

Super D. S 3251

Chapter 3251: See less master

Hearing the four strongmen of the Qingjiang Pavilion, he called Ye Xuan the singer, and the lungs of the fox were blown up!

He didn't know Hu Qing's existence. When the fox family accident happened, he was still not born. The fox fox lord who escaped was his father. At that time, he was very young, and he was the old master of the fox family. It is simply unclear to save someone called Hu Qing.

In addition, these years, the fox has been living in the second universe, so I have never come back to look for the so-called family. They thought that those who did not escape in the past had already died.

Similarly, although Hu Qing also secretly inquired about the situation after the escape of the little fox lord, his tentacles stretched out and could not reach the second universe, let alone, even in The second universe, the fox's veins are also very low-key, walking with a pseudonym.

Therefore, Hu Qing is not likely to find them.

For the fox, for the time being, there is suddenly a person who claims to be a singer, so that this matter is enough to make him depressed, and there is a feeling that he has used his identity.

But now I have seen the other person in person, and called this fake fox lord, and so arrogant, so that he really wants to blow up!

And subconsciously, the four strong men of Ye Xuan and Qing Jiangge were seen as a group.

God killed!

Actually, in groups, they used the name of the fox of the lord, and we provoked the fox to provoke who!

These thoughts flashed through my mind, and the heart of the fox was absolutely murderous. No, he had already had this, but the only time before the killing was only Ye Xuan, but now there are four more people.

Anyone who uses the name of the fox, he must kill it!

When I think of it, the fox is suddenly stunned, staring at Ye Xuan and the four strongmen of the Qingjiang Pavilion, and gnashing his teeth: "You guys, this gang of thieves, dare to use the name of my fox, this is unforgivable. Today, you are going to die!"

"presumptuous!"

"Where is the enchanting, how dare you talk to the lord of the fox family?"

"Hey, the thief shouted and caught the thief is still so confident!"

"As a human race, I actually colluded with the evil spirits of the federal race, and sneaked into the third universe of my Terran. These thieves dared to use the name of my fox family, you are looking for death!"

Four strong men from Qingjiang Pavilion were suddenly furious and screamed at the screaming fox. At the same time, one of them had respectfully turned to Ye Xuan: "The lord, this thief ruined my reputation as a fox family. Please ask the young master to order, and I will wait for the four to kneel down and ask after the instigation, then!"

"Oh, this..."

Ye Xuan is not good for the whole person. He is like a mirror in his heart. He is Li Gui, and the people are coming.

However, it seems that they don't know each other, and the guy who claims to be the lord of the fox has two sinisters behind him. Although the genie is also the second cosmic race, it has not joined the

Federation of Varo. The federation is also an enemy, and it is also an enemy of the same universe as the first universe.

From this point of view, the real fox lord, mostly from the second universe, in this case, for Qingjiang Pavilion, they naturally do not know.

In addition, this makes the fox's legacy hidden in the second universe, and it is collusion with the conspiracy. If it is spread out, the reputation of the fox family is really not guaranteed.

If you forget it, you will get a little better from others. If you use your name, you can help them clean up the portal to keep their name.

Thinking like this, Ye Xuan's face sank, raising his hand and pointing to the fox, he said: "Come on immediately, if there is resistance, directly kill, this thief, there is no living to stay, after I met one and killed one!"

"Yes!"

The Qingjiang Pavilion is also mad, and Ye Xuan's words are exactly what he wants. He's a happy face, and after the order, he folds and marries the other three at the same time.

The eight people on both sides are all the perfection of the black hole and the nine-order grand perfection. At this moment, they are caught and killed, and the sky is full of confusion. It is impossible to have a result in a short time!

Everything before, other people are all in the eye, for the identity of Ye Xuan Linghu, the owner has long been convinced, that is, Xuanyuan Zijing is the same, her dawn was originally bright, staring at Ye Xuan, It is bleak now, and my heart is a little lost. At the same time, I was somewhat unwilling. I wondered if I thought about the **** too much. A person with such a shape and his strangeness would have guessed for a few days and always thought that he was dressed up!

"You really are the kind of foxes, but you have secretly arranged for four stalks to sneak into the remains of the drug king, and squeeze out the indicators of other door valves!"

The extension of the dialect was originally amazing. He thought that eight people were all under Ye Xuan. Now it seems that there are only four, and although these four people have black hole nine-step great perfection, they are now four others. People have been restrained, and it is impossible to rush to Ye Xuan. There is no fear.

In this case, Ye Xuan is alone. There are six people on his side, the ram and the long fish. Four of them have a black hole and a nine-step perfection.

In his opinion, it is almost the same as cutting leaves.

When I think of it, I will laugh at it when I am in the air: "Lake Hu Chong, give you time to consider, or take the initiative to surrender the drug king, this young master will stay with you, or..."

"Which house do you have?" Qingjiang Pavilion can't enter, one will sooner or later!"

Ye Xuan exposed the sore on the spot, and raised the biggest hate of the top of the road: "The three interest rates are too short, this little master gives you ten interest, or immediately rolls over and pleads for mercy, and since then it has been a slave... oh, even if you The Lord is not disgusting."

"Either, I will blame me for being ruthless today, purifying the air of the Stars!"

This is really too shady, even killing only when the purifying air is pulled out, suddenly the top three people are not light, and the side of the side of the wood tea and other people face each other, all are speechless.

Xuanyuan Ziyang once again frowned, and somehow, she suddenly had a feeling that this person is Ye Xuan, and the style of this speech is too much like it.

Oops, it's not good, I'm really enchanted by the bastard. It's definitely a rhythm that he wants to go to the fire!

These thoughts flashed through my mind, Xuanyuan Ziyang raised her hand and gently stroked her cheeks, which was really hot, which made her feel anxious.

"puff!"

"Bad boy, you are looking for death!"

"I have three gates in the sky, and when you come to your mouth, have you become a slave for you? Just look for death!"

The extension was set to spurt the blood, and roared and roared. When even the magic weapon was sacrificed, together with Gong Yangzhi and Changyu Xiaotian, the six figures killed Ye Xuan.

Not waiting for Duanmu Xiaocha and Xuanyuan Ziyang and others to react, they have already arrived, and Ye Xuan is surrounded.

The latter is not afraid, and directly laughed: "This is your own abuse, no wonder Laozi... not ruined glass!"

Chapter 3252: The second form of glazed

As Ye Xuan's words came out, he was accepted by the immortal world of the immortal world. The first time was turned into a full purple rush, and under the glory, it became a mighty weapon. The extraordinary armor covered Ye Xuan's body, making his entire temperament change instantly, dazzling.

A side of the side of the wood tea and other people look dumbfounded.

Such a bright and incomprehensible armor they have never seen before, the armor forged in the comprehension camp is generally based on practicality, which is like a treasure that the devouring system makes, pursuing perfection.

What's more, this treasure has been merged several times, and the advantages and advantages of the fusions have been taken over, making it only an appearance, it is amazing.

Duanmu Xiaocha has a slightly open mouth, and all eyes are small stars: "God, is this still a trench? It's so beautiful..."

Zhao Qianru from the immortal star Bodhi technology is also stunned. At this moment, Linghu Chong made her a little blush. His body shape was nearly two meters, tall and tall, but the temperament was a bit fluent. Now all the cockroaches are all this. A stunning armor covers up.

For a time, Zhao Qianru actually gave birth to an illusion, as if a figure that had appeared in a dream, really appeared!

As for Yu Wenzhuo from the immortal Xingtian Zun and the emperor from the Emperor of Heaven, it was a gloomy look. Both of them felt the stunning feeling of the three beautiful women present, and some of them seemed to be born.

The Xuanyuan Ziyan is steeply wide-eyed and has a short breath.

For a moment, just for a moment, he determined the identity of Ye Xuan, but it wasn't the big bastard. The young lady who cheated was so miserable that she almost suspected that she had given birth to a konjac.

It's really a long time for him!

At the beginning of Ye Xuan's fourth fusion of his trenches, the fusion was a purple phoenix glass armor, which was the early personal treasure of Xuanyuan Ziyan. The green radish **** was also blocked at that time. It is said that the treasure has the fragrance of Xuanyuan Ziyan, and it is not suitable for auction.

Now, Xuanyuan Zijing is precisely because of the shadow of the purple phoenix glass from this immortal glass enamel, so it is decided that Ye Xuan identity, at the same time, after determining the identity of Ye Xuan, her cheeks are also red. stand up.

That is my own personal treasure, now wearing this guy's body, this is really...

In addition, Xuanyuan Ziyang is more shocking!

Didn't this guy come back in the ten-day palace of the comprehension camp? Unexpectedly, I ran to the Heavenly War Empire, and made such a big storm!

It's just too enchanting, and I can't think of his genius in the field of refining medicine. It's just a perfect smashing of the drug king's monument, which is enough to shock Xuanyuan Ziyang.

In addition, this big bastard's refining talent is also horrible. This Baojia was not so amazing when he saw it last time. Now it seems that it is no different from Star Treasure. It is definitely more than an epic in the sky, at least The starry sky to the treasure level.

God, can the big **** refine the magic weapon of the starry sky to the treasure level? If this is the case, you must reinvent it all the time, and you will rebuild the whole battlefield armor, and the fat water will not flow outside the field!

"Oh, what is the fat and water that doesn't flow to the outsiders? Shame, blame this big bastard..."

For a moment, Xuanyuan Zizheng was shy and red-faced, and this scene fell into the eyes of the extension, and thought that she was moving the spring heart, and Ye Xuan, who was put on the treasure, was fascinated!

Suddenly screaming: "Ling Hu Chong, with a broken armor, I want to be an enemy six? Hahaha... I see you are a silver-like wax gun head, you can't see it in the middle, you can see it better, this is a good look. The lesser master has smashed it!"

"cut!"

The voice has not fallen, and a six-eared big ring knife has been volleyed and slammed into Ye Xuan's immortal glass enamel, making a huge squeaking sound, and even more vigorously spreading around. I was shocked by the ground flying sand.

However, Ye Xuan did not move, and his body shape did not shake. As a treasure in the level of the starry sky to the treasure, the sturdiness is on the one hand, and the power to resolve the offensive is even more important.

On the contrary, it was the extension of the wind, after a knife fell, the body shape was actually reflected back by the earthquake, and finally stabilized the figure, looking up a six-eared big ring knife hanging overhead, the top is dazzlingly covered with a gap, like a shit.

This scene can't be accepted by him. The extension of Lin Feng cried like a cry: "This is impossible. The warrior of the Lord is a treasure of the legend of the stars. You and you..."

"puff!"

Ye Xuan was mad, and his face was stunned. He took a look at the wind and said: "I just said it, just because of you, I really don't deserve to be called a lesser master. A legendary warrior with a broken starry sky is also very good. It is a heavy treasure. This armor is the star-to-the-horizon. It is not on the spot. It is because the Lord has not activated the activation. Otherwise, your warrior will collapse. The head must be a pig. Do you believe?"

This is really irritating, and Yu Wenzhuo and Huangfu's faces are not slightly red, and their soldiers are also legendary in the sky. Wouldn't they have no face to claim to be the Lord?

As for Duanmu Xiaocha, the stars in the two eyes are more likely to rush between the moments: "God, the starry sky to the treasure? No wonder this treasure is so dazzling, such a patriarch of the Baojia Lianzu does not have it. And it seems that the color is still very new. It is clearly refining in the near future. Does this guy know that a refining master is not a good one? No, no, no, he must ask questions. This lady also wants one, too beautiful..."

Hearing this discourse, Zhao Qianru from Bodhi Technology suddenly shines, she is also heart-warming, how can girls not love beautiful? They also have treasures and trenches, but they are all stupid things. They are generally not very useful. If there is a supreme treasure that is amazing and strong enough to be a star to the treasure, it is simply perfect.

All of this fell in the eyes of Xuanyuan Ziyan, and suddenly she let her pouted, and my heart secretly said: "Hey, Miss, I haven't got a month near the water floor, you both want to remember? The door is not!"

Then, her face was red again, it was a bit too sloppy to use in the near-water platform.

The **** big **** is all harmful to him, and Xuanyuan Ziyan is going crazy!

"what....."

"Gently kill me too!"

"Ling Hu Chong, this young master does not suppress you on the spot today, swear not to be human!"

Ye Xuan once again humiliated, and every time he was looking for himself, at this time the extension of Lin Feng has already violently gone, roaring, and Gong Yangzhi, Changyu Xiaotian and others, six body shape at the same time The magic weapon was sacrificed, most of them are treasures, heavy hammers, etc., from the direction of Ye Xuan in all directions!

"I don't want to be a man? You are right in this sentence. If you run into this little master, you want to be a man! It's hard to be a dog!"

Ye Xuan sneered, and then he screamed: "I don't destroy the glass armor! The second type... the armor turned!"

Chapter 3253: Crazy fat

boom!

With the last sentence of Ye Xuan's rumor, the invisible glazed nails in his body are filled with a huge invisible invisible temperament. In the blink of an eye, Ye Xuan's figure has skyrocketed and has disappeared completely. The glazed glass that was inflated into the fighter's armor was shrouded.

The whole machine is ten feet high, like a hill. The whole body is full of purple, it looks very beautiful, and there is a perfect sense of integration of power and beauty. It is amazing!

In the blink of an eye, a beautiful armor, turned into a beautiful and incomparable fighter armor.

The armor is the product of the refining machine, and the fighter armor is the product of science and technology. Although it is also in the third universe, it is not popular. Only in the camp of the first universe, it shines!

No one ever thought that a warrior could have another form, and it would turn into a horrible fighter mech in the blink of an eye.

This scene is so amazing that it is unimaginable, even the outer Yuwenzhuo and Huangfu are stupid.

Zhao Qianru and Duanmu Xiaocha are even more short of breath. This is the star of the former. The one is able to switch between the armor and the fighter armor at any time. It is all the strong. The dream in my heart, but no one has ever succeeded in refining it.

This is not just the same field, it is related to different fields such as repairing refiners and technical armor manufacturing. Never before has anyone combined the essence of these two fields to successfully build such a wind. Treasure.

"God, there is still a second form!"

"A treasure armor is both a close combat armor and a heavy fighter armor, which is perfect!"

"More importantly, whether it is the first battle type or the second mech form, it is so perfect and amazing."

Xuanyuan Zijin was also stunned, and muttered to her mouth, perhaps because of the shock of her heart. This time, her muttering voice has not been deliberately depressed, and was touched by Zhao Qianru and Duanmu Xiaocha. Arrived: "Damn, the level of the big **** refiner has reached this level? This is clearly beyond the refinery master, and the speed is too fast!"

"I don't care, since I have recognized his identity, this is not over. I don't want to help this lady to make a treasure of the same type. I will..."

"How are you?"

I didn't wait for Xuanyuan Ziyang to finish, and Duanmu Xiaocha, who had countless stars on both eyes, had already come together, and the thief had a thief's brain. He whispered, "Is the sister of Zixiao, do you know that? And the tone seems to be very familiar?" "

"There is a performance, we can all hear it, that treasure is really his own refining? God, is there such an enchanting thing in this world? The refining of medicine is unparalleled, the refiner is unparalleled, this is simply no reason!"

In the face of the second form of the glazed glazed glaze, Zhao Qianru, who has always been reserved, couldn't calm down. The same ghost came to the front and saw Xuanyuan Ziyang want to refute the cover. She immediately interrupted again: "Purple Sister, you can consider it clearly, it is also a woman, you know that we are so jealous of such a stunning treasure, if you refuse, don't help us match the bridge and hook it up... Hey, contact the kid, this one We all have big mouths, and we don't know what to say!"

"Oh..."

Xuanyuan Ziyang no words, raising his hand and paying, his face is green!

"What the **** is this?"

"Fighter A? Is it still such a giant? Ten feet high!"

"I rely on! A fist bigger than a casserole..."

"Ouch!"

"puff....."

Just as Duanmu Xiaocha and Zhao Qianru both stalked Xuanyuan Ziyang to explore the bottom of Ye Xuan's bottom, there was a six-person extension of Lin Xuan, Gong Yangzhi and Changyu Xiaotian. Also began to get fat.

And it's crazy fat!

Ye Xuan's immortal glass glaze is the star-to-the-horizon level. Even the same level of magic weapon can only leave a trace on it. Unless the user's repair is stronger than Ye Xuan, it is possible. With the same sword, he will stand up.

However, if you pull the wind, you should not think about it. You can't even dream about it.

At this moment, I saw a giant purple mech like a hill bag, waving a fist bigger than the casserole, and the faces of these six guys were instantly green, wowed and turned and fled.

Even in the process of escaping, a guy was slammed into the back by the giant boxing of Ye Xuan's fighter jets. On the spot, he passed out and fell to the ground. Without consciousness, he couldn't climb.

Changyu Xiaotian directly vomited blood. He just sacrificed a reprint to the forehead of Ye Xuan. The result was shattered by Ye Xuan. This is the magic weapon of refining, connected with his heart. On the other hand, the long fish squirted a blood arrow in the mouth, and the breath was wilting. It fell to the ground below and lost its fighting power.

In the blink of an eye, the six black hole strongs will solve the two people. If they are not dead, they can no longer fight. This kind of reliance on others, just relying on their own strength to fight the sleek feelings makes Ye Xuan full of emotions and blood. They all boiled up and laughed.

"Ha ha ha..."

"Is this the heir to the three gates of the Sky Warrior? How do you feel like a dog at home?"

"I just didn't call the old man to scream and kill and say that I want to leave a whole body? Come, melee or single-handedly, I don't care!"

"Want to run? Not so easy!"

"You don't leave the whole body of Laozi, what kind of politeness Laozi has!"

At this point, the extension of the wind, Gong Yangzhi and the other two guys have escaped to the distance, the look is indeed no different from the funeral dog.

Although their cultivation is stronger than Ye Xuan's several small steps, but there is no one in the family, there is a supreme treasure of the starry sky to the treasure level, the legendary sword of the sky is a row of gaps, like a dog bite, this How to fight?

If you don't escape, you really have to be abused as a dog!

Unfortunately, the escape is useless, because the fighter armor is a weapon that has both close-range and medium-range attacks. Even if they escape fast, they can still be attacked as long as they cannot escape to the hundred miles. .

In fact, these four guys are running away, the speed is really fast, and the blink of an eye is seven or eighty miles away, but it is useless.

The fighter armor raised his arms directly, and then started the medium-range bombardment mode. On the giant fists that were several times larger than the casserole, the black energy **** of the two meters were visualized and turned into direct lasing. go with.

"call out!"

"call out!"

The two slightly behind guys were covered directly by the black light column, and instantly turned into nothingness. Taking advantage of this opportunity, the extension of Lin Feng and Gong Yang Zhi finally escaped to a hundred miles and took a small life. .

Seeing this scene, Xuanyuan Zizhen and Duanmu Xiaocha, Zhao Qianru three people exclaimed...

Chapter 3254: Domineering suppression

"God, what did I see? Dead Light Cannon? Isn't this the main ship gun on the Star Fortress? Although it's just a miniature version, but this gun has a diameter of more than a meter, it's amazing!"

"Perfect! It's just perfect! It's both a battle armor and a fighter armor. It can also blast out the dead light cannon. The mosquitoes in the hundred miles can't run. This kind of supreme treasure is a must-have. All are at all!"

"Dream, you, at most, help you pull a *. Hey, match up the bridge, as for the big **** help not to help you, I can't manage it!"

There was a terrible battle over there. The three top-level door valves of the Tianxing Star, the six black-bodied strongmen of the ram and the long fish family, both died, wounded and fled, and they collapsed in an instant.

Here Xuanyuan Zijing and Duanmu Xiaocha, Zhao Qianru are thoroughly mixed, Xuanyuan Zijing is also a woman, obviously can really understand that Duanmu Xiaocha and Zhao Qianru have two eyes on Ye Xuan's Supreme Baojia Without making a little concession, it is estimated that there is no way to stop.

What's more, she is also very jealous, and her heart is full of dim sum, I feel that I am alone with Ye Xuan, I am afraid that I will not be able to do so, and more than two people who are in the same line, this matter will have to The two said.

Bother to bother him!

For this reason, the three gimmicks used this as a link to completely form an alliance. After exclaiming, they came together and the thief began to figure it out. At the same time, Duanmu Xiaocha and Zhao

Qianru all swore. Never let the identity of Linghu Chong leak out, otherwise the road will stop and it will be difficult to enter.

This is a very poisonous oath. For the people who cultivated the Tao, the binding force is the most horrible, so Xuanyuan Ziyang also let go of the heart. Now, the voice of the gods is used to convey the identity of Ye Xuan to the two.

"God, actually..."

"It was the idol of this lady for a long time!"

Duanmu Xiaocha and Zhao Qianru suddenly opened their eyes, but they didn't dare to talk anymore. If they were heard, they would be in trouble.

At this point, the beautiful girl trio was formally established, but Ye Xuan still did not know that the first time he exposed the glass glaze, he was provoked by such three difficult masters, and some of the future days were affected...

After forming an alliance and knowing the true identity of Ye Xuan, Duanmu Xiaocha became very active, even Zhao Qianru, who has always been quiet, knows that he is fighting with the idol, and he is just like a chicken. Bloody, only screaming.

The two gimmicks couldn't get involved in the battle, because Ye Xuan solved the problem of the extension of the dialect, and then turned around and rushed to the eight-player battlefield where the fox was over there.

As for Yu Wenzhuo and Huangfu, as soon as Ye Xuan revealed the second form of the glazed glazed glaze, it was already chilling and fleeing to the distance, and there was no shadow.

These two guys are also guilty. Before they were in Qingjiang Pavilion, they also disrespected Ye Xuan in words, but they did not extend the wind.

Seeing him so fierce now, it's just like the Tyrannosaurus rex that has just been picked up from the deep sea, where he dares to stay here for a long time.

In the blink of an eye, only the ground that was planted below the ground, the long fish that had already passed out, and another Tianjiao of the extension.

Xuanyuan Zijing and Duanmu Xiaocha, Zhao Qianru and the three women shared their concerns for Ye Xuan. When they turned back, they rushed to the heart of the report. When the slap went up, the result was that the Tianjiao of the extension was The giant boxing of Ye Xuan's fighter jet directly smashed the entire back, and the spine was broken into countless cuts, which had already been cut off.

However, the long fish screamed in the sky, and there was still a sigh of relief. Although it was fainted in the past, it was a black hole, and it was a nine-step great consummation. As long as it was not on the spot, it would not die for a while.

As for the extent to which it can be recovered after waking up, it is the two things to say. He is suffering from internal injuries, the magic weapon is smashed, and the power of instant reversal is not light!

The three women who had already stopped the gas, the Tianjiao three women, were thrown aside directly, and they did not pay attention to it. Only the long fish that fainted in the past was looked at by them. This guy is the heir to the long fish family. It is to stay and kill, and I have to wait for Ye Xuan to finish the battle before making a decision.

At the same time, in the far west of the mountain, four strong men from the Qingjiang Pavilion are fighting fiercely with the four men.

Eight people are the existence of the black hole and the nine-step great perfection. They are also melee, and there are two of them. The attack methods of this group are very strange, except for the **** talent of black lightning. In the battle, the whole body is even more varied, and the infinite black fog continues to emanate.

Eight people have been entangled for a long time, and this side of the world has been shrouded in a thick black mist.

In this mist, the two evil demons are not affected at all, that is, the fox and his other race are in the same class. Because of too much contact with the Yinmo, the same black fog is also Already adapted.

But the four strong men from Qingjiang Pavilion are different. They have never handed over to the strong of the Yinmo family. In the face of this situation, not only the sight is overcast, but even the power of God in these thick blacks. In the fog, they have all been affected.

In addition, from time to time in the black mist, a black lightning bolt of an adult's arm thickness will be pulled out. It is the same color as the black fog, and it is silent. It is simply the sinister secret of the yin, which eventually led to the four strong men of Qingjiang Pavilion. They have been injured, although not serious, but the balance of the battle has been seriously tilted...

When Ye Xuan arrived, there was two black lightning flashes in the thick black fog that thickened and rolled, and then there were two screams, which should be the four strongmen from Qingjiang Pavilion. Among them, two people have been recruited again.

"You come out, this little master suppresses them!"

Ye Xuan frowned and saw his own shackles. The huge fighter jets rushed directly into the thick black fog, screaming and screaming, and the thick black mist was blown between the blinks. The seventy-eight.

This is a huge armor of ten feet. After rushing in, if a hill is rushing and flying, the body of the mech is more invincible, and the black fog is dispelled like a play.

"You are... less master?"

"God, where is such a big fighter? This is going against the sky!"

"Ha ha ha..."

"It is extraordinary for a small master to take a shot. I will wait to quit, and cheer for the lesser masters. I must suppress this four moments!"

The four strong men from the Qingjiang Pavilion were so cold that they saw such a huge rush, and they were shocked at first. Then they heard the words of Ye Xuan's words and they responded. They laughed and laughed quickly. Withdrew and quit the area where the black fog rolled.

They obviously have seen the extraordinaryness of this horrible mech, and there is no need to worry.

You must know that the fighter armor before the integration is the secret treasure of the top level of the thirteenth realm of the Tianji nationality. Now, with the battle armor of Ye Xuan, the power is stronger, and the fool can see it instantly. How terrible it is...

Chapter 3255: Bombing

"This armor is extraordinary. The science and technology camp of the Third Universe can never be created. Who are you?"

Seeing a huge fighter jet rushing into the black mist, the body was full of enthusiasm, the treasure was born, it looked like a core high-level descendant, but the voice was the one who used his identity. The strong people of the human race, the fox will never be surprised.

The voice screamed softly: "This kind of mech can only be created by the celestial family of the first universe. Hey, you are too embarrassed to say that this little master colluded with the second universe, the genie, you yourself? It is clearly a human race, And the heavenly people of the first universe are in a hurry!"

"Let your sister's stinky fart!"

Ye Xuan was immediately furious. He was smeared by the immortal royals and colluded with the Tianji clan. Now he heard the same words from a guy who colluded with the second universe and the evil spirits.

Drinking the room, the fighter jet slammed into the air and punched it all the time!

"Less master is careful..."

"boom!"

Among the four people, the strong man of the Terran suddenly sounded the police, and his body shape was also swayed, and the blink of an eye was stopped in front of the fox.

This person is loyal to the Lord, but he is not ignoring his own life and death. At this moment, Ye Xuan's heart is not touched by some, and he intends to leave him a life. Unfortunately, this boxing has already used the old, and it is too late to withdraw.

With a loud bang, the strong man with the black hole and the nine-order grand perfection was instantly smashed into a **** fog, and the dead could not die any more. He said that the exaggeration point did not leave the hair. One is coming.

People who have been dead since ancient times may have come to this end.

Ye Xuan sighed under his heart, but his heart was shocked by the power of this boxing. Today, in the first battle, he was the first to use the second form of glass glaze. Although it had already experienced a big war before, the bombing was only a blast. It was faintly rubbed to the back of the Tianjiao.

Ye Xuan still said that the man was only seriously injured, but I did not know that it had already broken through the bones.

Just rubbing the back is like this, and the result of a punch and a fist can be imagined, even he was shocked.

This is the starry sky to the treasure, coupled with the fighter's ten-foot high, that is, the height of the 30-meter horror body, a punched down, this result is really difficult to avoid.

Not to mention Ye Xuan, that is, the four strong men from the Qingjiang Pavilion who have already retreated to the rear to cheer up are also a big jump. This is a black hole in the ninth-order big perfection, a punch. Actually turned into flesh and blood?

The four people look at each other and look at each other. What kind of abnormality do we have?

The four of them are like this, let alone the fox and the other two geniees!

At the same moment that the loyal guardian's human figure was smashed, the fox had already trembled and flew away. He was the lord of the fox, shouldering **** vengeance, and too There are too many things that have not been done, and it is absolutely impossible to fall here.

That's too unwilling!

At this moment, he has completely lost the heart of the war. Ye Xuan's horror of the punch has already dispelled his fighting spirit, fears of falling, and gives birth to a heart!

The other two strong demons of the Yin Mozu are also the same. The power of Ye Xuan's fist is too horrible, and their hearts are scared and trembled. The two strong demons of the Yin Mo are rushing out to be more intense. Black fog, body shape retreat, the whole body has a fine black lightning, it seems to be frustrating Ye Xuan, want to force him back, not dare to pursue!

"What about the Yin Mozu? I heard that you are a wall grass, and the wind blows on both sides!"

For the Yinmo family, Ye Xuan's impression is extremely bad. This race is very insidious. It's notorious for both sides to wander between the Federation of Wanluo and the Tianzu people.

However, people have extremely special blood, and the body can change freely between illusion and entity. When needed, they can change the flesh and blood of the adult.

Or change into the mechanical body of the celestial family, or even turn into a smog, a black lightning...

In a word, changeable, in some areas, has a unique advantage, is the best candidate for the spy.

Compared with the devils who can only pretend to be human, they are more favored by the celestial family. Coupled with their existence, it is destined to be killed. The Terran is also deliberately wooing. Unfortunately, this group's conduct is too much. Bad, self-sufficient blood, both sides meet, and

eventually even in the second universe, there are few embarrassing situations in which the federal community is willing to communicate with them.

The real fox is the main fox, but it colludes with the disgusting thief of the Yin Mozu. With this alone, Ye Xuan has the idea of killing him.

At this moment, in the face of the deflation of the fox, Ye Xuan immediately stared at the two Yinmo people, sneer in the arms suddenly lifted up, with two meters of diameter of the black light ball appeared in the fist Two tiny dead light guns suddenly blew out.

"In Lao Tzu's opinion, you are nothing but a chicken and a dog!"

"Does the Yin Mozu not claim to be hard to kill? This is the Lord who wants to see, your body that can change between matter and energy at any time, and the embarrassing anti-material death of light cannons..."

"Hey..."

"boom!"

The voice of Ye Xuan's words rose, and the anti-material energy light columns of the two dead light cannons hit the target.

One of them was short-scoring. One of the two Yinmo tribes reacted too fast. He raised his hand and waved a magic weapon for death. The figure disappeared instantly. When it appeared again, it was already far away, turning into a black fog. The fox that is rapidly retreating has disappeared into the sky.

The object of death is a dish-shaped disc, which looks like jade, bright and clear, and is hit by the anti-material energy light column of a dead light cannon. After a bang, it will turn into nothingness.

The other Yinmo strongman is not so lucky. This person seems to have a magic weapon. Unfortunately, the action is a little slower. When he takes out a tower-shaped jade magic weapon, he does not wait for the sacrifice. A dead light cannon anti-material energy light column has already come.

Directly smashing his figure together with the jade tower pinched in his hand, completely smouldering.

Although the body of the Yin Mozu can be transformed freely between matter and energy, the mind can be turned into a black fog, but for the dead light cannon, all these gods are clouds.

It is black smoke and white smoke, at least all of it is positive material energy. In this case, its attribute is repelled by anti-matter energy. The black anti-matter energy light column of the death light can use this characteristic to form super destructive power.

All positive material energy is blocked in front of it, and will be instantly eroded and ablated until the energy of the antimatter energy beam is exhausted!

In the blink of an eye, the battlefields of the two battlefields have completely ended. Ye Xuan used the second form of the glazed glass armor for the first time. He used the form of the fighter jet to kill the enemy. The result of the battle was amazing, until the end of the battle in the blink of an eye. The four strong men from Qingjiang Pavilion are still stupid.

Was completely shocked!

Chapter 3256: Really not me

"Less master is mighty!"

"Congratulations to the Lord, I am pleased to pass the medicine king!"

"I hope that the revitalization of the fox will be revived, and it will surely reinvigorate the past!"

"The old man is alive in the sky, seeing that the Lord is so powerful and so strong, he must comfort the nine springs!"

As the battle ended, the four strong men from Qingjiang Pavilion looked happy and greeted them, and congratulated Ye Xuan.

They were injured in the battle with the four players of Linghu, but both sides are black holes and nine steps. The original strength is quite the same. The other party's advantage is that the Yinmo's attack methods are different, and they are difficult for them to adapt. .

After all, it's not the horror killer of Ye Xuan's fighter jets. So even though the four people were all injured, they didn't have any serious problems. When they were ready to cheer for Ye Xuan, they had swallowed some elixir. It's already gone.

"Are you sent by *?"

The face of Ye Xuan's face is somewhat weird, deliberately ambiguous. This can be the general manager of Qingjiang Pavilion, or Hu Qing, the master of Qingjiang Pavilion. He is tempted to learn some information. After all, he intends to go. A trip to Qingjiang Pavilion.

"Yes, it is the owner who asked me to come!"

One of them once again handed over the hand, and it was the fact that Hu Qing, the head of the Qingjiang Pavilion, sent them to come. Ye Xuan's heart was suddenly safe. Since it was not the meaning of the general manager of Hu, it was the will of the entire Qingjiang Pavilion. The subsequent trip to Qingjiang Pavilion was without danger.

The other party has determined that he is the younger one of the foxes. If he had been in the past, Ye Xuan may still be guilty, fearing that he will be seen, but now with the emergence of Linghu's two goods, Ye Xuan has basically After guessing that the fox was defeated in the same year, the remnant escaped from the celestial star and went to wherever.

Since it is the second universe, even if Hu Qing is really lurking in the Tianxun's Linghu Yimai people, he should never contact the second fox's fox in the past two thousand years. Plus the time has passed for a long two thousand years, Ye Xuan has no pressure to pretend.

Subsequently, the four strong men from Qingjiang Pavilion made their own introductions, the name is a good memory, Linghu Ichiro, Linghu Erlang... until the fox.

"Well, I will call you Yilang Erlang in the future, and the name of Linghu will be hidden. After all, it has not been officially born. Qingjiang Pavilion should not be exposed!"

Ye Xuan nodded, and the more he was able to install it, the faint feeling has been found, quite a bit of the power of the fox lord: "You come exactly, the space inside this ding is extremely vast, our time is only one month, the manpower A little more, it is also convenient to find, and it is not too late to hurry to find the drug king heritage!"

"Hey, the Lord, the drug king heritage is not already in hand?"

Ichiro's slight sigh, a little confused: "The big medicine just now..."

"Which is the big medicine, it is clearly the ancient king of medicine, I urged it to try to sense the whereabouts of the drug king, and the result was nothing, almost gave the volcano a point!"

Ye Xuan straightened his eyes and quickly concealed: "There is still a month to find it!"

"It turned out to be the ancient king of medicine kings? So to say that the extension of the wind is not a few deaths? Didn't see the drug king passed on, it was hit, half fallen, and a serious injury dying, too shackled! "

I didn't wait for Ichiro to talk back. The Xuanyuan Zijing and Duanmu Xiaocha and Zhao Qianru's three women on the ground had already come together. Each face was a thief's expression. After the former came to the front, it was more self-satisfied. Ye Xuan took a hand on his shoulder.

Then he smirked and said: "Well, you are too big, you can get more and more tossed, when will you come back from the Ten Heavenly Palace?"

Big flicker?

Ten Heavenly Palace?

Ye Xuan stunned, subconsciously smashed Xuanyuan Ziyan, and his heart immediately became a ghost!

Broken, I was recognized!

He immediately remembered the immortal glass glaze that he had just sacrificed. Although he has already regained his income in the body, the time for exposing it to the outside is not short. Xuanyuan Zijing has already seen it transparently and must have recognized it.

You must know that this piece of Baojia used the fourth fusion of her purple phoenix glass. Although it has changed greatly, some special features of the original purple phoenix glass are still preserved. The purple cicada was seen at a glance.

That look is more refined than the mouse!

Ye Xuan mourned under the heart, subconsciously a face, Shen Sheng said: "This lady, what do you say? This young master did not understand, you may admit the wrong person?"

This sentence just exported, Ye Xuan immediately shocked, broken, and broken!

"Pack! Then install!"

Xuanyuan Ziyan looked contemptuous and grinned. "Don't be too nervous! Have you ever over-wrapped? You didn't find it? Also, this lady, this lady is called Xuanyuan Ziyan. You don't know? You can all these days. Let's get together!"

"Ha ha ha..."

"Look at me, open your mouth and show your feet!"

Aside, the original identity of Ye Xuan is still a bit embarrassing, not very determined Duanmu Xiaocha and Zhao Qianru two women here, rest assured that one thought it was fun, Zhang mouth laughed.

The other is even more speechless. What is the mouth of the mouth? There is a horse leg hidden in your mouth!

At the moment, Ye Xuan wanted to die. He was nervous and over-the-top. At this moment, he simply couldn't wait to lick himself with a big mouth. This is too calm.

However, although the horse's foot is exposed, this matter cannot be recognized anyway.

Otherwise, if it is spread out, it is said that the Emperor Xuan has left the star field controlled by the Ten Heavenly Palace, and the fart ran to the empire of the immortal dynasty to engage in the wind and rain, I am afraid that the head will not die. The horse has to be screwed up and will come over.

He also hopes to use the identity of the younger foxes to toss for a while, at least to advance the research of genetic broth to the level of the tenth and eleventh grades.

If you really reveal your identity, then you have to start a big escape. How much time is there to take care of this?

One thought of this, Ye Xuan will be a heart, but also refused to burn his face, biting his teeth and shaking his head again: "I certainly know you, but you really admit you, Miss Xuanyuan, I am not you. The person who said said has nothing to do with his half-money!"

"Is it going?"

In the face of Duanmu Xiaocha, Ye Xuan did not give face again and again. Xuanyuan Ziyuan's anger was also coming out. He sank his face and snorted and asked again, the tone of the threat was implicit: "Don't dare to say a try, really not you?"

"Not me, really not me..."

Ye Xuan's heart trembled, but the scorpion's temper he knew. When he first knew that he was in the first universe, he dared to follow the Neapolitan spurs and went to the territory of the celestial family. What else did she dare to do?

As a result, I was nervous and lost my mouth. What is it that I am not? What is the difference between this and euphemistic recognition?

Aside, Ichiro waited for four people to look stunned, his face was weird, and Ye Xuan's last sentence was just exported, and Duanmu Xiaocha and Zhao Qianru immediately burst into laughter.

"Sure enough, it is the idol of this lady!"

"Speaking too funny, deliberately show humor, not wanting to hook up with my sister..."

Chapter 3257: Extortion

Ye Xuan is always seeing it. It's not just Xuanyuan Zijing who knows his true identity. Even Duanmu Xiaocha and Zhao Qianru have already known that a lady's idol has exposed all of them. At the moment, he wants to kill. The heart is gone.

A gimmick is enough to call him a headache, and now three of them are a bunch of people, which is simply unimaginable.

The three smugglers also topped Zhuge Liang, three crazy hoes... The hairs on the back of Ye Xuan were all erected.

No, you must be fooled... Hey, it should be right to be comforted.

In any case, they must be stabilized and they cannot reveal their true identity.

Otherwise, I don't mention the head of Tianganzi and the undead phoenix. It's just Qingjiangge. I'm afraid I have to drink a pot myself. The guard of the house, Hu Qingke, is not a good boy. The empire's prince can't make a reservation when he goes to eat. In addition to the means, the strength must be high.

Although Ye Xuan has been able to formulate a seven-stage liquid, the research and preparation of the gene culture solution is more difficult to get to the back. Don't look at his current horizontal distance. The level 10 liquid seems to have only three levels, but if you want to cross it, you are afraid. It took a lot of time and I really didn't have the energy to deal with other accidents.

"You three come over, this little master has something to say to you!"

Will be a heart, Ye Xuan raised his hand and recruited to Xuanyuan Ziwei three people, and also slightly guilty of smashing the four people, one person, but also he is really the beauty of these three top door valves After moving my mind, my heart sighed that the young master is really a young master. This is equally shocking, and the shot is a drag.

In the sigh, the four people saw a long fish whistling in the ground below. When there was an excuse, they said that they were watching the guy.

"There is nothing to watch, the goods are directly destroyed, just shouting and killing the young master, leaving him to do?"

Ye Xuan had no good feelings about the three top-level door valves of Tianzhao. Now, my heart is full of anger. In this case, the long fish whistling is also considered a **** mold of eight generations, and it directly hit the muzzle.

Ichiro four people originally had this intention, and now they grin and smile, all of them are like chicken blood, screaming and rushing over.

"How? Do you know that you can't slip, look down?"

Ichiro four people just left, Xuanyuan Ziyan hands and chest, when even ridiculed, while talking and turning to look at Duanmu tea and Zhao Qianru, his face is full of color, as if to say: look, he is this Sample, can't escape the palm of this lady's palm!

"Grandma, can you not make trouble? I am so easy to sneak into the empire of the war, and there are big things to do, you must not give up my oldest!"

This is not Ye Xuan's alarmist voice. Just for a while, three people have already known his true identity in this internal space of Shennong Ding. How many people are there?

I really want to go on this trend. When I get outside, I think it will be well known.

"If you want us to be confidential, you can answer a few questions!"

Did not wait for Xuanyuan Ziyang to speak out, the side of the end of the wood tea has taken over the words, eyes staring at the stars, staring at Ye Xuan straight green: "Xuan... Linghu less master, just that treasure is really accurate Is the sky to the treasure? Is it your own refining?"

"what?"

Ye Xuan frowned, and the heart gave birth to a feeling of not so good, but this thing is not easy to fool, he can only bear the scalp: "Yes, it is indeed the starry sky to the treasure, it is indeed me... ..self refining!"

"It's still your cow! It's awesome!"

Zhao Qianru's neck was stretched out. As soon as he heard it, he immediately clap his hands and cheered, scared Ye Xuan to squat, and almost fell into the void.

"You are really a enchanting!"

After confirming this incident, Xuanyuan Zixiao was shocked again, his face was unwilling, and he stared at Ye Xuan with a grin. Then he turned around: "Well, let's talk about business now, but they both recognized you first. But Miss, for your sake, has already negotiated a deal with them. They promise not to reveal your identity, but..."

Xuanyuan Zijiang has not finished, Duanmu Xiaocha and Zhao Qianru immediately came together. The two beautiful women are very beautiful, while they are talking, and the eyes are swaying with green luster, and seeing Ye Xuan's heart straight hair.

"But we have to help us refine a treasure, to be as beautiful as yours!"

"Yes, it's the starry sky, you have to have the second form of the mech, of course, the death cannon is not less..."

"This is impossible!"

Ye Xuan didn't even think about it, and turned his head directly into a wave drum: "Do you know how many times I have refining this armor? I don't believe in the purple scorpion. What I saw before, she has seen it, and it has passed. It took six months for the six-time refining and refining. It took half a year."

"In addition, if you want to refine such a treasure, you have to prepare the right type of treasure, or some rare minerals to be refining."

"Don't say anything else, just the second form of the mech, you have to get a fighter armor first, or else the Lord will not come out of thin air?"

"As for the death light cannon, the fighter jet used for integration has this device. If it is not, even if the melting is successful, there is no way. The dead light can not be changed by the master!"

"This we know, we are ready!"

This time, Xuanyuan Zizhen took over the words, and the big hand waved: "I still have some understanding of your style of refining, it is gradual, which means that the same type of armor needs to be used to fuse refining. Mechs, minerals, etc., we have time to collect."

"This time, I will hand over the three prototype treasures to you, with a material used to fuse the refining. You will first refine the first time. We will go back and collect the right second fusion treasure immediately. Is it?"

"We are not in a hurry anyway. You have been working on it for half a year. Our sisters are responsible for these three things. It will be enough for you for three years..."

"Don't you say two things? Is this swollen and sloppy plus one?"

When I said this, Ye Xuan can only nod and recognize it. He can see it. This is Xuanyuan Zizhen's revenge. Before that, he has indeed made people suffer enough and it is estimated to be bad. Now, I licked my stomach and vented it.

"Well, if you think that Miss Miss is extorting you, two pieces are two pieces..."

Xuanyuan Ziyun shrugged his shoulders, a look of indifference, and added a "", "You can rest assured that this lady has a relationship with you, and it will never be a big mouth!"

This sentence does not add up, plus after the return of Ye Xuan, the whole person is not good, and quickly narrowed his neck and smiled: "Don't be... isn't it three treasures? Batching and refining, in fact, not too bad Things!"

Xuanyuan Zimei opened his eyes and smiled: "Are you sure?"

"OK, it's too sure!"

Ye Xuan's heart is filled with tears, and the mountain that beats the chest is ringing: "Hurry up, take out the original treasures that you want to refine, right, and the treasure of fusion for the first refining!"

Chapter 3258: What is heart fire?

Seeing that Ye Xuan finally agreed, the three gimmicks were very excited. They immediately handed out a space box. Ye Xuan sneaked into it and found that there were two women's armor in the three space boxes. The features are roughly a solid and beautiful one. He suddenly shakes his head and smiles. Then he closes the three space boxes.

If it is someone else, he will not really nod his answer.

Today's right to give Xuanyuan Zi Yan a face, before he did bring a lot of trouble to this girl, it should be expressed.

Besides, the 16 top-level gates of the immortal dynasty can not all be offended. They have to stay a few good ones. Duanmu Xiaocha and Zhao Qianru are a good choice. It seems that the relationship between them and Xuanyuan Ziyang seems to be good. As the middle link, Ye Xuan will have any troubles in the preparation of genetic fluids, and they can ask them for advice.

Don't look at him's refining of Shennong, even Shennong Ding has a chance to get it, but in the preparation of genetic culture fluids, the experience of tens of thousands of years of top-level gate valves is still very desirable.

Some crux points can make Ye Xuan take a detour.

When he thought about it, his heart was always comfortable. Anyway, he had a fusion system. Now the materials used for fusion are provided by the three gimmicks. At most, he is spending a little bit of energy needed for integration, and it takes a little time. It doesn't matter.

"Yes, I just heard you say that the long fish whistling that kid was seriously injured and being smashed? What about people now?"

After dealing with this big event, Ye Xuan finally remembered the long fish whistling, and asked casually.

Upon hearing this, Xuanyuan Zijing and Duanmu Xiaocha, Zhao Qianru, three hoes suddenly rolled their eyes, while the one below the ground, Ichiro and other four from the Qingjiang Pavilion, seems to have seen this side have been finished, just four heads They all came together, and they were very incomparable. Now they are finally separated, so the four people are relieved, and they are rushing over.

As soon as he approached, Ichiro arched his hand to Ye Xuan, his face full of excitement: "Less master, fortunately, not insulting, has been solved, hey, that kid is really not a thing, I still insult you before you start, I am angry Broken the neck!"

"Hey? The neck is broken? Are you talking about the long fish?"

Ye Xuan is dumbfounded, is this order under him? Why don't you remember.

"Hey!"

Duanmu Xiaocha really couldn't hold back and laughed out loud.

The Xuanyuan Ziyang on the side is still straightforward, but Zhao Qianru is sighing, yin and yang: "Hey, a soul!"

Next to it, Ichiro and the four people looked at each other and did not understand what was going on for a long time.

People have already hung up, and Ye Xuan is naturally not interested in going to squat on this matter. After hesitating, he turned to look at Xuanyuan Ziyang and asked abruptly: "For the purple sable, what do you know about heart fire?"

"Heart?"

Xuanyuan Ziyang sighed and subconsciously replied: "Medically, the heart fire refers to the fire caused by the seven emotions, the qi stagnation, or the evil invasion of the fire, and the heart is said to be the fire! However, if what you want to ask is the heart of the refining field..."

Having said that, Xuanyuan Ziyang's hands are spread out: "I don't know this. I have recorded it in ancient books. There is indeed a fire in the field of refining, but what is it, how to ignite the fire, but it is not detailed. The concept is extremely illusory. As the saying goes, it seems that this fire is not a real fireworks, but an illusory thing, which can only be relied on by yourself!"

"by!"

Asked and waited for the white question, Ye Xuan turned his eyes straight, and finally indulged, and turned to the first person of the singer Ichiro: "The young master has to be enlightened here, and you are still waiting, everywhere. Look for it and see if you can find out about the whereabouts of the drug king's inheritance! In addition, the extension of Lin Feng and Linghu will be able to escape, may crouch in the dark, beware of their sneak attack."

This time, a total of 20 people who entered Shennong Ding, and opened the smugglers who have been killed by Ye Xuan and their own people, the hidden dangers of the outside are also seven people.

Linghu and a Yinmo strong!

Extension of the wind, Gong Yang Zhi, and another black hole strong man of the long fish family!

In addition, Yu Wenzhuo and Huangfu!

Although these guys are not enough, if the seven people get together and secretly sneak up, they are still quite threatening to the four men.

"Don't worry about the Lord, we will be careful!"

Ichiro Ichiro arched his hand and quickly left with the other three to explore around.

Xuanyuan Zijing and Duanmu Xiaocha, Zhao Qianru and the three women also did not want to miss the drug king heritage. After chatting with Ye Xuan for a few more words, they said that they were turning around and soon left.

Ye Xuan is not in a hurry, the drug king passed on him and did not put it in his heart. The most important thing at the moment is to understand what the heart fires, otherwise Shennong Ding can not refine and collect, it is too regrettable.

With the expectation, he quickly sat down on his knees, did not practice, twisted his brow to enlighten...

The medical statement that Xuanyuan Ziyang said before is naturally not reliable. The Shennong Dingjing is a great medicine for heaven and earth. It is a treasure that stimulates the human body's potential and excavates human treasures. Can it only have medical effects?

However, the kind of statement she later proposed is more credible. Ye Xuan also does not think that the heart fire is a substantial fireworks. So, can't you burn your heart and liver?

Could it be that the heart refers to the mind and heart?

If you analyze from this angle, your heart will be an invisible fire inspired by God!

As soon as I read this, Ye Xuan was excited and no longer hesitated. When I closed my eyes and eyes, I thought about it and entered the state of cultivation that I forgot.

After the consciousness entered the brain and knew the sea, Ye Xuan's Yuanshen also sat down in the sea and knew the existence of time by unconsciously falling in the waves of the sea.

"Oh la la..."

However, even if he has cultivated his strength, he has reached the first stage of the black hole. The strength of the flesh and blood has reached the fifth stage of the black hole. The force of the two phases is superimposed. The combat power has been forced to the late stage of the black hole, and the fighter is not used. The seventh-order star of the black hole can also fight.

Nowadays, this kind of cultivation, Ye Xuan's knowledge of the sea has long been vast. At this moment, his gods are sitting in the sea, sitting in the sea, and looking at it, it's just like dancing with the waves in the ocean. A small leaf like a leaf.

Above, Lei Diyin and Shennongyu slowly rotate in the central area, surrounded by spiritual source nuclear, virtual hollow crystal, black gold dragon scales and golden bow!

I don't know how long it has been. I used to know everything in the sea, but at this time, Lei Diyin, who was hanging in the central area of the sea, suddenly blew up a green thunder, and fell to the bottom to see the waves. Or was shocked by this thunder, the other treasures, but also at this moment, sprinkled a different light or smog, while falling to the bottom of the sea.

Including the Shennong 收取 that was only recently recharged by him!

A total of five rays or smog, gathered together with the first emerging blue thunder, turned into a chaotic foggy group of gray ash, and one of them entered the forehead of Ye Xuanyuan, and disappeared...

Chapter 3259: Medicine king heritage

The chaotic fog of this gray rush is extremely mysterious. It is based on a certain power of the Shennong standard, and it also breaks into the scent of all the magical powers and blood inherited by Ye Xuan, and finally flashes out in his gods. A cluster of tiny gray chaos flames.

At this moment, Ye Xuanfu went to the heart of the heart. He finally understood what the fire was. It was the fire of the gods of all the gods and the inheritance of the gods.

But now, although he has already realized the fire, he can only be regarded as half completed. If he wants to take Shennong as a possession, he still needs to use this sacred **** to fire this piece. Inside the huge space of the volcano, the Shennong Fanyan flame.

There are nine colors in Shennong Caiyan, and one layer of color is twice as powerful. To refine and refine this, Ye Xuan only needs to ignite a colorful Shennong flame.

However, this matter is easy to say, but it is difficult to do it because Ye Xuan's just won the sacred heart is too weak, smaller than the smallest flame core. Once sent out, it is afraid of a weak mountain wind. Blow it, it must be blown out immediately!

Ye Xuan opened his eyes and took a deep breath. He wrapped the heart of the gods with the power of a god, and carefully drifted toward the volcano in front.

It is a pity that the mountain wind is not small. The fire of the gods is too weak. Ye Xuan simply does not dare to wrap it with too much power of God, so as not to crush it, and finally floats halfway, it is completely extinguished. .

"Damn, it's too much tossing people!"

With a curse, Ye Xuan was extremely depressed, almost wanting to rush directly to the front of the furnace volcano to condense the spirit of the gods, then, once the spirit of the gods condensed successfully, directly wrapped out to float below The depths of the volcano are gone, and will not be disturbed by the mountain wind.

But that is too dangerous. Before the dynasty of the volcanic volcanic volcano, the scene of the rushing is still in front of you, this mysterious Shennong color flame must be extraordinary, seemingly ignited by a volcano, but it is not a general ground fire, this The volcano is not an ordinary volcano. It exists in a world-class Dading in the ancient world. What do the ghosts know about the power of Shennong Caiyan?

If you really want to put the flames on, then the deity is afraid that it is too late to escape, and it will be miserable to cook directly.

After some squatting, Ye Xuan still did not dare to act so recklessly, anyway, the condensing of the heart is not too much loss, it will take a little time, and there is still a month, more toss a few times, trouble points But it is winning!

After trying seven or eight times in succession, it took a small half-day time. The last time I finally succeeded. The fire of the weak **** of the gods wrapped by Ye Xuan with the power of God has withstood the test of the mountain wind, compared with the previous one. A lot of solidified, successfully immersed in the hinterland of the volcano in the distance ahead, disappeared!

"boom!"

Almost immediately, Ye Xuan and the canopy that wrapped the fire of the **** of the gods lost contact. From the huge volcano in front of the volcano, a huge thunderous sound rang.

Then Ye Xuan felt that there was a sudden burst of light in front of him. An orange fireworks rushed from the depths of the volcano of the Ding volcano, and the entire vast interior of the Ding was reflected in an orange color, half of the sky. It's like being ignited.

The first color fire is orange!

Became!

Ye Xuan was excited, and his body was swept up. When he arrived in the air, he had a familiar system prompting sound in his mind: "Hey, congratulations to the host, one-color fire successfully ignited! Already have refining Shennong Baoding Is the qualification, is it refining?"

"Refining immediately!"

Without hesitation, Ye Xuan even gave instructions to the system. Although it was only a day before the first month, but it was later, it changed, and it was related to Shennong Baoding. He didn't want to make extra money, he couldn't afford it!

After receiving a positive response, the system immediately synchronized with the internal field of Shennong Ding and immediately refining.

All of this is done quietly, the field is similar to the magnetic field of heaven and earth, but the level is higher!

The general common magic weapon has its own unique power, even the hidden array method, defensive array method and so on etched on the battleship can be called the field, but it is only the lowest level field.

Like Shennong Ding, such a wasteland, and the ancient towers, the unique fields they possess are more advanced. To put it bluntly, the power of the field is actually the self-rule of some magic weapons and heavy weapons, although it exists. But it can't be touched, invisible and inferior.

At this moment, Ye Xuan's engulfing system and Shennong Ding's internal field complete the ditch synchronization, and refining, but all but Ye Xuan, no one else can capture the induction, even the fifteenth realm Qiankun's power is right beside him, and he is completely ignorant.

And all this does not require Ye Xuan to intervene, does not occupy his mind, Ye Xuan can completely let go to do other things.

Until then, he suddenly realized a problem, that is, the orange Shennong fire in the front of the volcano was ignited and ignited, and the sky was burning red, but it never went out.

Ye Xuan only knows that the **** Shennong is ignited by the spirit of the gods, but he does not know how to let it go out.

This may be because Shennong Ding has not been refining, and it is impossible to control everything in Ding, as it is, even if it is a phagocytic system, it does not give any hints.

At the moment, the system resources of the phagocytic system have been occupied, and the whole process of refining Shennong Ding is that Ye Xuan temporarily asks for it, and there will be no reply.

"Rely! This orange-red flame seems to be burning more and more, and there is already a hot feeling in the air. Nothing will happen?"

Thinking of this possibility, Ye Xuan's face is almost faintly green. If it is accidentally baked, or as a beastly material, this Shennong Ding has become a pot of medicine, it is too much Hey, right?

The area occupied by the entire volcano is not small. It is located in the central area of the Ding's inner space, and nearly two-thirds of the area is occupied by this huge volcano.

At this moment, the entire volcano has ignited a red-colored flame, and the flames are rising. It is like a volcanic eruption. The momentum is amazing. You can see it in any corner of the whole space. The existence in this space must have been completely alarmed.

Four strong men from the Qingjiang Pavilion, such as Ichiro, came from afar and had a look of uncertainty.

In the other direction, Xuanyuan Ziwei, Duanmu Xiaocha and Zhao Qianru are also returning quickly. The faces of the three beautiful women are all red, which is caused by the temperature rising gradually in the tripod. It seems to be extremely attractive. people.

Two people came to the front, just fell into the shape, not yet heard, the far north of a mountain, the squatting of a green mans, it is clearly a jade ruler, exudes quaint and heavy breath.

"Pharmaceutical King inherits!"

"It was finally born..."

"Fast, don't let the guys who took the lead to win the wind!"

Xuanyuan Zijing and others stunned for a moment, and immediately rushed to vacate!

Chapter 3260: Encourage

At the same time, the other seven people lurking in other parts of the Ding's inner space were also alarmed.

Linghu and a Yinmo strong!

Extension of the wind, Gong Yang Zhi, and another black hole strong man of the long fish family!

As well as Yu Wenzhuo and Huangfu who have teamed up for the time being!

A total of seven people, all shocked to look up at the sky, I do not know what happened!

Immediately afterwards, they did not wait for them to come back. In the depths of the northern part of the Dingnai space, they rushed to a green mang, exactly the same as the green mans of the Yaowang tablet, and even the breath was the same.

Inside this green-green light column, there is a jade ruler, which exudes a simple and heavy mysterious atmosphere. The surface of some herbs and beasts is hidden.

Such a vision is already very clear, and anyone who sees it immediately associates with the drug king heritage!

"It's a real drug king heritage!"

"Ha ha ha..."

"Let the fox rush out and rejoice, the opportunity is still there, I have not missed it!"

Tuanyu Linfeng and Gongyangzhi both rejoiced and immediately laughed. The area where they are located at the moment is not too far from the mountain on the north side of the Dingnei space. It is said that they are vying for the smashing jade ruler. Occupy a great geographical advantage.

In the big laughter, the three people, even if they vacated, turned into Changhong, and rushed toward the northern foothills.

At the same time, there is a black fog in the direction of the western domain of Ding Nei Space. There is a figure in it, and the face is gloomy and incomparable.

In the direction of the East, Yu Wenzhuo and Huangfu also each sacrificed a magic weapon and rushed away at full speed.

However, Ye Xuan and Xuanyuan Zijing, Duanmu Xiaocha and Zhao Qianru are located in the southern part of the Dingnai space, farthest from the foothills of the green hills on the north side.

At this moment, the central area of Ding's inner space, the Ding volcano is erupting with a strong orange-red flame. The heat is rolling, and there is no way to cross it directly. It must be bypassed, so that the distance is even further.

Not waiting for Ye Xuan and his party to arrive, the battle for the drug king in the vicinity of the mountain on the north side has been vigorously launched!

Extension of the wind, Linghu, Yu Wenzhuo, three people into a big melee, a trip to the sky has been disrupted!

"call out!"

A flying sword rushed out of the thick fog, and slammed it toward the top of the wind.

The latter quickly retreats, the body shape has just moved, a black lightning has already arrived, the speed is very fast, far beyond the flying sword, so that the fox and the strong combination of the evil demon family, this is a kill.

"Take the caller less carefully!"

On the side of the wind, the black hole strong from the Changyu family immediately reminded him that he was about to present a golden shield. The male priest who was cold behind him was a palm of his hand and couldn't catch it. Next, the black hole of the Changyu family was a strong man, as if he was aiming, and spurred toward the black lightning of the wind.

"The black lightning of the Yin Mozu is accompanied by the power of the gods. If you don't hit the target, you will always follow the shadows, and you will be careless!"

"Card!"

The words of the ram's Zhiyin's sensation just sounded, and a horrible sound of lightning screams came. The black hole of the long fisher's home was smashed by the black lightning. After all, the whole body was withered, and all the vitality and flesh and blood were turned into a black mist, fluttering toward the black fog that was wrapped in the fox.

"Today, you all can't live!"

In the thick black evil fog, the voice of a hazy voice rang, which makes people back cold: "Good pure vitality and blood, the essence of the black hole strong is really extraordinary, if it is outside, Can you easily kill a core strongman in the long fish family?"

"Hey..."

"The old man feels like he has to break through. Once the old man is taken into the original situation, you can't escape, so the fake turtle that was hiding in the fighter plane is no exception!"

"call out!"

As the voice of the sinister strongman rang, a swordman rushed out of the thick black mist again, and went straight to the thrilling blue-green light in the distance.

Taking advantage of the strong spirits of the Yin and the Devils to attract the attention of the four people, such as the extension of the wind, the fox that had just launched the attack showed the fox tail. He always stared at the jade ruler in the blue-green beam. The flying sword is just drunk and not in the wine.

Tuofeng Linfeng and Gongyangzhi have just retreated to another direction, and they have not been able to pursue it.

Seeing this scene, Yu Wenzhuo and Huangfu both changed greatly. If the fake fox stalker took away the jade ruler, the singularity and speed of the sinister strong man, the drug king passed away fear is true. It will never return, falling into the hands of the second universe.

This can't be tolerated!

"You thief, colluding with the second cosmic alien, eager to take my human heritage, simply dreaming!"

"Huangfu brother, you and I joined forces, attacking with all strength, destroying him in one fell swoop!"

Yu Wenzhuo and Huangfu were furious. The former figure was taken one step at a time. In this piece of the inner field of the self-contained field, the telescopic power was successfully displayed. The blink of an eye has already reached the end of the fox. This must be The secret treasure is caused by the urge, otherwise it is absolutely impossible to teleport.

When the figure was in the shape, Yu Wenzhuo raised his hand and it was a punch. The middle of the fox made him feel like a heart, and his wow's mouth spurted a blood arrow. His face was just like a golden paper. It was under this attack. Seriously injured.

"You can teleport!"

Raising his hand to wipe out the corner of his mouth and secreting a **** mark, the fox has already been stunned at this time. Under the severe injury, he knows that he has already won the green and green jade rule that contains the inheritance of Yaowang. It flashed a smack of sorrow.

Crazy screaming: "Those things that the Lord can't get, you don't even want to get it!"

"Yu Wenxiong dragged him, and the younger brother went to take the jade ruler. I will share it with you and me and join in the study."

Appropriate to scream and kill the fox, the most killing is the emperor, but at the moment, with Yu Wenzhuo with the secret treasure, the display of teleportation Shentong appeared in the first time behind the fox, a punch Seriously wounded, Huangfu was shook his shoulders, his body swayed a bit, turned his direction, and turned directly into a Changhong rushing to inherit the jade ruler. His body shape has disappeared into the blue-green beam that rushed from the road. Among them.

Seeing this scene, Yu Wenzhuo's face changed greatly. Only then did he know that he had been shot by the imperial concubine. This was too sinister, so that he could use his secret treasure to display teleportation, intercepting the fox, but he Go straight to the drug king and pass the jade ruler.

"Huangfu, you are shameless!"

The heart was angry and picked up. Yu Wenzhuo screamed and screamed, regardless of the danger of the secret treasure that had not cooled down. He did not hesitate to push it again. As the cold and faint brilliance flashed, his figure disappeared and disappeared. The screaming fox was so bad that it followed closely, and it rushed into the blue-green beam that hangs the jade ruler at high altitude...
