuan was slightly helpless. During this time, he was also making progress, but he could never do it by attacking the enemy with a separate handle. He was even divided into eight and attacked eight enemies.

"Yecheng main victory!"

After Yang Kai's squatting down the stage, he also announced the road.

Ye Xuan heard on the platform, and could not help but reveal a triumphant smile. Xu Zhi and Mo Jingyuan were both killed by him. Then Yanyan City and Yuxing City should belong to him.

"boom!"

The people outside the court also reacted, and countless people screamed at that, and Ye Xuan's strength has already convinced everyone.

Yang Kai smiled and jumped to the top of the ring. Immediately, the people outside the field gradually quieted down.

"You, now Xucheng Lord and Mocheng Lord are dead, then their main city is also attributed to Yecheng Lord."

Yang Kai said very generously.

For these main cities, he does not have any desires. After all, there is a master house in every city. Even if Ye Xuan won the six main cities of Zhongzhou, he is still the second person of Zhongzhou.

After hearing Yang Kai's words, the audience again groaned.

Ye Xuan has one of the five main cities, which has never appeared in the history of Zhongzhou.

Ye Xuan is also caught in fantasy.

It seems that he has broken through to Dadan Dacheng and is just around the corner.

However, at such an exciting moment, suddenly someone fell into the ring and then plunged to Yang and said a word in his ear.

Then, Yang Kai's face was suddenly changed.

"what happened?"

"What happened, Yang Cheng's face seemed so good."

"It must be a bad thing..."

The onlookers have speculated.

Ye Xuan is also somewhat curious. What is it that makes Yang Kai like to eat durian like a durian?

"Ye Xuan, you come with me!"

Yang Kai said, immediately recruited his own mount, the blue moon bird, and jumped up.

Ye Xuan is very surprised. After Xu Zhi and Mo Jingyuan's shackles are closed, they follow up.

The blue moon bird heard the command of Yang Kai and flew toward a north.

Everyone in the bottom is all face to face, do not understand what happened.

.....

"Yangcheng Lord, what happened?"

On the back of the blue moon bird, Ye Xuan could not help but ask.

Yang Kaiwen said, after a pause, he replied: "The Bohai Dragon suddenly swam to the Tianshui continent and was vandalizing!"

"what?"

Ye Xuan, a dragon, a dragon?

It won't be, is it revenge?

He felt a little strange at first, and now it seems that the blue moon bird is flying towards the island of death.

"It must be that I annoyed it before." Ye Xuan said a little.

The island of death, in the waters of the northern part of the Tianshui continent, before they were riding the blue moon bird across the hundreds of empire in the north.

"This time it was not so simple. This is only the dragon and the dragon, and brought another dragon to come up..." Yang Kai shook his head.

"Another dragon? Is it a holy beast?" Ye Xuan shocked.

"Yes, it is Wujin Xiaolong, the defense will be stronger than the Bohai Dragon. I am afraid I can't deal with two, so I can only help you." Yang Kai's face is dignified.

Ye Xuan is also helpless. He hasn't broken it yet. I am afraid I can't clean up the dragon.

"Then, is this thing revealed by the first city owner?" Ye Xuan asked curiously.

"Well, the city owner told me that now the two dragons have crossed half of the northern region, and we will hit it later." Yang nodded.

"Why didn't the first city owner personally take it?" Ye Xuan asked again.

Yang Kai shook his head and said: "I am not very clear, the city owner is too mysterious, even I have not seen it. He is omniscient in the things on the mainland of Tianshui. Every city has his own avatar, that is, one Oh, but no one knows where his deity is."

"So mysterious..."

Ye Xuan couldn't help but be curious about this mysterious first city owner.

"Well, we are afraid that we will soon encounter the two dragons. The Wujin dragon has strong defense. You should drag it first. I will solve the dragons and dragons. After the incident, I will divide you into a body. This holy body There is a sacred beast, which is of great help to the breakthrough of the heavenly environment into a miraculous environment. If you can get it, you can reduce the amount of hardship time." Yang Kai said.

The sacred beast?

Ye Xuan's eyes are bright, maybe he can break through to Tiandan in advance?

They flew for a while.

"Okay, I am going to meet soon, ready to fight!"

Yang Kai's voice fell, and there was a rumbling sound from the horizon. Two dragons of the holy beast level finally appeared.

One is the Bohai Dragon who had fought with Ye Xuan before, and the other one is the dragon with the golden armor.

After seeing Ye Xuan and Yang Kai, the two dragons immediately snarled and rushed toward the two.

"on!"

Yang opened a violent drink and jumped directly to the blue moon bird, landing in an instant.

Ye Xuan followed him behind his back.

The previous plan was to let Ye Xuan drag the Wujin 蛟 dragon first, let Yang Kai first solve the 沧海蛟龙, and then slowly kill the defensive tough Wujin 蛟龙.

After the incident, Yang met to let Ye Xuan choose a body!

"For the sake of the Holy Beast, fight!"

Ye Xuan came out with an eight-year-old sword and rushed toward the Wujin Dragon.

The sea dragon also looked at Yang Kai early, and waving the dragon claws was an attack.

When he was in the sky, Ye Xuan saw the speed of this Wujin dragon, which is similar to the dragon.

And he is now stronger than half a month ago, so dragging is not a problem, as long as the hatred is stable.

The two sides immediately played against each other, and Ye Xuan began to fully evade the attack of Wujin Xiaolong. When he was free, he could turn his head and take a look.

Yang Kai is a master of the power of the world, has the power of a dragon, and the dragon is a holy beast, but also has the power of a dragon, but Yang Kai is human after all, more flexible than the holy beast, his every With a punch, you can get the pain of the sea and the dragon.

"It's really amazing. If you punch me, you can break back to the sea. If you let me break through to the power, I will integrate the blood of the Beastmaster. I don't know what it can be..."

Ye Xuan is very envious, but he still has two levels from the dilemma, or solve the two dragons first.

Although Yang Kai is a master of power, but there is no good weapon, if you use the top-grade device to attack, I am afraid that a few swords will be broken, so Yang Kai has been using fists.

Ye Xuan's eight-year-old sword, but will rise with the realm of the holder, although he would like to lend the Eight-Dragon sword to Yang Kai.

He estimated that if Yang Kai holds the Eight-Year Sword, it should be the equivalent of holding a heavenly device.

At that time, it is much easier to kill the dragons and dragons.

However, Ye Xuan still thinks it is. After all, there is no heavenly weapon and heavenly martial arts on Tianshui, or let Yang Kai slowly kill the dragon.
