

## Super D. S 328

Chapter 328: Guan Lan is missing!

"But it's all, you can get enough food and clothing, first go back to Zhongzhou to receive the three main cities."

Ye Xuan shook his head and grabbed Megatron.

"Small day, animal mode, let's go back to Zhongzhou..."

.....

Before Ye Xuan was taken away by Yang Kai after the battle for the city owner.

However, after Xu Zhi and Mo Jingyuan died, Lin Wenyue immediately informed Wan Shige that he had occupied the two main cities.

On the way back to Zhongzhou, Ye Xuan also used the phagocytic space to separate the two dragons, and the dragon, dragon, dragon, keel, dragon claw and dragon whip were all separated.

The reason why he did not directly devour it was because the dragon meat could enhance the physical strength of the warrior. This did not have much effect on him, but it was definitely helpful for both the Song Dynasty and the Song ruling.

As for the sacred beasts of these two dragons, he also retained them. When the Song ruling and the Song ruling broke through to the sacred world, they could be used. Perhaps he can use it himself.

Soon, he returned to Zhongzhou, and then received the three cities, and ordered to indefinitely forged materials.

The middleware and top grades were originally monopolized in Zhongzhou. Once they were built, several were collected by the Wanshige and sold to other families. So if you want to buy it, it will be a bit difficult.

The seven major cities of Zhongzhou, hundreds of big cities, and Ye Xuan's acquisition order have been spread throughout Zhongzhou.

He just returned to Guangjin City, and Song Heng sent a lot of forging materials. He instantly turned these forged materials into middleware or top grades and sold them to MasterCard.

In the blink of an eye, it is to earn tens of millions of best spar.

He is far from the heavens and is getting closer.

The Song Dynasty and the Song ruling have already broken through to Xiaodan in Tiandan, and after a while, they can break through to Dacheng, and at that time, the three great Tiandan will be killed in the deep sea palace.

Soon, half a month is over.

In the past two months, Ye Xuan has spent countless fine spar to purchase materials, almost all the materials of Zhongzhou have been acquired.

He also didn't know how many Chinese products and top grades were forged. Anyway, even a junior who is a person in the world may have a top grade.

It is precisely because of this that he is only one step away from the natural environment of Tiandan.

At the same time, for half a month, he also cultivated Megatron to the greatness of Tiandan, spending his 500,000 engulfing crystals.

Megatron is only one step away, and it can break through to the dilemma and become a holy beast.

Half a month later, the Song Dynasty and the Song ruling passed, and it has already broken through to Dacheng.

However, there is still a distance from the limit of Tiandan.

The warrior of Tiandan Dacheng, who wants to break through to the dilemma, must first cultivate the Danyuan to the limit, then break the Dan and condense.

The Song Dynasty and the two men have just broken through, and there is still a long way to go.

Therefore, Ye Xuan temporarily gave the two sacred beasts of the sacred beast to Megatron.

After Megatron swallowed it, it was refining in the pet space. After it was refining, it should be able to break through to the holy animal level.

After the Song Dynasty and the Song ruling broke through, they began to retreat and began to refine the dragon meat. Then, Ye Xuan also broke through to Tiandan Dacheng one week after their retreat.

His strength has once again improved a grade.

Now, he estimates that he is already able to single out the dragon and kill him.

After a while, the Song Dynasty and the Song ruling also refine and refine a large number of dragon meats, and promote the physique to the limit.

The strength of their two brothers and sisters is several times stronger than before. If the two men join hands, I am afraid they will be able to fight Ye Xuan.

The strength of the three people is beyond the scope of God, they only need to prepare, you can explore the deep sea palace.

However, they are on the verge of the New Year, so they decided to wait for another year.

.....

Now, the words "Ye Xuan" have not only spread throughout the state, but even the four major domains are widely circulated.

However, this is also mostly circulated among the dynasties. The small country of the Xuanyang Empire still does not know the story of Ye Xuan.

Every time when Ye Xuan returns to the Xuanyang Empire, he can always think of a person, that is, Guan Lan, who was brought out by the ruins of the Yunyun sect.

However, Guan Lan has not returned to the cracked Yunzong until now. So Ye Xuan thought, after the end of the year, he went to find Lin Wen Yue to check with the mirror.

This year, I also liked to add joy. Song Cheng and others have already known that the Song Dynasty and the Song ruling will follow Ye Xuan, so it is simply to let Ye Xuan and Song Congjing get engaged directly on the New Year.

In addition, Xue Qingqing's marriage contract was also lifted on the same day and Ye Xuan, this is her own decision. Because Ye Xuan is already too far away from her, she feels that only the Song Dynasty can qualify as a partner of Ye Xuan to accompany Ye Xuan.

After the year, Ye Xuan is finally eighteen years old.

The next day, he left with the Song Dynasty and the Song ruling and returned to the Lingxiao House.

Outside the bamboo forest of Lingxiao House.

"You wait here first..." Ye Xuan said to the two brothers and sisters.

"Well, you go in." Song Cong Jing nodded, she also knows that the elders only saw Ye Xuan.

Ye Xuan walked into the bamboo forest, and immediately, the magical array in the bamboo forest was broken. However, the two brothers and sisters at the entrance still could not see the forest house.

"You came!"

The door to the hut was opened, and the white-haired Lin Wenyue came out from inside.

"Great elders, I am ready, but before that, I would like to ask the elders to help me check one person." Ye Xuan said respectfully.

"Who?" Lin Wenyue asked strangely.

"She is Guan Guanlan, a friend of mine when I was in the Clouds. But before I went out, I haven't returned yet, so..." Ye Xuan replied.

Lin Wenyue did not ask too much, but took out the mirror of everything, but she waited for a while, but the mirror was nothing.

"This..." Ye Xuan's heart trembled.

"The mirror of all things did not respond. It seems that she did not leave the Tianshui continent, that is..." Lin Wenyue frowned slightly.

"died?"

Ye Xuanyuan's eyes widened and he asked: "The elders, can you check the specifics?"

"can."

Lin Wenyue nodded. This time, there was always a picture on the mirror.

There is a Dapeng bird on the mirror, and there are three people on the back of the Dapeng bird. One of them is Guan Lan.

Her face was dull, not undulating, her eyes were a little sluggish, she didn't know what she was thinking, and she whispered quietly behind her.

As for the other two, one is a middle-aged person, and the other is a white-haired old man.

For the middle age, Ye Xuan also saw the portrait, which is the lord of the Li Yunzong.

As for the old man, he has not seen it.
