Chapter 327: Deep sea palace

"There is a huge array below the Tianshui continent, and this mirror is the base, so I can understand everything through it. At the same time, it can predict something for me, such as the two big dragons invading the Tianshui continent. Wait....."

Lin Wenyue explained.

"It turned out to be."

Ye Xuan nodded slightly, this simple introduction, solved many doubts in his heart.

It is no wonder that Lin Wenyue did not leave the bamboo forest for many years. It turned out that it was necessary to take care of the whole Tianshui continent.

It seems that the last time in Tianyuanzong, Cui Linjiang did not violate the regulations, but because Lin Wenyue saw him difficult, so let Yang Kai help.

"The elder elder you came out this time, is..."

Ye Xuan asked curiously.

Lin Wenyue slowly said: "Your father has left the Tianshui continent. I said before, when you break through to the four gods, I will tell you how to leave Tianshui. You are now a small man in Tiandan. I already have the strength to compete with the holy beast, so I guess that if you break through once again, you should be able to kill the holy beast of the dragon."

"So, I don't have to break through to the gods, I can leave Tianshui mainland?" Ye Xuan said strangely.

"The realm does not mean strength. If you break through once again, you will be able to cross the deep sea palace and go to the blood rock continent." Lin Wen Yue said.

Deep Sea Palace!

This term is very strange to Ye Xuan, he heard it for the first time.

"Where is the deep sea palace, can't you ride a mysterious beast to the blood rock continent?" Ye Xuan asked again, he had wanted to do this before, but he was too weak at the time, and he did not know the blood. The location of the rock continent, so did not try.

"There is a riot between the Tianshui continent and the blood-rock continent. Even if the strong man of the divine situation will break down, the mainland will go through the deep sea palace. The Deep Sea Palace is the most dangerous place in the Tianshui continent. There are many sacred beasts inside, so I will let you come to me after breaking through the four gods," Lin Wen Yue explained.

"So, my father and the predecessor, has passed through this deep sea palace?" Ye Xuan frowned.

Lin Wen Yue nodded: "Yes, but it was your father who passed the predecessor. The predecessor tried it himself, but he did not succeed. He was forced to retreat. At that time, he already had two dragons. force....."

"The power of two dragons..."

Ye Xuan swallowed his mouth. As far as he knows, Yang Kai is only a one-stop force, but he has just broken through the power.

The power of the two dragons is twice that of him.

Such a master can't even sneak into the deep sea palace, then how is he smashing his day?

"What kind of realm was my father at that time?" Ye Xuan asked curiously.

Ye Chong forced Lin Wen Yue to rise to an awkward situation, so he must at least be a master of temperament, even surpassing the ambiguity.

"The first gravitational dilemma of the four gods, the second heavy gas dilemma, the third fine dilemma, the fourth heavy **** dilemma, as far as I know, your father was already a **** dilemma..." Lin Wen Yue It also reveals a strange look.

"This is impossible. How can Tianshui mainland make a master of God's dilemma..." Ye Xuan could not believe it.

The center of Tianshui's mainland, Zhongzhou, is also the strongest of a few days of Dacheng, and after the breakthrough of Tiandan, it is the power of the environment, then the environment, and then the fine, and finally the god.

How can there be such a big gap between the two realms?

"I am not very clear about this. Your father passed through the Deep Sea Palace before you were born. It was returned after you were born. It is said that he was seriously injured and his strength was retrogressed. He spent several years recovering and weighing Looking back at the peak, then I left with the predecessor." Lin Wen Yue shook his head.

Ye Xuan combed the plot.

It should be Ye Chong or the baby. When he came back from the blood rock continent, he met the first city owner. Then the predecessor asked Ye Chong to take him away from Tianshui.

However, Ye Chong was seriously injured at the time, so he needed to recover for several years.

As for why Ye Chong's strength is so strong, perhaps because of some opportunities.

"So, my mother should be the person on the **** rock..." Ye Xuan thought for a moment, suddenly flashed a figure in his mind, and asked: "The elder you know that the day was saved in the Tang Dynasty." Who is my predecessor?"

Lin Wen Yue heard the words, but he shook his head. "I tried to check that person, but the mirror has not been shown. This means that he is not a native of Tianshui, and he should have passed through the deep sea palace from the blood rock continent. And, according to that person. In terms of the tricks, he is at least a master of the divine situation..."

"God dilemma!"

Ye Xuan turned his eyes, Tianshui Mainland, a place in the backcountry, there were two masters of the divine situation, which is incredible.

However, he also understands that the middle-aged person should know Ye Chong, otherwise he will definitely not come to the small place of Tianshui mainland.

After thinking about it for a while, Ye Xuan asked: "What should I do now?"

"Breakthrough, then go to the deep sea palace, although you may not be able to pass through once, but you can get experience, with your qualifications, it should not be difficult to pass." Lin Wen Yue said firmly.

Ye Xuan again paused.

He is now a small man in Tiandan. If he swallowed the bodies of the two dragons, he would not know if he could break through to Tiandan. But he knew that he was not far from the deep sea palace.

"Then, the elders, do you have any kind of martial arts like heaven..." Ye Xuan tried to ask.

"No, there may be some in the deep sea palace. The deep sea palace has a method that restricts me from entering. It seems to be a strong and powerful man. It is only a master who is in a dilemma or

below, or a master who is above the fine world. Can enter." Lin Wen Yue shook his head, and he also learned only the top grade martial arts.

"Ok....."

Ye Xuan is very helpless. There must be a lot of good things in the deep sea palace. If Lin Wen Yue can enter, it will be developed.

"You continue to improve your strength. When you want to go to the deep sea palace, come back to me. In addition, your fiancée and her brother are very special. I am afraid that after a while, I can break through to the sky. You can come together. Go on."

After Lin Wen Yue finished speaking, his hand was a wave, and then the scenery in front of Ye Xuan was an instant change, which appeared in Zhulinkou.

"I rub, even if there is no heavenly martial arts, it is good to give some condensed stones."

Ye Xuan is crying, what kind of heaven and earth is great, as long as he has enough condensed stones, it is no problem to break through to the power.
