

Super D. S 326

Chapter 326: Grand elders?

"Hey!"

"Hey!"

"Hey!"

Yang Kai in the distance is fighting the Bohai Dragon.

And this Wujin Xiaolong was also angered by Ye Xuan, who roared in the sky and kept trying to catch Ye Xuan.

However, Ye Xuan is as flexible as a muddy, it can't catch it.

"Roar!"

At this time, after the Wujin Xiaolong roared loudly, it turned out to be Ye Xuan, and rushed toward Yang Kai.

not good!

Ye Xuan's face sank, his hatred was reduced, and it would be too dangerous to let this Wujin Xiaolong and Bohai Dragon join hands.

Thinking of this, Ye Xuan is also rushing to catch up. His task is to drag the Wujin Dragon. If you let this Wujin Dragon and the Bohai Dragon meet, then he will be derelict.

"Think of the past, let me pass this level!"

Ye Xuan suddenly jumped high, and the Eight-Dangered Sword instantly shattered and turned into a sharp cone that stabbed toward the eyes of Wujin Xiaolong.

"Hey!"

Wu Jin Xiaolong closed his eyes and the sky was broken into his eyelids.

"Huh!"

It caught a paw and it was still empty.

This is just a plan to slow down. If Wujin Xiaolong wants to help Bohai Dragon, Ye Xuan is definitely not able to do it.

However, this Wujin Xiaolong is ironic to help.

Ye Xuan, really is not a way.

"Yangcheng Lord is careful!" Ye Xuan hurriedly shouted.

When Yang Kai in the distance heard the rumbling noise that was approaching him, he also understood it instantly.

His face was extremely gloomy, and if two dragons joined forces, he would have to retreat.

However, the first city owner asked him to clean up the two dragons. If you don't stop it, then the state is probably dangerous.

"What should I do?"

Yang Xinzong is thinking fast, but there is no way, so he can only try to kill the dragons under the two dragons.

Although dangerous, it can only do so.

Ye Xuan is also helpless. He was invited to help, and now he only took less than half a minute to get stuck. He is thinking now, whether you want to lend the Eight-Dragon sword to Yang Kai.

However, when the two dragons were about to join forces, suddenly a white light flashed, and instantly passed the head of Wujin Xiaolong. Then, the same was true of the Bohai Dragon.

Ye Xuan and Yang Kai opened a moment, then they watched the heads of the two dragons squat on the floor.

"Zizizi!"

The skull was cut off in an instant, and the dragon's blood smashed out.

Ye Xuan screamed and hurriedly took out a bottle to pick up some dragon blood. He was the first to receive the dragon's blood and Wujin's dragon blood.

"City Lord?"

At this time, Yang Kai suddenly shouted in shock.

Ye Xuan also turned his head subconsciously and found that there was a figure standing in the sky, standing in the air.

Master of temperament!

However, because this person is in the position behind the sun, even Ye Xuan can't see his face.

"The first city master, turned out to be a master of temperament? My God..."

Ye Xuan was shocked. He had only one master who had seen the martial arts. That was the middle-aged man who used the sword in the Datang Dynasty to smash the wounded dragon into a fly ash.

The other one is the first city owner.

Of course, these two people may be one person.

The figure in the sky began to fall slowly, and Ye Xuan and Yang Kai's attention was placed on him.

However, just as the figure fell to their 100 meters from the ground, the two saw his face.

"woman?"

Yang Kai was shocked.

Ye Xuan, even more exclaimed, because this woman, he is very familiar.

"Great elders?"

That's right, this volley is standing, and kills the masters of Bohai Dragon and Wujin Xiaolong. It is the great elder Lin Wenyue of Lingxiao.

Ye Xuan never imagined that Lin Wenyue was a master of arrogance, and the latter had many flying dragons. At this time, Ye Xuan had already seen it, and did not count the number of dragons.

Lin Wen Yue slowly descended from the air. She looked at Ye Xuan and said faintly: "Put away the bodies."

"Oh oh..."

Ye Xuan heard the words, but also swallowed the swallow, and then hid the body of the Bohai Dragon and Wujin Xiaolong, this is the welfare that the elders gave him.

He was really shocked and happy. He didn't expect that Lingxiao House, which was not even in the heavens, could have a savage master who lived in it. This is incredible.

Yang Kai is already a master of the dilemma. He naturally understands how big the gap between the power and the environment is. He looks at Lin Wen Yue slyly and says: "I have seen the city owner!"

Lin Wen Yue looked at him and said, "Let's go back first."

"Yes!"

Yang Kai did not dare to have any objection and directly called the Qingyue bird to leave.

At this time, Ye Xuan had already collected the bodies of the two dragons. He ran to Lin Wen Yue all the way and said: "The elders, you..."

"I know that you have a lot of questions, but I can tell you first, my realm is your father's forced promotion." Lin Wen Yue said directly.

"father?"

Ye Xuan was shocked again, forcibly elevating to the ambiguous situation, what is the realm of Ye Chong?

"Well, let's go back to Lingxiao." Lin Wenyue stepped forward and grabbed directly on Ye Xuan's shoulder. Then she just vacated and flew in the direction of Lingxiao.

Ye Xuan was so scared that he only felt a strong wind coming from the front, and almost broke his bones.

This strong wind blows his eyes.

But he knows that Lin Wenyue's speed with him is probably far greater than the speed of Yang Kai's land.

When he reacted, he was already back in the bamboo forest of Lingxiao.

"The trough, less than ten minutes from the northern domain, actually flew from the northern part of the field to the Lingxiao government in the eastern domain, I am sitting on the rocket?"

Ye Xuan is already shocked, and this speed is already exploding.

Lin Wenyue directly landed in front of the wooden house with Ye Xuan. There is still a magical array in the bamboo forest. Ye Xuan can only see the countless orange-red bamboo.

Ye Xuan looked at Lin Wenyue sitting on the stone bench and asked some strangely: "The elders, what is going on here?"

"I will simply say that the owner of the first main city of Zhongzhou was not me, but the Shen Tu Lie senior had already left Tianshui with your father, so I took over his position."

After Lin Wenyue finished, he took out a round mirror and said: "This is the mirror of the predecessors. As long as it happens in Zhongzhou, I can see through this mirror."

When her voice fell, the round mirror appeared a picture. Two people appeared in the mirror. One was the Song Dynasty and the other was the Song ruling. They were in retreat.

"This....."

Ye Xuan, no wonder that Wanshige knows everything. It turns out to be the case.

Before he was in the Xuanyang Empire, he had seen the lost mirror. This mirror is almost the same as the Mirror, but the place in the Mirror is replaced by the Tianshui continent.
